Proceedings of the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations

Saturday, the 22nd July 1876

Present:

HIS HONOR THE LIEUTENANT-GOVERNOR OF BENGAL, *Presiding*,
The Hon'ble V H SCHALCH, C S I,
The Hon'ble G C PAUL, *Acting Advocate-General*,
The Hon'ble SIR STUART HOGG, KT,
The Hon'ble H J REYNOLDS,
The Hon'ble H BELL,
The Hon'ble BABOO RAMSHUNKER SEN, RAI BAHADOOR,
The Hon'ble BABOO ISSER CHUNDER MITTER, RAI BAHADOOR,
The Hon'ble BABOO KRISTODAS PAL,
The Hon'ble NAWAB SYUD ASHGHAR ALI DILER JUNG, C S I,
The Hon'ble MOULVIE MEER MAHOMED ALI,
and
The Hon'ble W SPINK

REGISTRATION OF ESTATES

The HON'BLE MR. BELL said, the Bill which he had now the honor to ask for leave to introduce was substantially and verbally the same as the

Registration Bill which occupied so much of their attention during the past session Hon'ble Members would recollect that the Bill underwent very great discussion both before the Select Committee and before the Council, and it was therefore, he thought, quite unnecessary that he should enter into the principles of the Bill, or the objects for which it was introduced There was, however, one very gratifying incident in connection with this Bill which he might mention It was a Bill which in almost all its details had met with the general support of the Council, and it was finally passed by the unanimous vote of the Council on the 15th of April It then received the assent of the Lieutenant-Governor, and was forwarded, in the usual course, for the consideration of the Governor-General in Council Hon'ble Members would, Mr Bell was sure, be gratified to hear that His Excellency in Council fully approved of the scope and object of the Bill But His Excellency had been advised that he was unable to give his assent to it because one of the sections of the Bill conflicted with one of the provisions of an Act of the Governor-General's Council passed in 1870 Hon'ble Members would recollect that this Council had no power to alter, to amend, or to modify any Act of the Governor-General's Council which was passed since 1862 Therefore, if that section did in any way amend or modify any provision of the Act of the Governor-General's Council passed in 1870, it was clearly *ultra vires* of the Council The section to which exception was taken was section 80 Whenever a sum of money was payable by the Collector to a number of proprietors, that section allowed the Collector to distribute the sum amongst the several proprietors according to the shares which were recorded in their names in the general register of estates Now, that section was supposed to conflict with a section in the Land Acquisition Act (XXXVIII), which required Collectors, whenever money was payable to zemindars under that Act, and when there was any dispute regarding the distribution of the money, to refer the matter in dispute for the decision of the Land Acquisition Court Suppose, for instance, that the Government took up a piece of land for some public purpose of which there were four zemindars recorded as proprietors If the Collector was to act under the Registration Bill, he would distribute the money to the four zemindars according to the shares recorded in their names in the general register But if the zemindars disputed amongst themselves the extent of their several shares, the Collector would be acting in opposition to the Land Acquisition Act, because in such cases, in cases of dispute, the Collector, instead of distributing the money himself, was bound to refer the matter for the determination of the Land Acquisition Court, and that was the point upon which the two Acts were supposed to conflict MR BELL might observe, as the member of the Select Committee at whose suggestion, he believed, section 80 was inserted in the Bill, that it was no part of their intention, when section 80 was drafted, that it should in any way supersede, alter, or modify any section of the Land Acquisition Act The object of section 80 was this It very often happened that an estate was sold for arrears of revenue, and after the arrears had been discharged, a considerable surplus was left in the hands of the Collector to be distributed amongst the proprietors of the estate But unfortunately at present the Collector was unable to make the distribution, because, in the first place, he did not necessarily know who the proprietors were, and if he knew the names of the proprietors, he did not know the respective shares which those proprietors held in the estate And the consequence was this, that the Collector, instead of being able to distribute the surplus of the sale proceeds amongst the proprietors at once, was obliged to refer the proprietors to the Civil Court This was a great hardship on the proprietors Instead of getting the money without litigation, they were forced to the expense and delay of a civil suit, in order that they might obtain an order of the court declaring them entitled to the money It was principally to remove inconveniences such as these that the section was passed He need hardly observe that it never entered into the conception of the Select Committee, when they inserted this general provision in the Bill, that they were doing anything in the way of altering or modifying the Land Acquisition Act That Act was a special Act regarding a special subject, with which the Registration Bill had no concern However, it had been thought by the Government of India that this section did conflict with section 38 of the Land Acquisition Act, and it was

therefore the duty of the Council to alter the Bill in such a manner that the objection taken by the Government of India should be removed The manner in which it was proposed to make the alteration was this In section 80 we proposed to insert the following words —"otherwise than under the Land Acquisition Act, 1870" The section would then run as follows —

"Whenever any sum of money shall be payable by the Collector to the proprietors of any estate or revenue free property jointly, (otherwise than under the Land Acquisition Act, 1870,) the Collector may pay," &c, &c

Therefore, by putting in the words "otherwise than under the Land Acquisition Act, 1870," it would make the intention of the Council clear that there was no desire to alter, amend, or in any way modify the provisions contained in the Land Acquisition Act, 1870 This alteration would remove the main reason why the Governor-General considered himself compelled to withhold his assent to the measure

There was, however, another objection which had also been taken, and that related to section 68 of the Bill It had been supposed that section 68, as it stood, might be held to conflict with section 90 of the Code of Criminal Procedure, and to meet this objection a similar alteration had been made in section 68, to which the following words had been prefixed —

"Save as is provided in section 90 of the Code of Criminal Procedure"

With these exceptions the Bill which he had now the honor to submit was verbally the same as the Bill passed by this Council on the 15th April last He did not think it at all necessary to detain the Council by making any further observations on the Bill It had been so fully discussed on the previous occasion when it was before the Council, that he would without further remarks move the motion that stood in his name

The motion was agreed to

The HON'BLE MR BELL applied to His Honor the President to suspend the rules for the conduct of business, to enable him to carry the Bill through its subsequent stages

THE PRESIDENT having declared the rules suspended—

The HON'BLE MR BELL moved that the Bill be read in Council

The motion was agreed to, and the Bill read accordingly

The HON'BLE MR BELL moved that the Bill be passed

The motion was agreed to and the Bill passed

The Council was adjourned *sine die*

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE CALCUTTA MUNICIPALITY FOR THE YEAR 1875

MUNICIPAL

Calcutta, the 25th July 1876

READ—

Administration Report of the Calcutta Municipality for 1875

Read again—

Administration Report of the Calcutta Municipality for 1874, and the Government Resolution thereon

THE harmony which distinguished the deliberations of the Justices and their relations with the Chairman during 1874 was not maintained in 1875 On several questions the Chairman failed to obtain the support of the Justices, and differences ensued which caused some friction and delay in the disposal of business The old Corporation has now ceased to exist, and it will shortly be replaced by a body of Municipal Commissioners to be elected and appointed under the new law

2 The financial results of the administration of the past year have been highly satisfactory. The total amount at the disposal of the Justices during the two past years respectively was as follows —

	1874. Rs	1875 Rs
On revenue account	24,06,560	26,17,994
On capital account	12,59,618	4,94 156
Suspense and store account	1,45,878	1,61,045
Cash balance on 31st December previous	5,27,325	5,01,144
Total	43,39,381	37,74,339

The principal item in the receipts on capital account for 1875 was a loan from Government of Rs 3,70,000 for the extension of the drainage works During the previous year a loan of Rs 12,20,000 had been received for the extension of drainage, for the purchase of the Dhurrumtollah Market, and for the erection of the new Municipal Market The revenue of the year, exclusive of collections on account of Police-rate, was more than two lakhs in excess of that of 1874 The principal heads under which an increase is shown are House, Lighting, and Water-rates and Market receipts The receipts from the Police-rate amounted to Rs 3,15,230, which was also a considerably larger sum than was realized on the same account in 1874, and which amounted to Rs 2,73,083 only The increase in the receipts under the House and Police-rates is partly accounted for by the increase of ½ per cent in the assessment under each head during the year, and partly by the revision of the valuations of property This revision also tended to an increase of the demand on account of Lighting and Water rates

3 The following figures exhibit the expenditure which has been incurred by the Justices during the past two years —

	1874 Rs	1875 Rs
Revenue account expenditure	23,33,748	30,60,755
Capital " "	15,04,490	3,52,560
Total	38,38,238	34,13,315

To the amount of Rs 34,13,315, however, must be added a sum of Rs 1,55,109, being the net amount of charges under the several store and suspense heads The aggregate expenditure thus amounted to Rs 35,68,424, against a total amount of Rs 37,74,339 at the disposal of the Justices, leaving a cash balance of Rs. 2,05,914 at the close of the year. The expenditure on account of Police, which has not been included in the above figures, amounted to Rs 2,94,983, as against Rs. 2,80,174 during the previous year. The large increase of expenditure in the revenue account over and above the budget

estimate, and which amounts to Rs 3,05,639, has not been explained, but is apparently owing to payments of interest to Government and sums due to the Sinking Fund, which should have been disbursed during the previous year The aggregate amount of loans for which the Municipality stood indebted at the close of the year was Rs 1,50,00 000 A total sum of Rs 10,24,930 is now annually payable on account of these loans for interest and contribution to the Sinking Fund

4 The balance of the collections outstanding at the close of the year was larger than usual, but this was chiefly owing to the suspension of business during the visit of His Royal Highness the Prince of Wales at the latter end of December It is satisfactory to observe, on the other hand, that the amount due on bills made over for collection to the Arrear Department shows a decrease under each head The Chairman is still of opinion, however, that a great deal of unnecessary trouble is caused, both to the coercive collection agency and to the rate-payers, by the carelessness of the collecting sircars in not presenting the original bills The Lieutenant-Governor is glad to learn that the Chairman proposes to take the opportunity of the resignation of the Collector to reorganise the Collection Department. The existing arrangements are certainly defective, as no direct control can be exercised over the sircars, who are the paid servants of the Collector, and the chief element in this very necessary reform ought to be the subordination of every member of the establishment to the executive authorities of the Municipality

5 The revision of the assessments over a large portion of the town was the most important measure of the year The work was performed to the satisfaction of the Chairman by Mr Williamson, the Assessor to the Justices The Lieutenant-Governor is well aware of the difficulties besetting the satisfactory accomplishment of a measure of this nature At the same time, however, it appears to him that the number of cases (711 out of 4,952) in which it was found necessary to modify Mr Williamson's assessments was large The financial result, after the disposal of all appeals, was an aggregate annual increase of Rs 1,42,395 to the municipal income The total assessed annual value of houses, tenanted lands, and huts in Calcutta at the close of 1875 was Rs 1,22,34,342, or Rs 10,14,173 in excess of the recorded annual value on the 31st December 1874

6 Arrangements have now been made for extending the drainage scheme, which, so far as it has been carried out, has done so much to improve the sanitary condition of Calcutta Mr Leslie, the eminent Engineer to the Justices, has submitted an estimate for the completion of the drainage works for the whole town, with the exception of a small portion at the extreme north of the city between Bag Bazar and the Canal, which has been omitted in the estimates owing to certain difficulties which do not admit of its inclusion in the general scheme The estimate amounts to Rs 18,94,486, and, on the application of the Justices, the Supreme Government has sanctioned a loan of Rs 3,39,400 to enable them to proceed with the works 41,742 feet of sewers were laid down during the year, and the total expenditure incurred on this account during the year amounted to Rs 2,53,136 The complete scheme provides for 39 miles of brick sewers, and 136½ miles of pipe-sewers Of these, 37¾ and 37 miles respectively have been constructed Up to the close of the year the total cost of the drainage works had amounted to some 67 lakhs of rupees The Lieutenant-Governor hopes that this important undertaking will now be pushed on to a speedy conclusion

7 The principal work projected during the year in connection with the water-supply was the construction of four new filters at a cost of Rs 1,45 000 These filters are intended to facilitate the delivery of filtered water during the rainy season, when, in consequence of the clogging of the filters by the silt held in suspension in the turbid water, the supply is ordinarily deficient The Justices considered two schemes during the year for increasing the water-supply—firstly, for doubling the filtered supply, and secondly, for extending the unfiltered supply throughout the whole town The cost of carrying out these schemes were estimated at 24 and 5 lakhs of rupees respectively The Lieutenant-Governor has already approved of the determination which was arrived at by the Justices to construct the additional filters as a step towards the accomplishment of their object of ultimately doubling the

supply of filtered water in preference to the alternative project for extending the unfiltered supply The Engineer remarks on the continued waste of water by nearly all classes of the community The new law now empowers the Municipal Commissioners to exercise better control in this particular, and to check all wilful and habitual waste, and it is to be hoped that its provisions will be found sufficient for this purpose The working expenses connected with the water-supply amounted to Rs 1,84,061, and have been considerably reduced as compared with those of the previous year This is chiefly owing to the great saving which Mr Leslie's efficient control has effected in the consumption of coal The daily average consumption of filtered water was much less during the first eleven months of 1875 than during the same period of 1874 It is not explained however, if this was owing, as may perhaps be assumed, to the increased supply of unfiltered water Dr Macnamara reports that the water supplied during 1875 was purer than usual The Lieutenant-Governor has read with interest the remarks which have been made by Dr Macnamara on the comparison between the water supplied by the hydrants in Calcutta, and that supplied by the Southwark and New River Companies in London, and the evidence which he has adduced of the marked superiority of the former

8 Calcutta now contains 131½ miles of road, of which 81½ miles are metalled with stone, and 50 miles with brick The cost of repairing these roads in 1875 amounted to Rs 3,83,956 This sum exceeds the expenditure of any previous year since 1866 The Engineer considers that, in consequence of the increased traffic in the streets, owing to the establishment of the Port Commissioners' jetties and the opening of the Hooghly Bridge, a smaller sum will not suffice for the ensuing year It is explained that the cost of stone has greatly increased, owing to the competition for the ballast brought by ships from China, Mauritius, and Bombay The estimate for 1876 has, however, been reduced to Rs 3,00,000, and it is hoped that this will not require to be exceeded

9 During the whole of the past year the conservancy establishment of the town has been under the control of the Engineer The town has been divided into two divisions, each under a Superintendent, and it is reported that the new system of undivided responsibility in the management of this important department has worked satisfactorily The net cost of the conservancy establishment for the year was Rs 1,12,940

10 The Surgeon-General, in compiling the report on the medical institutions of Calcutta, had the advantage of consulting many of Dr Payne's returns Thus the principal statistical points connected with the health of the town have already been brought to the notice of Government, and have been dealt with in the Resolution on that report The Chairman now appends a valuable note by Dr Payne on the registration of deaths in Calcutta The Lieutenant-Governor agrees with Dr Payne that, if there are errors in the returns, the balance of probability points to an excess in registration by the inclusion of deaths not rightly attributable to Calcutta The changes proposed by Dr Payne, with a view of improving the existing system of registration in matters of detail, can for the most part be carried out by the Commissioner of Police The Surgeon-General will be requested to arrange that the hospital returns of deaths may be regularly communicated to the police at the proper thanas and to the Health Officer The same degree of accuracy cannot be claimed for the registration of births but the increased number of registrations effected during the two past years shows that omissions to register are now much less frequent

11 The Lieutenant-Governor is glad to learn that the receipts derived from the new Municipal Market have afforded a net profit of Rs 8,152, after providing for the working expenses and for the payment of interest and the contribution to the Sinking Fund Many complaints have appeared in the public prints, to the effect that the price of supplies has risen since the opening of the new market The Chairman, however, points out that, even if these complaints are correct, which he questions, a rise in price is in no way owing to the action of the Municipality, as the rents levied are not in excess of those charged in the old Dhurrumtollah Market He also observes that such people as take the trouble to market for themselves, which they are now well able to do in the spacious and well-ventilated building, find that the supplies are

both better and cheaper than were to be obtained in the old market, when purchases were obliged to be entrusted to other hands

12 The remarks of the Chairman on the subject of the adulteration of liquors, which he considers to be an unavoidable result of the present system of putting up the privilege of opening shops to auction, in addition to the levy of a heavy duty, will be considered in the Revenue Department

13 The necessity of improving the sanitary condition of the bustees or clusters of native huts which are to be found throughout all parts of the town has engaged the anxious attention of the Lieutenant-Governor during the year The question is of the utmost importance for the well-being of the city, for as long as these hot-beds of disease are allowed to remain in the midst of the town, no great or general improvement in the public health can be looked for from the expensive sanitary measures which have been already carried out, but which have yet to be extended to these isolated spots The new Municipal Law now empowers the executive authorities to insist on proper arrangements being made for the sanitation and conservancy of these bustees, so as to obviate risk of disease to the inhabitants themselves, and to those living in the neighbourhood The cost of the reforms required in each bustee, if the measures taken are effectual and sufficient, will no doubt be large, and no rapid progress in carrying out improvements can be hoped for without the hearty co-operation of the leading proprietors of the land It is therefore with much pleasure that the Lieutenant-Governor has observed the testimony which has been borne to the public spirit and liberality of Baboo Subuldas Mullick This enlightened gentleman has set a worthy example to his brother landowners in the measures which he has adopted for the improvement of the Mirzapore bustee He has already expended a large sum on the construction of roads and drains, and the Lieutenant-Governor hopes that he will not relax his public-spirited undertaking until he has completed the good work which he has begun

14 The circumstances brought to light in the course of the enquiry into the proceedings of the late Vice-Chairman showed that irregularities had been allowed to prevail in the system of purchasing stores This matter, as well as the system of giving municipal contracts, formed the subject of much adverse public criticism during the year. After holding a full enquiry into the subject, the Lieutenant-Governor has recently made some suggestions which he trusts will result in the exercise of a more effectual control in the purchase of miscellaneous stores It has also been suggested that when stores of any description are required in large quantities, it would be advisable to call for sealed tenders for their supply, as is done in the Commissariat and other departments under the Government

15 The Lieutenant-Governor again observes with satisfaction the interest which several Justices, notably Messrs A M Vardon and Manockjee Rustomjee, have taken in the adjudication of municipal cases during the year

16 As the present Justices of the Peace will shortly vacate their municipal offices under the operation of the new law, the Lieutenant-Governor gladly avails himself of this opportunity to thank them for the time and labor which they have devoted, during many years past, to the municipal affairs of Calcutta, and for the great and marked improvements which they have initiated and carried out The existing Corporation of Justices was established in 1863 Since then the town has been supplied with good drinking-water, which has done much to improve the general health of the inhabitants, an admirable scheme of drainage has been carried out, as well as other sanitary improvements connected with conservancy, the streets and roads have been lighted with gas, the general condition of the roads has been much improved, and side-paths have been formed for pedestrians Many new streets have been opened out, trees in great numbers have been planted, and gardens have been formed in various parts of the town, proper slaughter-houses have been provided, and a handsome and well regulated Municipal Market has been established, for statistical and other useful purposes a census has been twice made of the inhabitants, and a proper system of registration of births and deaths has been introduced.

17 For these and other improvements and advantages the town of Calcutta is largely indebted to the exertions of the Justices The advance which has been made during the past 12 years in every department under the control and management of the Justices has been rapid and attended with the best results, and the town of Calcutta at the present day will bear comparison with the other large cities of the world

18 The Lieutenant-Governor trusts that many of the Justices will be re-elected as Commissioners at the ensuing election, and that thus the affairs of the town will still continue to receive the benefit of their counsel and experience The acknowledgments of the Government have been already conveyed to the Justices for the loyalty and zeal with which they exerted themselves in December last to receive His Royal Highness the Prince of Wales in a manner worthy of this great city

19 Lastly, in all the respects mentioned in the several foregoing paragraphs, the services of the Chairman, the Hon'ble Sir Stuart Hogg, have been conspicuous, and have conduced to the true interests of the people The cordial acknowledgments of the Government of Bengal are tendered to him as a most devoted and meritorious public servant

By order of the Lieutenant-Governor of Bengal,

R L MANGLES,

Offg Secretary to the Govt of Bengal

Rainfall, Weather, and State and Prospects of the Crops

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 22nd July 1876

Division	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops and state of health at date
BENGAL				
		Western Districts		
Burdwan Divn	1	Burdwan July 24 * '76	2·21	The rainfall at Culna has been 2·68 at Cutwa 3·30, at Bood bood 2·35, at Raneegunge 1·72, and at Anabad 3·72 *Aous* paddy sugarcane and jute are doing well The transplantation of *amun* is nearly completed in Jehanabad, but delayed in Cutwa and Bood bood, owing to insufficient fall of rain Cholera reported in Montepore
	2	Bankoora, „ 22, „	1·14	Weather—Showery, but without any very heavy rain Cultivation is being rapidly completed Prospects of the crops are as favourable as possible
	3	Beerbhoom „ 22, „	5·46	Weather—Showery State and prospects of the crops continue to be good
	4	Midnapore, „ 22 „	4·45	There has been continuous rain at the beginning of the week, followed by a moderate flood in the Cossye river All the embankments have nevertheless stood Prospects of the crops in the very low lands in the east and south east of the district are not good as they are still under water Over the rest of the district the prospects continue to be fair
	5	Hooghly, „ 22, „	1·72	Weather—Close and cloudy with rains at intervals No sowings are reported as going on Seedling beds are backward About one third of the land still remaining to be ploughed up for *amun* Transplantation of *amun* plants is going on everywhere into the lower lands which retain water More rain is wanted for the cultivation of the higher lands The young rice is backward but the healthy *jute* and *sun* are from one to three feet high and need rain April indigo, sugarcane ginger turmeric and *jhinge* and other vegetables of the season, are doing well The public health is normal
		Howrah, „ 22, „	3·34	Weather—Very seasonable The condition of the rice crop is unusually forward for the time of the year
		Central Districts		
Presidency Divn	6	24 Pergunnahs, July 24,† 76	4·11	Weather—Showery and warm The jute and early rice look promising Transplantation of the late rice is progressing rapidly Public health is generally good Fever is still prevailing at Barripore
	7	Nuddea „ 22 „	3·58	Weather—Sufficient rain everywhere The rain has been somewhat injurious to indigo but the prospects are generally fair The rice crops are very flourishing In some places the early rice is being cut
	8	Jessore, 22	6·12	Weather—Cloudy, with much rain The early rice is being cut and is yielding a good outturn The late rice is doing well Excessive rain has injured the prospects of the indigo crop
	9	Moorshedabad, „ 22 „	2·82	A good deal of rain has fallen Favorable reports from the interior regarding the crops No change in the prices except at Jungypore and Kallia gunge, where common rice has fallen to 23 and 30 seers per rupee respectively
Rajshahye Divn	10	Dinagepore „ 21, „	1·95	North east or south east wind blowing high Not much rain till the 20th instant The rainfall at Roygunge has been 1·27 inches State and prospects of the crops are generally good Some cases of cholera—probably dysentery—are reported
	11	Maldah „ 22, „	2·89	Weather—Cloudy and rainy, with occasional sunshine Rainfall plenty State and prospects of the crops are very good No death occurred Two cases of small pox reported
	12	Rajshahye „ 22, „	1·67	Rain has fallen nearly every day in all parts of the district The prospects of the rice crops continue to be favorable In the Burgaon thana the *aous dhan* which was sown early is being cut, and in Manda and Bhundukhara the ryots have commenced to cut their jute
	13	Rungpore, „ 21, „	2·88	Weather—Cool The rainfall at Gaibandah has been 1·62, at Bagdogra 25, and at Kurigram 2·63 inches *Aous* is being harvested, *amun* transplanted, and jute cut in the north Prospects are excellent
	14	Bogra, „ 22, „	3·55	Weather—Favorable State and prospects of the crops are good The cutting of jute and *aous* are progressing
	15	Pubna, „ 22, „	6	Weather—Seasonable The rainfall at Serajgunge has been 1·55 inches The state and prospects of the crops are excellent The harvesting of *aous* has commenced Public health is generally good. Three cases of small pox are reported from Gopalpore, near Shazadpore

* Telegram of the 24th July, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 24th July, received on the same day, shows rainfall during the seven days immediately preceding.

Division	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BENGAL—(Contd.)				
		Central Districts—(Continued.)		
Cooch Behar Divn.	16	Darjeeling July 21 '76	12 69	Heavy rain every day, on Wednesday it was with high wind All the crops are doing well The Indian corn and the millets *murwa* and *kagoni* are ripening in the hills, and the early *dhan* in the plains is in ear
	17	Julpigoree „ 22, „	7 58	Weather—Seasonable All the crops are progressing most satisfactorily
		Cooch Behar, „ 20, „	1 71	Weather—Very hot Little rain since last report The break has now lasted long enough and more rain is wanted *Bitri dhan* is about half reaped *Hymunti dhan* is being everywhere transplanted for which more rain is required but no anxiety need be felt at present Prospects of the jute crop are not so favourable Cholera has again broken out in the west of the district in Mekhligunge a portion which, during the early part of the season, was very free from it
		Eastern Districts		
Dacca Divn.	18	Dacca, July 24* 76	2 65	Weather—Seasonable and cool State and prospects of the crops are very favorable
	19	Furreedpore „ 22 „	3 13	Weather—Showers during the first part of the week, and heavy rains on the 19th and 21st The rainfall at Goalundo has been 2 06 and at Madaripore 4 09 inches *Aous* is in very fine condition *Amun* jute, indigo, and sugarcane, are doing well No further rise of the rivers at present General health good
	20	Backergunge „ 20 ,	6 43	There has been an ample fall of rain all over the district All is well, except that cattle disease still continues in Mendigunge, Golachipa and Gulshakhali
	21	Mymensingh 21 ,	2 70	Weather—Cool and showery, with strong seasonable breeze A fine crop of early rice on all sides Prospects of the later crops are favourable
	22	Tipperah , 21 ,	5 57	Weather—Rainy with wind from the south east generally Prospects of all crops are excellent Health of the people is good
Chittagong Divn.	23	Chittagong, , 20, „	11 19	Weather—Stormy with heavy falls of rain A break in the rains would now be welcome Cholera is prevalent in the south of the district
	24	Noakholly, , 20, „	15 03	There has been rain throughout the week On the 19th instant the fall was heavy, being 9 10 inches In some places the very early rice crops are being reaped The *amun* rice on the low lands has been submerged by the heavy rain and much damage is expected if the water does not soon drain off
	25	Chittagong Hill Tracts „ 18, ,	3 03	Weather—Rainy throughout the week The paddy and cotton plants are thriving well in the *jooms* The plough cultivators have begun to plant out their paddy
		Hill Tipperah, „ 19	1 17	Weather—Slight rain during six days of the week State and prospects of the crops are good
BEHAR				
Patna Divn.	26	Patna July 24,* '76	1 17	A little rain falls almost daily, which, though sufficient for the *bhadoe* crops, is not so for the sowing or transplanting of rice A good heavy fall is much wanted The river has risen, and a good deal of water is out over the country Cholera still prevails generally throughout the district, but more especially in the Behar sub division
	27	Gya, „ 22, „	5 06	In Aurungabad the rainfall was 4 7, but in Jehanabad and Nowda there has been less rain, and more is wanted for the rice The *murwa* is doing well Fever and cholera still prevalent, specially in Aurungabad
	28	Shahabad, „ 22, „	97	Weather—Cloudy, with occasional drizzles The cry all over the district is for more rain The little that has yet fallen has done good to the *bhadoe* crop but the *ropa* sowings are exceedingly backward everywhere from the abnormal drought that has been experienced up to the present The Soane flood in many places did good soaking the country and leaving pools which supplied means of irrigation, but the early sowings were destroyed, and the water wherever there was much stream, cut up the landmarks and the fields
	29	Durbhunga, „ 22, ,	1 37	Showers have opportunely fallen in to Mudhoobunnee and sudder sub divisions, materially improving the condition of the *bhadoe* crops The rainfall, however, is still insufficient, and retards the transplanting of the winter rice The Collector who has been through West, Central and Northern Mudhoobunnee, has observed no sign of contracted *bhadoe* sowings, but many signs of backward rice cultivation The prospects, however, are better than they were a week before.
	30	Mozufferpore, „ 22 „	1 29	Weather—Cloudy, cool, and showery, with strong east wind The rain that has fallen in Mozufferpore sub division has done much good to the *bhadoe* crops generally, but has not been nearly enough for the *murwa*, and the rice crop, the transplantation of which is still much retarded In Seetamurhee sub-division, where no rain has fallen, and the rivers are unusually low, the people have become very anxious and agricultural operations are almost at a stand-still Prospects at present are bad, and the land is said to be as dry as in May In Hajeepore sub division 86 inches of rain has fallen, but more is wanted Prospects in this direction are comparatively good Prices are rising

* Telegrams of the 24th July, received on the same day, show rainfall during the seven days immediately preceding

Division	No	District and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops and state of health at date
BEHAR—(Contd)				
PATNA DIVN—(Contd)	31	Sarun, July 22, '76	75	Weather—Partly clear and partly cloudy with drizzling rain at intervals East wind prevailing The rainfall at Sewan was 67, and slight rain fell at Gopalgunge on the 17th and 20th instant as well as in most parts of the district during the week The crops are suffering from drought Transplantation of the *aghani* rice is at a standstill for want of rain, and the seedlings in the nurseries are looking sickly Cholera is still prevalent, but fatal results do not appear to be frequent
	32	Chumparun „ 21 „	Nil	Strong east winds have been prevailing for the last four days, and may bring rain which is much wanted There has been no rain in the district, except in the south eastern part of it since the 2nd July and in the south east none since the 8th The prospects of the *bhadoe* crop are fair, though caterpillars are said to be devouring the maize in the south of the district. Rain is urgently wanted for the rice crops which will suffer seriously if there be no rain for another week
BHAGULPORE DIVN	33	Monghyr „ 22, „	2 17	Weather—Alternate sunshine and showers Prospects of the crops continue to be good, but more rain is wanted on the rice tracts
	34	Bhagulpore „ 24,*	1 50	East and south east winds blowing strong Rainfall at Banka has been 2 98, at Mudehpoorah 1 37, and at Soopole 1 12 Weather is most favorable for the Indian corn *Murwa* promises an excellent crop *Bhadoe* rice is so far good but more rain is required for it The rainfall for July up to the present week is much under average Heavy rain is required to enable the *aghani* rice to be transplanted It is very backward in the north of the district, except towards the Coosy river Complaints of the badness of the season are reported to be general in Soopole
	35	Purneah, „ 22, „	4 21	Heavy rain on the 20th and 21st July Up to those dates rain was much wanted for the transplanting of the winter rice Since then this operation has been progressing well Good report from Kissengunge regarding the jute crop. General health much improved
	36	Sonthal Perghs „ 23 „	3 16	Seasonable rain everywhere except in Deoghur where the fall has been too heavy for the *janera* millet The *dhan* plants are going on well
ORISSA				
ORISSA DIVN	37	Cuttack July 15, '76	[illegible]70	Fair rain in all parts of the district Several of the larger rivers have risen, and slight floods have occurred in the north The crops are progressing very favorably Cholera is still bad Public health in other respects is improved
	38	Pooree		Return not received
	39	Balasore July 21	5 83	Rain has fallen every day at head quarters but there has been little rain towards the south of the district The crop generally promises well Mortality from cholera is considerable, but is on the decrease
CHOTA NAGPORE		*South Western Frontier Agency*		
	40	Hazareebagh July 21, '76	3 93	Seasonable rain has fallen throughout the week Prospects of all crops are much improved by the rainfall of the past week Public health is bad Cholera prevailing more or less intensely over the greater part of the district
	41	Lohardugga „ 22, „	6 45	Weather—Seasonable There was an almost continual fall of rain up to the 21st July In the sudder sub division the state and prospects of the crops are on the whole satisfactory There has been an outbreak of cholera in Ranchi, which has now much abated From Palamow more favorable reports have been received Sufficient rain has fallen in that place, but apprehensions are still expected in regard to the *bhadoe* crop Cholera and small pox are still reported from there, but are stated to be rather on the decrease
	42	Singbhoom, „ 21 „	8 01	Weather—Seasonable Prospects of the crops are very favorable
	43	Manbhoom „ 22 „	2 94	Weather—Most favorable Sunshine and heavy showers alternately Paddy looks well all over the district, and the people are now fully engaged in transplanting Sugarcane promises a superb outturn, and all other crops are doing excellently A few isolated cases of cholera are still reported, but the general health is much improved

* Telegram of the 24th July, received on the same day shows rainfall during the seven days immediately preceding

	20th	622	87 6	78 0	140 0	82 8	79 6	77 4	84	S by W & S S W		198 0			Overcast, cirri and cirro strati and clear Sheet lightning on south west at 11 P M
	21st	585	88 9	79 5	140 0	83 4	80 2	78 0	84	S S W		191 0	1 04	●	Cirri, cumuli, and over cast Thunder at 9 P M Lightning at midnight and 9 P M Rain after intervals from 2 to 8 P M

The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from the twenty-four hourly observations made during the day

The dew-point is computed with the Greenwich constants The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

	°
The extreme variation of temperature during the past seven days	11 9
The maximum temperature during the past seven days	88 9
The maximum temperature during the corresponding period of the past year	92 6
The mean humidity during the past seven days	0 90
The mean humidity during the corresponding period of the past year	0 83
	Inches
The total fall of rain from 15th to 21st { by lower rain-gauge	5 19
The total fall of rain from 15th to 21st { by anemometer gauge*	
Ditto ditto ditto, average of twenty-two previous years	2 51
Ditto ditto between the 1st January and the 21st July	33 38
Ditto ditto ditto, average of twenty-two previous years	36 30

* From 15th to 21st under repair

GOPEENAUTH SEN,
In charge of the Observatory

The 24th July 1876

Abstract of the Results of the Hourly Meteorological Observations taken at the Surveyor-General's Office, Calcutta, in the month of June 1876

LATITUDE 22° 33′ 1″ North Longitude 88° 20′ 34″ East Height of the cistern of the standard barometer above the sea level, 18 11 feet

MONTHLY RESULTS	Inches
Mean height of the barometer for the month	29 566
Max height of the barometer, occurred at 9 A M on the 2nd	29 715
Min height of the barometer, occurred at 4 & 5 P M on the 30th	29 375
Extreme range of the barometer during the month	0 340
Mean of the daily max pressures	29 625
Ditto ditto min ditto	29 499
Mean daily range of the barometer during the month	0 126
	°
Mean dry bulb thermometer for the month	85 6
Max temperature, occurred at 3 P M on the 4th	98 2
Min temperature, occurred at 11 P M on the 8th	75 5
Extreme range of the temperature during the month	22 7
Mean of the daily max temperature	92 8
Ditto ditto min ditto	80 1
Mean daily range of the temperature during the month	12 7
Mean wet bulb thermometer for the month	81 5
Mean dry bulb thermometer above mean wet bulb thermometer	4 1
Computed mean dew-point for the month	78 6
Mean dry bulb thermometer above computed mean dew-point	7 0
	Inches
Mean elastic force of vapour for the month	0 958
	Troy grain.
Mean weight of vapour for the month	10 23
Additional weight of vapour required for complete saturation	2 53
Mean degree of humidity for the month, complete saturation being unity	0 80
	°
Mean max solar radiation thermometer for the month	141 0
	Inches
Rained 26 days,—max fall of rain during 24 hours	2 43
Total amount of rain during the month	9 32
Total amount of rain indicated by the gauge* attached to the anemometer during the month	Under repair
Prevailing direction of the wind	S & S S W

GOPEENAUTH SEN,
In charge of the Observatory

The 20th July 1876

NOTIFICATION

The 31*st July* 1876—Under Section 2 of the District Road Cess Act, 1871, the Lieutenant-Governor is pleased to direct that the cesses leviable under the said Act shall take effect in the district of Noakholly from the 1st October 1876

Under Section 70 of the aforesaid Act, the Lieutenant-Governor is pleased to determine that the month in which the District Committee shall meet to prepare estimates of income and expenditure for the cess year commencing on the 1st October 1876, as in the said section provided, shall be August 1876 in the said district H J REYNOLDS,

Offg Secy to the Govt of Bengal

[First Publication]

The 1*st August* 1876—The following Rules are published for general information:—

Duties and responsibilities of District and Treasury Officers in respect of public money kept in Treasuries of which they are in charge

The Collector or Deputy Commissioner—A district officer is personally responsible to Government for the due accounting for all moneys received and disbursed; for the agreement between the departmental returns and the cash accounts (both of which go out under his signature), and the registers kept in the treasury, and for the safe custody of cash, notes, stamps, opium, securities, and other Government property.

N B—Although the Collector may manage his treasury by a Deputy, he must not treat his treasury as a separate and independent office. Letters addressed to the treasury officer must be regarded as addressed to himself He should not address his treasury officer by separate letter, as if he were an independent officer, and then forward the treasury officer's explanation, instead of his own, in reply to questions or enquiries touching his treasury business* When any irregularity is brought to his notice, nothing but a report on his own knowledge, after personal investigation, can be considered satisfactory

* Paragraph 22 of Circular 340

2 The district officer is bound to satisfy himself by periodical examination (at least once in every two months for cash, once in every quarter for deposits, and once in each half-year for stamps, opium, securities, bill and money-order forms) (1st) that the actual stock of cash, stamps, opium, and securities is kept under joint lock and key, and corresponds with the book balances, and that the treasurer does not hold a sum larger than is necessary for the convenient transaction of the Government business, or larger than the security given by him; (2nd) that the deposit registers are kept up according to the rules prescribed in Accountant-General's circular No 328, (3rd) that the stock of bill, money-order, and similar forms which are intended for use in money transactions is carefully kept under lock and key, and periodically tallied with the nominal balance of such forms on the stock books, and (4th) that the tehseel balances are verified once a year by a gazetted officer, if possible by a covenanted officer Where sub-divisional treasuries are in charge of gazetted officers, the Collector should verify the balances during his cold-weather tour

Paragraph 10 of Circular 340

N B—The examination of the deposit registers is not intended to be mechanical, and to secure only that all necessary entries are made and initialed without fail at the time of transaction, but also that no moneys are unnecessarily placed in deposit, or allowed to remain there without good cause

Paragraph 2 5a Note Circular 328

3 The district officer, unless unable to perform the duty from physical inability, or from absence on tour, is required to sign the periodical accounts He is also required to see that implicit obedience is given to the instructions issued from the account office, and to send immediate notice to the Accountant-General of any embezzlement in an office or treasury This notice must be supplemented, as soon as possible afterwards, by a detailed report after personal enquiry into the case

Paragraphs 21, 23, 24 and 25 of Circular 340

4 The district officer should be especially careful, when assuming or making over charge of a district, to see that the stock is thoroughly verified, and the certificate which is required from the transferor and transferee, shewing the state of the cash, stamps, and opium balances, should be invariably despatched to the Accountant-General on the same day that charge is transferred A copy of this certificate is appended

Paragraph 20 of Circular 340

N B—It is not sufficient only to count bags of treasure, the contents of all the bags must be turned out and passed through the scales, unless the bags are net, when the contents of all are visible

Treasury Officer—As the Collector's delegate and representative, he is responsible to the Collector primarily for the right discharge of his duty Just as Government hold the Collector responsible in the first instance, and expect from him such a general supervision as is incumbent upon an officer entrusted with the collection of the revenue and the payment of Government dues, so will the Collector look to the treasury officer for a thorough observance of all prescribed treasury rules, and strict attention to all the details of the daily routine of treasury work The treasury officer is responsible to the Collector for the working of the treasury, and for the conduct of the subordinate treasury officials, and has carefully prepared rules for his guidance in every branch of his duties. The above remarks apply to the officer in charge of a sub-divisional treasury H J REYNOLDS,

Offg Secy to the Govt. of Bengal

[First Publication]

The 1st August 1876 —The following letter from the Government of India is published for general information :—

H J REYNOLDS,
Offg Secy, to the Govt of Bengal

No 14—529-535, dated Simla, the 3rd July 1876

From—C J LYALL, Esq, Under-Secretary to the Government of India,
To—The Heads of Offices subordinate to the Revenue, Agriculture, and Commerce Department,

I AM directed to inform you that, with the view of affording a means for identifying parcels transmitted to this country through the Post Office, Her Majesty's Secretary of State for India has issued instructions to the effect that in future each parcel so sent out by the Director-General of Stores shall have a distinguishing number, which will be inserted in the packing accounts and other shipping documents forwarded to India

2 I am to request that the same precaution may be taken when copies of reports or publications are sent for the India Office, or for distribution in England

NOTIFICATION

The 15th July 1876—It is hereby notified for general information that the following revised Port Rule has been substituted for Rule 15 of the Rules published on page 1034 of the *Calcutta Gazette* of the 12th June 1867, and for Rule 36 of the Rules for the guidance of Running Pilots published on page 567 of the *Calcutta Gazette* of the 21st February 1872—

RULE

All vessels anchored in the stream, in the channels of the river Hooghly leading to the Port of Calcutta, shall, between sunset and sunrise, have a good light hoisted at the starboard foreyard arm, at a height not to exceed twenty feet above the hull of the vessel, and the lantern shown must be so constructed as to display a clear, uniform, and unbroken light, visible all round the horizon at a distance of at least one mile Vessels under weigh at night shall show the lights prescribed by the Admiralty Regulations

The following Rule has also been substituted for Rule 23 of the Rules published on page 351 of the *Calcutta Gazette* of the 30th October 1872—

RULE

All vessels anchored in the stream within the Port of Calcutta shall, between sunset and sunrise, have a good light hoisted at the starboard foreyard arm, at a height not to exceed twenty feet above the hull of the vessel, and the lantern shown must be so constructed as to display a clear, uniform, and unbroken light, visible all round the horizon at a distance of at least one mile Vessels under weigh at night shall show the light prescribed by the Admiralty Regulations

Joint-Secy. to the Govt. of Bengal
in the P. W. Dept., Irrign. Branch.

RULES PASSED UNDER ACT III (B.C.) OF 1876.

Dated 1st August 1876.

No. 259.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to pass the following rules for the Sone Canals, a draft of which was published in the *Calcutta Gazette* of the dates marginally noted.

14th, 21st and 28th June and 5th and 12th July 1876.

Rules under Act III (B.C.) of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage ;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361.25 superficial feet, and by the addition of small water channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop, the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 25.*

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions :—

(*a*.)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*.)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and

to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course. Such headman shall be deemed to be a public servant within the meaning of the Penal Code.

(c)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint, a headman.

(d)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(e)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from such officer.

(f)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(g)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(h)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported through the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 5 per cent on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchments under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively, if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations:—

(a)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle, such tanks are generally in the immediate neighbourhood of villages.

(b)—No tank shall be so filled from which irrigation is practised.

(c)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(d)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

(e)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(f)—The privilege herein accorded may be suspended for twelve months for breach of these regulations by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final

14 The Divisional Canal Officer may, by written order under section 76 (a) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his assistants) that the water-course is not maintained in proper repair Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained

15 The Divisional Canal Officer may, under section 76 (a) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of water-courses For longer closures the authority of the Superintending Canal Officer is required

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency

16 The water gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water

17 Claims to remission, under section 76 (b), of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges All applications for remission of water-rates shall be made by the parties concerned in person, or through their headman, to the nearest Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop, and the Sub-Divisional Officer shall thereupon inspect the applicant's fields, and forward his application for decision to the Divisional Canal Officer with his remarks

18 Before awarding compensation under section 76 (c), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings Under this rule an appeal shall lie to the Commissioner of the division, whose order shall be final

19 Under section 78 of the Act the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz from 1st June 1876 to the 1st June 1879, and are as follows —

WATER-RATES

Sone Canals

Class	Nature of Crop	Flow Irrigation per Cottah	Flow Irrigation per Beegha	Flow Irrigation per Acre	Lift Irrigation per Cottah	Lift Irrigation per Beegha	Lift Irrigation per Acre	Per
		Rs A P	Rs A P	Rs A P	Rs A P	Rs A P	Rs A P	
I	Sugarcane tobacco indigo opium and gardens	0 2 6	3 2 0	5 0 0	0 1 8	[illegible] 1 4	3 5 4	Crop
II	Rice vegetables water nuts wheat barley cotton and all crops not otherwise specified	0 1 3	1 9 0	2 8 0	0 0 10	1 0 8	1 10 8	Do

NOTE

1 Cottah = 1361 2 superficial feet
1 Beegha = 27,2[illegible] 00
1 Acre = 43,560 00

20 If only a portion of a field be irrigated the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high The headman will be held personally responsible for the due observance of this rule

21 When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions The headman will be held personally responsible for the due observance of this rule

22 If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate The headman will be held personally responsible for the due observance of this rule

23 Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal

24 Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor

25 Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act

26. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz five rupees per acre on the area flooded, provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit The headman to be held responsible for the payment of such rates as may be imposed, leaving it to him to realize the same from those to blame

27 If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop

28 When the original crop sown in a canal-irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop

29 When a field is irrigated which has not been prepared by division into compartments, and by the addition of small water-channels as prescribed in Rule 5, an additional charge may be imposed equal to half the amount of water-rate leviable on the field In each case the Divisional or Sub Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule

30 The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer

31 All water-rates shall become due on the dates noted on the "permits," viz the dates on which the crops ordinarily come to maturity, and are as follows —

Water-rate on spring crops,—wheat, barley, peas, poppy, &c ,—shall become due on 1st March

Water rate on summer crops,—cheena, &c ,—shall become due on 30th June

Water-rate on bhadoi crops,—seera rice, Indian corn, murwa, &c ,—shall become due on 31st October

Water-rate on annual and winter crops,—aghani rice, joaur, &c ,— on 31st December, and shall be paid within one month of such dates

32 In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents in the same proportion as the produce is divisible amongst them

33 Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor

34 The Collector will make the collections through the Deputy Collectors attached to each division of the canal and the Subordinate Canal Revenue Establishment

35 Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer Meanwhile the collection of the demand shall not be suspended

36 Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer

37 A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector

38 If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order The decision of the Superintending Canal Officer shall be final

39 In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the division All such remissions shall be reported at the close of each official year to the Divisional Canal Officer

40 If a cultivator is dissatisfied with the entries made against him in the "permit" (Appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit

41 No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer

42 No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others

HIGH COURT NOTICES

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal

CRIMINAL

No 3, *dated* 8*th July* 1876

THE attention of the Court has been recently called to a case in which a Magistrate, having tried an offence summarily and passed a sentence from which an appeal lay, made the record required by Section 228 of the Code of Criminal Procedure as an entry in the Register prescribed by Section 227, and, on the Appellate Court calling for the record of the trial, cut out and sent up the portion of the Register containing this entry There is reason to believe that this is not an isolated case The practice of mutilating official Registers is open to the gravest objection and is strictly prohibited, there is no warrant for it in the law

2 Section 227 of the Code of Criminal Procedure directs that a Register shall be kept for a certain purpose, namely for the purpose of entering such particulars as are specified in the Section, *in cases where no appeal lies* The provisions of this Section do not apply to any other cases

3 The judgment required to be drawn up in *appealable cases* under Section 228 is to contain the particulars mentioned in Section 227 and something more, namely, the substance of the evidence on which the conviction was had But it is not to be entered in the *Register of non-appealable cases* and is evidently intended to be in a separate form, so that, when necessary, it may be submitted to the Court of Appeal

Sheriff's Office, the 5th July 1876 .

NOTICE is hereby given that the Seventh Criminal Sessions of the year 1876, of the High Court of Judicature at Fort William in Bengal for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court house, in the Town of Calcutta, on Thursday, the third day of August next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Session be then and there to prosecute

PRESIDENCY COLLEGE, the 26th July 1876 J SUTCLIFFE, *Principal*

THE following order is published for general information —

CIRCULAR ORDER

STAMPS
A MONEY ESQ, C B

It has been brought to the notice of the Member in charge that the provisions of the General Stamp Act as regards the necessity for affixing receipt stamps to acquittances for sums of money above Rs 20 are very frequently disregarded, and that some misconception exists as to the precise purport of those provisions As a case in point, is was recently contended by a Calcutta firm, in excuse for an omission to furnish a stamped receipt for a remittance from the mofussil, that an unstamped acknowledgment is all that is required by the Stamp Act in cases where the acknowledgment is forwarded under stamped cover by post In order to remove so erroneous an impression, and to make the provision of the law more widely known, the Member in charge directs the issue of the following notification by publication in the *Calcutta Gazette*, and by extensive circulation in each district, both in English and the language of the district —

NOTIFICATION

No 858B

Dated the 25th July 1876

It is hereby notified for general information that under Article 7, Schedule II, Act XVIII of 1869, the receiver of any sum of money exceeding Rs 20 in satisfaction of a debt, who is required to give a receipt, must affix to it an adhesive stamp of one anna, and that if he should give such receipt without the same being duly stamped, he is liable to a fine not exceeding Rs 100 It is also notified that the Magistrate has power, under Section 38 of the Act, to reward any informer of an infraction of the above rule by giving him a sum of money not exceeding half of the amount of fine imposed by such Magistrate on the offender

A receipt, however, granted to a cultivator for the rent of land paying revenue to Government is exempted from stamp duty

By order of the Member in charge,

W H GRIMLEY, *Offg Secretary*

CALCUTTA, RAILWAY DEPUTY COLLECTOR'S OFFICE, the 6th July 1876

W HEYSHAM, *Railway Deputy Collector*

NOTICE is hereby given that the undermentioned plots of land no longer required by the Government, situated in the district of 24-Pergunnahs, Chitpore Branch Line, will be put up to sale at the office of the Board of Revenue Lower Provinces at 11 o clock on Monday, the 4th September 1876, corresponding with 20th Bhadro 1283 B S

The purchasers of these plots will be subject to the following conditions —

1st —If the amount of purchase money does not exceed Rs 100, the whole amount to be paid down at once

2nd —If the purchase money exceeds Rs 100 one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale

3rd —The plots will be sold revenue-free to the highest bidders

4th —The purchasers shall be put in possession on receipt of the orders of the Collector confirming the sales But such possession shall be liable to be disturbed in case the final sanction of the Member of the Board of Revenue in charge should not be accorded to the proceedings

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division

RULES UNDER WHICH WORKS CAN BE EXECUTED IN THE DEHREE WORKSHOP

All parties requiring work to be done in the Dehree Workshops are requested to send full instructions as to dimensions and description of work required, in order to facilitate the preparation of designs and estimates If drawings of the work are already in existence, it would be better if copies of them were sent, the dimensions being plainly figured thereon

2 Government work done for Government officers will be paid for by transfer in the usual manner through the department for which the work is done Notice of completion will be sent to the indenting officers, whose instructions for forwarding the articles to their destination will be attended to

3 When extensive orders are given by private individuals, advances may or may not be required, at the discretion of the Superintending Engineer, before such work can be put in hand, but it is to be understood that all private work is undertaken for cash on delivery, and that credit will not be allowed

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division

F T HAIG, *Col*, R E,
Chief Engineer, Bengal Irrigation Branch

BENGAL CIVIL FUND

At a Half-yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall, Calcutta, on Wednesday, the 26th July 1876

PRESENT —E F Harrison, Esq , The Hon'ble W F McDonell, V C , J A Crawford, Esq , H A Cockerell, Esq , The Hon'ble H J Reynolds, B A , The Hon'ble H Bell, M A , H Beverley, Esq , M A , J O'Kinealy Esq , R H Wilson, Esq , B A , W H Grimley, Esq , B A , W M Souttar, Esq , M A , and T D Beighton, Esq

J A. Crawford, Esq , in the chair

Read the following Report submitted by the Managers —

REPORT

1 The Managers submit their Proceedings for the past half year for the consideration and sanction of the Meeting

Subject to the approval of subscribers they have admitted to the benefits of the Fund the following families —

Mrs Stainforth	£ 300	The widow of the late Mr H Stainforth (an annuitant of 1862) who died at Chota Nagpore on the 20th January last
Mrs Pollen	£ 300	
Two daughters	„ 60	
	£ 360	
Less ⅙ under Rule 7	„ 60	The widow and two daughters of the late Mr F. Pollen, who died at Boolundshuhur on the 11th February last
	£ 300	
Mrs Light or Lyte (formerly Sargent)	£ 400	The widow of the late Revd W M Light, formerly an incumbent on the full allowance from the Fund as the widow of Mr Henry Sargent, a subscriber, who died in 1834, re-admitted under the old Rules from the date of decease of her late husband, 2nd April 1875, to the allowance noted on the margin This lady's original incumbency lasted from 24th April 1834 to the end of 1837 She was married to the Revd W M Light on the 26th August 1837
Less private income	£ 306 18	
	£ 93 2	
Mrs Falcon	£ 300	
Six children	„ 380	
	£ 680	The widow and six children (three daughters and three sons) of the late Mr A B Falcon, who died at sea on the 5th May last, provisionally pending the receipt of the certificate of baptism of the widow and the certificates of the first and second marriage of Mr Falcon
Less ⅙ under Rule 7	„ 113	
	£ 567	

Mr Heeley having incurred the penalty specified under Article XXXVII (38) of the Rules by having neglected for more than a year to pay the necessary subscriptions from his furlough allowance, was reminded of the fact, and immediately on the receipt of the letter paid the subscription, and at the same time represented that severe illness had caused the unintentional omission The Managers informed him that they had resolved to recommend his re-admission on the Fund to the General Meeting They have since heard of Mr Heeley's death and received an application for the admission of the widow and two children (one son and one daughter) to the benefits of the Fund A General Meeting is alone competent to admit to the benefits of the Fund the family of Mr Heeley, and as good and sufficient cause has been shown for the omission, and the arrears of subscription with interest have been paid up, they submit the case to the favourable consideration of this Meeting

Mrs Heeley	£ 300
Two children	„ 140
	£ 440

2 The votes of subscribers have affirmed the resolution passed at the Meeting of 26th January last, *viz* , "that Mrs Morris, formerly Mrs Drew, be allowed on special grounds to bequeath to her daughter £50 per annum without entailing a reduction in the pension allowed from the Fund " The votes in favour were 138 and 1 against

3 Under the special circumstances now affecting the Fund, the Managers on departure of Mr Verner on leave appointed Mr J O'Kinealy to officiate as Secretary for three months or such time as might be required to prepare the circular explaining the position of the Fund with respect to the Government They have since nominated Mr C P L Macaulay as Secretary He will assume the duties of the office on Mr O'Kinealy's work being completed

4 The following resolution was passed at the last General Meeting of subscribers —"that the Managers be desired to prepare and circulate in a popular form a complete note explaining the facts of the case under discussion and showing how far the Managers differ from the opinions expressed by the Government of India in the despatch of the 28th October last " The statement of the case has been prepared by Mr O'Kinealy, and the Managers hope very shortly to call a special General Meeting to consider the plan of action to be adopted

Proposed by *Mr W H Grimley*, seconded by *Mr R H Wilson*, and carried "that the proceedings of the Managers, in admitting to the benefits of the Fund the families of the late Messrs H Stainforth, F Pollen, W M Light, and A B Falcon, be confirmed "

Proposed by *Mr T D Beighton*, seconded by *Mr W H Grimley*, and carried "that the interest of the late Mr W L Heeley to the contingent benefits of the Fund be restored, and that as good and sufficient cause has been shown for the unintentional omission of contributions, and that the arrears of subscription with interest has been paid up, his family be admitted to the benefits of the Fund "

Proposed by *Mr H A Cockerell*, seconded by *Mr W H Grimley*, and carried " that Mr A Money be elected a Manager in the place of the Hon'ble W F McDonell, who leaves Calcutta "

A vote of thanks was passed to the Chairman

BENGAL CIVIL FUND OFFICE, *the 26th July* 1876. (868—1) J A CRAWFORD, *Chairman*

CONTENTS

ADMINISTRATION OF THE ORISSA TRIBUTARY STATES DURING 1875-76

POLITICAL

Calcutta, the 31*st July* 1876

READ—

Letter No 64A, dated 9th June 1876, from Superintendent, Tributary Mehals, Cuttack, being his Administration Report for the year 1875-76

Read again—

His Report for the previous year, and the Government Resolution passed thereon

THE report submitted by Mr. Ravenshaw, the Superintendent, on the administration of the Orissa Tributary States during the past year, shows that these States have been for the most part well managed by their respective Chiefs, and that generally good progress has been made in carrying out the several measures which have been introduced for opening out the resources of the country, and for advancing the moral and material improvement of the people. In all parts the seasons appear to have been favorable for the crops, and, except in a few of the minor States, in which the revenue settlements have not yet been carried out and some mismanagement still exists, the people are described as being prosperous and contented The Superintendent spent nearly two months on tour and was able to visit many of the principal tributary States to the north of the Mahanuddy, while the remainder, with the exception of Mohurbhunj, were visited by the Assistant Superintendent.

2 The revenue demand from the Government estates of Ungool and Banki was realised in full, a nominal remission of Rs. 35 only being shewn against Ungool The aggregate sum collected, including miscellaneous receipts, and Rs 9,665 paid in advance on account of the current year, amounted to Rs 61,501 The statements appended to the report show, for the last time in their present form, the gross amount realised, the amount disbursed from it for the expenses of management and the Government revenue, and the balance in hand at the close of the year It has been decided that these estates, which now afford a large and increasing revenue, are to be brought under the regular system of audit and account, as current in other Government estates The total demand from the Bamunghatty estate, which continues under the direct management of the Deputy Commissioner of Singbhoom, amounted to Rs 30,570, of which Rs 19,275 were collected the balance was chiefly made up of demands which were not realisable until after the close of the official year The tribute payable by the remaining States, not under direct management, was realised in full, and large payments were made in advance by Keonjhur, Mohurbhunj, and Nilgiri on account of the current year

3 The number of civil, revenue, and miscellaneous cases instituted during the year was 1,937 as against 2,290 in 1874-75, and 1,851 in 1873-74 The decrease is chiefly observable in the cases instituted in Banki, which numbered only 963 as against 1,329 in the previous year, and 884 in 1873-74 It would seem that litigation in Banki was somewhat exceptional in 1874-75, but no explanation has been offered by the Superintendent on the subject The number of cases set down against each of the States, not under direct management, represents those cases only in which complaint was made to the Superintendent's office The largest number of these cases, amounting in all to 42, are shown against Duspulla, which continues to be one of the few States in which the conduct of the Chief is unsatisfactory The total number of cases disposed of was 2,173, leaving 145 pending at the close of the year One hundred and eleven appeals came before the Superintendent during the year. In only 16 of these were the orders of the subordinate courts reversed or modified

4 The number of offences reported continues to increase During the past year the total number amounted to 712 as against 651 in 1874-75, and 613 in 1873-74 The increase during the past year, however, is shewn to have occurred in the Banki estate alone, in which the number of offences reported have risen from 162 to 240. Thus, while civil litigation has greatly decreased in this estate, there has been almost a corresponding increase in criminal cases The great majority of the cases reported were petty assaults, thefts, and cases of mischief Serious offences against property appear to be of very rare occurrence, and no cases of robbery and dacoity were reported The number of murders shows a satisfactory decrease from 8 to 4 There were 6 cases of culpable homicide as against 8 in 1874-75 In all the cases of murder, and in three of the cases of culpable homicide, the offenders were brought to justice Out of 689 persons placed on trial, 479 were convicted, 195 acquitted, and 8 only awaited trial at the close of the year On the whole, the Lieutenant-Governor is of opinion that, considering the extent of the country, the small amount of crime in these States is very satisfactory Such cases as occurred were promptly dealt with, and the results generally were favorable In some of the States an organized police force is maintained In future reports, the Lieutenant-Governor will be glad to receive a detailed account of the police arrangements which have been established, or are being carried out in each State

5. The great importance of opening out road communications through these tracts continues to be recognized The cess which the Khonds have voluntarily originated for the extension of roads was fully and punctually contributed Neither the Superintendent nor the Assistant Superintendent were able to visit these Mehals in person, but many of the headmen came into Cuttack during the year, and the interest which the people take in the measures which have been adopted for opening out the country is unabated The expenditure of the year on roads amounted to Rs 1,719, and, including the Government grant for the past year, the balance in hand is now Rs 3,648. The schedule of works for the ensuing year is now under consideration. The

Rajah of Mohurbunj has liberally contributed Rs 7,000 towards the construction of a road running through a part of the Balasore district, and has commenced to construct a road in continuation through his own estate The Lieutenant-Governor is glad to learn that the Rajah of Autmullick has already experienced the benefits of the new road which he has made from the Mahanuddy to Hondopa, and that he has been enabled to export much produce from the valuable forests on his estate The Dhenkanal roads have borne a good deal of traffic, and the markets of this estate and of Banki and Keonjhur are reported to be well supplied A considerable trade has also been established with all these States

6 One middle-class school and seven lower vernacular schools were opened during the year, and the number of pupils on the rolls on the 31st March was 2,899 as against 2,679 on the same date in 1875 Except in Nilgiri and Autmullick, the progress of education has been generally fair, and in many of the States it has been very satisfactory. The Superintendent submitted during the year a scheme for the reorganization of the Banki and Ungool schools, but the project has been held in abeyance pending the revision of the system of keeping the accounts of these estates The plan of making a knowledge of reading, writing, and accounts a necessary qualification for employment in the subordinate revenue agency is reported to have worked well. In the Khond Mehals the liquor-shop tax, which is devoted to the cause of education, was levied in full, and the proceeds, at the rate of Rs 5 on each shop, amounted to Rs 2,205 Of this sum, Rs 1,729 was expended in the support of sixteen village schools, at which 499 children are educated There is now also a large balance in hand from the receipts of previous years, with which it is proposed to open out several new schools The great difficulty here, as in Autmullick and other remote tracts, has been to secure competent and well-behaved masters. This want will, it is hoped, soon be supplied by the local Government school The Maharajah of Dhenkanal and the Rajah of Keonjhur have especially exerted themselves to extend the benefits of education to their people, and their constant and personal attention to the matter is, as noticed by the Superintendent, most praiseworthy In Keonjhur no school fees are charged, and books, slates, and other requisites, are provided at the Rajah's expense. The principal school of the State has already produced pupils who are reported competent to act as teachers in the village schools The Lieutenant-Governor is glad to observe that the Superintendent is endeavouring to meet the great necessity for education among the children of the Rajah's families by the encouragement of private schools close to their homes

7 It is with great satisfaction that the Lieutenant-Governor observes that the relations between the Chiefs and the people have been generally amicable, and that the feuds and boundary disputes between the different Chiefs themselves, which a few years ago were the cause of so much trouble and anxiety to the Superintendent, have now ceased The progress which has been made in the revenue settlements, and more particularly in Keonjhur, Pal Lahera, Autmullick, Nyaghur, Autgurh, and Hindole, has been very satisfactory In other States rough settlements are in progress, and the Lieutenant-Governor is glad to observe that every endeavour is being made by the Superintendent to bring this important work to a speedy conclusion with a view to relieving the people from arbitrary and uncertain exactions In Keonjhur the Rajah and his people are on terms of cordial amity, as has been evidenced by the spontaneous action on the part of the latter in raising subscriptions for the liquidation of the debt due from the State to Government This Chief, Mr Ravenshaw states, has been so just and considerate in his dealings with his people, that he did not receive a single complaint during his tour, and he adds that he has never had the pleasure of witnessing such just and excellent management on the part of any Rajah, or such loyal contentment among the people Sir Richard Temple desires that the Rajah may be informed of the satisfaction with which the Government views the enlightened and liberal policy which he has adopted in the management of his estate

8 Mr Ravenshaw has also borne favorable testimony to the continued good management of the Maharajah of Dhenkanal, of the Rajah Bahadoor of Pal Lahera, and of the Rajahs of Hindole, Autmullick, Nursingpore, Khendpara,

Tigeria, and Nyagurh, and to the personal interest which they have taken in the improvement of their estates and the welfare of their people. The conduct of the Rajahs of Talchere and Duspulla, on the other hand, has been very unsatisfactory The faults of the Rajah of Talchere would appear to have been chiefly attributable to his inexperienced youth and the influence of evil advisers The visit of the Superintendent to this State was opportune, and it is to be hoped that the removal of the bad characters by whom the young Chief was surrounded, and the directions issued by the Superintendent, will result in the more satisfactory management of the young Rajah's public and private affairs The misconduct of the Rajah of Duspulla was prominently brought to the notice of Government in the report for 1874, and the vigorous action taken by the Superintendent to put down the oppression, and the disregard of right and justice which prevailed in this State, was approved. The Lieutenant-Governor regrets to observe that the Superintendent is again obliged to report unfavorably on the conduct of the Rajah No further levy of cesses from the people has been attempted, but instead of carrying out the reforms which were agreed upon, the Rajah has been morose, and has paid but little attention to the duties of his position The Lieutenant-Governor trusts that the good offices of the Superintendent may yet be beneficially exerted, but should the Rajah again show any disposition to have recourse to oppression or active injustice, a special report should be at once submitted to Government on the subject. The state of affairs in Nilgiri and Rungpore is also shewn to be somewhat unsatisfactory, owing to the weak character of the Rajahs and their proneness to be led by designing and evil advisers.

9 The Lieutenant-Governor desires to thank Mr Ravenshaw for his excellent and judicious supervision of the Tributary States during the past year, and for his interesting report. His Honor also desires to express his acknowledgment of the good service done by the subordinate officers who have been mentioned by Mr Ravenshaw, and of the satisfactory measure of success which has attended their labours.

By order of the Lieutenant-Governor of Bengal,

R L MANGLES,

Offg Secy. to the Govt of Bengal.

PUBLIC-SPIRITED CONDUCT OF JIBUN JOARDAR AND HIS BROTHER, MOHIM JOARDAR, RYOTS, OF KHOOLNA

No 2929C, dated Fort William, the 31st July 1876

From—G A D Anley, Esq, C E, Offg Asst Secy to the Govt. of Bengal in the Public Works Department,

To—The Commissioner of the Presidency Division

In reply to your letter No. 33P R, dated the 5th instant, I am directed to state that the Lieutenant-Governor has perused with much interest and satisfaction the report* of the Deputy Collector of Khoolna, to the address of the Collector of Jessore, therewith forwarded, bringing to notice that Jibun Joardar, a well-to-do ryot of the Chundal caste, had executed a heavy piece of roadwork across the Rungpore Bheel from Dowlutpore to Sahapore Haut in Khoolna, valued by the Deputy Collector at Rs (2,000) two thousand, partly by his personal labor, aided by his brother Mohim Joardar and the male members of his family, and partly by hired labor paid for from his own pocket

* No 172, dated the 22nd June 1876

2. The Lieutenant-Governor desires me to request that you will convey to Jibun Joardar His Honor's recognition of his public spirit and liberality in reference to the above work.

No 2930C.

Copy of this letter, and of the Commissioner's letter replied to, with enclosures, forwarded to the Officiating Superintending Engineer, North-Eastern Circle, with a request that he will enquire into the process by which this road has been made, and report on the result obtained, also whether this road interferes with the proper drainage of the country.

No. 33P R, dated the 5th July 1876

From—C T BUCKLAND, Esq, Commissioner of the Presidency Division,
To—The Secretary to the Govt of Bengal in the Public Works Department

I HAVE the honor to submit copy of a letter from the Collector of Jessore, No 392, dated 28th June, with enclosure, and to recommend that the exertions of Jibun Joardar and his brother in completing the construction of a road through Rangpore Bheel between Dowlutpore and Dumuriah may be acknowledged by Government, and that the Sub-Divisional Officer's letter may be published in the Gazette

---

No 392, dated Jessore, the 28th June 1876

From—A SMITH, Esq, Collector of Jessore,
To—The Commissioner of the Presidency Division.

I HAVE the honor to enclose an extract from a letter, No 172 of the 22nd instant, from the Deputy Collector of Khoolna, reporting the construction of a road through the Rangpore Bheel between Dowlutpore and Dumuriah

2 I should be glad if you would bring the public spirit of Jibun Joardar and his brother to the notice of the Government It appears to me that considering that they are but illiterate members of the ryot class, their act deserves to be specially noticed and commended

---

No 172, dated Khoolna, the 22nd June 1876

From—BABOO DENO NATH MOOKERJEE, Deputy Collector of Khoolna,
To—The Collector of Jessore

Your office memorandum No 27, dated 23rd April 1869
Ditto ditto „ 110, „ 21st July „
Ditto ditto „ 159, „ 9th August „
This office No 339 of 5th August 1869
Ditto „ 58 of 8th May „

WITH reference to correspondence noted as per margin, regarding the construction of a road from Dowlutpore to the Sahapore Haut across the Rangpore Bheel, for which a subscription of Rs 973 was realized from the parties likely to be interested in the work, I have the honor to inform you that the difficult part of the road in question has been executed by a private individual named Jibun Joardar, aided by his brother Moh m Joardar, at his own cost

2 I inspected this road on the 11th instant, and found a good road,* wide, well raised above the high water-mark, has already been completed across the whole bheel, 2 miles long, by the individual abovenamed, partly by his personal labor and partly by hired labor paid for from his own pocket He has a very large family, all the male members of which cheerfully contributed their *quota* of personal labor to this work of public utility

* Base 18 feet
Top 8 „

3 Jibun Joardar belongs to the Chundal caste and is a well-to-do ryot He is an illiterate man (the other members of his family are no better), and has kept no account of the money which he actually expended in cash for hired labor, but I can say so far that had the work been given to contractors it would not have been completed under Rs 2,000

4 The average depth of the bheel is no less than 7 feet, and there is no earth available within a mile or two of the place where the road has been constructed The work was beset with so much difficulty that at one time it was thought advisable to abandon the project

5 The road has been constructed in upwards of two years' time In the first year he made a floating road across the bheel by collecting turfs of floating grass (dhap ধাপ) mosses from the bheel In the second year another heavy layer of the same stuff was put over it, which made the road more substantial In the third year the same stuff and some earth has been thrown over it, which has made it as firm as the earthen road

6 When I visited the road I found that all the vegetable matter that had been used as material for road-making had been converted into earth, and that the floating road had reached the bottom of the bheel and become as firm as an ordinary road

7 This new road has been joined on both sides to the existing village roads leading on the one side to Dumuriah, and on the other to the Jessore Imperial Road (now road cess) at Dowlutpore These existing roads are under the Road Cess Department and will be repaired from the Road Cess Funds, unless Jibun Joardar wishes to extend his benevolent endeavours to improve them from his own purse

8 You will see from the above that great credit is due to Jibun Joardar for bringing to completion a work which was at one time considered almost impracticable

CENTRAL RELIEF FUND

Proceedings of a Meeting of the General Committee of the Famine Relief Fund, held at the Town Hall on Saturday, the 22nd July 1876

PRESENT

The HON'BLE SIR RICHARD TEMPLE, BART, K.C S I, *Presiding*

The HON'BLE V H SCHALCH, C S I	The HON'BLE DEGUMBER MITTER, C S I
" J R BULLEN SMITH, C S I	" KRISTO DAS PAL
The MOST REVD ARCHIBISHOP STEINS, S J	MR MANOCKJEE RUSTOMJEE
RAJAH JOTENDRO MOHUN TAGORE	The HON'BLE RAJAH NARENDRA KRISHNA BAHADOOR
MR W M BOURKE.	BABOO DURGA CHURN LAW

I —The Hon'ble V H Schalch, C S I, as Chairman of the Executive Committee of the Relief Fund, presented the final report (published below), briefly explaining the mode in which the Committee's operations had been conducted and their result

II —With reference to paragraph 15 of that report, Mr Bourke proposed that one-half of the balance (Rs 56,252-3-8) now remaining in the hands of the Committee be invested for the benefit of the institution of St Vincent de Paul, which was property vested in trustees under the Archbishop, and devoted to benefiting the poor of Calcutta This proposal was seconded by Mr Manockjee Rustomjee

III —It was then proposed by the Hon'ble Kristo Das Pal, seconded by Rajah Narendra Krishna Bahadoor, that the report of the Committee be accepted and confirmed, and that, as recommended by the Executive Committee, the surplus funds be made over to the Calcutta District Charitable Society This proposal was adopted by the General Committee

IV —The meeting was closed with a vote of thanks to the Chairman

---

Final Report of the operations of the Executive Committee of the Relief Fund

ON the 4th of February 1874, a public meeting, convened by the Sheriff of Calcutta at the desire of the principal residents, was held in the Town Hall in order to discuss the question of the adoption of measures for administering charitable relief in the distressed districts of Bengal His Excellency the Viceroy presided A General Central Committee of 153 members was first appointed, with Sir Richard Couch, Chief Justice, as Chairman At the close of the public meeting, the General Committee proceeded to elect the following gentlemen to form an Executive Committee —

(1) The Hon'ble V H Schalch, C S I, *Chairman*
(2) " J F Inglis, C S I
(3) " R A Dalyell
(4) " C E Bernard C S I
(5) " H H Sutherland
(6) " T M Robinson
(7) " J R Bullen-Smith, C S I
(8) Rajah Jotendro Mohun Tagore
(9) The Hon'ble Digumber Mitter, C S I
(10) Nawab Munshi Amir Ali, Khan Bahadoor
(11) Baboo Durga Churn Law

2 To the decision of the Executive Committee were referred—

The allotment of funds to the more distressed districts, the collection of subscriptions, the various modes of relief to be afforded, the administrative details of the agency to be employed, and all matters connected with those subjects

3 On the 4th March 1874, the Committee determined not to attempt to establish any separate executive agency for relief purposes They were satisfied that such a separate agency must prove most costly, and that it would be in every way better to utilize, for the purpose of distributing the funds committed to their charge, the various local agents already appointed by the Government, or by the local Relief Committees, whose services were available without any charge upon the Committee's resources

4 The Committee accordingly announced to the public the principles by which they proposed to be guided in the following notification —

"NOTIFICATION BY THE EXECUTIVE COMMITTEE ON THE OBJECTS OF THE CENTRAL RELIEF FUND

Calcutta, the 4th March 1874

"The Executive Committee of the Central Famine Relief Fund, believing that it will be satisfactory to the public to know on what principle the Fund is to be conducted, and to what objects the subscriptions are to be applied, publish the following particulars —

"(1)—The Central Committee will from time to time make grants-in-aid through the Commissioners of Divisions in all districts where distress prevails

"(2)—The District Relief Committees will appropriate these grants as they think best among the Sub-divisional Committees of each district according to their wants

"(3)—The Sub-divisional Committees will expend the funds thus placed at their disposal upon general purposes of charitable relief work, such as—

(a) The distribution, for relief purposes, of grain received from local sources or Government depôts

(b) The distribution of gratuitous relief to persons in need of it, and unable to work

(c) The provision of useful employment for those people who are in need and are able to work by instituting minor relief works and providing other employment, such as spinning, weaving, husking rice, &c

(d) The provision in such manner as may be considered best in each particular locality for the relief of persons whose caste usages and feelings preclude the application of a labour-test, women of good family, and others who may be in great distress Relief for this class of persons may be afforded either gratuitously, or partly gratuitously, by the sale of grain under the market rates, or, with due precautions, by the advance of money or grain to be subsequently repaid

" (4)—All subscriptions collected by the Central and District Committees will be doubled by Government In those districts where the distress may from time to time become so serious as to be beyond the means of private charity without special additional aid from the State, the District Committees will be supplied with grain for relief purposes from the Government grain depôts without charge

" (5)—All subscriptions collected by District Committees in distressed localities will be expended in those localities, but the amount subscribed will be separately noted in the Central Committee's list of subscriptions

" (6)—Arrangements will be made by the Central Committee for obtaining from the District Committees periodical reports of their operations and accounts exhibiting the details of the expenditure of the funds committed to them

5 In a letter dated the 15th May 1874, the Lieutenant-Governor of Bengal accepted the offer of the Committee to bear the entire cost of all relief measures falling under the heads (b), (c), and (d) of the above notification, and agreed to supply from Government stores the grain required for charitable relief at 12 seers per rupee for cleaned rice and at proportionate rates for other grain The Committee at the same time directed that the supply of clothing to the destitute and those unable to work should be treated as falling under head (b), and accepted subsidiary charges for storage and distribution of grain purchased out of its funds, and charges connected with poor-houses, distributing alms from its resources Thus the burden of meeting the distress was divided between the Government and the charitable public, the former engaging to support mere life, while the latter undertook to go further, and to relieve the other wants of the famine-stricken population with a degree of tenderness and liberality which would have been neither politic nor possible for the State These arrangements were in strict accordance with the wishes of the English subscribers, as subsequently notified to the Committee

6 It was found necessary afterwards to explain that the Committee could not undertake to meet the charge for Government grain distributed by way of relief in the very distressed tracts (defined to be Tirhoot, Chumparun, North Bhagulpore, Dinagepore, Rungpore, and Maldah), but, on the other hand, the Committee agreed to bear all charges for money allowances given in addition to grain doles everywhere, for all clothes and petty comforts given to paupers, and for all relief hospital charges in all districts The Committee also notified to the District Relief Committees and relief officers their readiness to make grants for re-building houses, for buying cattle, and for giving a small donation at the end of the famine to all *bonâ fide* paupers on their discharge from the relief centres Appendix B shows the relief afforded under each head The actual cost for such as were socially and physically disabled cannot be separately given, the relief being afforded mainly by distribution of grain, the accounts for which latter expenditure were not kept according to the classes relieved The actual cost of providing employment for those able to work, exclusive of the grain dole, amounted roughly to five pie per head per diem

7 Over and above grants assigned to District Committees, the Central Committee has made several direct grants to institutions and persons on account of relief of distress These are separately shown in the accounts as now given in Appendix A

8 Towards the end of March 1874 the Committee had under its consideration the question of provision for orphans It was resolved to adopt the principles laid down by the Committee of 1867 (—) extracted below —

I —The ages, names, personal description, place of birth or residence, custody and parentage of children to be ascertained and given as accurately as possible, and proclamations to be made at the localities indicated, and at all thanas, calling upon any parents, relatives, or friends to come forward and claim the children

II —If parents or other fit guardians of the children's creed come forward and claim the children, they are to be given up to them, and some donation is to be made in support of them

III —If no such person come forward, the children are to be either left in the guardianship in which the Committee find them, or are, from time to time as they come in, to be made over to such guardianship as, bearing in mind the second principle laid down, the local Committees may select

IV —Calculation is to be made in the case of each child as to the time that such child is likely to be a burden to its guardian, and as to the cost of such guardianship, and provision is to be made to meet such cost to such extent as the fund at the Committee's disposal may admit of, and to as much as possible the contentment of the guardian"

9 It was finally intimated by the Government of Bengal and the local officers that there were 120 orphans in all whose support devolved on the Committee Of these, nine were provided for by payment, once for all, of a lump sum of Rs 1,839* For the support of the remaining 111 orphans in the Patna and Bhagulpore Divisions, the Government was asked to undertake their maintenance on receiving from the Committee the sum of Rs 1,12,500 as invested in Government securities The Lieutenant-Governor of Bengal, after communication with the Government of India, has professed his willingness to undertake the charge with an invested sum of Rs 40,000 only, and an additional sum of Rs 72,500 has thus remained available for disposal Under the above offer of Government, allowances will be provided at Rs 3 per mensem for each orphan, up to the age of 17 in the case of boys, and 16 in the case of girls

		Rs
* 2 in Burdwan	district	235

	Total	1,839

10 In the month of October 1874 a severe cyclone passed across the Bay of Bengal, and, not touching Calcutta, caused terrible destruction of life and property in the tracts over which its centre passed The chief sufferers were the people of the district of Midnapore, and as this part of the country, though not actually classed as famine-stricken, had suffered considerably from the drought of the previous year, and measures of relief had been carried out in it by means of local subscriptions, the Committee thought it right to place a part of their anticipated surplus at the disposal of the district authorities for the relief of the distress caused by the visitation One lakh of rupees was voted for this object with the sanction of the Government of India on behalf of their contribution to the Fund, and of the Lord Mayor of London and Mayor of Manchester, from the amount of subscriptions remitted by them Of that amount, Rs 82,000 have been applied to that purpose, the balance, Rs 18,000, having been refunded to the Central Committee, and disposed of as noted below

11 The cyclone of October 1874 also visited some parts of Balasore adjoining Midnapore, causing most severe damage to houses, cattle, and crops, and leaving some of the people in great destitution Subsequently a violent outbreak of cholera added to their misfortunes The Collector commenced administering relief from certain small local funds at his disposal, and on the application of the Commissioner to aid the people in re-building their houses and the like, the Committee remitted the sum of Rs 18,000 (refunded from Midnapore as above stated) to the Collector of Balasore

12 In June 1874 the Chief Commissioner of Oudh asked for assistance in relieving the wants of the famine-stricken districts of the Fyzabad Division, and a sum of Rs 7,000 was remitted to him accordingly In August 1874, on a further requisition, a sum of Rs 20,000 was also remitted for use as advances to a large number of petty zemindars in Gonda and Baraich

13 It was found in January 1875 that a large balance had accrued to the credit of the Committee in consequence of the non-adjustment of the claims of Government for grain supplied, and the Committee resolved to place at the disposal of Government, pending final settlement of accounts, a sum of 20 lakhs of rupees, on the condition that any sum which may be found due to the Committee on such final adjustment be hereafter refunded in view to enable the Committee to determine the disposal of the balance

14 Subsequently the Committee ascertained that as their expenditure—

(1) on the objects contemplated in clauses (*b*), (*c*), and (*d*) of their notification of the 4th March 1874,

(2) on the support of orphans, and

(3) on the relief of distress in the districts affected by the cyclone of October 1874 had, according to the information before the Committee up to that date, amounted to above 31½ lakhs, or about 6 lakhs more than the total amount of the general subscriptions received by them, so that strict faith had been kept with the subscribers in spending the funds only on the special charitable objects notified by the Committee, it was ultimately resolved—

	Rs
Spent under Committee's orders	26,14 213
By Comptroller General out of 20 lakhs say	5 50 000
Total	31,64 213

1*st* – That all distress having ceased and due provision having been made for the orphans thrown on the hands of the Committee, it was unnecessary to draw from Government the sum of Rs 4,06,015 4-8 required to make the Government contribution exactly equivalent to the sum of the general subscriptions

2*nd* – That for similar reasons it was unnecessary to require a refund from Government of the unexpended balance of the 20 lakhs made over to the Comptroller-General for settling the district accounts

15 The balance left in the hands of the Executive Committee at their last meeting was Rs 1,16,252-3-8 Out of this sum the Committee allotted Rs 10,000 to the Goruckpore orphanage for the support of 45 orphans received there during the famine, thus securing the maintenance of the boys up to the age of 18, and the girls up to the age of 16 A sum of

Rs 50,000 was further set apart for the home for destitute female orphans in Calcutta, of which Rs 40,000 will be expended in the purchase of a suitable building, and Rs 10,000 will be capitalized, and the income therefrom made available for repairs of the building,—the Government as trustees being duly appointed for the proper administration of the grant The balance of Rs 56,000 in round numbers will be invested and made over to the District Charitable Society, the income accruing to be expended in the relief of distressed natives and Europeans in Calcutta

16 It will be seen that the total amount of subscriptions received by the Central Committee, and of collections made by District Committees, amounted to Rs 29,20,522-7-4, the whole of which was expended on the relief of persons in the distressed localities The excess expenditure over this sum of Rs 15,53,732-1-6 was provided from the amount of the Government contributions placed at the disposal of the Committee Refund of the balance of Rs 4,75,673-9-3, shewn in Appendix A, will not be required, as above explained in paragraph 14, clause 2

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 29th July 1876

Division	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops, and state of health at date
BENGAL.				
		Western Districts		
Burdwan Divn	1	Burdwan July 31 * '76	3 38	The rainfall at Culna has been 98, at Cutwa 1 22, at Bood Bood 1 13, at Raneegunge 2 14, and at Jehanabad 1 33 inches The rain in the sudder station was heavy throughout the week but complaints are still made of insufficient rainfall in the sub divisions Public health is generally fair
	2	Bankoora, „ 29, „	3 03	Slight showers fell during the week The rain was comparatively heavier on the 29th Prospects of the crops continue to be very favorable
	3	Beerbhoom, „ 29, „	2 07	Weather—Showery State and prospects of the crops continue to be good
	4	Midnapore, „ 29 „	3 97	Weather—Only half an inch of rain fell during the first part of the week It has been very heavy since the noon of the 28th In Tumlook and Contai large tracts of low lands are covered with water, and will experience great difficulty in getting a crop as the seed beds have also been swamped. Wherever the main rice crop has not been swamped it is doing very well The outturn of indigo is proving very disappointing, as the plants contain very little dye
	5	Hooghly, „ 29 „	1 76	Weather—Cloudy, with rain almost daily Land is still being ploughed for *amun*, transplanting is going on but has been retarded in the higher lands for want of sufficient rain *Aous*, *amun*, jute, *sone*, ginger, turmeric sugarcane, *kachu* and *brinjals* on the ground, are all doing well, but they want more rain *Puttul* and *uchai* crop in the chur lands have sustained some damage owing to the rise of water in the Hooghly The October indigo is being reaped Public health fair
		Howrah, „ 29, „	3 75	Weather—Seasonable and favourable State and prospects of the crops continue to be very good
		Central Districts		
Presidency Divn	6	24 Pergunnahs, July 31, † '76	4 29	Weather—Seasonable Lands are mostly planted out, and the plants are promising Fever prevails at Bussirhat and Barripore
	7	Nuddea „ 29, „	2 75	There has been frequent but not usually heavy rain during the week The weather has been most favorable to both the early and the late rice Indigo manufacture is going on The outturn is generally poor
	8	Jessore, 29 „	2 22	Weather—Variable with moderate rain The prospects of the rice crops continue to be excellent In Jenidah there has been sunny weather, under the influence of which the indigo produce has improved
	9	Moorshedabad, „ 29, „	1 47	There have been constant showers during the week The transplantation of the *amun* crop is nearly completed *Aous* crops, mulberry, and indigo, are doing well Fever is prevalent in the eastern portion of the district
Rajshahye Divn	10	Dinagepore „ 28 „	1 99	Weather—Cloudy, with occasional heavy showers East and north east wind blowing The rainfall at Roygunge has been 1 95 inches, and at Potiram there has been no rain The crops are all good The harvesting of *bhadoi* has commenced Public health good
	11	Maldah, „ 29, „	31	Weather—Cloudy, with occasional drizzling North east wind blowing State of the crops is very fair and the prospects are cheering Rain has fallen in abundance and the weather is fair with occasional downpour Three deaths from, and sixteen attacks of, small pox are reported
	12	Rajshahye, „ 29, „	1 35	Weather—Hot Rain fell on two or three days during the week It was nevertheless very slight in all parts of the district The earlier portion of the *aous*, or autumn rice crop is being cut in most parts of the district but that which was sown later requires more rain The prospects of the *amun*, or winter rice crop, continue to be promising *Jute* is being cut in the north of the district The river Ganges continues to rise, and has been breaking the Surdah road, which acted as an embankment, and protected the crops of an extensive tract An embankment further inland is being put up to protect these crops
	13	Rungpore, „ 28, „	38	Weather—Close The rainfall at Gaibanda has been 1 70, at Bagdogra 3 35, and at Kurigram 2 20 inches No change in the condition of the crops It is generally favorable.
	14	Bogra, „ 29, „	70	Weather—Hot from the beginning, but cloudy, with occasional rains, at the close of the week State and prospects of the crops are favourable
	15	Pubna, „ 29, „	87	Weather—Cloudy, with heavy wind and occasional showers. The state and prospects of the crops are generally excellent The Collector has been in the heart of the district and found the *amun dhan* in a promising state

* Telegram of the 31st July, received on the same day, shows rainfall during the seven days immediately preceding.

† Report of the 31st July, received on the same day, shows rainfall during the seven days immediately preceding.

No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BENGAL—(*Contd.*)			
	Central Districts—(*Continued.*)		
COOCH BEHAR DIVN.			
16	Darjeeling July 28 '76	7 73	Rain fell every day during the week, but not heavily until Wednesday It was exceedingly heavy on the night of the 27th All the crops are progressing favorably Indian corn potatoes, and the millets in the hills, are ripening The early *dhan* in the plains is in ear
17	Julpigoree " 29 "	8	Weather—Three clear days with sunshine On Thursday morning there was a rainfall of 7 inches in nine hours Quite half the early rice crop has been reaped under favoring weather which at the same time has been just what was required for planting out the late rice Cholera has disappeared from Buxa, but is still prevalent in Mynagoree, Patgram, and the Julpigoree thanas
	Cooch Behar " 27, "	2 42	The rainfall has been small and there has been great heat and a good deal of sun The break in the rains has been opportune so far for the transplanting of *amun* and the reaping of *bitri* More rain is now wanted If we have good rains now the prospects of crops ought to be very good The jute crop will not be an abundant one Cholera has nearly disappeared
	Eastern Districts		
DACCA DIVN.			
18	Dacca July 31 * '76	3 68	Weather—Seasonable There has been alternate rain and sunshine The crops are very favorable
19	Fureedpore " 29 "	1 30	Weather—Slight rain almost daily At Goalundo the rainfall has been 1 36 inches and at Madaripore 2 80 State and prospects of the crops are very good, barring accidents by flood General health is not quite so good Fever is making its appearance
20	Backergunge " 27	1 50	The state and prospects of the crops are good The general condition of the district is satisfactory, except that fever is prevalent in Golachipa and Goolshakhali, and that cattle disease in those two thanas also in Mondigunge, and Bouful
21	Mymensingh 28 "	3 27	There have been frequent showers at intervals on all sides State and prospects of the crops are favorable
22	Tipperah 28 "	1 81	Weather—Fine for the time of the year Prospects of all the crops are good
CHITTAGONG DIVN.			
23	Chittagong 27,	80	Weather—Fine at the beginning of the week The last few days have been showery State and prospects of the crops are generally favorable In Futtickcherry some slight damage has been caused by floods No report received from the sub division
24	Noakholly 27 "	1 88	The rainfall has been very small during the week, as compared with the previous week There has also been a rise in the temperature, the 24th July being an exceptionally hot day In the high lands the early rice is being reaped Transplantation of the late rice continues In the low lands in some parts of the district the crops are reported to have been damaged by submersion Health of the station is good Stray cases of cholera are reported from Bamni
25	Chittagong Hill Tracts " 25,	5 73	Weather—Rainy throughout the week The paddy and cotton crops are thriving well in the *jooms* The plough cultivators have begun to plant out their paddy
	Hill Tipperah 26	2 12	There has been rain during four days in the week *Aous* is being cut and harvested *Amun* is growing well
BEHAR			
PATNA DIVN.			
26	Patna July 31,* '76	54	There have been alternate showers and sunshine, which is very beneficial for the *rubbee* crops Heavy rain is wanted to allow of planting out the rice, which, if not obtained in the course of the next fifteen days, will give cause for anxiety Cases of cholera are still reported from all parts of the district
27	Gya, " 29	7 06	The rainfall has been very short in the interior of the district It was least in Jehanabad, where only 1 19 inches were registered during the week *Bhadoe* crop has come up well Transplanting of rice is going on, but more rain is wanted for this Cholera has abated in Aurungabad It is prevalent elsewhere, as also fever
28	Shahabad 29, "	99	Weather—Cloudy, with strong easterly wind The rainfall at head quarters is still insufficient Sufficient rain appears to have fallen in the Buxar, Sasseram, and Bhubbooah sub-divisions for the transplanting of paddy Agricultural operations are progressing

* Telegrams of the 31st July, received on the same day, show rainfall during the seven days immediately preceding

No	District and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops and state of health at date
BEHAR —(*Contd*)			
PATNA DIVN —(*Contd*) 29	Durbhunga, July 29, '75	18	In the past week as in previous weeks, there has been no heavy rain but the rain that has fallen (1 81 inches in Tajpore 98 inches in Mudhoobunnee, and 18 inches at head quarters) has been favorably distributed The *bhadoi* crops, therefore, though undoubtedly backward, are still healthy, and nearly, if not quite, the full *bhadoe* area has been reaped The prospects of the winter rice crops are at present unsatisfactory, and some anxiety prevails on this head It is feared lest the drought, which has hitherto been greater than any of which there is record in Durbhanga may last over the sowing season The rice nurseries however, are still everywhere healthy, and the Collector believes that with rain in August, difficulties will be avoided There has been during the week a general though not a very material, rise in the prices of food grain, importations of which carried by the State Railway are assuming proportion of magnitude These importations steady the markets
30	Mozufferpore „ 29 ,	25	Weather—Cloudy and cool In the Mozufferpore sub division the *bhadoi* crops are coming on well, but the transplantation of rice proceeds very slowly for want of sufficient rain In the Sitamarhee sub division the *bhadoi* crops require more rain The rice seedlings have withered throughout large portions of the northern outposts, Belamuchpookundia Soorsund, and Mudwapore, and are withering in many other parts of the sub division The people mistrusting the season, have sown considerable areas of rice lands with *bhadoi* crops Rainfall of the week has been 72 In the Hajeepore sub division the *bhadoi* crops are in good condition but there has not been enough rain yet to allow of rice being transplanted Rainfall of the week has been 25 The present is a most critical period for the district Prices continue to rise
31	Sarun „ 29, ,	57	Weather—Partly clear and partly cloudy, with drizzling rain at intervals There has been more or less rain in most parts of the district, but heavy rain is wanted everywhere The rainfall at Sewan was 1 91 inches, and at Gopalgunge 20 The *bhadoi* crops are backward and the transplantation of *aghani* rice is at a standstill for want of sufficient rain Cholera is still prevalent In the Sewan sub division the proportion of fatal cases has been reported to be somewhat on the increase
32	Chumparun „ 28 „	84	There has been from one to two inches of rain in the south of the district, which has done much good In the north the rainfall has not been so good, but it has been almost everywhere better than at head quarters The rain during the past week has kept the crops alive and if the rain which is now falling lasts there may yet be a good crop but unless there is a heavy fall in the next week an average crop is hardly possible
BHAGULPORE DIVN 33	Monghyr , 29 ,	2 16	Weather—Alternate sunshine and showers The prospects of the crops continue to be good Heavy rain fell on the 28th, and if this has been general, most of the rice will be now transplanted
34	Bhagulpore , 31 *	2 31	South east wind blowing The rainfall at Banka was 2 28 inches at Soopole 1 72 and at Mudehpoorah 1 79 General prospects are very good in the south of the Ganges though heavy rain is necessary for the transplantation of *aghani* In the north of the Ganges the prospects of *murwa* and *bhadoe* rice are fair, but heavy rain is urgently required for *aghani*, in Naradeegur especially General health is very good
35	Purneah „ 29, „	2 02	Weather—Seasonable Rain is still wanted for the winter rice in the Kissengunge sub division The reports are favorable from Arrareah, where more rain has fallen The Ganges floods are rising in the south
36	Sonthal Perghs „ 30 „	2 53	Weather—Seasonable in Godda Rainfall has been heavy and constant in Doomka. Slight showers fell in Deoghur and little rain in Rajmehal Transplantation is going on everywhere Indian corn is recovering in Deoghur It is somewhat injured in Doomka for want of a little sunshine General health is good.
ORISSA			
ORISSA DIVN 37	Cuttack July 22 '76	2 94	There have been several heavy falls of rain during the week Rivers have risen and are still rising Several parts of the district are flooded Crops are generally in excellent condition and will not be injured if the floods pass off quickly Cholera is less prevalent
38	Pooree, „ 27 „	4 54	Weather—Heavy rain on the 24th and 25th July There have been floods in many places owing to the breaches in the *bunds* The rain has done much good, and in some places the flood water also is beneficial, but some local damage from the floods has occurred Cholera is raging in several places A new disease—*jhima roq* or pricking disease—has appeared, it is said to have come from the Madras Presidency
39	Balasore, July 28 ,	1 77	Weather—Seasonable Condition of the crops is satisfactory The mortality from cholera shows a marked decrease during the week

* Telegram of the 31st July, received on the same day, shows rainfall during the seven days immediately preceding

No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops, and state of health at date
CHOTA NAGPORE			
	South Western Frontier Agency		
40	Hazareebagh July 28, 76	2 55	Weather—Seasonable Fine rain has fallen every day during the week The crops are all promising well so far The rain, though constant, has not been heavy Much sickness prevails, and the health of the district still continues bad
41	Lohardugga „ 29, „	6 71	Weather—Seasonable A great deal of continuous rain has fallen in the sudder sub division Much less rain has fallen at Palamow The state and prospects of the crops in the sudder sub division are satisfactory From Palamow more satisfactory reports have been received and it is now stated that the *bhadoe* crop there is likely to turn out much better than was first reported Cholera and small pox are still prevalent there, but are stated to be decreasing In Ranchee cholera has abated since last week
42	Singbhoom „ 28 „	4 09	Weather—Seasonable Prospects of the crops are very favorable
43	Manbhoom „ 29 „	2 51	Weather—Seasonable There has been sufficient rain during the week State and prospects of the crops are generally satisfactory

The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from the twenty-four hourly observations made during the day

The dew-point is computed with the Greenwich constants The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon

NOTIFICATION

The 4th August 1876 —Whereas it is provided by Section 74 of Act XII of 1875 (the Indian Ports' Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters' Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power may, until a revocation of such order in Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act, and whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 17th May 1876, making the Foreign Deserters' Act applicable to the Empire of Brazil, and to the Regency of Tunis, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor has been pleased to direct the publication of the orders in Council in the *Calcutta Gazette* for the information and guidance of the Magistrates within the Presidency of Bengal, as follows —

AT THE COURT AT WINDSOR,

The 17th day of May 1876

Present

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL

WHEREAS by "The Foreign Deserters' Act, 1852," it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering or apprehending seamen who desert from British merchant ships in the territories of any Foreign Power, Her Majesty may, by order in Council, stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient

And whereas it has been made to appear to Her Majesty that due facilities are given for recovering and apprehending seamen who desert from British merchant ships in the territories of His Majesty the Emperor of Brazil

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, seamen not being slaves and not being British subjects, who, within Her Majesty's dominions, desert from merchant ships belonging to the Empire of Brazil, shall be liable to be apprehended and carried on board their respective ships

Provided always that if any such deserter has committed any crime in Her Majesty's dominions, he may be detained until he has been tried by a competent court, and until his sentence (if any) has been fully carried into effect

And the Secretaries of State for India in Council, the Home Department, and the Colonies, are to give the necessary directions herein accordingly

Offg Secy to the Govt of Bengal

[Second Publication]

The 1st August 1876—The following Rules are published for general information —

Duties and responsibilities of District and Treasury Officers in respect of public money kept in Treasuries of which they are in charge

The Collector or Deputy Commissioner—A district officer is personally responsible to Government for the due accounting for all moneys received and disbursed, for the agreement between the departmental returns and the cash accounts (both of which go out under his signature), and the registers kept in the treasury, and for the safe custody of cash, notes, stamps, opium, securities, and other Government property

N B—Although the Collector may manage his treasury by a Deputy, he must not treat his treasury as a separate and independent office Letters addressed to the treasury officer must be regarded as addressed to himself He should not address his treasury officer by separate letter, as if he were an independent officer, and then forward the treasury officer's explanation, instead of his own, in reply to questions or enquiries touching his treasury business * When any irregularity is brought to his notice, nothing but a report on his own knowledge, after personal investigation, can be considered satisfactory

* Paragraph 22 of Circular 340

2 The district officer is bound to satisfy himself by periodical examination (at least once in every two months for cash, once in every quarter for deposits, and once in each half-year for stamps, opium, securities, bill and money order forms) (1st) that the actual stock of cash, stamps, opium, and securities is kept under joint lock and key, and corresponds with the book balances, and that the treasurer does not hold a sum larger than is necessary for the convenient transaction of the Government business, or larger than the security given by him, (2nd) that the deposit registers are kept up according to the rules prescribed in Accountant-General's circular No 328, (3rd) that the stock of bill, money-order, and similar forms which are intended for use in money transactions is carefully kept under lock and key, and periodically tallied with the nominal balance of such forms on the stock books, and (4th) that the tehseel balances are verified once a year by a gazetted officer, if possible by a covenanted officer Where sub-divisional treasuries are in charge of gazetted officers, the Collector should verify the balances during his cold-weather tour

Paragraph 10 of Circular 340

N B—The examination of the deposit registers is not intended to be mechanical, and to secure only that all necessary entries are made and initialed without fail at the time of transaction, but also that no moneys are unnecessarily placed in deposit, or allowed to remain there without good cause

Paragraph 2, 6a Note Circular 328

3 The district officer, unless unable to perform the duty from physical inability, or from absence on tour, is required to sign the periodical accounts He is also required to see that implicit obedience is given to the instructions issued from the account office, and to send immediate notice to the Accountant-General of any embezzlement in an office or treasury This notice must be supplemented, as soon as possible afterwards, by a detailed report after personal enquiry into the case

Paragraphs 21, 23, 24, and 25 of Circular 340

4 The district officer should be especially careful, when assuming or making over charge of a district, to see that the stock is thoroughly verified, and the certificate which is required from the transferor and transferee, shewing the state of the cash, stamps, and opium balances, should be invariably despatched to the Accountant-General on the same day that charge is transferred A copy of this certificate is appended

Paragraph 20 of Circular 340

N B —It is not sufficient only to count bags of treasure, the contents of all the bags must be turned out and passed through the scales unless the bags are net, when the contents of all are visible

Treasury Officer —As the Collector's delegate and representative, he is responsible to the Collector primarily for the right discharge of his duty Just as Government hold the Collector responsible in the first instance, and expect from him such a general supervision as is incumbent upon an officer entrusted with the collection of the revenue and the payment of Government dues, so will the Collector look to the treasury officer for a thorough observance of all prescribed treasury rules, and strict attention to all the details of the daily routine of treasury work The treasury officer is responsible to the Collector for the working of the treasury, and for the conduct of the subordinate treasury officials, and has carefully prepared rules for his guidance in every branch of his duties The above remarks apply to the officer in charge of a sub-divisional treasury

R L MANGLES,
Offg Secy to the Govt of Bengal

[Third Publication]

NOTIFICATION

The 17th July 1876 —Under the provisions of Section 3, Regulation VI of 1819, the Lieutenant-Governor is pleased to declare the ferry at or near the village of Bhowanipore, over the old bed of the Mahanudda, known as the Ghoga Nuddi, on the road leading from Toolsigunge to Khurba, in the district of Maldah, to be a public ferry

R L MANGLES,
Offg Secy to the Govt of Bengal

[Third Publication]

NOTIFICATION

The 17th July 1876 —Under Section 5 of the Indian Registration Act VIII of 1871, the Lieutenant-Governor is pleased to sanction the formation of a new registration sub district in the district of Bogra, comprising the thanas Adamdighi and Badalgachi, with head quarters at Chatuagaon The Lieutenant-Governor is also pleased to appoint, under Section 7 of the Act, Baboo Radha Sunder Sanyal to be Sub-Registrar of the said sub-district This notification will take effect from the 1st August 1876

R L MANGLES,
Offg Secy to the Govt of Bengal

[Second Publication]

DECLARATION

The 24th July 1876 —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the public expense for a public purpose, viz for the completion of the police station building at Panchkoorah, it is hereby declared that for the above purpose a plot of land situated in mouzah Panchkoorah, pergunnah Kassijorah, in the district of Midnapore, and measuring 6 cottahs, more or less, is required It is bounded on the north by a musjid, on the west by the Panchkoorah police-station, on the south by Notober Sein's house, and on the east by the school tank

This declaration is made under the provisions of Section 6 of Act X of 1870 to all whom it may concern

R L MANGLES,
Offg Secy to the Govt of Bengal

[Second Publication]

DECLARATION

The 28th July 1876 —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz for a Police Station in the village of Navinagar, pergunnah Bardakhat, zillah Tipperah, it is hereby declared that for the above purpose a piece of land measuring, more or less, 12 beeghas 13 cottahs and 9 chuttacks of standard measurement and bounded on the north by the jotes of Edher, Sanker Nath, Gogan Mahatta, Lochaw Nath, and Bharab Nath, on the south by the jotes of Arman Ali Meer, Mahomed Jan, Ram Nath Shaha, Ram Charan Nath, and Golock Gope, on the east by the jotes of Govinda Gope and Edbar, and on the west by the lands of Golock Nath, Ramkumar Das, and Kashi Barikya, is required within the aforesaid village of Navinagar

This declaration is made under the provisions of Section 6 of Act X of 1870 to all whom it may concern

R L MANGLES,
Offg Secy. to the Govt of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL

ESTABLISHMENT.

The 29th July 1876

No 267 —*Leave of Absence* —Baboo Dwarkanath Dey, Accountant, Third Grade, attached to the Central Office of Accounts, Bengal, is allowed privilege leave for three months, under Section 12, Supplement F of the Civil Leave Code, with effect from the 12th June 1876

DISTRICT ROAD FUND

NOTIFICATION

No 268

The 3rd August 1876

UNDER Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Monghyr, Bhagulpore, Purneah, and Sonthal Pergunnahs, of works done and in progress during the past cess year 1874-75, together with the remarks thereon of the Commissioner of the Bhagulpore Division, are published for general information

G A D ANLEY, C E,
Offg Asst Secy to the Govt of Bengal, P W D

No 26R, dated Monghyr, the 4th November 1875

From—E LOCKWOOD, ESQ, Offg Magistrate and Chairman of the District Road Committee, Monghyr,

To—The Commissioner of the Bhagulpore Division

WITH reference to Government of Bengal (Public Works Department) Circular No 50, dated 23rd July 1873, I have the honor to submit the Annual Administration Report on the working of the road cess for the cess year ending 30th September 1875

The following table will show the number of meetings held, names of members, and the number of meetings attended by each —

NAMES OF MEMBERS	Number of meetings attended	Number at which absent	Total number of meetings	REMARKS
F Lockwood, Magistrate and Chairman	10	1	11	
H J Newbery, Vice-Chairman	5	6	11	
Major H E Waller	3	8	11	
H Dear	7	4	11	
Major General C Murray	6	5	11*	* Was present in all meetings held after his appointment as road cess member
G Thomas	6	5	11*	
Shah Abdool Hossein	2	9	11	
Maharajah Sir Joy Mungul Singh, Bahadoor, K C S I	1	10	11	
Baboo Gunga Pershad	9	2	11	
,, Ram Pershad Das	5	6	11	
Chowdhry Taz Ali	4	7	11	
Baboo Ram Ruttun Mozoomdar, Executive Engineer, *ex officio*	2	9	11*	
Shah Wazed Ali	1	10	11*	

The members of the Committee are always ready to assist me in every way, and I find their co-operation most useful I am particularly indebted to Major Waller for the constant assistance which he gives me

The road cess year ended with a change of engineers As apparently it did not suit the prospects of the late Engineer, Baboo Ram Ruttun Mozoomdar, to remain, Mr A V Roberts, lately in charge of the Khurruckpore irrigation works, has been appointed in his place The present report is written from my personal knowledge of the works done during the year, as Baboo Ram Ruttun left the district directly after making over charge to his successor Before entering on the subject of the main roads, I may mention that the Committee have dealt liberally with village roads, having supplied the Begoo Serai Branch Committee with Rs. 3,000 for village roads, and the Jamooee Sub-Committee with Rs 1,000 for a similar purpose Whilst driving or riding about the district, I find it a good plan to note bad village roads and have them repaired at once, although it is a matter of surprise generally to see how apathetic the villagers are on the subject An almost impassable ravine will not unfrequently remain for months on the centre of a village, notwithstanding that an expenditure of a few rupees, or 20 or 30 men working at it for a few hours, would set it to right, and it is not an unusual sight to see villagers wading to and from the village daily through a deep nullah where a simple bamboo bridge would enable them to pass over dryshod When, however, a bad road is mended for them, the villagers certainly are not behindhand in gratitude It may, however, be remarked that village roads throughout the district are generally very good,—at

all events quite good enough to meet the wants of the villagers themselves As a rule, each ryot finds little difficulty in bringing in the produce of his fields on the heads of his family The cart traffic is generally insufficient to wear the roads into ruts, and those persons who in England wear down the roads in carriages or carts—the clergyman, the doctor, or the baker—invariably travel, or convey their wares, on foot throughout the villages in this district A little money therefore goes a long way in repairing village roads, but what money is required has been forthcoming

I shall commence my review of work done by commencing with those roads north of the Ganges, and here, in consequence of the almost irresistible inundations to which the country is subjected, we have only two roads in hand The first is the Tirhoot road, or which runs for 45 miles through the district, and which, subject as it is to the spill of the Ganges, has hitherto been a constant source of anxiety and expenditure My special attention has been directed to this road I have lost no opportunity for gathering facts regarding it, which will result, I hope, in our having a good road there eventually

The chief difficulty we have had to contend with is want of money Had we the necessary lakhs at our command to make a bridged road like the East Indian Railway, with miles of waterway to allow the flow and ebb of the flood, the matter might be settled in a day As it is, of the three courses open to us, a flush road is impassable during the entire rains and in the cold season, an embanked road without waterway is objected to by many zemindars whose estates are fertilized with the rich deposit which the flood brings with it, and an unbridged embankment with a gap every half mile is almost as useless as no road at all With these facts in view, we have hitherto abstained from spending much money on this road, our object being merely to make the road as passable as possible With the funds at our disposal, consequently Rs 2,671-9 only has been expended on this road during the year, of which Rs 2 125-6-10 was for original works and Rs 546-2-2 for repairs

I drove over the road at the beginning of the hot season and found it in sufficiently good order to suit the traffic which passes over it During the past rains, however, an extraordinary flood topped the embankments at the 30th and 31st miles, and in a few hours levelled it with the surrounding country The Engineer paid a visit to the place at the time, and, at my request, Mr Roberts went over the road almost directly after his arrival here, with a view that he might see it at its worst, and after a conference with those persons most interested in its condition, drew up a scheme, which, now that we have more money than formerly at our disposal, will materially improve the condition of this important road Mr Roberts was fortunate in meeting Lieutenant Kumhardt, the Engineer of the Tirhoot State Railway, who had lately surveyed this part of the road, and Mr Roberts has secured a copy of a map showing the high flood levels, &c, which will be the basis of our operations during the ensuing year

South of the Ganges we have the Bhagulpore road When I came into the district this road was considered hopeless, but the first time I went over it, I saw that the traffic on it, bad as it was, was immense I also saw that the quartzete rocks which skirted it afforded unusual facilities for metalling it It is now a first class metalled road The last bridge was opened by me when I drove over it in September last

The Burriarpore to Ghoreghat road has cost us Rs 4,352-4-1 during the year Last year an extraordinary flood topped the bank and washed a good deal of it away I was compelled to alight from my cart—a very unusual occurrence by the way in this district—in driving over this road, but I have had it now put into fair order, and it taps the rich alluvial lands which lie on either side of it

The Sultangunge and Arzisgunge road is an important road, seeing that it taps the fertile rice tract which lies south of the Sultangunge railway station This road has had Rs 3,449-14-10 expended on it during the year, and is in fair order

I have driven over the Burriarpore and Khurruckpore road at all seasons of the year, and have invariably found it in good order It is pucca throughout, the metal being chiefly composed of the iron slag found alongside of it There is, however, room for improvement, and Mr Roberts will give his best attention to this road during the ensuing year The main secret in making a road with iron slag is to have the metal broken small, otherwise sharp points are apt to crop up and injure the feet of men and animals passing over it The trees planted some years ago on either side of this road have grown up very regularly It has, however, hitherto escaped observation that two trees were planted together, and where both have sprung up, one is stunting the other's growth Mr Roberts will send an overseer to select the best tree to remain, cutting the other down and selling the wood by auction The ripple of the flood on this road near the Burriarpore station threatened at one time almost to cut the bank away, but a facing of stones from the neighbouring hills, supplemented with the roots of the pampas grass, which has been sown on purpose between the interstices of the stones, have made the bank secure

Rs 5,466 9, of which Rs 1,357 11 were for original works, and Rs 4,108-14 for repairs, were spent on this road during the year

The Seetakoond and Peerpahar road, so long a byeword to the Committee, is now being put in first class order and metalled The metal is now all collected, and will be spread on the first rainfall

The Mullehpoor to Secundra road *via* Jamooee is a famine road, and is in fair order During the past year the earthwork, being new, has not remained so firm as it otherwise would have done Rs 616-15-4 has been expended in wooden bridges Our particular attention will be given to this road, as it is one of the most important in the district

The Mullehpoor to Gungta road is also a famine work Rs 1,728-10-9 has been expended during the year in wooden bridges, which answer admirably the purpose for which they are intended This road runs chiefly through jungle tracts, and unites with the Khurruckpore road the East Indian Railway Loop and Chord lines

The Luckhiserai to Secundra road is also a fine famine work It opens out a vast rice tract The expenditure of Rs 1,404 0-7 has been incurred in bridging it, and the road generally is in good order

The Kujrah road is a good pucca road between the Kujrah station and Soorujgurha It serves as a railway feeder, and taps all the rich alluvial country between the Kujrah hills and the Ganges Rs 4,737-13-5 has been spent on this road, of which Rs 2,256-12-2 was for original works and Rs 2,481-1-3 for repairs

The Patna road, which formerly was the most important road in the district, has since the opening of the East Indian Railway, become of secondary importance It has the Ganges on one side and the railway on the other for through traffic The road, however, running as it does through a rich country, has much local traffic, and in order to facilitate this, Rs 2,850-3-6 has been spent on original works and Rs 819-10 on repairs Last year that part of the road near Monghyr was impassable or nearly so, now (I rode over it a few days ago) it is in excellent repair and well bridged

During the year Rs 511-3 was expended in metalling the road which leads from the Burhea railway station to the bazar The Traffic Superintendent represented that the kutcha road was almost impassable, so I have made it metalled, as a vast amount of traffic passes over it

The Secundra to Sheikhpoora road has taken Rs 1,077-5 3 during the year This expenditure has chiefly been made in bridges, and, as it opens out a vast rice tract, it is very important that the road should be kept in good order

The Jamalpore road is a fine pucca road, running alongside the railway between Jamalpore and Monghyr I drive over it at least once a month, and invariably find it in good order

The Khagria to Gogree is a road much used for local traffic The present embankment was started by me during the famine year, and it not only serves as a means of communication between the villages through which it passes, but it is also of great service in keeping the Ganges flood from the bhadoi crops to the north of it

The Luckhiserai to Jamooee road runs parallel to the railway Rs 2,413-0-5 expended on it in repairs has kept it in capital order

The Gyriack road runs through a fine rubbee country, but as it is subject to overwhelming floods, the Committee do not feel inclined to spend much money on it, and expect to keep it in fair order during the cold season when it is chiefly used

The Peerec road has had Rs 104 7-3* expended on it for repairs This was done at the request of the Traffic Manager of the East Indian Railway

* Commissioner's Office
Included in the sum of Rs 174 4 0, shown under the head Repairs of village roads in the sudder sub division

Besides the expenditure on the roads, the following money has been expended with the sanction of the Committee —

	Rs	A	P
Inspection bungalow at Burriarpore	100	8	0
Ditto ditto at Chowarra	102	1	0
Ditto ditto at Jamooee	9	4	0
Planting trees on the sides of district roads	†7	12	3
Repairing of the village roads in sudder sub-division	‡70	0	9
Repairing a ferry boat in the Gurkhye Nuddee	§34	14	0

† Probably included in the sum of Rs 55 shown in the annual return against the Tirhoot road

‡ Rs 69 12 9

§ Included in the sum shown under the head Repairs to Kujrah road

In conclusion, I may remark that I believe we are now entering on a new era as regards our district roads Besides having a most efficient staff of officers, we have, now that the Committee has imposed the full rates, what was most needed—funds We have also gained, I believe, much wisdom by experience, and want of experience in former years caused an expenditure of much money in embankments, which were washed away in the rains, and in erecting bridges, which, from want of proper foundations, were apt to subside during heavy floods into the stream

Regarding the works to be carried out during the present year, the Tirhoot road will receive particular attention Mr MacNaughten, who owns indigo factories in that part of the country, is much interested in the road, and he has undertaken to superintend an embankment which will be made at the 30th and 31st miles Hitherto I have been opposed to making an embanked road, but as Mr Roberts's opinion, backed by that of the Tirhoot State Railway, that an embanked road should be made, is very decided, I have sent Mr MacNaughten the necessary funds The other parts of the road will be put into good repair

The road between Bucktearpore and Bulhi, at the extreme north of the district, which was a famine work, is now in capital order It is bridged throughout with wooden bridges, which answer the purpose for which they are intended very well On driving over it from end to end early in the year, I find it in capital order, and a most useful work for the surrounding country Rs 1,000 has been set aside this year in order to keep this road in thorough repair

The only other road, if we exclude village roads north of the Ganges, which we have in hand is the road between Khagria and Gogree Rs 500 has been set aside for this road, which will keep it in good repair

South of the Ganges Rs 2,000 has been allotted to the Bhagulpore road to keep it in good repair, and to keep up the side leek which is chiefly used by native carts The natives appear to prefer good kutcha to pucca roads, as the latter, unless very smooth, are apt to hurt the bullocks' feet The continuation of this road to Ghoreghat will also be metalled this year, and the side road also be kept in thorough repair at an expenditure of Rs 3,500

The Sultangunge and Arzisgunge road has Rs 3,400 allotted to it, and this money will, I hope, keep it in good order The Burnarpore and Khurruckpore road will be remetalled this year, as the old metal is fast wearing out The particular attention of the District Engineer has been directed to this, and the work is set in hand.

The Seetakoond and Peerpahar road will be metalled directly there is sufficient rain to make the metal set The metal is already collected

The Mullehpoor to Secundra road *viâ* Jamooee has received an allotment of Rs 6,000 The road will be bridged throughout The Mullehpoor to Gungta road has an allotment of Rs 1,000 This is a new famine road, and, with the expenditure proposed, it will be bridged with wooden bridges throughout

It is also proposed to bridge the Secundra and Luckhiserai road—a famine work—with sâl-wood bridges at a cost of Rs 5,000

The Kujrah road has an allotment of Rs 2,000 for metalling and repairs

The Patna road will be made a good fair-weather road during the year at a cost of Rs 1,000

The Secundra and Sheikhpoora road has an allotment of Rs 5,000, in order that it may be bridged with sâl-wood timber The work has been put in hand

The Jamalpore road will be kept in good repair at an expenditure of Rs 400

The Luckhiserai and Jamooee road will have Rs 500 only expended on it The expenditure will be chiefly in planting trees and surface repairs

The Gyriack road will be made a good fair-weather road at an outlay of Rs 500

A new road is being made from Secundra to Nowadah, joining us with the Gya district, and Rs 3,000 will be appropriated for this purpose

---

Abstract of particulars regarding Meetings of District Road Committees for the cess year 1874 75

District or sub-division	Number of members forming Committee		Number required to form a quorum	Number of meetings held	Meetings at which there was no quorum	Average attendance at meetings.	Number of members who did not attend any meeting	Number of members who attended only

F LOCKWOOD,
Chairman, District Road Committee

BABOO GUNGA PERSHAD } *Members of the Committee*
GEORGE THOMAS }

H J NEWBERY
Vice Chairman, District Road Committee

No 109A, dated Bhagulpore, the 3rd February 1876

From—V TAYLOR, ESQ, Chairman, District Road Fund Committee, Bhagulpore,
To—The Commissioner of the Bhagulpore Division

I HAVE the honor to forward the following report of the operations of the Road Cess Committee for the cess year 1874-75 This report has been much delayed on account of no definite reply being received to the question of the adjustment of relief accounts mooted by the Committee, and it is only quite recently that I have heard from you and the Controller that the annual account must be submitted in the state in which it is subject to the future adjustment of the relief account On receiving this instruction I caused the annual account to be prepared and placed before the Committee, and I now submit the same to you with this report, together with statements marked A and B, showing the progress of works The delay is not therefore attributable to this office

2 *The Committee*—With the beginning of the year under review a better state of things, as compared with the year 1873-74, returned The ensuing rice harvest was expected to be full, and this anticipation told upon the market, so that before the year began, prices were perceptibly falling With the revival of a better prospect regarding the condition of crops, the Committee was also allowed to pursue its legitimate functions under the Act in respect of district works The relief roads were placed under a special department, with a superintending engineer over it, and the expenditure incurred for them was met by Government In the middle of the year, however, these roads were again made over to the Committee, and some urgent works which, left undone by the special department, had to be taken in hand The operations of the Committee therefore extended not only over works included in the budget of the year, but also over relief roads for which no estimate had been prepared

The period of two years from the original appointment of the Committee having expired, there was a reappointment of members under the provisions of section 49 of the Act The following persons were appointed on 21st September 1874 to form the Committee, and they continued members at the end of the year —

Names of Members	Date of re appointment
V T Taylor, Esq, *Chairman* Baboo Soorjeenarain Singh, *Vice-Chairman* Senior Covenanted Officer under the Magistrate Major W Gordon, District Superintendent of Police W Graham, Esq Rajah Hurbullub Narain Singh Baboo Hurry Mohun Thakoor James Hennessy, Esq	21st September 1874
Baboo Radha Churn Gangooly T Griffith, Esq Dr N Baillie	16th April 1874, first appointment
Baboo Sirdhoree Lall	21st September 1874, first appointment
Executive Engineer, Bhagulpore District	14th July 1874, first appointment

Among the ex-officio members there was a temporary change in the *personnel* of the Chairman when I was absent on privilege leave for three months and Mr C C Quinn officiated for me There was also a change of the senior covenanted officer under the Magistrate from time to time during the year

4 *Chairman and Vice-Chairman* —Excepting the short period of my absence on privilege leave, I filled the office of Chairman, and Baboo Soorjeenarain Singh that of Vice Chairman, during the year

5 *Meetings of the Committee* —There were nine meetings held during the year under report The usual notice of ten days was given for each meeting The attendance of members is given below —

Names of Members	Number of meetings attended	Number on which absent	Total number of meetings	
V Taylor, Esq } *Chairman*	7		9	
C C Quinn, Esq } *Chairman*	2			
Baboo Soorjeenarain Singh, *Vice-Chairman*	9		9	
Senior Covenanted Officers under the Magistrate—Mr Allen, 2, Mr Barrow, 1, Mr Badcook, 2, Mr Campbell, 1	6	3	9	
Major W Gordon, District Superintendent of Police	3	6	9	
W Graham, Esq		9	9	Dead
Baboo Hurry Mohun Thakoor	4	5	9	
Rajah Hurbullub Narain Singh		9	9	
James Hennessy, Esq		9	9	Went to England
Baboo Radha Churn Gangooly	2	7	9	
T Griffith, Esq		9	9	
Dr N Ballie	4	5	9	
Baboo Sirdhoree Lall	4	5	9	
Executive Engineer, Bhagulpore District	1	8	9	Only appointed in July 1875

Table showing the attendance of the Members at each Meeting held during the year

Number of meetings and date				No of members present	No of members absent	Total No of members
1st	Meeting held on the		12th December 1874	6	6	12
2nd	ditto	ditto	23rd January 1875	5	7	12
3rd	ditto	ditto	12th March 1875	4	8	12
4th	ditto	ditto	3rd April 1875	4	8	12
5th	ditto	ditto	31st May 1875	4	8	12
6th	ditto	ditto	23rd June 1875	5	7	12
7th	ditto	ditto	26th July 1875	4	9	13
8th	ditto	ditto	20th August 1875	5	8	13
9th	ditto	ditto	27th September 1875	6	7	13

6 *Branch Road Cess Committee* —There are three Branch Road Cess Committees in the district, one at each of the three sub-divisions, viz Banka, Muddehpoora, and Soopool Subjoined are the names of the members of these Committees, together with their dates of appointment —

Name of members	Date of appointment
Soopool Branch Committee	
Sub-divisional Officer, Soopool, *Chairman*	18th October 1873
Baboo Thakoor Mun Singh of Sootpore, *Vice-Chairman*	
Mr P Duff of Peeprah	
„ H Duff of Rajpoor	
„ J Messelback of Chandpeepur ...	
„ J Christian of Bungaon	
„ T Bowers of Imamputtee	
Roy Roodur Narain Singh, Bahadoor, Pachgachia	
„ Nurander Narain Singh of Burwaree	
Khoob Lall Sahoo of Thasabur	
Kari Munder of Bhuptiali	
Toolsee Rai of Sukhralee	
Partub Singh of Dobra	
Boka Singh of Mahassee	

Name of members	Date of appointment
Muddehpoora Branch Committee	
Sub divisional Officer, Muddehpoora, *Chairman*	18th October 1873
Baboo Kristo Dhun Doss Pleader, *Vice-Chairman*	
Roy Rcodur Narain Singh, Bahadoor, Pachgaohia	
Kunahya Lall Munder, Ramputtee	
Choonee Munder of Muddehpoora	
Syud Momtaz Hossein, Pleader	
Baboo Lall Beharee Lall, Mooktear	
,, Ghunsyam Lall, Mooktear	
Nuthoo Lall of Singhessur	
Duttoo Sahoo, Balumgaon	
Chadee Sahoo, Muddehpoora	
Umrit Sahoo ditto	
Choonee Sahoo ditto	
Nund Coomar Mitter, Kishengunge	
Mr William Danzelle of Toolsia	
Banka Branch Committee	
Sub divisional Officer, Banka, *Chairman*	18th October 1873
Baboo Kallee Prosad Singh, Soobalpore, *Vice-Chairman*	
Mudsoodun Singh, Punjwarah	
Nund Lall Chowdry, Khurhura	
Tek Narain Singh, Rutta	
Lalla Nouke Lall of Kusba	
Hurry Prosad Jha of Dakka	
Agbun Singh of Kutooria	
Dhumi Munder of Labokhar	
Parus Nath Jha of Futtehpoor	
Luchmi Munder of Khaira	
Surwun Singh of Kutoriah	

It would appear that the period of two years for which the appointment lasted has expired, and no reappointment has yet been made, revised lists for reappointment of members were called for by me, and have been submitted by the Banka and Muddehpoora Chairmen, but the Soopool Chairman has not yet forwarded the list As soon as this list is received, the Collector will be moved to take necessary steps towards the reappointment of members for the Branch Committees

7 The District Committee laid down detailed instructions for the guidance of the Branch Committees and offered Rs 3,000 to each of them for expenditure on village roads In accordance with those instructions the Chairmen of the Banka and Muddehpoora Committees actually engaged themselves in carrying out the wishes of the Committee Money was supplied to them, and has been expended on village roads approved of by the Committee As the accounts have not been closed, the names of these roads do not appear in the progress statement appended to this report It is to be regretted, however, that the Branch Committee at Soopool never applied for any money, and it would appear that no meetings were called or held till a short time before the close of the year

8 *Statement of Roads* —Under section 66 of the Act, a general statement of the roads, &c, to be brought under the operation of the Act within the three years next ensuing was prepared in July 1875, and forwarded to you in due course This statement is after the classification ordered by Government The net result of this statement is given below —

Name of Class	No of roads included in it	Mileage	No of bridges
1st class metalled road	4	44	133
2nd class raised roads, unmetalled and bridged	25	312	205
3rd class raised roads, unmetalled and not bridged	9	113	No call for bridges
4th class road, not metalled or raised	35	268	Ditto ditto

9 *Estimate of Income and Expenditure* —The estimate of income and expenditure for the year was approved at a meeting of the Committee held on the 26th July 1874 It was sent back by you for reconsideration as the relief roads provided for in the estimate were expected to be placed under a separate management The Committee revised the estimate on the 22nd August 1874, and it was duly forwarded to you The estimated receipts for the year were Rs 87,690, and the expenditure, inclusive of Rs 8,079 reserved in hand, was the same sum The difference between the estimate and actuals of each head of receipt and expenditure will appear from the annual account The total result is noted in the margin The estimate for the year 1875-76 was also passed at a meeting held on 26th July 1875

	Rs
Estimated receipt	87,690
Actual receipt	66,699
Estimated expenditure	87,690
Actual expenditure	85,660-6

10 *Declaration of the rate of cess* —The rate of cess leviable for the year under report was fixed at half the maximum rates on lands and houses, at a meeting held on 5th September

1874, the rate for the current year, i e, 1875 76, was fixed at three-fourths of the maximum rates at a meeting held on the 20th August 1875

11 *Review of the heads of income* —According to the books of the Committee, the year under report opened with a balance of Rs 24,144-9, inclusive of outstanding advances in the hands of the officers of the Public Works Department This balance would have been more if the Committee had obtained a refund of the money expended on relief roads, not included in the estimate for the year This large balance is however, illusory, as the Controller directed the receipts on account of sale of grain and a grant of Rs 20,000 to be debited against the district road fund The result was that, instead of a balance, a deficit of Rs 69,079-7-6 was shown, and the account of the year under report has been prepared on the footing of there having been deficit There was no Government grant for the year Road cess collections under the Act gave a revenue of Rs 53,309-7 The collections on account of cesson houses are small The one per cent road fund was also collected this year, though the amount is only somewhat more than half of the estimated receipt Nothing has been paid to the credit of the district road fund for rent of Babhungaon bazar The Committee recovered from the Chairman of the Monghyr Committee Rs 498-7-6 on account of the toll bar at Ghoreghat, the management of which is in his hands, and Rs 382 on account of contribution to the Road Cess Deputy Collector's establishment, &c, for the year 1873-74

12 With a view to the recoupment of the large sum which the Committee deems itself entitled to on account of relief expenditure, it made several representations to Government through you, but the decision of Government has not yet been conveyed

13 *Review of the heads of expenditure* —The expenditure on account of establishment on collection of revenue and Committee's control, together with contingent charges, is within the estimate The expenditure on account of district works is much below the estimate. During the year under review, besides Rs 1,051-15-7 paid for on account of work establishment, the Committee was for the first time called upon to pay for the services of the Public Works Department The amount which the Committee would have to pay was fixed by you at 20 per cent of the expenditure on works undertaken by the department A portion of the sum due to Government on this account was paid after the close of the year, and the remainder will be paid shortly The annual account does not show this expenditure, as it was not incurred within the year The amount expended for establishment has not exceeded one-fourth of the Committee's entire income

14 *Works* —It is to be regretted that much progress has not been made during the year under review in the prosecution of works The total sum allotted to roads in the estimate for the year was Rs 45,479, out of which an actual expenditure of Rs 18,576-7-1 only is shown in the accounts Making allowance for work done through the Branch Committees and by Mr Hennessy, a member of the Committee, the expenditure on account of which has not yet been entered in the accounts, and for extra work done by the Public Works Department, the amount of work turned out is by no means satisfactory Indeed the experience of the past three years fully justifies the course pursued by Government of severing the connection of the Public Works Department with district works That department has much to do in other ways, and it is not surprising that the work under the Committee should be deemed by the Executive Engineer and his establishment of but secondary importance It is to be hoped that with a separate agency the Committee will be able to show a large amount of work in future years

15 *Mention of particular roads* —The statement of work done, marked A, gives all necessary information in connection with each work That information need not be recapitulated in the body of this report A few important roads may be briefly noticed The Road from Kutoriah to Simultullah as far as it lies within this district was completed during the year It now remains for the Monghyr Committee to make it useful for traffic by completing the portion in that district and joining it with the Simultullah Railway Station on the Chord line This road is likely to be very useful as opening the resources of the country in the neighbourhood of the Simultullah Railway Station, and impressed with the idea, I have from the beginning given my best attention to the completion of it Some money was also expended on the road from Banka to Kurtoriah, but much yet remains to be done in order to make it a perfect road When this road will be completed, the produce of that part of the country could at all times, and will undoubtedly, be taken to the Chord line for transit up or down The damage done to the Sooltangunge and Azmisgunge road by the flood of the Ganges was partially repaired during the year Although at one time the Committee granted an allotment of above Rs 10,000 for restoring the road to perfect order, very little was done then by the Public Works Department, and in the year under review, out of Rs 3,032 allotted for it, less than half was expended The reason assigned for this slow progress is that the inundation water had not completely subsided when the year closed, so as to allow the work being vigorously pursued The attention of the District Engineer now appointed will be drawn to this road, and efforts will be made to restore permanently the communication which is occasionally interrupted by the action of the flood The turfing of the relief roads made over to the Committee in an incomplete state during the year also engaged its attention Necessary steps were at once ordered to be taken with a view to save these roads, for which public money was largely expended, from the effects of the rains Some of these roads require substantial bridges, the expense of which is likely to be very large, and much more than the Committee can afford to pay for a long time The construction of these bridges is a subject on which I shall have occasion hereafter to address you and the Government when the District Engineer's report will come in

16 *Statement marked B*—I annex a statement marked B, from which you will see the amount allotted in the budget estimate for roads and the sum expended thereupon, as also the expenditure on works not provided for in the budget, but which were taken in hand during the year

17 *Members interested in contracts or not*—No member or servant of the Committee was concerned or interested in any contract or work, but Mr Hennessy of Narainpore Factory, and Mr Griffith of Peerpointee Factory, expended the monies that were made over to them for the purpose on roads in their neighbourhood

18 *Agency for the prosecution of work*—The works were chiefly carried on through the agency of the Public Works Department The Branch Committees at Muddehpoora and Banka also undertook some work, and Mr Hennessy, a member of the Committee, expended a pretty large sum on roads on the north Mr Martin, Chairman of the Muddehpoora Branch Committee, and Moulvie Mahomed Ishak, Chairman of the Banka Branch Committee, deserve commendation for their endeavours to carry out the wishes of the Committee Mr Hennessy also deserves thanks for undertaking to improve the roads in his neighbourhood The Committee do not think that the Executive Engineer has made as much use of the funds at his disposal as he might have done, and much more work if closely attended to might have been carried on

19 *Miscellaneous Accounts and Registers*—The accounts and registers of the Committee's office are kept up to date, and they were inspected by the Deputy Controller of Public Works Accounts, Bengal, in July 1875 The result of the inspection has been communicated to you by the Controller The shortcomings pointed out by the inspecting officer have been rectified The Deputy Controller, however, was not correct in observing that no previous inspection of the accounts of the Committee had been made Mr Wilson, Assistant Controller, had the year before made a close inspection, and I believe was quite satisfied The statement of revenue assessed and realized (form No 2) has not been opened, as the Committee is not supplied with materials required for it It would seem that this statement is intended to be prepared by the Collector, as he is or ought to be in possession of all necessary materials I have addressed the Controller on the subject, but I have not yet heard from him in reply

20 Instead of the Collector forwarding the Vice-Chairman monthly accounts of receipts and disbursements on account of the district road fund under section 86, a duplicate pass book is kept in this office in which the treasury transactions are entered Under circular No 288, dated 20th August 1873, from Accountant-General, Bengal, this duplicate pass has been substituted for the monthly account referred to in section 86 of the Act

21 *Adjustment of accounts with other districts*—No adjustment appear to have been made respecting road cess collected in other districts payable to the district road fund of this district, or collected in this district and payable to the district road fund of other districts It would be convenient if in future such collections were not credited to the district road fund to which they do not belong By crediting them to another district road fund the accounts become completed and the balance in the treasury, on the faith of which estimates are prepared and expenditure incurred, is delusive It appears from letter No 60R, dated 17th January 1876, from the Collector of Bhagulpore to my address, forwarding an extract from his road cess report to you and statements marked A, B, and C, copies of which are herewith forwarded, that the Monghyr Committee has to receive Rs 12,646-15 2 from this district, and that this district has to receive Rs 36-7-6 and Rs 474-1-6 from Monghyr and Purneah respectively The statements, however, are not clear as to whether the sums therein mentioned have been actually collected or not After deducting the costs of valuation and collection chargeable to the Monghyr District Road Fund, the sum due to it will be paid, and the matter will shortly be placed before the Committee The Chairmen of the Monghyr and Purneah Committees will also be asked to refund the amounts due by them

22 The head clerk and accountant of this office received an increase of Rs 10 for giving satisfaction to the Committee during the year

23 The Committee wrote 311 and received 270 letters during the year.

24 *Conclusion*—The system under which the district works were carried on for the past three years has undergone a change Since the end of the year separate work establishment with a District Engineer has been sanctioned by Government, and I and the Committee shall not be wanting in our endeavours to carry out the object which the Government has in view in inaugurating the new system, with what success remains yet to be seen

25 The Vice-Chairman, Baboo Soorjeenarain Singh, has continued to devote much time to the work required of him, but though he expressed a wish to resign, he worked on to the end of the year The Committee generally has not taken as much interest in its work during the year as it did during the previous year, attributable, I am aware, to the interruptions caused by the relief operations, but I hope, now that we have our own establishment, the members will again evince interest in the work, though unfortunately much time has elapsed before the District Engineer was actually appointed Work, however, cannot be undertaken till all plans and estimates are furnished, and this must necessarily take time.

Statement A —Liability of the Bhagulpore District to Monghyr, on account of Road Cess on lands situate in Monghyr, but collected in Bhagulpore, under paragraph 56 of the Board's Rules

	Rs	A	P

2	30th March ,,	7	11	18
3	4th August ,,	8	10	18
4	26th Ditto	8	10	18
5	11th September ,	11	8	19
6	28th Ditto	7	12	19

6 There were six meetings held, at each of which the Chairman presided In every meeting there was a quorum, and ten days' notice was given,—*vide* section 57 of the Road Cess Act The business to be transacted at each meeting was duly notified

7 The proceedings were all duly recorded in the minute-book kept for that purpose under section 61 of the Act

8 The actual receipts from several sources amounted to Rs 64,015-2-6 Rs 3,830-4-9 only was expended on account of establishment, which, under Section 64 of the Act, is limited to 25 per cent on the receipts, viz Rs 1,603-12-6

9 The members or servants of the Road Cess Committee were not concerned or interested in any contract or work, but several members of the Committee undertook, as usual, to repair the roads in their neighbourhood.

10 The duplicate pass-book is the statement referred to in Section 86 of the Road Cess Act,—see paragraph 7 of the Accountant-General's Circular, No 288, dated 20th August 1873 This the Collector forwarded daily to the Vice-Chairman

11 The accounts and registers of the Committee's office are kept up to date They have not been inspected by the Controller of Public Works Accounts, Bengal, during the cess year under report, as directed in the Government resolution in the Department of Public Works, No 1209, dated 8th March 1875, but a report was called for and submitted as to the way in which they are kept No objections were made to the system described

12 There are, in pergunnahs Dharampore, Gurhee, and Chuck Dilwareo, outlying villages of the Bhagulpore district, for which collections are made here The demand for the cess year 1874-75 was Rs 237-0-9 Of this sum Rs 203-15-6 has been realized The necessary adjustment will be made by remitting the amount to the Chairman, Road Cess Committee, Bhagulpore

13 The following were the principal subjects which engaged the attention of the Committee —

(a) The examination and passing of the annual accounts for the cess year 1873-74

(b) The classification of the district in accordance with the principles laid down in Government resolution in the Department of Public Works, No 1209, dated 8th March 1875

(c) The appointment of the engineering staff, viz District Engineer, Overseers, and Sub-Overseers

(d) The passing of the estimates of receipts and expenditure prepared by the Vice-Chairman for the cess year 1875-76

(e) The passing of the revised classified statement under Section 66 in supersession of those submitted before

(f) The mode in which the nine famine roads, made over to the Road Cess Committee by the special department of the Department Public Works, should be dealt with

14 With regard to the attendance of members at meetings, I must repeat the remarks made in my report of last year, as those remarks apply equally to this year's operations "The meetings were not so regularly attended by the members as could be wished Most of them, however, live at long distances from the station, and owing to the difficulties of locomotion in the rainy season, and to the pressing nature of their private business, cannot come in often Most of them, however, especially the indigo planters, interest themselves in attending to the repairs of roads in their neighbourhood" It is to be hoped that as an Engineer has now arrived, and the establishment placed on a good footing, that members will attend more regularly

15 *Branch Committees* —There are two branch Road Cess Committees at the two subdivisions of Kishengunge and Ararеah Each of them held two meetings during the past year The copies of their reports are herewith submitted As the members appointed in 1878 have served two years, a fresh nomination was submitted to Government and sanctioned,—see *Calcutta Gazette* of 22nd December 1875

16 *Statement of roads* —On the transfer of nine famine roads to the Road Cess Committee, the numbers of all the district roads were altered I prepared a revised classified statement under Section 66 of the Road Cess Act in supersession of all submitted previously, and sent the same to you with a map of the district with my No 112P W, dated 7th August 1875 By this classification the roads are divided into four classes —

Under 1st class come metalled roads
,, 2nd ,, raised roads, unmetalled, and bridged
,, 3rd ,, ,, ,, and not bridged
,, 4th ,, all village roads
,, 5th ,, all rivers, khals, and bunds

The result of this classification is given below —

NAME OF CLASS	Number of roads included in it	Mileage	Number of bridges	REMARKS
1st Class				
2nd ,,	15	465	124	
3rd ,,	21	315	Nil	
	VILLAGE ROADS			
5th Class	Two rivers and two bunds	170	Nil	
6th ,,	Nil	Nil	Nil	

17 *Estimate of Income and Expenditure* —The estimate for the year 1874 75 was prepared at a meeting held on the 14th September 1874 The estimated receipts were Rs 75,082, the whole of which was proposed to be spent on the roads had an establishment been provided This estimate was unanimously passed by the Committee, and approved of by you in September 1874

18 *Declaration of the rate of cess* —At the same meeting of the Committee, held on the 14th September 1874, the rate of cess leviable for the cess year 1874-75 was fixed at the maximum rates on lands and houses

19 *Review under the heads of income* —The accounts of the fund opened on the 1st of October 1874, with Rs 13,521-4-0 as cash in hand, and minus Rs 55,432-7-10 as outstanding advances, *i e* Rs 41 911-3-10 excess expenditure over the receipts of the cess year 1873-74, which is included in the sum of Rs 58,518-8-11, the excess expenditure of the Executive Engineer, Purneah district, in 1873 74,—see paragraph 12 of my last year's report This will be adjusted with the famine accounts now under preparation The total income from several sources during the year amounted to Rs 64,015-2 6, the details of which are shown below —

PARTICULARS OF RECEIPTS	Amount as per budget estimate			Amount actually received			REMARKS
	Rs	A	P	Rs	A	P	
Cess on lands	70 875	0	0	59,366	8	0	
Cess on houses	3 000	0	0	2 548	0	0	
Fines				164	10	0	
Other cesses	150	0	0	122	12	8	
Ferry tolls	1 057	0	0	1 258	5	6	
Fines and refunds				412	11	1	
Sales of produce and stores				141	10	3	
Total	75,082	0	0	64 015	2	6	
Deduct excess expenditure of 1873 74				41 911	3	10	
Balance				22,103	14	8	

20 This was the second year that the cesses under the Road Cess Act were levied at the maximum rate and were available for expenditure The deficiency in the collection is partly owing to remission of the cess on the nine pergunnahs* named in paragraph 11 of my last year's report An allowance had to be made for the sum of Rs 5,850 collected from those pergunnahs Rs 7,987 are due from the estates of Ranee Raushun Jehan and Dharampore, under the Court of Wards, and will be realized Other items don't require any special comment, as they are very slight

* Asjah, Badour, Havali, Kallyhar, Kudwa, Maldwor, Tajpore, Sultanpore, Sreepore

21 *Review under the heads of expenditure* —The total expenditure of the year amounted to Rs 2,92 128-15-8 Rs 2,70 025-1-0 were expended in excess of the available balance for the year Rs 2,67,569 0-6 is the value of grain expended by relief officers on relief works in the cess year 1873 74, but accounted for in the accounts of the cess year 1874 75,—*vide* Controller of Public Works Accounts, Bengal, No 14247, dated 3rd November 1875 This amount will be adjusted with Rs 58,518-8-11, mentioned in paragraph 19 of this report If Rs 2,67 569 0-6 be deducted from the total expenditure Rs 2,92,128-15 8, shown in the annual accounts, the actual expenditure of the year will be Rs 24,559 15-2

22 Part II of the annual accounts shows in sufficient detail the amounts budgeted and actually expended on each head of expenditure, and are briefly as follows —

(*a*) Rs 2,621 12 0 were expended on account of contingencies and office establishment entertained under the Road Cess Deputy Collector and Vice-Chairman

(*b*) Rs 1,208 8-9 were expended on the working establishment, including Rs 6-12 0 on account of Mr W Mackenzie's pension

(*c*) Rs 92-10-0 were spent on the purchase of 60 kodalees and carriage of tools and plant

(*d*) Rs 466 9 1 were expended under the head "Original works" This amount was paid from the fund as compensation only for the lands taken up for relief roads, but not on account of any actual works

(*e*) Rs 7-11 9 were expended on the maintenance of ferries

(*f*) Rs 19,973-5-1 were expended on the maintenance and repair of roads The history and progress of each work will be given in the proper place

23 From the above it will be seen that the Road Cess Committee did not undertake much work during the year under report They considered it advisable to keep down expenditure until a competent officer was appointed to undertake the completion of those roads which the special department of Department of Public Works had left unfinished The following note of the Executive Engineer will show the state of the famine roads when they were made over to the Road Cess Committee —

Note on the state of the Roads that have been carried out in the special Purneah Division

Road No 1, from Keotgama to Tarapore —The work on this road commenced at Sirsee, about 20 miles from Keotgama The portion between Keotgama and Sirsee has never been laid out, nor has any land been taken up during the relief operations Some jungle was cleared in a strip of country about 20 feet wide, but nothing further was accomplished From Sirsee to Bunbhag, on the Chota Coosy river, the road has been raised throughout, and bridged with temporary structures where necessary, and is 20 feet wide at

the top, the slopes in some of the miles have been turfed From Bunbhag to where the road joins the Ganges and Darjeeling road, nothing has been done, as it is within municipal limits From the Ganges and Darjeeling road on its 30th mile the road is again taken up From this point to the village of Chandpore, which is about 2½ miles from the Kudbah thana, the road has been raised above flood level, and bridged with temporary wooden bridges, except at the larger water-courses, where ghâts have been cut From Chandpore village to Barsoe the road has been levelled off to an uniform surface throughout a portion near Barsoe, having been raised and turfed during the relief operations, was not touched All gaps have been properly sloped and made passable for wheel traffic, and treated as a fair-weather road From Barsoe to Tarapore, a portion of the road, which was raised and turfed during the late relief operations, has not been touched, a portion of the remainder has been treated as a fair-weather road, and has been dressed on the surface A few miles near Tarapore, which required a good deal of treatment, has not been touched, as it was considered advisable to confine the work at first to the first and second sections of the road The entire length of road, exclusive of the portion between Keotgama and Sirsee, is 59 miles The number of bridges erected and repaired on this road is 16 in number

Road No 2, North Road from Nathpore to Atwaree—No work has been done on this road, but a detailed survey with levels have been taken The road is not bridged, nor is the earthwork completed

Road No 3, from Sahibgunge on the Nepal frontier to Bhopla Tajpore on the river Nagur—This is a very important road, and, for facility of working, was divided into three sections

1st Section, from Sahibgunge to Bussuntpore—This portion of the road passes through a comparatively high country An embanked road, 20 feet in width at top, has been made and completed with temporary timber bridges, barrel culverts, and drains, where necessary, The road is in excellent order throughout

2nd Section, from Bussuntpore to Dengra Ghât—On this section a very great deal of work has been done From Bussuntpore to Dulmalpore the country is high and above flood level, and, except in some low spots, one of which is near Forhesabad and the other close to Arrareah These places have been embanked above flood level, and bridges provided where necessary

From Dulmalpore to Kusba Amour the road has been fully embanked and raised above flood level, and provided with temporary wooden bridges wherever decided upon to erect them and where necessary

From Kusba Amour to Dengra Ghât the entire road has been raised and embanked above high flood level, but as this portion of the road has been treated as an embankment, there are no openings left or bridges constructed, the large breaches have been filled in All this portion, as also the portion between Kusba Amour and Dulmalpore, requires to be turfed

3rd Section, Dengra Ghât to Bhopla Tajpore—The whole of this portion of the road is completely raised and embanked above high flood level, and bridged with temporary timber bridges The greater portion of the work being new work, requires to be turfed

Throughout this road, No 3, all the new earthwork in embankments require to be turfed The road is completed

The entire length of this road is nearly 78 miles There are in all 42 bridges constructed and one causeway

Road No 4, Toolsea to Bhudeserai Ghât—This road, which commences at its point of junction with No 2 road at the village of Toolsia to Kishengunge, has been raised on an average about 2 to 3 feet above the general level of the country, and is for the most part above flood level, some portion of the road near the Mahanuddy river has high embankments, and these have been turfed

From the Mahanuddy to the Ganges and Darjeeling road at Kootubgunge the road has been improved and made throughout of a uniform width

From Kootubgunge to Bhudeserai Ghât the road has been raised above flood level, and has been provided with temporary timber bridges throughout

The road, with the exception of the turfing of those portions of the embankment where raising, widening, and new work has been done, is complete, and has been provided with temporary timber bridges and barrel drain culverts, in all 18 in number, wherever necessary. The entire length of this road is 37½ miles

Road No 5, Bussuntpore to Purneah City—This road commences at the municipal boundary of Purneah, and ends at its junction with No 3 at Bussuntpore

The portion between Purneah city and Kusba was an old ferry fund road, and the work done has been only filling in some breaches and repairing the road surface At Kusba two large temporary wooden bridges have been made, with earthwork approaches to them Between Kusba and Latora the road may be said to have been entirely remade

From Latora to Bussuntpore the road made during the relief operations has been completed, and three temporary wooden bridges, constructed where gaps were left for them

The portion between Kusba and Latora requires to be turfed, as also the approaches to all the bridges

The length of this road is 24 miles, and is completed

Road No 6, Raneegunge to Barsoe—This road commences from Raneegunge, where it leaves road No 3, and joins on to road No 1 at Barsoe

For the first 4 miles the road may be said to be complete, the slopes may, in occasional places, require dressing Two bridges in these miles, of temporary wooden structure, are also

completed In the 5th mile there is still some earthwork required to complete the embankment, say about three fourths is done and one-fourth remains to be completed The only bridge required in this mile is completed

From 5th mile to the 16th mile the whole road is completed, except two breaches in the 14th mile, which have not been filled in No bridges have been erected

From the 15th to the end of the road in the 19th mile there are three breaches to fill in, otherwise the road earthwork is complete No bridges have been put up in these miles

Road No 7, Bussuntpore to Raneegunge—Work was only done in miles 4, 5, 6, 12, 14, and 15, and the work arranged to be done has been completed Four temporary wooden bridges arranged to be done in these miles have also been erected

The remaining miles were not done, as it was arranged that the Road Cess Committee should take up the work

Road No 8, Toorkaila to Bahadoorgunge—This road was not undertaken, and no work has been done on it since the relief operations

Road No 9, Gerwa Factory to Bahadoorgunge—This road commences at Gerwa, and starts out from road No 3, a few miles beyond Kusba Amour, and joins road No 4 at Bahadoorgunge

The road has been completed as a fair-weather road, and of an uniform width of 15 feet wide, and temporary timber bridges and barrel drain culverts, in all 11 in number, have been made wherever they were required

The total length of the road is 18½ miles nearly

Turfing to those portions of the road where new work has been done, or existing road widened, is required

The estimates for the turfing of all these roads have already been submitted to the special Superintending Engineer

The above roads are those that are in the Purneah district

A

" " 9, Bahadoorgunge to Gerwa factory	836
Total	14,029

G A D ANLEY, C E,

Executive Engineer, Ganges and Darjeeling Road Division

24 From the statement marked A it will be seen that the special department of the Public Works did not expend Rs 32,170 15-5 of the sanctioned amount on work for which it had been granted, while Rs 8,604-11-9 was spent on two roads over and above the allotment. Had the balance, Rs 23,566-3-8, been expended, the roads would have been made over by the Department of Public Works in a far more finished and satisfactory condition than they were.

25 Of Rs 14,029 of statement marked B, the Road Cess Committee assigned Rs 8,381 in August 1875 for turfing some of the famine roads, as will appear from the following resolution —

"The members were of opinion that the quantity of turfing for which this estimate was prepared was not required, i e the road from Purneah to Sirsee was nearly all done The road to Kudbah, being an old road, did not require much work With the approval of the Executive Engineer, it was resolved that the following roads, or portions of roads should be turfed this year —A few pieces remaining unfinished between Purneah and Sirsee, parts of the road between Purneah and Kudbah, a few pieces close to Barsoe in road No 1, the whole of sections 2 and 3 of the road No 3, parts of road No 4, commencing from the Mahanuddy to Bhudeserai, the whole of road No 5"

26 When the detailed estimates were received from the Executive Engineer, it was found on examination that most of them were incorrect, and were returned to him by me for revision On their resubmission they were submitted for the approval of the Superintending Engineer, who refused to pass them as they were very carelessly drawn up, the data furnished by the Executive Engineer being insufficient for any one to form an opinion on This delay, and the early cessation of the rains, fortunately prevented any turfing work being carried out I say fortunately, for I find that most of the roads have turfed themselves, and the large expenditure recommended by the Executive Engineer will, I think, be found quite unnecessary

27 The total expenditure by the Committee and the Department of Public Works under the head "Repairs and maintenance" was Rs 19,973-5-1, and the works were undertaken by the Executive Engineer, the sub divisional officers of Kishengunge and Arrareah, and several indigo-planters

I —BY EXECUTIVE ENGINEER

Purneah to Shwragudi road—No 14 of the revised statement Length 30 miles

The Executive Engineer expended Rs 1,212-10-1 on surface repairs, and the work has been done, and will be inspected by me in the course of a few days

Bellua bund—The erection of the bund was directed by Government in letter No 2960, dated 25th May 1869, for the protection of the civil station of Purneah, and Rs 4,789 was sanctioned for the work Its repairs as part of the Purneah embankments have been annually carried out by the Executive Engineer from funds provided by the Road Cess Committee On 30th March Rs 521 were allotted by the Committee on Mr Anley's requisition and estimate One of the new roads, that from Bussuntpore to Dengrah, has been carried over the bund Apparently, under a misconception of the orders of Mr Barnfather, Superintending Engineer, Mr Fernie, Assistant Engineer, omitted to charge the expenditure for this portion of his road, amounting to Rs 1,502-5-0, against the special grant for the road (referred to in paragraph 25 of this report), and consequently the special Executive Engineer, after his special grant had lapsed, on the close of the year made a requisition on the Road Cess Committee for a further grant to this extent on account of the bund The Committee passed the amount, protesting against the manner in which the charge had been adjusted

II —BY INDIGO PLANTERS

Road No 13, Purneah to Ilyatpore viâ Monihary.—Length 46 miles

Messrs C A Shillingford and W Cumming jointly repaired this road at a cost of Rs 1,757-7-6 and the work was done satisfactorily This road is now much used, owing to the railway ferry steamer being unable to come up to Carragolah and anchoring at Bhowripore, near to which place the road runs

Purneah to Madunchuk—Road No 12 of the revised list Length 34 miles

Mr G W Shillingford was advanced Rs 680 for the repair of this road He expended Rs 749-9-3 on the surface repairs The expenditure has put the road into fair order This road, like the last, is much used by travellers to and from Bhownipore Rs 720 was, on account of the cess year 1873-74, adjusted in the year 1874-75

Saifgunge to Gondwara—Road No 17 of the revised list Length 16 miles

Mr G W Shillingford received Rs 24 for the repairs of this road He expended Rs 299-3 9 on surface repairs I have not been able yet to see how the work has been done, but hear favourable report of it In this, as in road No 12, accounts were delayed, and consequently Rs 340, the advance of the cess year 1873-74, was adjusted in the cess year 1874-75

Chakla to Koory—Road No 25 of the revised list Length 10 miles

Mr J L Shillingford repaired this day* (*sic*) at a cost of Rs 250 Some bridges and culverts are wanted on this road, which the District Engineer will attend to

* Road

Gondwara to Sowraguddi—Road No 16 of the revised list Length 15 miles

Mr H Cave received Rs 300 for the repairs of this road He expended the whole amount on surface repairs The expenditure has put the road into tolerable order, but, as in road 25, culverts are wanted.

Koory to Sohoria viâ Barala—Road No 18 of the revised list Length 25 miles

Mr H Cave repaired this road at a cost of Rs 600 In this as in the other roads the repairs merely consist of filling up gaps, cutting jungle, which make the road passable during the fair weather

Pothea to Luckimpore—Road No 20 of the revised list Length 8 miles

Mr H Cave received Rs 120 for the repairs of this road He expended the whole amount on surface repairs The expenditure has made the road passable during fair weather

Luckimpore to Kodarcutta—Road No 22 of the revised list Length 8 miles

Mr H Cave repaired this road at a cost of Rs 120, or Rs 15 per mile, which only suffices for surface repairs

Saifgunge to Horinkboree—Road No 21 of the revised list. Length 16 miles

Mr G J Burnell was advanced Rs 500, and he expended Rs 503 for the repairs of this road The road is said by the Executive Engineer to be the best in the district It is well raised, but requires bridges

Saifgunge to Mohenderpore—Road No 24 of the revised list Length 15 miles

Mr R C Walker was advanced Rs 600 for the repairs of this road He expended Rs 329-5-9 on surface repairs and refunded the balance The work has not been so well done as that done by other gentlemen, owing partly to the funds being given out too late in the year

Hurda to Dewangunge—Road No 23 of the revised list. Length 7 miles

Mr H Cruise repaired this road at a cost of Rs 105 The remarks made on road No 22 apply to this

Bishenpore to Gondwara—Road No 15 of the revised list Length 17 miles

This road had been repaired jointly by Mr J L Shillingford and the overseer of the Road Cess Committee The former repaired 10 miles of the road at a cost of Rs 150, and the latter 7 miles at a cost of Rs 101 6 6 The expenditure has put the road into very fair order

III—BY COMMITTEE'S OWN ESTABLISHMENT.

Purneah to Dhamdoba—Road No 11 of the revised list Length 20 miles

The overseer of the Committee repaired this road at a cost of Rs 369-7-9 The expenditure has put the road into tolerably good order, but the bridges need further repair

Bunbhag to Raneegunge—Road No 19 of the revised list Length 29 miles

This road has been jointly repaired by the sudder road cess overseer and the sub-divisional officer of Arrareah The former repaired as far as Kalla Ballua, and the latter from Kalla Ballua to Raneegunge Rs 491-15 3 was expended I have driven over it, and found it, considering the expenditure, in very fair condition

IV—BY SUB-DIVISIONAL OFFICERS

Rs 4,685 was placed to the credit of the Branch Road Cess Committee of Kissengunge—Rs 3,000 for village roads, and the balance, Rs 1,685, for other district roads He expended Rs 4,015-7 0 through the zemindars and mustajirs, and the work, as he informs me, was satisfactorily done His remarks are given *in extenso*—"The works have been mainly done by the zemindars and mustajirs, who have cheerfully given their services, and without whose assistance I could have done but little By giving them works near their villages, and in which they have most interest, I was sure that whatever was done would be done thoroughly" The road from Kalliagunge to the Ganges and Darjeeling road will be put into thorough repair this year, as it is an important work The statements marked A and B show the history and progress of each work in full detail, and need not be repeated here

BY SUB-DIVISIONAL OFFICERS OF ARRAREAH

Rs 6,208-10-0 was placed to the credit of the Branch Road Cess Committee of Arrareah, and Rs 4,528-0-6 was expended during the year under review The details are given in paragraph 12 of his report, and need not be repeated here The sub-divisional officer, it appears, has very little confidence in the village headman, but I believe that, under proper management and a proper selection of individuals, very good results can be obtained in this way as regards village roads I have inspected most of the roads in this sub-division, and am very well satisfied with the way in whichthe repairs have been carried out

V—VILLAGE ROADS

Particular attention was paid to the state of the village roads, and every opportunity was afforded to the road cess payers to judge that this cess is not an imposition, but

realized only for their own interests The people of this district do, I believe, generally appreciate the advantages of roads, and are anxious to have more opened out The roads marked S, A, and R in the statement,—Part II of the annual accounts for the cess year 1874-75,—are village roads, and have been repaired, I believe, most satisfactorily

WORKS TO BE UNDERTAKEN IN 1875-76

28 This year the Road Cess Committee have ample funds at their disposal, but the delay made in sanctioning the appointment of the District Engineer will, I fear, much delay the execution of all works provided for in the budget estimate for the cess year 1875-76 A proposition has been made to resume all the important ferries on the much-frequented roads, for which Rs 5,000 has been provided for in the budget estimate This will not, however, suffice for the purpose It is the intention of the Committee to pay compensation for lands taken up for the relief roads, to keep all the district roads in fair order at a cost of Rs 61,202, and to bridge most of the roads This is an urgent want, but until a detailed estimate is submitted by the District Engineer, I cannot say how far it can be met

29 My thanks are due to Mr C Shillingford and to Mr Cave for the interest they take in road matters

30 I must apologise for the delay in submitting this report which is long over due I feel that owing to the confusion in which our accounts have been cast by the famine, and to the delay in providing an efficient establishment, no really important work has been done during the year The fair-weather roads in the south of the district have been kept up by the planters, and the same has been done by the sub-divisional officers in the north As soon as the District Engineer, Mr Sturmer, who has joined his appointment, has made a circuit of the district, two or more lines of road will be taken up to be bridge and made passable during the whole year, and less money will be available for petty urface repairs, but the general interests of the district will be better cared for

---

No 3PW, dated Kissengunge, the 4th November 1875

From—J A CRAVEN, ESQ, Deputy Magistrate, Kissengunge,

To—The Magistrate of Purneah

I HAVE the honor to submit the report called for in your No 220PW, dated the 22nd September 1875, on the local improvements undertaken in this sub-division during the last year

2 The total amount placed to the credit of this sub-division by the District Committee was Rs 4,685-7 0 The total expenditure amounted to Rs 4,045-7-0

3 From the accompanying statement it will be seen that roads 133 miles in length were repaired Of these 34 miles may be said to be new work, viz the road between Kootee and Gundrabdenga haut

4 The works have been mainly done by the zemindars and mustajir, who have cheerfully given their services, and without whose assistance I could have done but little By giving them works near their villages, and in which they have most interest, I was sure that whatever was done would be done thoroughly

5 An Overseer was sent to me on the 10th April last I employed him in measuring and reporting upon the work executed His services were dispensed with from the 1st September last

6 With the famine roads I think the sub-division has now a very fair complement of roads, and before undertaking any fresh ones, I would suggest the advisability of bridging with wooden bridges the important roads already existing, so as to make them permanently useful

7 During the year twenty-two wooden bridges were constructed at an outlay of Rs 1,086 3 9 Of these seven were along the Kootee and Gundrubdenga road *via* Poiokhalla This road, which carries a very large portion of the traffic from Nepal, is therefore now open throughout the year

8 I have already, in a previous letter, drawn attention to the necessity for constructing two new bridges on the Kalliagunge and Itwabaree road Past year Rs 400 were allowed for two bridges on this road The work was made over to a contractor, who engaged to do what was necessary for that amount Rs 200 was advanced to him, with the agreement that the remainder would be paid after the work was inspected and approved by me When I inspected the work done in June last, it did not satisfy me, the payment of the balance has therefore been withheld, pending a second inspection As the Kalliagunge dâk passes along this road, and it is the only one that communicates with the Trunk Road from Kalliagunge during the rains, it is most necessary that it should be properly bridged

9 The accompanying statement A shows the roads repaired, their respective lengths, the sums spent on them, and the names of the individuals who supervised their repairs Statement B shows the roads along which bridges have been constructed and their cost

No 2PW, dated Kissengunge, the 9th November 1875

From—J A CRAVEN, ESQ, Deputy Magistrate of Kissenguuge,
To—The Magistrate of Purneah

Your No 280PW of the 6th instant

I HAVE the honor to supply the omissions noted by you in my report on the Branch Road Cess Committee

2 The following gentlemen were members of the Committee during the year —

Date of first appointment	Names	
23rd September 1873	J A Craven, Esq, sub-divisional officer	*Chairman*
Ditto	Baboo Brojo Mohan Persaud, Moonsiff	*Vice-Chairman*
Ditto	Ousaf Ali Khan	*Members*
Ditto	Mohomed Hyder	
Ditto	Ahmed Hossein	
Ditto	Mohomed Ismael	
Ditto	Kedar Chandra Surma	
Ditto	Doorga Pershad Sing	
Ditto	Mohomed Ashiq	
Ditto	Abdullah Khan	
Ditto	Haradhun Sircar	
Ditto	Ahmed Ulla	

3 There were two meetings during the year at which the members were present

4 The principal objects of the meetings were—1st, to settle which village roads were to be repaired and the sums to be expended on them, 2ndly, to determine to whom the repairs of the road should be entrusted

5 Most of the members interest themselves in looking after the road repairs, but they show little inclination in the matter of attending meetings

6 I send you the skeleton map with the village road repaired by the sub-divisional Committee marked thereon

A

Statement showing the Roads repaired in the Kissengunge Sub-division for the year 1874-75

No	Names of Roads	Length	Amount Rs	A	P	Names of Individuals
1	Kissengunge to Khurkhoree	10	200	0	0	Mohomed Hyder

	Total	1,036	3	9	

KISSENGUNGE, the 4th November 1875 — J A CRAVEN, *Deputy Magistrate*

No 36PW, dated Camp Raneegunge, the 23rd November 1875

From—BABOO KEDAR NATH DUTT, Deputy Magistrate of the Arrareah Sub Division,
To—The Chairman of the Road Cess Committee and Magistrate of Purneah

As directed in your No 259PW, dated 22nd October 1875, I have the honor to resubmit the local improvement report for the cess year 1874-75

2 The following gentlemen were members of the Branch Committee during the year under review —

Sub-divisional Officer	*Chairman*
Mr J A Forbes	*Vice-Chairman*
Moulvie Abdool Majid	*Members*
Baboo Pryag Sing	
„ Tofa Lall Chowdaree	
„ Kasse Ram	
„ Judoo Nath Jha	
Meer Wajid Ali	
Sheik Mordan Ali	
„ Malloo	
„ Imdad Ali	
„ Azizoo Rahman	
„ Monj Ali	

3 The following changes occurred in the Branch Committee during the year It was found necessary to have additional members, and Moulvie Abdool Majid, Sheik Imdad Ali, Baboo Kasse Ram, Baboo Judoo Nath Jha, Sheik Azizoo Rahman, and Sheik Monj Ali, were appointed as additional members during the year

4 The following table shows the names of the members, the number of sittings during the year, and their attendance —

Number	Date of first appointment	Names	Meeting in which present	Meeting in which absent	Total
1	23rd September 1873	Baboo Kedar Nath Dutt Chairman	2		2
2	Ditto ditto	Mr A J Forbes, Vice Chairman		2	2
3	14th June 1875	Moulvie Abdool Majid	2		2
4	23rd September 1873	Baboo Pryag Sing		2	2
5	Ditto ditto	„ Tofa Lall Chowdaree	1	1	2
6	14th June 1875	„ Kasse Ram	1	1	2
7	Ditto	„ Judoo Nath Jha		2	2
8	23rd September 1873	Meer Wajid Ali	2		2
9	Ditto ditto	Sheik Mordan Ali	1	1	2
10	Ditto ditto	„ Malloo	1	1	2
11	14th June 1875	„ Imdad Ali		2	2
12	Ditto	„ Azizoo Rahman		2	2
13	Ditto	„ Monj Ali		2	2

5 The subjoined table shows the attendance of the members at each meeting during the year —

Number	Date	Number of Members present	Number of Members absent	Total number of Members
1	20th January 1875	3	10	13
2	2nd September 1875	8	5	13

6 There were two meetings during the year, and I presided at both I joined the sub-division in the middle of April, and consequently could hold only two meetings My predecessor did never assemble the members The business to be transacted at each meeting was duly notified, and ten days' notice was always given

7 The following were the principal subjects which engaged the attention of the Branch Committee —

(*a*) To consider the best means to spend the allotment for village roads

(*b*) To consider the accounts of the year 1874-75

8 The Committee was regularly formed after I joined the sub division, hence the two meetings which took place were assembled in bad seasons, preventing most of the members who live at a distance from attending the meetings regularly

The members, however, have taken some interest in attending to the repairs of roads in the neighbourhood

	Rs	A	P
Letter No 80 of 14th January 1875	5,110	0	0
Letter No 671 of 23rd March 1875	62	0	0
Letter No 247 of 6th July 1875	400	0	0
Letter No 46 of 9th August 1875	646	10	0
Total	6,208	10	0

9 For the year 1874-75 an allotment to the amount of Rs 6,208-10-0 was made by the Road Cess Committee, and the amounts placed at the disposal of the Arrareah Branch Committee of road funds by the letters noted in the margin Out of this amount Rs 4,528 0-6 was actually expended during the year under report By your letter No 65PW, dated 10th July 1875, the expenditure of Rs 2,558-13-7 was adjusted, and a statement showing an additional expenditure of Rs 1,969-2-11 was submitted to you on the 4th October last

	Rs	A	P
26th June 1875	1	0	0
7th September 1875	10	0	0
22nd September 1875	658	10	0
Total	669	10	0

10 Cheques were issued to the amount of Rs 5,197-10 6, out of which Rs 669-10-0 was refunded to the treasury on the different dates noted in the margin This amount of Rs 5,197-10-6 includes Rs 1,000, which was given to Mr Forbes, and his accounts have been submitted along with mine You will perceive from that account that Mr Forbes has not confined his expenditure for village roads within general rate of Rs 10 a mile, and as he has already asked for another allotment to him, I think it is necessary to ask him to be more economical in future

11 The road from Belwa to Ekumba has been fully repaired by contract at a cost of Rs 560 out of the village road fund, and the rest of the village roads have been done by the headman under our supervision In fact I have very little faith in the village headmen, who, as a rule, try to pocket more than half the amount advanced to them The best way of repairing village roads is to send some beldars to the work, and to adjust their demand after supervision An amount of Rs 646 10-0 was placed at my disposal for repairs of the road from Arrareah to Motiharee, about 20 miles At the instance of Mr Forbes, of Sultanpore, the work was commenced under contract, but when Mr Forbes requested me to postpone the work till after the rains I stopped it, and paid the contractors Rs 96-10 9 for the work done by them Hence Rs 549 15-3 has lapsed It will be necessary to add this amount to the allotment already made for the present year

12 The repairs of the following roads were completed —

Number of Road	Name of Road	Length in miles	Amount Rs	A	P
1	Road from Jelagurah to Arrareah	14	294	11	2
2	,, from Mongra to Vkua	8	73	14	4
3	,, from Arrareah to Siktie	16	599	4	1
4	,, from Arrareah to Koorsekatta	15	600	1	4
5	,, from Arrareah to Motiharee, completed up to Bunshia	5	96	10	9
6	,, from Bussuntpore to Raneegunge	16	394	14	8
7	,, from Raneegunge to Khajunghat	12	400	0	0
8	,, from Raneegunge towards Bunbhag, end of the sub-division	9	135	0	0
9	49 village roads were repaired, of which 45 were under me and four under Mr Forbes		1,882	8	2
10	Two bridges, one at Chilhani, another at Bhania		51	0	0
	Total		4,528	0	6

13 The repairs of larger roads were made by contract, and the supervision rested with the Overseer, Mr DeCourcy, the only supervising officer we had at our disposal Nearly all the contract works were finished when I arrived, and it was therefore difficult for me to decide what improvement had exactly been made on those roads In next year's report I shall be in a position to show the extent of improvement that will be actually made

		Carried over	8 485 8 10	70,657 5 7

The roads marked (s) are village roads in the sudder sub division, and have been repaired from the allotment Rs 6,000 The amount has been shewn in one place only

The roads marked (a) are village roads in the Arrareah sub division and have been repaired from the Arrareah allotment, Rs 6,000 The amount has been shewn in one place only

Mr Muston bought rice from us for sale to the Benagarhia ryots Mr Boerreson had charge of famine works at the same time Mr Muston handed over to Mr Boerreson a sum of Rs 2,179, to be spent in paying laborers on these works, and I gave Mr Muston credit for this amount in payment of his rice I then drew a cheque for the amount against the district road fund, and credited the sum drawn in the treasury as "sale proceeds of rice"

Rs 631 were paid to Mr Muston to balance his rice account The general principle was this We sold to Mr Muston at a cheaper rate than we sold to our coolies under Mr Boerreson, the difference being Mr Muston's profit Mr Boerreson paid his coolies by orders on Mr Muston's store, and we made up the difference The matter was fully explained at the time

5 The proper expenditure on works during the year was Rs 23,896-7-8½, the total of the first five items on the expenditure side

6 The cost of establishment was 20 per cent on the whole, which is certainly very high

7 Metalling the Bhagulpore and Soory road appears both in original and repair works, but was of the same nature throughout New metal was laid down over old Altogether 28 miles of the road were put in good order

8 Two new roads were made in Doomka,—one from the Bhagulpore and Soory road in the middle of the station to the cutcherry, and another from nearly opposite the beginning of this last road to the military lines The other original works were scattered over the district, and were continuations of works begun in the year of scarcity

9 During the last year I have seen a good deal of the earthwork done here and there on roads through the districts in the famine

10 It must be admitted that unless a considerable sum of money is granted to finish these roads, the work hitherto done is pure loss, except in so far as it provided laborers with the price of food

11 If the roads had been begun in a less ambitious way, and suited a little to the necessities of communication, we might have had, for instance, 10 or 12 miles of good road made from Deoghur in the Doomka direction, and similar lengths of road (*sic*) leading to important places and available for traffic

12 But as the urgent orders were to provide earthwork, whenever there was a cry of distress, between Doomka and Deoghur and Doomka and Jamtara, we have high banks and cuttings at odd places along the line, looking more like old forts or half-made bund than anything intended to carry carts

13 The roads, if finished in the style they have been begun, will be magnificent, but in their present condition they are simply incumbrances Carts of course prefer a continuous track, however bad, to a level pleateau they could only fall down from

14 I suppose this is the state of the case in very many districts, and the matter is receiving due consideration

Statement showing the Works proposed to be undertaken during the current year

Name of work	Amount of estimate Rs	A	P	REMARKS
Bhagulpore and Soory road	10,000	0	0	A few miles north of Doomka will have to be metalled in the current year
Road from cutcherry leading to the military line	500	0	0	Petty earthwork to be done
Construction of a road from Rasib pore to Dudham	600	0	0	This road was surveyed last year by Mr Meara, and intended to be constructed this year
Road round the Doomka hill	400	0	0	It is a new road, to be made round the Doomka hill joining the road to a nulla
Inspection bungalows	2,250	0	0	Five inspection bungalows will have to be built on the Bhagulpore and Soory road
Repairs				
Bhagulpore and Soory road	6,000	0	0	Ordinary repairs to be carried out on these roads
Muraroe and Amrapara road	400	0	0	
Jarmandi road	200	0	0	
Katikund road	200	0	0	
Baidyanath feeder road	400	0	0	
Doomka station roads	200	0	0	
Jamtara road	50	0	0	
Deoghur station roads	500	0	0	On request of Mr Wilmot Rs 2,000 has been sent to him from the reserve to meet the demand of his sub division Plan and estimate of the roads he intends to undertake are not yet received
Godda station roads	1,000	0	0	This amount has been allotted for repairs of the station roads Plan and estimate are not yet received
Pointi and Deoghur road	1,000	0	0	A sum of Rs 2,000 has been sent by order of the Commissioner, Sonthal Pergunnahs, to Mr Grant, to complete this road Plan and estimate are being prepared
Bahawa and Barhet road	250	0	0	Ordinary repairs to be carried out on these roads
Pakaur and Hiranpore road	1,250	0	0	
Tinpahar and Bario road	250	0	0	
Bario and Pratappore road	250	0	0	
Staging bungalows	300	0	0	The staging bungalows at Sahebgunge and Rajmehal should be thoroughly repaired.
Inspection bungalows	400	0	0	Ordinary repairs to be made to the existing bungalows
Rajmehal station roads	500	0	0	Last year a good deal of money was spent on these roads Petty repairs only will be made during the year

J BOXWELL, *Offg Deputy Commissioner*

No 110PW, dated Nya Doomka, the 24th March 1876

From—JOHN BOXWELL, ESQ, Officiating Deputy Commissioner of the Sonthal Pergunnahs,

To—The Commissioner of the Sonthal Pergunnahs, Bhagulpore

I HAVE the honor to submit a report on the district road works and fund for the year ending 30th September 1875

2 The following table shows at once the year's actual receipts and expenditure —

Receipts	Rs	A	P	Expenditure	Rs	A	P
Government grant	20,000	0	0	Original works	5,867	0	7
Ferries	700	0	0	Repairs	12,673	6	8¼
Sale proceeds	150	2	0	Establishment	4,941	15	5
Miscellaneous (a)	914	8	9	Contingencies	139	11	0
Refunds	4,394	5	1	Advances (f)	10,740	0	10½
Executive Engineer's balance (b)	9,402	0	5	Cash balance	6,526	1	6
My balance (c)	4,492	7	4				
Mr Wilmot's balance (d)	374	14	6	Total	41,162	10	1
Unpaid cheques (e)	734	4	0				
Total	41,162	10	1				

3 This account requires explanation regarding several items on both sides The explanation is given in notes

4 This is made up of—

	Rs	A	P
(a) Road fund	49	12	9
Staging bungalows	804	12	0
Rent	60	0	0
Total	914	8	9

(b) This sum had been drawn in the previous year and placed at the credit of Mr Meara

(c) My undrawn balance in the treasury

(d) Mr Wilmot, instead of refunding, kept and spent a portion of the money advanced to him before the beginning of the year

(e) Cheques drawn on the 30th of September 1874 and cancelled

(f) This sum includes all advances of every kind made to the sub-divisional officers and circle officers not yet finally adjusted A sum of Rs 795-6-8¼ is the total advanced in small sums for repairs to roads, bungalows, and the like, part of which has been adjusted in this year

There remain three large items which call for particular explanation Mr Smith drew money irregularly from Deoghur in 1874 for works begun on short notice in Jamtara A cheque for Rs 4,262-15-6 was drawn to adjust this expenditure Rs 2,670-14-5 was sent to Jamtara in October to pay off the establishment

No 1—Part II

SONTHAL PERGUNNAHS DISTRICT ROAD FUND

Details of Income and Expenditure from the year from 1st October 1874 to 30th September 1875

J WHITMORE
For Offg Deputy Commissioner

No 211PW, dated Bhagulpore, the 12th July 1876

From—G N BARLOW, Esq, C S I, Offg Commissioner of the Bhagulpore Division, and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal, Public Works Department

I HAVE the honor to submit the local improvement report of this division for the cess year ending September 1875

2 *Delay* —The delay in its submission is owing only to the lateness with which the district reports were received in this office The Sonthal Pergunnahs' came to hand only on the 27th March last, and again I had to call for additional information, which was received still later

3 *District Reports* —The report submitted by the Deputy Commissioner, Sonthal Pergunnahs, is most meagre, but as it reached me long after time, I have not called for a supplementary one

4 *Committees* —I beg to submit a statement showing the particulars of the meetings of the District Road Committees in this division for the cess year 1874 75 In Sonthalia there is no Road Cess Committee The Deputy Commissioner and the sub-divisional officers exercise the powers of the principal and Branch Committees respectively In the other districts all the Committees were re-constituted under Section 49

Regarding the Committee at Monghyr the Chairman observes —"The members of the Committee are always ready to assist me in every way, and I find their co operation most useful I am particularly indebted to Major Waller for the constant assistance which he gives me" Mr Taylor observes —"The District Road Committee sustained a real loss in the resignation of their Vice Chairman, Baboo Soorji Narain Sing, and though the Committee did not work with their original zeal during the year, I have no doubt, now that it has its own establishment, and the complete management of its own legitimate affairs again, that all the members will be got to renew their interest for the public good"

In Purneah the planters take much interest in road cess work, and are always ready to look after the repairs of roads in the neighbourhood of their factories

The Road Cess Committees, as a rule, are always better attended than others Members are known to have come from the interior with the avowed object of attending them,—a thing that cannot be said in other cases

I mention below the number of meetings held during the year in each district of this division —

Monghyr	11
Bhagulpore	9
Purneah	6

Thus it will be seen that in every district meetings were held in excess of the minimum number fixed by law

5 *Branch Committees* —There is a Branch Road Cess Committee in every sub-division of the three regulation districts The Branch Committees generally have not met as often as they should have done Except at Banka and Mudhepoorah, they did not anywhere meet more than once or twice during the year Mr Barrow, of Soopool, says that no meetings have been held, because there was no business to be transacted I shall draw the attention of all the district officers to the necessity of making their branch committees work properly

6 *Statements of Roads* —There was some misapprehension regarding these statements It was believed that new sets of them should be prepared every three years under Section 66 of the law, and accordingly the second sets were submitted from some of the districts The Government, however, decided otherwise after consultation with the Advocate-General The fresh statements prepared by the District Committees have become useless, and supplementary statements have been called for

The first set of statements from the Sonthal Pergunnahs has not yet been submitted They were received in this office long after the close of the year under report, and are pending for want of further information called for

7 *Rates of Cess* —The following were the rates of cess levied during the year —

Monghyr	Half the maximum rates
Bhagulpore	Ditto ditto
Purneah	Maximum rates

8 *Collection of the Road Cess* —I have nothing particular to say under this head We had no difficulty whatever The collections were made smoothly and punctually

9 *Special Department* —As soon as the relief operations of the year 1873-74 were closed, a special department, under an additional Chief Engineer, was formed to complete the works left unfinished The department, however, did not conclude all the works, and some of them were made over ultimately to the District Committees in an incomplete state As I have not been furnished with any report of the works done by the officers of the special department on the estimates sanctioned by me, I have not sufficient information in my possession to refer to them in detail here

10 *Establishment* —The old system of district works being carried out through the Government Engineer has been done away with, and it has been definitely fixed, I believe, once for all, that each Committee should have their own separate establishment This is a move in the right direction Of the four districts in this division, Monghyr, Bhagulpore, and Purneah have each been placed under charge of an officer with the qualifications of an

Executive Engineer as first class districts Sonthal Pergunnahs has been placed in charge of an upper subordinate as a third class district Except at Monghyr, the Committee's own establishment could not be organized until after the close of the year This greatly contributed to the slow progress of the works In Sonthalia the chief overseer has not yet been appointed

11 *State of the District Roads*—I reproduce below what I have said regarding the condition of the district roads in my general administration report

The roads generally have not made any great progress since last year The famine roads have partially opened out a large extent of country previously difficult of access, but a great deal remains to be done before the roads are properly finished It is impossible, indeed, to foresee the time when the road system will be completed To finish any one of the long roads begun in the famine, would cost more money than the district in which it is situated is likely to get in several years for all its roads By way of example, I may notice the north road in Purneah, from Natpore across to Atwari The cost to complete it with bridges and everything would be 15 lakhs of rupees, more or less We cannot therefore in many places hope for anything beyond fair-weather roads, with good ferries Even this is a matter involving considerable time and expense

In Monghyr the roads have received a very considerable amount of the district officer's attention The progress there is more satisfactory, but there is ample room for improvement yet, particularly on the roads subject to the overflow of the Ganges The district officer of Bhagulpore states "The roads started for purposes of relief remained in the hands of a special department until June 1875, and temporary bridges were erected on them The temporary nature of the bridges can be understood when they get carried away one after the other The money expended upon them would have been better spent if two or more permanent structures had been built without bridges The roads are next to useless, especially in the rains It will be some time before the Committee will have money enough to completely bridge them"

The Sonthal Pergunnahs have the smallest funds, and a little turfing, dressing, mending, and metalling was all that could be done within the year

12 *Works*—The district reports and the statements give all the necessary information regarding the works, original and repairs I shall, in speaking of the districts separately, refer to only such of the works as call for special remarks

13 *Monghyr*—In this district the total receipts from all sources amounts to Rs 81 227-1-4, inclusive of the balance of the previous year The total expenditure was Rs 72,416 5-2, leaving a balance of Rs 8,810-12-2 at the close of the year The statements previously submitted were incorrect Revised statements, Parts I and II, are herewith annexed A greater portion of the Committee's income was expended on account of original works, and it was most usefully employed in constructing permanent bridges and providing additional waterway

14 I would here specially refer to the following roads —

(*a*) *Tirhoot road, 45 miles*—This unites the district of Monghyr with Tirhoot, and also joins the sub-division of Begooserai with the head-quarters A sum of Rs 2,125-6-10 was expended on this road during the year, partly for raising it in certain places, and partly for constructing small bridges A further sum of Rs 601-14-2 was also spent in planting trees and repairing unsafe bridges Large sums of money have, from time to time, been laid out on this road, but improvement has not followed to the extent desired During the famine a complete estimate was prepared and submitted, but as it was disapproved of by the Chief Engineer, nothing came of it The question of completing the road remains still undecided I am of opinion that beyond rounding off the gaps and breaches and smoothing the surface, nothing more should be done Before the Committee the subject was fully discussed by Messrs Lockwood and Roberts and Baboo Ram Ruttun Moozamdar, the late and present district engineers, and the following conclusion was arrived at —"That the existing embankment should be allowed to remain, raising and repairing it wherever necessary, and leaving the road on a level with the surrounding country wherever it is subject to sudden and violent flood, thus providing causeways nearly, and not bridges, at such places"

Mr Lockwood adds "that causeways in such a country where the waters subside as rapidly as they rise, and where the flood remains for a few days only, are sufficient There is no sufficient reason for making bridges, which, to be effectual, must total several miles in length, and indeed we have not the lakhs of rupees necessary for such bridging" The Chairman has been requested to submit a definite and final scheme for the whole road, which, however, has not yet reached me

(*b*) *Patna road, 37 miles*—A sum of Rs 1,133-15-11 was expended during the year in supplying additional waterway on this road, Rs 2,850-3-6 in the construction of bridges, and Rs 819-10-0 in repairs This road has ceased to be of much importance as a through communication, the railway running on one side and the river Ganges on the other Its usefulness, therefore, is confined to local traffic From its position it is subject to serious damage from the flood annually I am of opinion that nothing should be done to this road also beyond rounding off the gaps and smoothing the surface Mr Bairnfather, the late special Superintending Engineer, stated that expenditure on this road should be restricted to mere surface repairs after the subsidence of the inundation I have asked the District Road Committee to decide the question as to the mode in which this road is finally to be dealt with

(c) *Secundra to Nowadah*.—A sum of Rs 109-11-3 was expended during the year in original works here. There is a road from Nowadah to a place called Pakribaranean, in the Gya district; a road running in the same direction in the Monghyr district already exists from Jamui to Parsawan. It has been settled to connect Pakribaranean and Parsawan, a distance of 8 miles, 6 of which lies in the Gya district and 2 in Monghyr. An estimate for completing the whole road from Jamui to the Monghyr border, amounting in cost to Rs 27,582, has been prepared, and the work will now be proceeded with. This road will open out a large tract of country and conduce much to the benefit of the two districts, Gya and Monghyr. It will be a great boon to the local pilgrims, both for Byjnath at Deoghur and for Gya particularly.

15. *Bhagulpore*.—The District Road Committee of Bhagulpore commenced their operations during the year with a deficit of Rs 69,079-7-6. The actual receipts and disbursements are shown below:—

Receipts	Rs	A	P	*Disbursements*	Rs	A	P
Land cess	53,207	3	0	Establishment on account of collection of revenue and Committee's control	4,036	9	6
Cess on houses	12	1	0	Contingent charges	160	9	11
Road cess levied otherwise than under the District Road Cess Act	158	2	6	Original works	6,715	8	4
Receipt from tolls	11,841	7	6	Repairs	23,710	9	2
Miscellaneous	1,090	9	3	Establishment	1,001	15	1
				Tools and plant	15	2	0
Total	66,090	10	3	Total	35,680	6	0

The greater portion of the road cess income was expended on repairs. Rs 6,715 only were spent on original works, though no provision was made for them in the budget-estimate. Works on the undermentioned roads, though not included in the statement of roads, were undertaken by the Committee during the year, they being relief roads and urgently required:—

(1) Gopalpore to Nathpore.
(2) Mudhepoorah to Shahpore.
(3) Sookpore to Bijwar.

16. The only important original works done during the year were on the roads noted in the margin. The amounts expended were Rs 2,113-14-0 and Rs 1,541-7-4 respectively. The portion of the first road lying in the Bhagulpore district has been completed. The portion lying in Monghyr has, I believe, also been since completed. This is a great thing. When the Banka to Kutooria road is finished, the two roads together will open out a large tract in the Banka sub-division and give a stimulus to trade in that part of the country. The works on the Banka to Kutooria road were commenced without sufficient authority. The plan and estimate have now been received, and are being scrutinized by the Superintending Engineer.

(1) Kutooria to Simultollah.
(2) Banka to Kutooria.

17. The principal works in this district were repairs to existing roads. I shall notice briefly the importance of these works:—

(a) *Bhagulpore to Soory Road*.—Rs 7,065-6-3 were expended on this road. The Superintending Engineer reported that it was not kept in a creditable state. The attention of the Chairman at Bhagulpore and of the Deputy Commissioner of Sonthal Pergunnahs has been drawn to the matter, and I believe the needful is being done.

(b) *Sultangunge to Tajusgunge Road*.—Only three miles of this road are situated in the Bhagulpore district, and were partly repaired at a cost of Rs 1,363. I sanctioned an estimate for the repair of the damages done to this road by the floods of the previous year, and the reasons for not finishing the repairs during the year have been given by the Chairman in the 1[illegible]th paragraph of his annual report.

(c) *Banka Bazar Bridge*.—At the request of the Chairman I sanctioned an estimate for Rs 5,177 for the repair of the bridge near Banka Bazar, which was damaged by the floods, though no provision had been made in the budget for the same. A fifth of the work only was done at a cost of Rs 321-9-0.

18. *Purneah*.—The Road Committees of this district began their operations for the past cess year with a deficit of Rs 41,911-3-10. The total receipts from all sources were Rs 61,015-2-6, and the total disbursements Rs 2,92,128-15-8. The greater portion of the amount, viz. Rs 2,68,035-9-7 was expended on original works and Rs 19,981-6-10 on repairs. Of the amount expended on original works no details have been furnished. Rs 2,67,569-0-6 represent value of grain expended on relief works during the cess year 1873-74, and the remainder, Rs 466-9-1, was paid as compensation for lands taken for the following roads:—

Keotgama to Tarapore.
Sahebgunge to Bhopla-Tajpore.
Toolshea Ghât to Bhadessuri.
Baisoe to Raneegunge.

The first is a portion of the south emigration road through Mudhepoorah and Soopool sub-division to the Coosy near Keotgama and thence to Purneah. A report on the subject of this road was submitted to the Government, Public Works Department, in my letter, No 369PW of the 10th September 1875, and the Magistrate has also given an account of this road in his annual report.

19. In this district only repair work was done during the year, and the repairs again were of a very petty nature. Rs 19,973 were expended in repairing 59 roads, giving an

average of Rs 338 for each road It should be noted, however, that 36 of these roads were village roads The expenditure on the different roads varied from Rs 10 to Rs 1,757

I have nothing particular to say about any road in this district

20 *Sonthal Pergunnahs* —The receipts from all sources, including the balance on the 1st October 1874, were Rs 2,19,208-15-7, and the expenditure incurred during the year was Rs 1,33,946-5-9

The actual receipts and disbursements are given below—

Receipts

	Rs	A	P
Road cess leviable otherwise than under the District Road Cess Act X of 1871	49	12	9
Ferry tolls	700	0	0
Grant in aid, including the amount paid into the treasury out of the District Road Fund under a misunderstanding, and reverted to the fund during the year	20,008	8	2
Realization from staging bungalow	804	12	0
Rent of Doomka inspection bungalow	60	0	0
Sale proceeds of stores	150	2	0
Fines and refunds	107	3	4
Total	21 970	1	8

Disbursements.

	Rs	A	P
Office establishment	826	12	0
Contingent charges	185	9	0
Original works	91,573	14	3¼
Repairs	36 930	2	0¼
Work establishment	4,115	8	5
Tools and plant	314	13	0
Total	1 33 946	5	9

Out of the sum of Rs 1,33,946-5-9 mentioned above, the amount actually expended during the year was Rs 23,896-7-8½, as per details given below, and as stated in paragraph 5 of the Deputy Commissioner's annual report —

	Rs	A	P
Office establishment	826	12	0
Contingencies	139	11	0
Work establishment	4,115	8	5
Tools and plant	274	6	0
Original works	5,867	0	7
Repairs	12,673	6	8½
Total	23,896	7	8½

The balance represents the famine charges adjusted in 1874-75, as per details given below —

	Rs	A	P
Original works	85,706	13	8¼
Repairs	14,256	11	4
Contingencies	45	14	0
Tools and plant	40	7	0
Total	1,00,049	14	0¼

I have nothing particular to say regarding any particular road The great desideratum in the case of the Sonthal Pergunnahs is more money The country is wide, and the roads required are many and long We want to connect all the sub divisions with the head-quarters, and to complete and maintain other communications We are, however, always crippled by want of funds

21 *Feeder Roads* —I shall not refer to these here in detail A special report will be soon prepared and submitted with reference to the special remarks of the railway engineers circulated by Government Suffice it to say for the present that the feeder roads always command attention, and the requirements of the Railway Company are, as far as possible, met Where the roads are now in bad repair, the needful will immediately be done to put them to rights

22 *Village Roads* —None of the district officers have submitted detailed information on this head, but from my own experience I can say that the village road system works satisfactorily All the Road Cess Committees have paid attention to them, and they have been considerably improved The following amounts were expended in each sub-division as far as I can gather from papers in this office —

		Rs	A	P
Monghyr	Sudder	174	4	0
	Jamui and Begooserai	3,657	0	0
Purneah	Sudder	1,510	6	9
	Kissengunge	2,825	1	7
	Arrareah	2,551	14	3

No details have been furnished from Bhagulpore

23 *Officers* —Messrs Lockwood and Taylor, as Chairman of the District Committees of Monghyr and Bhagulpore, and Baboo Soorji Narain Sing (since resigned), as Vice-Chairman of the Bhagulpore Committee, have been most zealous and earnest in the discharge of their duty, and deserve special commendation

About the engineers, none of the district officers say anything The good state of the Monghyr roads speaks in favor of Baboo Ram Ruttun Moozumdar, the late Engineer

G A D ANLEY, C E,
Offg Asst Secy to the Govt of Bengal, P W D

The 3rd August 1876

No 269 —*Transfer* —Baboo Mohesh Chunder Bose, Accountant, Fourth Grade, from the Dacca to the Chittagong Division

PATNA COMMR.'s OFFICE, the 17th July 1876

THE following order is published for general information —

CIRCULAR ORDER

STAMPS
A MONEY, ESQ, C B

It has been brought to the notice of the Member in charge that the provisions of the General Stamp Act as regards the necessity for affixing receipt stamps to acquittances for sums of money above Rs 20 are very frequently disregarded, and that some misconception exists as to the precise purport of those provisions As a case in point, is was recently contended by a Calcutta firm, in excuse for an omission to furnish a stamped receipt for a remittance from the mofussil, that an unstamped acknowledgment is all that is required by the Stamp Act in cases where the acknowledgment is forwarded under stamped cover by post In order to remove so erroneous an impression, and to make the provision of the law more widely known, the Member in charge directs the issue of the following notification by publication in the *Calcutta Gazette*, and by extensive circulation in each district, both in English and the language of the district —

NOTIFICATION

No 858B.

Dated the 25th July 1876

It is hereby notified for general information that under Article 7, Schedule II, Act XVIII of 1869, the receiver of any sum of money exceeding Rs 20 in satisfaction of a debt, who is required to give a receipt, must affix to it an adhesive stamp of one anna, and that if he should give such receipt without the same being duly stamped, he is liable to a fine not exceeding Rs 100 It is also notified that the Magistrate has power, under Section 38 of the Act, to reward any informer of an infraction of the above rule by giving him a sum of money not exceeding half of the amount of fine imposed by such Magistrate on the offender

A receipt, however, granted to a cultivator for the rent of land paying revenue to Government is exempted from stamp duty

By order of the Member in charge,
W H GRIMLEY, *Offg Secretary*

BOARD OF REVENUE, L P, FORT WILLIAM, the 25th July 1876

OPIUM NOTIFICATION

No 908B

NOTICE is hereby given that the Ninth sale of Opium, the provision of 1874-75, will be held at the Government Opium Sale-room, No 2, Bankshall Street, on Wednesday, the 6th September 1876, at 11 A M, and will comprise 3,910 chests, viz —

	Chests
Behar Opium ..	2,230
Benares „ ..	1,680
Total	3,910

2 The general conditions of the sale now advertised will be the same as usual They may be ascertained by reference to the Notification issued on the 16th November 1875, and published in the *Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue

3 The latest dates for deposit and clearance will be the 11th and 21st September 1876 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other Public Securities, that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the Sale-room, will be received after 4 P M of Monday, the 11th September 1876, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P M of Thursday, the 21st September 1876

4 In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so —

PART IA

Orders and Notifications by the Government of India.

The following orders issued by the Government of India in the Home Department, are republished for general information —

No 494 —*Simla, the 28th July* 1876 —*Notifications —Establishments* —The Hon'ble J B Phear a Judge of the High Court of Judicature at Fort William in Bengal, resumed his seat on the Bench of the High Court on the forenoon of the 19th instant

No 496 —The services of Mr W F McDonell, v c, of the Bengal Civil Service, are replaced at the disposal of the Government of Bengal with effect from the 19th instant

The following orders, issued by the Government of India in the Financial Department, are republished for general information —

No 1922 —*Simla, the 27th July* 1876 —*Notifications —Leave and Allowances* —The Governor General in Council directs that the following be inserted as Rule 5 under Section 12 of Supplement F to the Civil Leave Code —

5 A man transferred on or before the 3rd May 1861, from the Army or the Oudh Military Police, or any other Military body, to the Oudh Civil Police, is allowed to accumulate privilege leave on full pay to the extent of six months if his home is east of the River Indus, and seven months if his home is west of that river

No 1921 —*The 28th July* 1876 —*Pensions and Gratuities* —With the sanction of Her Majesty's Secretary of State for India in Council, the Governor General in Council directs that the following be substituted for Section 75 of the Civil Pension Code —

Section 75 —In a case falling clearly and strictly within the letter of the rules, the Local Government may grant the pension or gratuity admissible Whenever such grant of a pension or gratuity is communicated to an officer, he should be at the same time informed that the grant is subject to revision by the Government of India in the Financial Department, and that should the amount granted be found to be in excess of that to which the Government of India in the Financial Department considers him entitled under the rules, he will be called upon to refund such excess If any interpretation of the rules is involved, or if any indulgence not provided for by the rules is proposed, the Local Government should submit the case with its opinion and recommendation to the Government of India in the Department in which the officer has served Until the reply of the Government of India is received a recommendation of this nature should never be communicated, directly or indirectly, to the officer concerned

The following orders, issued by the Government of India in the Military Department, are republished for general information —

No 792 —*Simla the 26th July* 1876 —The undermentioned Officer has reported his return from England —

Captain C H Garbett, Bengal Staff Corps, Assistant Commissioner, Second Grade, Chota Nagpore, Lohardugga, Bengal,—date of arrival at Fort William, 25th May 1876

No 799 —*The* 28*th July* 1876 —The following Notification by the Financial Department, No 1392, dated the 7th July 1876, is republished for general information —

No 1392

LEAVE AND ALLOWANCES

The 7th July 1876

The Governor General in Council directs the substitution of the following for Rule 2 (*a*) in Chapter XI of the Civil Leave Code —

2 (*a*) —A Military Officer in civil employ proceeding on furlough cannot obtain a last-pay certificate until he submits to the Accountant-General a certificate by the Military Department of the Presidency to which he belongs, in Form A, B, or C (as the case may be) contained in Appendix C

The Governor General in Council also directs that the following be inserted as Appendix C to the Civil Leave Code —

Appendix C

FORM A

OBVERSE

Furlough Rules of 1854

Certified that A B has years months days' furlough on private affairs at his credit, and is under the Furlough Rules of 1854

A B is eligible for such furlough for years months days on English furlough pay, and to such extension on medical certificate without pay as may be granted

Should A B proceed on medical certificate, he will be eligible for furlough for twenty months on pay in the first instance, drawing for the first six months Indian pay (or pay and allowances) and half staff salary, and for the remaining fourteen months English furlough pay Extension of this leave up to three years in all on English furlough pay can be given on medical certificate, but any further extension will be without pay

MILITARY DEPT, *Secy to the Govt of*

The 187

NOTE —On the back is noted the date of beginning and ending of any leave already taken, the nature of such leave, and the rule under which it was taken

Reverse

LEAVE ALREADY TAKEN		Nature of leave	Rule under which taken
Date of beginning	Date of ending		

FORM B

OBVERSE

Furlough Rules of 1868

Certified that A B has years months days' furlough at his credit, and is under the Furlough Rules of 1868

A B is eligible for furlough on "furlough pay" up to years months days in all, on private affairs, also to years months days more, if granted an extension on medical certificate

But no pay can be granted to A B under any circumstances after he has been three years absent

MILITARY DEPT, *Secy to the Govt of*

(As in Form A)

FORM C

OBVERSE

Furlough Rules of 1868 —*Rule XI*

Certified that A B has years months days' furlough at his credit, and is under the Furlough Rules of 1868

Not being eligible for ordinary furlough

A B can only obtain it under Rule XI for a period not exceeding six months on pay equivalent to the British regimental pay of his rank

This furlough cannot be extended beyond six months, except on medical certificate, on the same pay and for such periods as the Secretary of State may think fit But any extension allowed after three years' absence must be without pay

MILITARY DEPT , *Secy to the Govt of*

The 187

NOTE —(As in Form A)

Reverse

(As in Form A)

No 801 —Major George Machardy Bowie, Madras Staff Corps, District Superintendent of Police, First Grade, Patna, Officiating Inspector-General of Jails, Lower Provinces, is allowed to proceed to Europe on medical certificate, under the Regulations of 1868, in anticipation of the furlough which will be granted to him by the Government of his own Presidency

The following orders, issued by the Government of India, in the Public Works Department, are republished for general information —

No 333 —*Simla, the 22nd July* 1876 —*Notifications —Telegraph* —With reference to the rules for inland telegraphic messages published in the *Gazette of India* of the 21st December 1872, the Governor General in Council is pleased to direct the publication of the following alteration —

Rule 43 —*The foot-note* will now be as follows —

As the East India and Madras Railway Companies declare their inability to make over prepaid reply deposits to addresses, messages addressed to stations on those Railways to which replies are prepaid are not transferred to the Railway Telegraph, but *posted* (with telegraph stamps enclosed) *from the nearest Government Telegraph station direct to the addressee* Postal registration is compulsory in this case, as also in that of a message to which a reply is prepaid addressed to a station where there is no Telegraph Office

No 335 —*The 24th July* 1876 —The Governor General in Council is hereby pleased to direct the publication of the following modification of Rule 26 of the rules for Foreign telegraphic messages published in the *Gazette of India* of the 11th December 1875 —

Article I IV Multiple messages

Rule 26 The final clause will stand as follows —

As message addressed to several persons in the same locality, or to one person at several places of residence in the same locality (whether with or without transmission by post), is charged for as a single message, but a copying fee of 4 annas per 20 words, plus 4 annas for the excess, is charged for each destination after the first

WEDNESDAY, AUGUST 9, 1876

PART II

Advertisements.

[N B.—Advertisements, Notices, &c, intended for insertion in this part of the Gazette, cannot be received after Noon on Monday]

NOTICE is hereby given that the undermentioned plots of land, no longer required by the Government, situated in the districts of Sonthal Pergunnahs, Chord line, will be put up to sale at the Muddapore Staging Bungalow at 12 o'clock on Tuesday, the 22nd August 1876, corresponding with 7th Bhaddro 1283, B S

The purchasers of these plots will be subject to the following conditions —

1st —If the amount of purchase-money does not exceed Rs 100, the whole amount to be paid down at once

2nd —If the amount of purchase money exceeds Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale

3rd —The plots will be sold revenue free to the highest bidders

4th —The purchasers shall be put in possession on receipt of the orders of the Collector confirming the sales But such possession shall be liable to be disturbed in case the final sanction of the Member of the Board of Revenue in charge should not be accorded to the proceedings

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division

RULES UNDER WHICH WORKS CAN BE EXECUTED IN THE DEHREE WORKSHOP

All parties requiring work to be done in the Dehree Workshops are requested to send full instructions as to dimensions and description of work required, in order to facilitate the preparation of designs and estimates If drawings of the work are already in existence, it would be better if copies of them were sent, the dimensions being plainly figured thereon

2 Government work done for Government officers will be paid for by transfer in the usual manner through the department for which the work is done Notice of completion will be sent to the indenting officers, whose instructions for forwarding the articles to their destination will be attended to

3. When extensive orders are given by private individuals, advances may or may not be required, at the discretion of the Superintending Engineer, before such work can be put in hand, but it is to be understood that all private work is undertaken for cash on delivery, and that credit will not be allowed

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division

F T HAIG, *Col*, R E,
Chief Engineer, Bengal Irrigation Branch.

Commissioners for making Improvements in the Port of Calcutta

R E HAMILTON,
Offg Asst Commr of Paper Currency

PAPER CURRENCY DEPT, *the 8th August* 1876

No 372

SEALED tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office at Madras), will be received by the Executive Commissariat Officer at Madras until 1 o'clock P M on the 15th August 1876, for the supply by contract of 106,512lb of either Indian or China Tea, black (the price of each description to be separately stated), each chest to contain 84lb, to be delivered at the Commissariat Stores at Madras on or before the 1st day of April 1877, free from all charges whatsoever No payment will be made on account of such supply prior to the 1st day of April 1877 The chests should be of strong material, and the lead lining thereof sound and strong

2 Each tender must be accompanied by a deposit of Rs 4,000 in cash or currency notes, and be sealed and superscribed "Tender for Tea," in default of such deposit the tender will be rejected

3 Tenders will be opened by the Executive Commissariat Officer at Madras at his office on the 15th August 1876, at 1 o'clock P M, in the presence of such of the parties interested as may attend

4 The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat Officer at Madras the sum of Rs 16,000 either in cash or Government promissory notes, and, if the latter, the same to be endorsed over to the Executive Commissariat Officer, Madras, for the time being, as security for the due fulfilment of his contract, whereupon the deposit made with his tender will be returned to him

5 The deposits of all, with the exception of the successful competitor, will be returned

6 The successful competitor will be required to sign a contract on the basis of his tender in the form used in the Commissariat Department (form whereof can be seen on application at the Commissariat Office at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him Should the successful competitor fail to sign the contract or to furnish the security within the time specified, his deposit will be forfeited to Government and his tender will be considered as having been rejected

7 Each chest of tea to be supplied must be well packed in good matting, and secured with strong rattan lashings No broken or damaged chests will be received

8 The quality of tea to be subjected to the approval of, or rejection by, a Committee, to be appointed at the request of the Commissary-General by the Officer Commanding the district and payment will be made for such quantity only as may be approved of by the said Committee

9 Samples of tea can be had on application at the Commissariat Office at Madras

10 The Commissary General reserves to himself the right of rejecting any tender without assigning any reason for so doing

11 If the contractor makes default in delivering the whole of the tea on or before the 1st day of April 1877, the whole of the security deposited by him shall become forfeited to Government, but if such contractor deliver a portion of the tea, to be supplied according to his contract, and makes default in delivering the remainder thereof, he shall be liable to pay to Government a fine at the rate of Rs 10 for every chest or part of a chest of tea short delivered by him, which said fine may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him

12 All further information may be had, and forms of tenders and contract inspected, on application at the Commissariat Office, Madras

13 Every tender not made in the required form will be rejected

14 The successful competitor will be required to pay the value of the stamps under the provisions of Clause 16, Schedule I, of the General Stamp Act (XVIII of 1869) By order of the Commissary General,

GEO BARDIN *Lieutenant Colonel,*
Assistant Commissary General

COMMISSARIAT OFFICE, MADRAS, 9th June 1876

NOTIFICATION

The 4th August 1876 —Whereas it is provided by Section 74 of Act XII of 1875 (the Indian Ports' Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters' Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable, or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until a revocation of such order in Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act, and whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 17th May 1876, making the Foreign Deserters' Act applicable to the Empire of Brazil, and to the Regency of Tunis, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor has been pleased to direct the publication of the orders in Council in the *Calcutta Gazette* for the information and guidance of the Magistrates within the Presidency of Bengal, as follows —

AT THE COURT AT WINDSOR,

The 17th day of May 1876

Present

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL

WHEREAS by "The Foreign Deserters' Act, 1852," it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering or apprehending seamen who desert from British merchant ships in the

territories of any Foreign Power, Her Majesty may, by order in Council, stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient

And whereas it has been made to appear to Her Majesty that due facilities are given for recovering and apprehending seamen who desert from British merchant ships in the territories of His Majesty the Emperor of Brazil

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette,* seamen not being slaves and not being British subjects, who, within Her Majesty's dominions, desert from merchant ships belonging to the Empire of Brazil, shall be liable to be apprehended and carried on board their respective ships

Provided always that if any such deserter has committed any crime in Her Majesty's dominions, he may be detained until he has been tried by a competent court, and until his sentence (if any) has been fully carried into effect

And the Secretaries of State for India in Council, the Home Department, and the Colonies, are to give the necessary directions herein accordingly

Offg Secy to the Govt of Bengal

[Third Publication]

The 1st August 1876 —The following Rules are published for general information —

Duties and responsibilities of District and Treasury Officers in respect of public money kept in Treasuries of which they are in charge

The Collector or Deputy Commissioner —A district officer is personally responsible to Government for the due accounting for all moneys received and disbursed, for the agreement between the departmental returns and the cash accounts (both of which go out under his signature), and the registers kept in the treasury, and for the safe custody of cash, notes, stamps, opium, securities, and other Government property

N B —Although the Collector may manage his treasury by a Deputy, he must not treat his treasury as a separate and independent office Letters addressed to the treasury officer must be regarded as addressed to himself He should not address his treasury officer by separate letter, as if he were an independent officer, and then forward the treasury officer's explanation, instead of his own, in reply to questions or enquiries touching his treasury business * When any irregularity is brought to his notice, nothing but a report on his own knowledge, after personal investigation, can be considered satisfactory

* Paragraph 22 of Circular 340

2 The district officer is bound to satisfy himself by periodical examination (at least once in every two months for cash, once in every quarter for deposits, and once in each half-year for stamps, opium, securities, bill and money-order forms) (1st) that the actual stock of cash, stamps, opium, and securities is kept under joint lock and key, and corresponds with the book balances, and that the treasurer does not hold a sum larger than is necessary for the convenient transaction of the Government business, or larger than the security given by him, (2nd) that the deposit registers are kept up according to the rules prescribed in Accountant-General's circular No 328, (3rd) that the stock of bill, money-order, and similar forms which are intended for use in money transactions is carefully kept under lock and key, and periodically tallied with the nominal balance of such forms on the stock books, and (4th) that the tehseel balances are verified once a year by a gazetted officer, if possible by a covenanted officer Where sub-divisional treasuries are in charge of gazetted officers, the Collector should verify the balances during his cold-weather tour

Paragraph 19 of Circular 340

N B —The examination of the deposit registers is not intended to be mechanical, and to secure only that all necessary entries are made and initialed without fail at the time of transaction, but also that no moneys are unnecessarily placed in deposit, or allowed to remain there without good cause

Paragraph 2, 5a Note Circular 328

3 The district officer, unless unable to perform the duty from physical inability, or from absence on tour, is required to sign the periodical accounts He is also required to see that implicit obedience is given to the instructions issued from the account office, and to send immediate notice to the Accountant-General of any embezzlement in an office or treasury This notice must be supplemented, as soon as possible afterwards, by a detailed report after personal enquiry into the case

Paragraphs 21, 23 24, and 25 of Circular 340

4 The district officer should be especially careful, when assuming or making over charge of a district, to see that the stock is thoroughly verified, and the certificate which is required from the transferor and transferee, shewing the state of the cash, stamps, and opium balances, should be invariably despatched to the Accountant-General on the same day that charge is transferred A copy of this certificate is appended

Paragraph 20 of Circular 34C

N B —It is not sufficient only to count bags of treasure, the contents of all the bags must be turned out and passed through the scales, unless the bags are net, when the contents of all are visible

Treasury Officer —As the Collector's delegate and representative, he is responsible to the Collector primarily for the right discharge of his duty Just as Government hold the Collector responsible in the first instance, and expect from him such a general supervision as is incumbent upon an officer entrusted with the collection of the revenue and the payment of Government dues, so will the Collector look to the treasury officer for a thorough observance of all prescribed treasury rules, and strict attention to all the details of the daily routine of treasury work The treasury officer is responsible to the Collector for the working of the treasury, and for the conduct of the subordinate treasury officials, and has carefully prepared rules for his guidance in every branch of his duties The above remarks apply to the officer in charge of a sub-divisional treasury

NOTIFICATION

The 15th August 1876 —The Lieutenant-Governor, with the sanction of the Government of India, has been pleased, in supercession of previous orders, to prescribe the following rules for granting rewards to civil officers in Bengal for proficiency in the language of frontier tribes

2 A reward of Rs 1,000 (one thousand) will be granted to any Covenanted Civilian Deputy or Assistant Commissioner, Deputy Collector, or District or Assistant Superintendent of Police, who shall pass by the prescribed standard an examination in any one language in any of the groups of languages noted in the margin, provided that the language is spoken within the district where the officer is at the time employed, or by tribes conterminous to it with whom he has official relations A second reward will in no case be given to an officer for proficiency in a second language of the same group

Group I —Kol or Munda, Sonthali
" II —Oraon Rajmehal Paharia
" III —Khond of Orissa
" IV —Thibetan Lepcha, Bhootia
" V —Kuki or Lushai
" VI —Garo

3 The examination shall be conducted by a local Committee to be specially appointed by Government on each occasion

4 The tests which a candidate for the above reward must undergo are as follow —

(*a*) He must be able to converse freely with the people of the tribe in whose vernacular he may wish to qualify, to understand and to make himself understood by them

(*b*) He must write down in the English or the Bengali or Hindee character sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain it correctly in English

(*c*) He must, without assistance, translate from English or his mother tongue into the tribal language (writing it in either the English or Bengali or Hindee character) sentences not of a more difficult nature than those in requirement (*b*) The translation must be substantially correct and intelligible when read to a native in whose language it might be written

5 The above rules will not affect the rules prescribing the rewards to which Junior Civilians will be entitled who succeed in passing High Proficiency and Honors examinations in certain specified languages

HIGH COURT —Original Side

The 10th day of August 1876

The following rules, passed by the High Court of Judicature at Fort William in Bengal are published for general information

By order,
R BELCHAMBERS, *Registrar*

The following rules, made pursuant to Section 148 *of the " High Court Criminal Procedure Act,* 1875," *are to come into effect as the rules of the High Court of Judicature at Fort William in Bengal from the first day of October* 1876

1 Every application to the Court to admit a prisoner to bail shall [unless otherwise ordered] be supported by affidavit, or affirmation, stating when, by whom, and under what circumstances, the prisoner was committed to custody, and where he is detained in custody If the Court shall think fit to order that the prisoner be admitted to bail, the order shall be drawn up with a direction that a warrant be issued to bring up the prisoner before the Court for the purpose of being bailed

2 When a person shall be in custody in any case ordered to be transferred to this Court from any Criminal Court situate within the local limits of its Ordinary Original Criminal Jurisdiction, the order for the transfer of the case shall be drawn up with a direction that a warrant be issued to bring up the person so in custody to be dealt with according to law In every other case not otherwise provided for, in which it may be necessary that a prisoner should be brought up before the Court to be dealt with according to law, an application must be made to the Court, supported [unless otherwise ordered] by affidavit, or affirmation, stating when, by whom, and under what circumstances, the prisoner was committed to custody, and where he is detained in custody

3 Every application to bring up before the Court a person alleged to be illegally or improperly detained in custody shall be supported by affidavit, or affirmation, stating where and by whom the person is detained in custody, and [so far as they are known] the facts relating to such detention, with the object of satisfying the Court that there is probable ground for supposing that such person is detained in custody against his will and without just cause

4 Every application to bring up a prisoner before the Court to be examined as a witness shall be supported by affidavit, or affirmation, stating where the prisoner is detained in custody, and for what purpose his evidence is required

5 When a prisoner, detained in custody within the local limits of the Ordinary Original Criminal Jurisdiction of this Court, shall be required to be brought before a Court Martial, or any Commissioners acting under the authority of any commission from the Governor-General in Council, for trial, or to be examined as a witness, the presiding officer of such Court Martial, or the presiding officer acting under such commission, shall send an application to this Court in writing The application shall be in the form of a letter addressed to the Registrar of this Court in its Original Jurisdiction, stating the purpose for which the said Court Martial has been assembled, or the authority under which the said Commissioners are acting, and also stating where the prisoner is detained in custody, and when, where, and for what purpose, he is required to be produced It shall be the duty of the Registrar to submit the letter, as soon as possible after the receipt thereof, to, and to obtain the order thereon of, the Judge of this Court exercising Ordinary Original Jurisdiction

6 Every application to remove a prisoner from one custody to another, for the purpose of trial, shall be on notice to the prisoner, and shall [unless otherwise ordered] be supported by affidavit, or affirmation, stating where the prisoner is detained in custody, to what other custody it is proposed to remove him, and the reason for such change of custody

7 The Sheriff shall, as soon as possible after the arrest of any person under a warrant of arrest issued under the High Court's Criminal Procedure Act, bring up the body of such person before the Court to be dealt with according to law If the Sheriff shall fail to comply with this direction, or if, after he shall have complied therewith, it shall at any time be necessary that the prisoner should be brought up before the Court, the application for that purpose shall be supported by the production of the Sheriff's return of *Cepi Corpus* to the warrant of arrest The officer having the custody of the Sheriff's return shall cause the same to be produced before the Court on a requisition to him in writing

8 When an application is made under Rules 1, 2, and 3, to bring up before the Court a person in custody under a warrant to detain such person, a copy of the warrant under which he is detained, obtained from and authenticated by the signature of the person in whose custody the applicant is, shall be produced to the Court, or it shall be shown by affidavit, or affirmation, that it has been asked for and denied

9 The affidavit, or affirmation, required by Rules 1, 2, 3, and 8, shall be made by the person alleged to be in custody, unless it be shown that by reason of restraint, or coercion, or other sufficient cause, he is unable to make it, in which case it shall be made by some other person

10 In any case in which the Court shall order a person in custody to be brought either before it, or before a Court Martial, or before Commissioners acting under the authority of a commission from the Governor-General in Council, or to be removed from one custody to another, a warrant in writing shall be prepared and signed by the Registrar, or the Clerk of the Crown, and countersigned by the Judge who made the order, and sealed with the seal of the Court

11 Such warrant when issued under rule 5 shall be forwarded by the Registrar, or Clerk of the Crown, to the Officer in charge of the jail in which the prisoner is confined In every other case, the warrant shall, unless otherwise ordered, be delivered to the attorney of the applicant, who shall cause it to be served personally upon the person to whom it is directed, or otherwise, as the Court shall direct

12 The forms of warrant prescribed in the annexed schedule shall be followed with such variations as the circumstances of each case may require.

The Calcutta Gazette.

WEDNESDAY, AUGUST 16, 1876

PART IA

Orders and Notifications by the Government of India.

The following orders, issued by the Government of India in the Financial Department, are republished for general information —

No 1967 —*Simla, the* 31*st July* 1876 —*Notifications —Accounts* —The following Resolution is published for general information —

Read again—

The Estimates of the revenues and expenditure of British India in 1876-77

RESOLUTION —The embarrassment occasioned to the finances of this empire by the present disturbance in the relative values of gold and silver has, for some time past, been under the anxious consideration of the Viceroy and Governor General in Council, and His Excellency has been led by such consideration to the conclusion that it is now advisable to notify to the Local Governments the wishes of the Government of India in regard to those preliminary measures of retrenchment and economy which are necessitated by the immediate exigencies of the financial situation

2 It was a part of the budget arrangements of this year that the Secretary of State in Council should borrow in England £2,640,000 for the construction of extraordinary public works An incidental effect of that arrangement was to reduce, by the above mentioned sum, the amount that must otherwise have been raised by bills for the supply of the Home Treasury, and, according to the rate of exchange assumed in the estimates, viz Re 1=1*s* 8½*d*, to diminish the entry under *Loss by Exchange,* and improve the nominal balance of the year by Rs 45,00,000 Notwithstanding this and other advantages, the surplus revenue of the year was estimated at only Rs 14,40,000

3 It was calculated at that time that the supply of £13,660,000 to the Home Treasury by bills would cost Rs 15,99,20,000, and accordingly the sum of Rs 2,33,20,000 was provided under the adjusting head *Loss by Exchange* Subsequently however, to the publication of the estimates, the Secretary of State found it convenient to increase the amount borrowed in England to £4,000,000 The incidental relief to the estimates of the year from this source would thus be, if the rate of exchange could be calculated as before, Rs 68,30,000 The relief obtained may now be estimated at a much larger sum. In judging of the financial position and future prospects of the Government of India, it is necessary to bear this fact in mind

4 The sum to be raised in England having been thus increased, the amount to be supplied to the Home Treasury by bills during the year is now reduced to £12,300,000, of which £3,344,134 has been obtained to date by the sale of bills for Rs 4,06,10,000, the adjustment entered under *Loss by Exchange* being already Rs 71,68,660

5 It is at present impossible to frame any approximate estimate of the cost in rupees of supplying to the Home Treasury the sum of £8,956,446, which still remains to be raised by bills, but the Government of India cannot now expect that the whole entry under *Loss by Exchange* will not be largely in excess of the grant

6 Moreover, the prospects of the customs revenue are, by reason of the adverse exchange, unfavorable, the charge for interest will be increased for the increased amount borrowed in England, and the cost of the unprecedentedly large opium crop in Bengal is

expected to cause the expenditure under *Opium* to exceed the grant by about Rs 50,00,000, although there will of course be a corresponding addition to the opium in reserve

7 Altogether, the financial prospects give cause for such grave anxiety that the Governor General in Council deems it necessary to invite the earnest co-operation of the Local Governments and Heads of Departments in reducing, by every possible means, the threatened deficit

8 The authorities at the head of each department, whether administered by the Imperial or Local Governments, should therefore take prompt measures to stop all outlay of public money which is not absolutely necessary, or to which the Government is not committed, or the discontinuance of which will not cause disproportionate loss and waste An early report should be made to the Government of India in the Financial Department of the measures adopted for giving effect to these instructions, and of the saving which may be expected under each Government and in each Department The Governor General in Council will be unable to sanction any new expenditure that is not indispensable

9 The financial disorder which demands these measures is exclusively due to the recent rapid fall of the value of silver in relation to gold, and the consequent enhancement of the cost in silver of all payments in gold The Governor General in Council is not prepared at present to say what measures the Government of India may be compelled to take in order to permanently restore the financial equilibrium, but pending the adoption of such measures, it is incumbent on His Excellency in Council to warn all Local Governments that he may be reluctantly compelled to call upon them for sacrifices which, if requisite for the public welfare, those Governments will, he feels assured, be ready to accept in the loyal and generous spirit evinced by them on previous occasions of great financial pressure

10 The Governor General in Council has resolved, for the present, largely to reduce the expenditure on extraordinary public works, and, in regard to many of the measures which may be necessary to effect that object, he confides in the valuable assistance of the Local Governments

11 Moreover, the means at the disposal of the Government of India for granting loans to Municipal and other corporations, and to Native States or private persons, are, so long as the present state of things lasts likely to be limited, and therefore no application for such loans should be made or forwarded by any Government officer, except for purposes which admit of no postponement

No 1995 —*The 4th August* 1876 —*Pensions and Gratuities* —The Governor General in Council directs that the following be inserted as Rule 10 under Section 35 of the Civil Pension Code —

10 The pension, leave, and acting allowances of an officer transferred from qualifying service to service, whether acting or permanent, under a Native State, Municipality, or other body financially independent of the Government of India, are regulated by the rules which apply to officers of the Government of India Any saving arising from the absence of a permanent officer accrues to his employers

The following orders, issued by the Government of India in the Military Department, are republished for general information —

No 809 —*The* 1*st August* 1876 —The Right Hon'ble the Governor General in Council is pleased to notify, in supersession of Clause 1, paragraph 133 of the Regulations for the Volunteer forces in India, that the pay of the 1st Class Sergeant Instructors will in future be as follows —

Pay of Regimental Sergeant Major of Infantry as laid down in G G O No 96 of 1874—

	Rs	A	P
Ration money	8	9	3
Staff pay	37	0	0

This order will not affect present incumbents who may be drawing the consolidated rates fixed in the above paragraph

This order is applicable to the three Presidencies

No 813 —The following letter, received from the Right Hon'ble the Secretary of State for India, is published for general information, and all previous orders on the subject referred to are cancelled —

Military, INDIA OFFICE,
No 120 *London, 4th May* 1876

To

His Excellency the Right Hon'ble the Governor General of India in Council

PARA 1 Your letter No 16, dated 28th January 1876, inquires how the Indian furlough regulations are to be held to apply to British officers holding staff appointments in India seconded in their regiments

2 I consider that all British officers holding staff appointments in India necessitating their being seconded from regiments on the Indian Establishment, and officers appointed from regiments serving elsewhere than in India (whether seconded or not), should be placed in the same position, and that such officers should be allowed, during their five years' tenure of office, six months' leave on sick certificate, with absentee allowances regulated under the Furlough Rules of 1868, or leave on private affairs for four months, with British pay from Indian revenues Any leave obtained in excess of either of these periods will involve loss of appointment, and only one grant of leave out of India will be allowed

3 This decision should be published in General Order, in substitution of all previous orders on the subject

No 829 —*The 3rd August* 1876 —The following extract from List No 11, dated 7th July 1876, received from the India Office, is published for general information —

Granted extensions of leave

Captain T H Lewin, s c, 6 months, medical certificate

WEDNESDAY, AUGUST 16, 1876.

PART II.

Advertisements.

[N B.—Advertisements, Notices, &c , intended for insertion in this part of the Gazette, cannot be received after Noon on Monday]

NOTICE is hereby given that the undermentioned plots of land, no longer required by the Government, situated in the districts of Sonthal Pergunnahs, Chord line, will be put up to sale at the Muddapore Staging Bungalow at 12 o'clock on Tuesday, the 22nd August 1876, corresponding with 7th Bhaddro 1283, B S

The purchasers of these plots will be subject to the following conditions —

1st —If the amount of purchase-money does not exceed Rs 100 the whole amount to be paid down at once

2nd —If the amount of purchase money exceeds Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale

3rd —The plots will be sold revenue free to the highest bidders

4th —The purchasers shall be put in possession on receipt of the orders of the Collector confirming the sales But such possession shall be liable to be disturbed in case the final sanction of the Member of the Board of Revenue in charge should not be accorded to the proceedings

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division

RULES UNDER WHICH WORKS CAN BE EXECUTED IN THE DEHREE WORKSHOP

All parties requiring work to be done in the Dehree Workshops are requested to send full instructions as to dimensions and description of work required, in order to facilitate the preparation of designs and estimates If drawings of the work are already in existence, it would be better if copies of them were sent, the dimensions being plainly figured thereon

2 Government work done for Government officers will be paid for by transfer in the usual manner through the department for which the work is done Notice of completion will be sent to the indenting officers, whose instructions for forwarding the articles to their destination will be attended to

3 When extensive orders are given by private individuals, advances may or may not be required, at the discretion of the Superintending Engineer, before such work can be put in hand, but it is to be understood that all private work is undertaken for cash on delivery, and that credit will not be allowed

CHARLES FOURACRES,
Executive Engineer, Dehree Workshop Division.

F T HAIG, *Col*, R E,
Chief Engineer, Bengal Irrigation Branch.

J O N JAMES, *Assistant Surveyor-General.*

SURVEYOR-GENERAL'S OFFICE, Calcutta, 20th July 1876

FOREST DEPARTMENT, BENGAL

SUNDERBUN DIVISION

Revised Notice

Under Rule 11 of Rules for the better management of Government Forests in the Lower Provinces of Bengal, notice is hereby given that certain areas of ungranted waste lands situated in the Sunderbuns having been set aside as reserved forest tracts under the provisions of Act VII of 1865 by the several Government notifications published in the Calcutta and Government Vernacular Gazettes on the dates noted in the margin, revenue stations have been established at the following points, viz —

Notifications of 16th February, 5th April, and 10th August 1875, and 1st August 1876 published in the *Calcutta Gazettes* of the 17th February, 7th April and 11th August 1875, and 2nd August 1876 respectively

The same notifications translated and published in the Government Vernacular Gazettes of the 23rd February 13th April, and 17th August 1875, and 8th August 1876 respectively

Number	Name of station	Where situated
	Khoolna Divisional Office	*Khoolna, Jessore District.*
1	Lower Bhola River	Junction of Bhola and Puncassia River
2	Upper Bhola River	Ditto of Khurma Nuddee and Bhola River
3	Pussur River	Ditto of Pussur River and Mungla Nuddee
4	Bhuddur River	Ditto of Bhuddur River and Sootui Khal
5	Seepsa River	Ditto of Seepsa River and Dhaki Nuddee
6	Kayra River	Ditto of Kayra and Shakbaria Rivers
7	Cobaduck River	Ditto of Cobaduck and Arpungassya Rivers
8	Bussuntpur	Ditto of Jaboona River and Kalindi Nuddee
9	Issuripore	Ditto of Jaboona and Eshamuttee Rivers
10	Attarabanka River	Ditto of Roymungul and Attarabanka Rivers

at which those intending to enter the reserved forests for the purpose of removing timber, firewood, or any forest produce from within its boundaries, shall take out permits for such timber, firewood, or produce on prepayment of the forest dues in full to the Foresters in charge at the following rates, viz —

For sundri timber, 1 anna per maund, or Rs 6-4 per 100 maunds

For timber of any other description, fire-wood, or forest produce of any kind, except honey and wax, 3 pies per maund, or Re 1-9 per 100 maunds

The right to collect honey and wax within the reserved forest tract will be leased out annually in blocks All applicants for a yearly lease to collect honey and wax must submit written applications to the Deputy Conservator of Forests, Sunderbun Division, whose office is at Khoolna, in the Jessore district, stating the boundaries within which it is proposed to make such collection, and the amount the said applicant is prepared to pay for the privilege for one year

The entire right to collect honey and wax within the tracts farmed under an annual lease in accordance with the preceding clause will be reserved to such lessees, but in such portions of the reserved forest tracts as are not let under annual leases, entry to collect honey and wax will be granted under permits obtainable at any of the Forest Revenue Stations on prepayment of Re 1 per head for each person so engaging

BOUNDARIES

The boundaries of the Reserved Forest Tracts included in the Sunderbun Division are as follows —

North —From the Kalindi Nuddee eastward along the northern boundary of the ungranted portion of lot No 164, called Koekhali, to the Jaboona River, then down the Jaboona, then along the eastern boundary of the Kalonchi Abad, then the Moorgang, then the Aburi and Allooah Khals, then up the Eshamuttee River, then along the northern boundary of ungranted lot No 169, then the Chuar Gang, and then the Colputto River, to the Arpungassya River, across that river, the Golekhali, up the Shakbaria River, as far as its junction with the Kayra River, along the Kayra River from this point to its junction with the Mysolir Khal, along that khal, west of lot No 214 and north of lot No 215, to its junction with the Seepsa River, down the latter river to its junction with the Sootur Khal, along the whole length of the Sootur Khal to the Bhuddur River, down the latter river to its junction with the Laoddbe Khal then along the said khal to its junction with the Louta Khallee, throughout its length to the Pussur River, crossing the Pussur to the junction of Norachilla Khal, following its whole length, and crossing the Chachangang at its junction with the Chila Chandpie Gang, and along the whole length of the Khurma Nuddee to the Bhola River.

East—The Bhola River, the Bogee Khal, the Ballessur, and Hooringotta Rivers
South—The Bay of Bengal
West—The Kalindi Nuddee and the Roymungul River
These tracts of forests are divided into three blocks, namely—

No 1—The Shatkhira block
No 2—The Khoolna block
No 3—The Bagirhat block

The Arpungassya and Namood Sumoodur Rivers are the boundary dividing blocks 1 and 2, and the Pussur river forms the boundary between blocks 2 and 3

In the blocks Nos 1 and 2, which comprise the whole of that portion of the reserved forest tracts lying west of the Pussur River, no restriction whatever is placed on the removal of timber of all descriptions and dimensions, or any other forest produce, by the holders of permits obtained in the manner and under the conditions above prescribed

In block No 3, which is the whole area lying east of the Pussur River, the cutting, damaging, or removing of any sundri tree of less than 2½ cubits = 3 feet 9 inches in girth, measured at a height of 3 cubits = 4 feet 6 inches from the ground, is strictly prohibited, and with this exception, no restriction whatever is placed on the removal of any other descriptions of timber or forest produce by the holders of permits obtained in the manner and under the conditions above prescribed

Any one collecting, cutting, damaging, or removing timber or any other forest produce from or within the said reserved forest tracts, in violation of the terms of this and all or other notifications, will be prosecuted and dealt with according to Act VII of 1865 and the rules passed in conformity therewith for all Government forests within the Lieutenant-Governorship of Bengal

W JACOB,
Deputy Conservator of Forests, Sunderbun Division

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE COMMISSIONER OF THE BHAUGULPORE DIVISION FOR THE YEAR 1875-76

GENERAL DEPARTMENT —MISCELLANEOUS —No 2241

Calcutta, the 10th August 1876

READ—

The Annual Administration Report of the Commissioner of the Bhagulpore Division for the year 1875-76

THE Commissioner has written a report which contains much valuable information regarding the progress and administration of the division The Commissioner, as well as all the district officers, have now been long resident at their stations, and have made thorough and careful tours into the interior during the cold weather season. The reports submitted bear evidence of the local experience that has been thus acquired

2 The year opened with bright prospects and plentiful harvests, but the good promise with which the season began was not fulfilled The rainfall, generally speaking, was scanty, and came to an abrupt termination. There was anxiety about the failure of the crops, but fortunately, except in parts of the

Soopool sub-division of Bhagulpore, the failure was not considerable In Purneah the failure was not so great as has been expected In Monghyr the general outturn of rice was about an average crop In South Bhagulpore the crops were little, if anything, below the average, and the cold weather or rubbee crop was at least an average one all over the district The Sonthal Pergunnahs did not suffer Regarding these Pergunnahs the Deputy Commissioner, Mr Boxwell, writes—" I think this district is safe against any but extreme drought The bhadoi is nearly always good, the aughani rice is mainly grown in hollows where moisture lasts longest, irrigation is easy, cheap, and customary, and the population thin" The Commissioner adds that these remarks are applicable to that portion of the Bhagulpore and Monghyr districts which lies on the south of the Ganges There the deficiency on account of short rainfall is made up also by irrigation works which are kept up by the landholders to ensure the realization of their rents

3 In Soopool sub-division the winter rice harvest was a failure, but even here the tract where the crops were wholly destroyed was limited to an extent not exceeding 10 to 20 miles in depth below the Nepaul frontier From October last this sub-division was divided into beats, each placed under a Sub-Deputy Collector or Canoongoe, whose duty it was to travel over his circle, and look out for and notify any signs of distress at the same time zemindars were called upon to assist their own people, the Durbhanga Raj, which is under the administration of the Court of Wards, setting an example in this respect During March the Durbhanga Court of Wards was giving charitable relief to some 350 persons and had opened several works upon the Narridigur estate, one or two tanks had also been commenced by private individuals The latest returns show that in July the number of persons receiving charitable relief from the Durbhanga Raj amounted to 344 persons. At no period has the distress been such as to create special alarm or uneasiness, and in all cases where distress was manifest, it has been promptly relieved The price of grain, it is reported, has been moderate in consequence of the large influx of food into the affected area and into the neighbouring district of Tirhoot

4 Cholera appears to have been worse than usual in the Bhagulpore Division during the year In other respects, the ordinary material condition of the people is described as having been unaffected by climatic or other influences Purneah is the most prosperous of the districts, the rent paid for land is low, there is excellent pasturage, and the population does not press unduly on the land That the people there are not impoverished, is proved by the fact that out of five lakhs advanced to them in 1873-74, all but half a lakh of rupees has been repaid into the Government treasury Little or no success attends the efforts that are made to encourage emigration No emigrant coolies at all were registered during the year from Purneah, from Bhagulpore only 61 persons, from the Sonthal Pergunnahs 299 persons, and from Monghyr 1,592 persons, almost all destined for the tea districts The returns from Monghyr only are in any degree satisfactory The Lieutenant-Governor considers that credit is due to Mr Lockwood for the active interest he has taken in encouraging emigration

5 The Commissioner has included in his report an interesting chapter regarding manufactures Indigo cultivation in the Purneah district, as is well known, is conducted on a sound and healthy basis and continues to prosper. Nearly all the planters in this district are gentlemen whose families have lived in the district for years, and whose presence is familiar to the ryots and the native landholders In the other districts, especially in Bhagulpore, it appears that the industry is not so prosperous The observations of the Collectors of Monghyr and Bhagulpore, and of Mr Craven, the Sub-Divisional Officer of Kissengunge in Purneah, regarding the local manufactures of iron, pottery, jute, and paper are duly borne in mind by Government. The Commissioner, at the close of this section, proceeds to say that no mines are worked in the division, but it is understood that there are important stone quarries at Oodooa nullah in Rajmehal and elsewhere in the Sonthal Pergunnahs, and the Lieutenant-Governor considers that some notice should have been taken of these in the report.

6 During the year under report, the export trade of the division is believed to have been less than in ordinary years At Soopool, in lieu of the usual exports, matters were reversed, and a large import in food-grain was carried on A considerable amount of rice was taken to Soopool from the Muddehpoorah sub-division, and grain of all kinds was imported from Khagureah on the mouth of the Chota Gunduck in the Monghyr district

7 In compliance with a request of the Lieutenant-Governor's in the Resolution on last year's report, Mr Barlow has caused an enquiry to be made regarding the relative importance of Rajmehal and Sahebgunge as centres of trade Rajmehal, it appears, has all the cross-Ganges traffic by Maldah, Dinagepore, and Rungpore, while Sahebgunge is the point of departure for trade from the railway to the northern districts of Purneah, Julpigoree, and Darjeeling There is therefore no competition between Sahebgunge and Rajmehal competition, where it exists, lies between Sahebgunge and Peerpointee, and this year a number of passengers for Darjeeling have taken the latter route For goods, however, the route is determined by the accommodation provided by the Railway Company, and it is understood that only an extraordinary change in the river channel would induce the Company to divert the traffic from Sahebgunge to Peerpointee

8 The trade between Nepaul and the frontier has now been registered since October last, but it is premature at present to enter upon a review of this traffic It is remarked by the Commissioner that the Nepaulese Government levies duties on all exports by means of chowdharies who are stationed along the frontier on the principal trade routes, and that import duties are also usually, but not invariably, levied

9 Under the head of "Public feeling on general or special subjects," Mr Barlow reviews the principal causes of uneasiness among the people in the Sonthal Pergunnahs These are stated to be (1) the rent question, (2) religious movements Progress has been made towards setting the former at rest by the settlement operations, and the irritation, or rather the ill-feeling that the Sonthals bore against their landlords, is now more or less in abeyance The settlement operations have been constantly and closely watched by Government, and the subject will be separately reviewed in connection with the Commissioner's settlement report As regards the religious movement, the Lieutenant-Governor is glad to see that there has been no widespread excitement during the past year This result is to be attributed to the precautionary measures which were taken in 1875 a detachment of the regiment stationed at Bhagulpore is still located at Nya Doomka, the head-quarters of the Sonthal Pergunnahs district

10 The new Chowkidaree Act was introduced into the districts of Monghyr and Purneah within the year Mr Barlow hopes that the new arrangements will be—and assures the Government that every effort will be used to ensure that they shall be—a beneficial change from the old system The Lieutenant-Governor observes that the Magistrate of Purneah in particular is exerting himself to make this important administrative measure a success. The working of the Subordinate Executive Service is favorably reported on Mr Lockwood, the Magistrate of Monghyr, who is a highly competent authority, reports that "the appointment of Sub-Deputies has been of great benefit to the country generally, and to officers in charge of sub-divisions particularly." He adds that "there never was a better method of getting fairly good work done economically" In the same way, Mr Taylor, the experienced Magistrate of Bhagulpore, expresses his opinion —"I have found these men, as a rule, very useful, and, with their assistance in special work, I have been able to get on without any special establishment They have been constantly on the move and have given every satisfaction" The Lieutenant-Governor is glad to hear so good an account of the Bhagulpore Sub-Deputy Collectors, and will consider, in the Appointment Department, whether any action can be taken on the Commissioner's remarks recommending them for favourable consideration and promotion

11 Regarding the bench system, Mr Barlow is clearly of opinion that the mofussil benches of Honorary Magistrates have not succeeded well throughout the division, and he recommends the constitution of independent benches, as they seem to exhibit more vitality The subject, however, is

not free from difficulty, especially in regard to the selection of members for independent benches, and the Lieutenant-Governor, though he will gladly encourage the establishment of independent benches, wherever possible, is obliged to rely on the cordial co-operation of the stipendiary Magistrates for the further diffusion of the bench system The constitution of independent benches will follow the successful working of the present system, when a sufficient number of competent Honorary Magistrates shall have acquired the necessary training and experience

12 The Lieutenant-Governor regrets that, except in the Monghyr district, but little progress has been made in the collection and acquisition of statistics The Government garden at Monghyr continues in a satisfactory condition The Monghyr Museum has been remarkably successful It was opened in September last and is now full, containing an unique collection of local manufactures and other products Mr Lockwood, the Collector, takes the keenest interest in the natural history and productions of his district

13 Criminal cases have decreased during the year under review, but civil litigation has increased The observations of the Commissioner regarding the administration of civil justice will be communicated to the High Court

14 The condition of landholders generally in the division is described as most unsettled "Considerable changes," writes Mr Barlow, "may be expected The old houses are heavily involved many of them have already been sold up, and others are gradually breaking up, owing to mortgages being foreclosed or sales being concluded, and new blood, chiefly of the mahajan class, is being infused into the zemindars I have no doubt that, as time goes on, we shall see, except perhaps in the largest estates, a new set of zemindars comparatively free from indebtedness, and bestowing more personal attention upon the management of their estates than the old ones could do" These changes, actual or prospective, in the proprietary tenure of the land cause much regret to the Lieutenant-Governor The relationship between landlord and tenant is upon the whole quiet, though occasionally facts come to notice which show that events happen which provoke discontent and require careful watching The farming system is extensively in vogue in the Bhagulpore district, and illegal attachment and seizures of crops are common It is the practice, when the crops are ripe, to send a peon or *sowar* to lay an embargo thereupon until the claims of the landlords are met This practice was brought prominently to notice during the course of the enquiries regarding scarcity in Soopool The evil has dated for years back, and has become a custom, so that the villagers submit without complaint But the practice is manifestly illegal, and zemindars and others have been warned that the law of distraint imposes conditions that cannot be disregarded The Lieutenant-Governor expects that this practice will be gradually stopped

15 The working of the Excise Department during the year was satisfactory Together with an increase of revenue, the consumption of spirits, which gives nearly half the revenue, has decreased

16 The circulation of currency notes is increasing, and the use of notes is every year becoming more popular among natives The transactions at the Purneah treasury are the largest, the receipts amounting to nearly eighteen lakhs of rupees in the year There is a small increase in the number of deposits in the Government Savings Banks, the money order transactions show a considerable falling off in all the districts

17. The communications and roads of the division have not been greatly improved during the year The roads constructed as relief works during the late famine have partially opened out a large extent of country previously difficult of access, but a great deal remains to be done before the roads are properly finished The village roads are said to have been carefully attended to by the Road Cess Committees

18 The attempt to introduce the payment-by-result system into the village schools appears to promise well, and Mr Barlow reports that there has been an improvement in primary education during the year, and that he expects much further improvement

19 The Education Committee at Monghyr is always well attended, owing to the warm interest Mr Lockwood personally takes in matters relating to education Similarly, Monghyr deserves special commendation for its

municipal administration. "Of all the municipalities," writes the Commissioner, "this is the most successful and useful, and I attribute its success to the public spirit of the Chairman. This officer is a staunch supporter of all public institutions and measures, and is always regular in his attendance at all sorts of meetings " The most active members of the Monghyr Municipality are Messrs. Dear and Thomas, General Murray, Dr Nicholson, Major Waller, Baboo Gunga Persad, and the head-master of the zillah school The township of Deoghur, where Mr Wilmot is the sub-divisional officer, also deserves special mention.

20. In Monghyr the only Court of Wards' Estate is Khurruckpore, belonging to the Durbhanga Raj This estate is flourishing, and the rents have of late been nearly doubled, owing to the irrigation works which are now complete. In Bhagulpore all the estates under the management of the Court belong to the Durbhanga Raj the system of letting the land out to speculative farmers has been discontinued, and direct management introduced In Purneah the most important Wards Estate is pergunnah Dhurrumpore, belonging to the Durbhanga Raj Direct management is in force here also. In the Sonthal Pergunnahs the estates are nearly all ghatwalee tenures, and are much hampered by debt and litigation.

21. Inquiries have been made during the past year, and previously, with a view to establish some kind of forest conservancy in the Government estate of Damin-i-koh in the Sonthal Pergunnahs, and it has at last been determined to reserve a small tract of about 40 square miles of sâl forest The situation of this tract is peculiarly favorable, it being within 25 miles of the East Indian Railway, with facilities of transport by water to the railway A notification declaring this tract a reserve has already appeared in the *Gazette* The Lieutenant-Governor has been unable to agree to the Commissioner's proposal that the reserve should not be made over to the Forest Department, but at the same time it has been explained that the penal clauses of the Forest Act and Rules should not be brought into immediate operation It is the Lieutenant-Governor's wish that the fullest consideration should be given to whatever private rights may exist within the tract

22 The Commissioner reports that in some cases the landlords are reducing themselves to the position of annuitants on their estates by giving leases to middlemen who are not accustomed to show as much consideration towards their tenantry, as would be shown by a resident proprietor The Lieutenant-Governor is, however, glad to notice the following names of zemindars who are mentioned with commendation —Maharajah Sir Joymongul Singh, K C S I, Rajah Hurbullubh Narain Singh, Shah Abdool Hossain, Khan Bahadoor, Baboo Ram Narain Singh, Baboo Luchmee Narain Singh, Baboo Nilcant Persaud, Shah Wajeed Ally, and Baboo Gunga Persaud, all in the Monghyr district, Rai Norendro Narain Singh Bahadoor, Rai Rooder Narain Singh Bahadoor, Mussamut Soondree Dasee, and Mrs F Bowers, in the Bhagulpore district

By order of the Lieutenant-Governor of Bengal,

H J S COTTON,

Junior Secretary to the Govt of Bengal

RESOLUTION ON THE ANNUAL REPORT OF THE CHITTAGONG PORT FUND FOR THE YEAR 1875-76

GENERAL DEPARTMENT —MARINE —No 2245

Calcutta, the 11th August 1876

READ—

The Annual Report of the Chittagong Port Fund for the year 1875-76

THE Lieutenant-Governor regrets to observe that the prospects of the Chittagong Port have not improved during the past year There has been a decline in the receipts under all the headings of the port revenue, except in the revenue derived from mail steamers, which shows a small increase of Rs. 1,086-3 in consequence of a new line of communication having been opened between Chittagong and the Straits Settlements A detailed statement of the receipts and charges on account of the Chittagong Port Fund for 1875-76 has been published in the *Calcutta Gazette* of the 12th July last An abstract of the financial position is as follows —

Receipts	Rs	A	P	*Disbursements*	Rs	A	P
Balance on 31st March 1875	60,364	6	1	Disbursement of 1875 76 as per detailed statement already published	63 105	0	4½
Money invested in Promissory Notes	27,800	0	0	Balance on 31st March 1876	31,886	8	0½
Add collection on account of 1873 74	4,178	10	6	Money invested in Promissory Notes	27 800	0	0
Add collection on account of 1874 75	5,803	11	5				
Receipts of 1875 76 as per detailed statement already published	24,644	17	5				
Total	1,22,791	8	5	Total	1 22,791	8	5

2 The expenditure is very heavy there is an increase of "Charges by Public Works Officers" of Rs. 26,663-9-1 on account of advances in England for materials for the new screw-pile jetty, while an increase of Rs 16,064 under "Dockyard charges" represents the cost of constructing and fitting two pilot cutters for the port

3 Although Chittagong was declared a port as early as 1822, but little is known of the earlier history of its trade From the statement below, compiled for the last ten years, it will, however, be seen that of recent years the trade of the port has been considerable, and that, from 1866-67, it developed steadily until 1873-74, when the total value of the trade rose to more than one crore of rupees Since then the trade of the port has rapidly fallen, and during the past year the value of the trade was little more than one-half of what it was in 1873-74 —

Comparative Statement showing the value of Goods exported and imported during the ten years from 1866-67

YEARS	Total number of vessels	Total tonnage	Total value of trade	Total receipts of port dues	Total disbursements	Profit	Loss
			Rs	Rs	Rs	Rs	Rs
1866 67	619	59 842	95 43 036	14 125	22 551		8 426
1867 68	705	60 865	28 30 066	14 343	10 754	3 589	
1868 69	729	71 430	86 55 802	16 425	14 438	1 987	
1869 70	1 104	82 140	66 52 [illegible]	21 100	13 7,0	7 321	
1870 71	987	71 183	75 21 248	17 342	23 0 5		6 683
1871 72	979	81 307	70 83 720	18 924	13 546	5,378	
1872 73	1 473	124 344	97 47 788	29 456	12 924	16,532	
1873 74	1 893	116 345	1,08 21 360	33 841	23 930	9 911	
1874 75	1 923	116 774	77 30 211	36 9[illegible]	25 982	10,974	
1875 76	1 773	94,839	58,85 508	24 645	63 105		38 460

c

4. The number and tonnage of all classes of vessels that frequented the port of Chittagong during 1874-75 and 1875-76 are exhibited in the table below .—

PARTICULARS	1874 75		1875 76		Increase in tonnage	Decrease in tonnage
	Number	Tonnage	Number	Tonnage		
European vessels direct from Europe	16	10 840	8	5 137		5 703
Ditto foreign trade	33	14 338	18	7 528		6 810
Ditto coasting trade	12	6 645	10	4 922		1 723
Chittagong vessels	64	14 945 6	56	12 282 7		2,662 9
Other native vessels	10	2,454 7	4	1 097 7		1 357
Naraingunge inland trade	40	3 967 8	40	3 511 9		455 9
Mail steamers	52	28 228	73	34 000	5 863	
Trading steamers	27	7 644	1	201		7 443
Ballam boats	1 669	27 711	1 563	26 069		1 642
Total square rigged vessels, steamers and boats	1 923	116 774 1	1 773	94 839 3	5,863	27,796 8

5 The decrease in European vessels frequenting the port direct from Europe is owing in a great measure to the large stock of salt remaining on hand which checked importation.

6 The export trade of Chittagong is confined to supplying Ceylon, Mauritius, &c , with rice. There is no direct trade with England, as the only article of merchandize is rice, which is too costly to pay for export to England The decrease in the rice trade during the year is attributed to the partial failure of the rice crop from heavy rains in July, and also to a dispute at a critical moment between the merchants and the grain-sellers whether grain should continue to be sold by measure as heretofore, or should be weighed The total yearly export of grain from Chittagong since 1871-72 has been as follows —

	Tons	Rs
1871-72	56,601	23,38,212
1872-73	103,711	41,14,066
1873 74	71,686	44,30,218
1874-75	45,072	26,43,440
1875-76	26,335	15,13,426

There is no doubt that the exports during 1872-73 and 1873-74 were exceptional, and though it may be believed that during the past year the trade was abnormally depressed, there is but little hope of the port becoming again as prosperous as it has been during the years immediately preceding the present time

7. The greater part of the Commissioner's report is accordingly devoted to a consideration of the prospects of the port in its present altered condition. Various proposals are made, and suggestions offered, some of which are of great importance They cannot, however, now be considered by the Lieutenant-Governor It has always been recognised that an annual report should be a record of actual transactions during the year, and not a mere channel for introducing new proposals, and the Lieutenant-Governor is obliged to point out to the Commissioner that the numerous important questions which are noticed by him should form the subject of a separate reference, if they are to be taken up effectually

8 It is sufficient to say now that the Commissioner advocates a wise policy of retrenchment In his own words, looking to the present condition of the port, he does not consider it advisable to expend the money proposed to be expended on a screw-pile jetty, a bonded warehouse, or a buoy vessel, but in order to extend the trade of Chittagong, he advocates the development of communication with Naraingunge and Eastern Bengal to the north, and the country bordering on the Naaf river to the south, while at the same time he would encourage shippers to frequent the port by the erection of light-houses at suitable points to render navigation safe and easy The Lieutenant-Governor will pass orders upon all these questions, when they are separately submitted, in the proper departments concerned

By order of the Lieutenant-Governor of Bengal,

H J S COTTON,

Junior Secy to the Govt of Bengal.

REVISED CLASSIFICATION OF PAYING PATIENTS IN THE BHOWANIPORE LUNATIC ASYLUM

No 2630, dated Calcutta, the 14th August 1876

From—R L Mangles, Esq., Officiating Secretary to the Government of Bengal,

To—The Surgeon-General, Indian Medical Department

I am directed to acknowledge the receipt of your letter No 539, dated the 11th ultimo, submitting a report from Dr Payne, the Superintendent of Insane Asylums at the Presidency, on the working, during the six months from the 1st January to the 30th June last, of the revised system of classifying paying patients which has been introduced into the Bhowanipore Asylum as an experimental measure under orders issued by Government in December 1875.

2 The chief feature of this revised classification has been the formation of an intermediate class of paying patients Until December last there were only two classes of such patients in this asylum—one, the first-class, paying Rs 100 per mensem, and the other, the second-class, paying Rs 30 per mensem The Superintendent, Dr Payne, considered it very desirable that there should be an intermediate class, because the difference between the monthly charges for the existing classes was too great to suit the circumstances of all the paying patients in the asylum, and because the friends of many of those in the second-class would probably be willing to contribute an additional reasonable sum to secure to their unfortunate relatives or friends some additional comforts in an intermediate class Dr Payne, however, anticipated some difficulties in introducing the proposed change, owing to the buildings of the asylum not affording means of separate accommodation for another class of patients

3 After a further reference to yourself and Dr Payne on the subject, and on a consideration of the fact that the sum of Rs 30 paid in the lowest class had for years past been insufficient to cover the actual expenses incurred for the maintenance and care of the patients, that it was really necessary in the interests of some of the patients to establish an intermediate class, and also that it was necessary to raise the charge in the highest class, both to cover the cost incurred on account of the patients in that class, and, if possible, to provide them with additional care and comforts, the Lieutenant-Governor determined that there should be three classes of paying patients in future, and that patients in each class should pay the following sums —

	Rs
First class	150
Second class	80
Third class	45

This revised classification was directed to be introduced as an experimental measure for six months

4 The Lieutenant-Governor is glad to learn, from the report which has now been submitted, that this revised system of classification has worked very satisfactorily, that the patients and their friends have accepted it gratefully, and that the funds of the asylum have benefited by its introduction

5 The difficulty in connection with the want of sufficient accommodation, which was apprehended, has not been experienced, and the Lieutenant-Governor is glad to observe that Dr Payne is now of opinion that it is probable no such difficulty will arise

6 I am now to convey to you an expression of the Lieutenant-Governor's satisfaction at the success which has attended the experimental introduction of the new system, which is very creditable to Dr Payne, and to inform you that His Honor sanctions its continuance as a permanent arrangement

7 In respect to the proposal made by Dr Payne to raise the charge for first-class patients from Rs 150 to 200 per mensem, on the ground that the former sum does not meet the cost of the conveniences, comforts, attendants, &c, provided for the patients in that class, and that the patients have the means of paying a larger monthly sum, I am to say that the Lieutenant-Governor concurs with you in considering that any fixed enhancement of the present charge is undesirable. As recommended by you, however, the Lieutenant-

Governor will have no objection to the Superintendent of the Asylum fixing, under the authority of the visitors, and subject to report to Government, a rateably higher charge up to a limit of Rs 200 a month in special cases, in which patients who have sufficient means, or friends who are willing to bear the additional cost, may desire or require extra comforts, attendance, &c

---

No 539, dated Fort William, the 14th July 1876

From—DR J F BEATSON, Surgeon-General, Indian Medical Dept,

To—The Secretary to the Government of Bengal, Judicial Department

RECALLING preceding correspondence on the subject of the classification of paying patients in the Bhowanipore Lunatic Asylum, and with special reference to your No 3910 of 22nd of December last, conveying the final orders of His Honor the Lieutenant-Governor that from the 1st of January of current year there should be three classes, paying respectively Rs 150, 80, and 45 per mensem, I have now the honor to submit the report* of the Superintendent upon the working of the new arrangement

* With memorandum No 1568 of the 8th instant, from the Deputy Surgeon General, Presidency Circle

2 It is shown to be very satisfactory, the patients accepting it gratefully, and the asylum funds benefitting at the same time, while the difficulty about separate sufficient accommodation, anticipated as probable, almost certain, has not hitherto been experienced, and Dr Payne is sanguine that it may not be in future a source of trouble

3 I do not recommend any fixed enhancement of the charge for first-class patients, considering the sum fixed by His Honor to be the happy mean, but it might without injustice be advanced in *special* cases, of which the Superintendent could himself judge, and under the authority of the visitors, or of Government, fix a rateably higher charge I believe such cases as have come under observation in the period now under review are very exceptional ones, and that therefore the additional 25 per cent would be found embarrassing, if not prohibitory, in the vast majority of instances, though in parallel ones hereafter the augmentation might be quite reasonable and easily met

---

No 1568, dated Calcutta, the 8th July 1876

Memo. from—R COCKBURN ESQ, Deputy Surgeon-General, Presidency Circle,

To—The Secretary to the Surgeon-General, Indian Medical Department

FORWARDED for the information of the Surgeon-General, with reference to his office memorandum No 6854A, dated 30th December 1875

Letter No 226, dated 5th July 1876 from the Superintendent Lunatic Asylum at Bhowanipore, submitting report on the working of the new system in the classification of paying patients in the Bhowanipore Asylum

---

No 226, dated Fort William, the 5th July 1876

From—SURGEON-MAJOR A J PAYNE, M D, Superintendent, Lunatic Asylums at the Presidency,

To—The Deputy Surgeon-General, Presidency Circle

IN Government letter to the Surgeon-General, No 3910, dated 22nd December 1875, provisional sanction was given to certain changes proposed in the classification of paying patients in the Bhowanipore Asylum, and the charges to be made for them, and a report on the working of the new system was called for, to be submitted after the expiration of six months from the introduction of the change This order was communicated to me by Surgeon-General's memorandum No 6854A, dated 30th December 1875, and your office memorandum No 5209 of 31st idem, and, in accordance with it, I have now the honor of reporting as follows

Between the 1st January and 30th June 1875 there was received on account of paying patients in total amount Rs 1,717-2-6

During the same period in 1876 the receipts amounted to Rs 3,744-2-6

The increase is partly accidental, being in some measure due to variations unconnected with the change, but it is nevertheless true that some persons who would otherwise have paid only Rs 30 for the maintenance of their relatives are now paying Rs 80 without complaint, while the cases of two women having estates in the Administrator General's hands are brought within the rules as second-class patients No additional outlay has attended the alteration

The difficulty which would arise in respect of separate accommodation in the event of unusual demand for admission has not presented itself hitherto, and need not I think be further urged.

Two persons have lately been received as first-class patients In both instances there can be no doubt that the payment of Rs 150 per mensem was inadequate, and I cannot resist the conclusion that it will be so in all future cases I await orders as to whether this charge should not be Rs 200 in future, the other conditions being as proposed in my No. 447 to your address, dated 30th November 1875

Of the second-class, I think it must be said that the change has been advantageous in every way It has led to satisfactory arrangements with people who could scarcely afford the Rs 100 formerly charged for the first-class, and would have been driven to the old second on Rs 30 I am at the present time in correspondence regarding a case of the kind, where, from the tone of the letter received, it is evident that the only difficulty will be adjusted in this manner

And of the third-class on Rs 45 per mensem there is nothing further to be said than that it has been introduced without hinderance of any kind A more appropriate payment has been levied, though still a low one, as compared with the general hospital charge, and the State has profited to the full amount of the difference

I submit therefore that the alteration is in my judgment an improvement I would suggest enhancement of the highest charge from Rs 150 to Rs 200, and I would leave the other classes as they are It is true that the difference between Rs 200 and Rs 80 is large, and may in appearance reproduce an objectionable feature of the old classification, but the cases are not parallel The means of those who will now use the first-class accommodation are separated by a very wide interval from the others There is no large intermediate class of the community who will be perplexed between payment which they cannot afford and position which they will not accept, as was the case under the former system

With these facts and suggestions, I leave the matter for consideration to the Surgeon-General and the Government

---

THE HON'BLE MR J B PHEAR'S RESIGNATION OF THE APPOINTMENT OF CHAIRMAN OF THE CENTRAL COMMITTEE, ECONOMIC MUSEUM

FINANCIAL DEPARTMENT—INDUSTRY AND SCIENCE

Calcutta, the 15th August 1876

READ—

A letter from the Secretary to the Central Committee, Economic Museum, No 998, dated the 3rd August, intimating that the Committee have elected Mr J A Crawford, C S to be Chairman of the Committee, in succession to the Hon'ble J B Phear, who has resigned the appointment of Chairman in consequence of his departure from India

THE Lieutenant-Governor, in accepting the Hon'ble Mr Phear's resignation of his appointment as Member and Chairman of the Central Committee of the Economic Museum, desires to place on record this acknowledgment of the eminent services which Mr Phear has rendered as Chairman of the Committee, a post which he has filled since the Committee was first appointed in April 1874

2 The establishment of the Economic Museum was originally proposed to the late Lieutenant-Governor by Mr Phear, and in determining the constitution of the Central and Local Committees, and the plan of their work, Sir George Campbell was much assisted by Mr Phear's suggestions Since then, the progress which has been made in carrying out the objects with which the Committees were appointed has in a great measure been due to the unremitting attention which Mr. Phear, in the midst of other numerous and important avocations, has given to the work of the Museum Among the many claims to grateful remembrance which Mr Phear has left in different departments of the public service, and in the various scientific and philanthropic associations with which his name has been connected, not the least prominent claim, the Lieutenant-Governor believes, will arise from the interest which Mr Phear has displayed, and the labour he has bestowed, in promoting the welfare of an institution which has so important a bearing on the material developement of Bengal as the Calcutta Economic Museum

By order of the Lieutenant-Governor of Bengal,

H. J REYNOLDS,

Offg Secy. to the Govt. of Bengal.

RESOLUTION ON THE DISSOLUTION OF THE CENTRAL RELIEF COMMITTEE

SCARCITY AND RELIEF DEPARTMENT

Calcutta, the 14th August 1876

READ—

A letter No 534 of the 25th July 1876, from the Secretary to the Central Relief Committee, submitting the final report of the Executive Committee

WHEN it became evident that the deficiency in the rainfall of 1873 would inevitably produce widespread scarcity and distress throughout Behar and Northern Bengal, a public meeting was held in the Town Hall on the 4th of February 1874 to discuss the question of the measures to be adopted for administering charitable relief in the distressed districts The late Viceroy presided A general Central Committee was appointed, and they subsequently proceeded to elect some of the most influential gentlemen of Calcutta to form an Executive Committee To the decision of this Committee were referred the allotment of funds to the more distressed districts, the various modes of relief to be afforded, the administrative details of the agency to be employed, the collection of subscriptions, and all matters connected with those subjects Subscriptions and donations were voluntarily and liberally offered towards the formation of a Central Relief Fund The objects of this fund were notified to the general public on the 4th March 1874, the mode in which the Committee's operations had been conducted, and their result, have been briefly explained in the report quoted at the head of this Resolution, and need not be recapitulated, as the report has already been published in the *Gazette* It may be sufficient here to mention that, besides the grants assigned to District Committees for the purposes of relief, the Central Committee have made several direct grants to charitable institutions and private persons for special and miscellaneous purposes with a view to the relief of distress

2 The balance of money left in the hands of the Executive Committee at their last meeting on the 22nd July was Rs 1,16,252-3-8 Out of this sum the Committee have allotted Rs 10,000 to the Goruckpore Orphanage for the support of the orphans received there during the famine A sum of Rs 56,000 will further be invested and made over to the District Charitable Society, the income accruing therefrom to be expended in the relief of distressed Natives and Europeans in Calcutta The balance of Rs 50,000 has been set aside for the Home for destitute female orphans in Calcutta, at present connected with the American Zenana Mission Rs 40,000 to be expended in the purchase of a suitable building, and Rs 10,000 to be capitalized, and the income accruing therefrom to be spent in keeping the building in repair For the administration of this last-named grant of Rs 10,000 the Committee have now asked that the Government will act as Trustee of the Fund, the Government have accepted this offer The Lieutenant-Governor will arrange that the Commissioner of the Calcutta Police and the Accountant-General for the time being shall be the trustees, and that the fund shall be entered on the Accountant-General's books as a Trust Fund The Government Solicitor will hereafter be requested to draw up the Deed of Trust

3 The purposes for which the General and Executive Committees were appointed having been fulfilled, these bodies are now dissolved The Lieutenant-Governor desires to take this opportunity of cordially acknowledging the value of the services they have rendered to the suffering districts, and of thanking them for the disinterested zeal they have displayed in carrying out the object for which they were formed

By order of the Lieutenant-Governor of Bengal,

H J REYNOLDS,

Offg Secy. to the Govt. of Bengal.

Rainfall, Weather, and State and Prospects of the Crops

Statement showing Rainfall Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 12th August 1876

Division	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops and state of health at date
BENGAL.				
		Western Districts		
Burdwan Divn	1	Burdwan Aug 14* 76	59	No rain has fallen at Culna during the week At Cutwa it has been 4 55 inches at Bood bood 2 67 inches, at Raneegunge 1 54 inches and at Jehanabad 1 60 inches Transplantation of *amun* is nearly completed Some low lands on the banks of the Bhaghirutty have been flooded
	2	Bankoora, „ 12, „	2 84	Weather—Seasonable Rain fell all over the district Transplantation of *amun* is nearly completed
	3	Beerbhoom „ 12 „	3 59	Weather—Seasonable Nearly all the late rice has been planted, and if the rains continue, there is every prospect of a good crop
	4	Midnapore „ 12 „	1 76	Weather—Fine, with occasional showers There is very little prospect of a crop on the lowest lands which are still under water elsewhere the prospects are good The last mulberry crop in the south east of the district has turned out very good
	5	Hooghly, „ 12 „	61	Weather—Sultry The rainfall has been unequally distributed, being slight in Hooghly and very heavy in Bolagur and Pundooah Transplantation of *amun*, or late rice is still going on About one eighth of the *amun* land remains to be cultivated *Aous*, or early rice is in ear in some places *Amun* already transplanted, ginger, turmeric and other crops on the ground, are generally doing well Jute and *sun* are being reaped Public health is fair
		Howrah, „ 12 „	1 49	The weather has been much less rainy than in the last week which is favourable to the crops for there is, if anything rather too much water on the fields People are beginning to reap a very fine crop of early rice
		Central Districts		
Presidency Divn	6	24 Pergunnahs Aug 14,† 76	5 26	Weather—Seasonable Prospect of the crops continues good Ordinary fever as usual in this season, is getting prevalent
	7	Nuddea „ 12, „	1 55	Weather—There have been fine sunny days, and the rainfall has been much less than in the previous week The rice crops continue to be very promising The early rice is being harvested The sudden rise of the rivers combined with the late heavy rain has done much mischief to the early rice crop on the low lands, and caused much damage to the Chooadangah embankments These embankments are, however, safe up to the present, except one of little importance
	8	Jessore „ 12	1 21	Weather—Seasonable The rice crops are excellent The indigo crop has been much injured by the rains
	9	Moorshedabad, „ 12, „	2 03	Weather—Cloudy at the beginning but bright towards the end of the week The rising of the rivers has done some slight damage to both the *aous* and *amun* crops at some places of the head quarters Lalbagh and Jungipore, elsewhere the prospects of the crops are good The prices of rice are very steady Public health is generally fair
Rajshahye Divn	10	Dinagepore „ 11, „	2 69	Weather—Sometimes oppressively hot Heavy rain fell on the 10th instant The fall at Roygunge has been registered 4 06 inches The crops are favourable in all respects
	11	Maldah, „ 12, „	1 57	Weather—Cloudy, with occasional sunshine, and showers of rain intervening State and prospects of the crops are exceedingly good
	12	Rajshahye, „ 12 „	76	There has been moderate rain throughout the district The condition of the rice crops is flourishing and there is every hope of an abundant harvest *Kaun*, *aous*, and jute, are being harvested No sickness is prevalent
	13	Rungpore, „ 11, „	2 85	Weather—Close There has been plentiful rain during the week At Kurigram it has been 2 47 inches, at Bagdogra 6 6 inches and at Gaibanda 6 18 inches Transplanting operations are vigorously proceeding
	14	Bogra, „ 12, „	2 30	Weather—Fine for the greater part of the week The crops are well reported of from all the thanas Fever is prevalent to some extent
	15	Pubna, „ 12, „	1 08	The latter part of the week has been fine Four inches of rain fell at Serajgunge State and prospects of the crops are good The *aous* harvest is progressing rapidly, and the outturn is said to be satisfactory

* Telegram of the 14th August, received on the same day, shows rainfall during the seven days immediately preceding

† Report of the 14th August, received on the same day, shows rainfall during the seven days immediately preceding

Division	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BENGAL—(Contd)				
		Central Districts—(Continued)		
COOCH BEHAR DIVN	16	Darjeeling, Aug. 11, '76	3 24	There has been enough, but not much, rain during the week All the crops throughout the district are doing well The early rice is ripening, and the greater part of the winter crop has been transplanted
	17	Julpigoree, " 12, "	7 48	Weather—Alternate fine and rainy days The late rice has been planted out, except in some portions of the Dooars The jute crop will give a full average outturn Cholera is still prevalent in the south of the district
		Cooch Behar, " 10, "	2 62	Weather—Very hot Occasionally there is every appearance of heavy rain, but the sky clears after a fall of a few hours The rainfall is scanty, but no damage is done to *hymunte dhan* as yet *Bitri dhan* is still being reaped General health is good except in Meckligunge, where cholera has assumed an epidemic form in places
		Eastern Districts		
DACCA DIVN	18	Dacca, Aug 14 * '76	2 32	Weather—Seasonable State and prospects of the crops are favorable
	19	Fureedpore, " 12, "	2 03	Weather—Seasonable The rainfall at Goalundo has been 2 09 inches, and at Madaripore 4 94 inches State of the crops is good, as also the health of the district
	20	Backergunge, " 10, "	4 17	Weather—Seasonable Prospects of the crops are good Fever is still prevalent in Motberia, Golachipa, and Gulshakhali, and cattle disease in Bowful and Gulshakhali The public health is otherwise good
	21	Mymensingh, " 11, "	6 22	Weather—Very damp, with almost constant drizzling rain and occasional showers The early rice has been a bumper crop Transplantation of the late rice is not yet finished Jute is being cut
	22	Tipperah, " 11, "	6 97	Weather—Alternate rain and sunshine The *aous* crop has been partly harvested In certain parts of the district it has suffered some damage on account of the floods The *amun* crop is in good condition Owing to the unprecedented floods in the Goomti river the embankments have been in great danger of breaking, as in the last year
CHITTAGONG DIVN	23	Chittagong " 10, "	2 78	Weather—Fine and bright, with occasional showers The cutting of *aous* is still going on In Kumeria and Sitakund this crop will be a very heavy one, the insects reported before having disappeared The *sali dhan* is still being planted out General health is good
	24	Noakholly " 10, "	8 94	The rainfall has been copious during the early part of the week, but there has been a continued rise in the temperature throughout The early rice is being reaped Transplantation continues In low lands in some parts of the district the early crops and *amun* seedlings are reported to have been much damaged by submersion The rains have been so far unusually regular and copious There is much excess water beyond the usual depth of submersion Parts of the main roads are under water, and much inconvenience is felt thereby The country cannot drain off the excess water quickly enough for present agricultural wants Health of the station and its neighbourhood is good
	25	Chittagong Hill Tracts " 8, "	6 73	Weather—Rainy during the first part of the week The paddy crop is thriving well In some parts of the district the early rice is to some extent being reaped. Prospects of the cotton crop are good The plough cultivators are briskly engaged in transplanting their paddy
		Hill Tipperah, " 9, "	8 11	There has been rain during six days of the week State and prospects of the crops continue to be good
BEHAR				
PATNA DIVN.	26	Patna, Aug 14,* '76	6 58	The weather has been all that could be desired The *bhadoi* crops are doing well, and the rainfall has been sufficient for the transplantation of *dhan* Health of the district is improving, but sporadic cases of cholera are still reported from all parts
	27	Gya, " 12, "	1 84	Weather—Close and warm, with a general remission of rain during the last few days State and prospects of the crops are very good There has been plenty of rain all over the district except perhaps to the north where the fullness of the rivers gives ample water There is a good deal of fever and sporadic cholera about
	28	Shahabad " 12, "	2 77	Weather—Cloudy and hot, with easterly wind The rainfall of the week has been beneficial to the *bhadoi* crops The rice crop is favourably reported on The rain appears to be general, and will not be deemed too late for the *ropa* transplanting in the south of the district, where it is backward
	29	Durbhunga, " 11, "	1 16	The improvement in the condition of the crops noted in the last week has continued The *bhadoi* crops generally are now in a satisfactory condition The rainfall has been sufficiently heavy in most parts of the district to allow of the transplantation of the winter rice crop being undertaken Transplanting operations are therefore in progress in those parts

* Telegrams of the 14th August, received on the same day, show rainfall during the seven days immediately preceding

	No	District and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops, and state of health at date
BEHAR —(*Contd*)				
PATNA DIVN —(*Contd*)	30	Mozufferpore, Aug 12 '76	3 88	Weather—Cloudy and warm In the Hajlpore sub division the prospects are reported to be very satisfactory at present Transplantation has been successfully executed In the Seetamarhee sub division the *bhadoi* and *aghani* crops have been much benefited by the recent rain In Mozufferpore the rice prospects of the worst tracts in the neighbourhood of Sonbursa and Bayla are improving Labor is plentiful now, and transplantation is actually in progress
	31	Sarun , 12, „	4 07	Weather—Up to Wednesday it has been cloudy, with rain almost daily Since then it has been hot clear and bright There has been heavy rain in most parts of the district, and the weather has been all that could be desired The rain at Sewan has been 8 92 inches, and at Gopalgunge 6 05 inches The state and prospects of the *bhadoi* crops are on the whole very favorable Transplantation of the *aghani* rice is being vigorously pushed on and is reported to have been completed in most places Indigo manufacture is going on Cholera is still prevalent, but the number of deaths are certainly diminishing
	32	Chumparun „ 11 „	3 17	There has been ample rain all over the district, except in the north east, where more is wanted for the late rice crop The *bhadoi* crops promise exceedingly well everywhere
BHAGULPORE DIVN	33	Monghyr „ 12 ,	1 63	Weather—Fair The rain at Begoserai has been 2 11 inches, and at Jamui 9 77 The prospects of the *bhadoi* as well as of the rice crop are good
	34	Bhagulpore, , 14,* „	5 94	The wind has changed from easterly to westerly direction since the night of the 13th instant and 4 inches of rain fell during that night The rain at Banka is 7 96 inches at Mudhepoora 7 15 inches, and at Soopole, up to 9th August, 3 37 inches The *bhadoi* crops are reported to be excellent *Murua* is nearly ready The early rice is in ear and a bumper crop will be ensured unless the rain be too heavy Transplantation of the *aghani* rice is being rapidly brought to a close Prices are falling fast in the north of the district General health is very good
	35	Purneah, , 12, „	1 76	Weather —Seasonable The heavy rain that fell during the last week, and the early part of the present has been most favourable for the transplanting of the winter rice The autumn crop is excellent and is being reaped in most places
	36	Sonthal Perghs „ 13, „	5 62	Weather—Very wet in Godda It is clearing up in Deoghur Bright sunshine in Doomka during the latter part of the week The rainfall at Deoghur is 8 34 inches at Godda 6 41 inches, and at Rajmehal 1 2 inches Crop reports are good from all the sub divisions and excellent from Rajmehal In Doomka the *janera* crop is very uneven, and is reported to be a ten anna crop all round The early *janera* is good but the late very bad The small millets are good, and the *dhan* crop promises very well
ORISSA				
ORISSA DIVN	37	Cuttack July 5, '76	72	The rainfall has been somewhat scanty and partial More rain is wanted Floods are subsiding, and damage to the crops has been slight, and confined to a few exposed places Elsewhere they are in good condition Cholera has much abated, and the public health improved
	38	Pooree, Aug 10, „	1 31	Weather—Sunny and hot, with a few scanty showers in places State and prospects of the crops are critical Weeding and transplanting cannot be done for want of rain and the paddy plants are already decayed in several parts of the district Cholera is decreasing
	39	Balasore , 11,	4 23	Weather—Damp and warm The crops are in excellent condition An earthquake was felt at 3 A M on the 3rd instant, and since that time much alarm has been caused by an epidemic of an hysteric or epileptic nature known as *suru kurnari*, which is said to have travelled northwards from Madras
CHOTA NAGPORE				
		South Western Frontier Agency		
	40	Hazareebagh Aug 11, 76	7 56	Weather—Seasonable At present the prospects look very promising The past week's heavy rain has enabled the transplantation of the rice crop, while the Indian corn, *murwa, goondly*, &c, are benefiting by the present bright sunshine Cholera is abating
	41	Lohardugga 12, „	2 94	Weather—Quite seasonable and very favourable Prospects of the crops are good throughout the district Cholera and small pox are still prevalent, though the latter has much decreased
	42	Singbhoom, , 11, ,	1 75	Weather—Seasonable Prospects of the crops are very favorable General health is good
	43	Manbhoom, , 12 „	4 22	Weather—Very hot during the latter half of the week Paddy looks promising Transplantation is all but completed All other crops are doing well, except the Indian corn, which has been injured by too much rain

* Telegram of the 14th August, received on the same day, shows rainfall during the seven days immediately preceding

NOTE

Barometric Pressure —The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation, the reduction is made by Captain Allan Cunningham's table,—"Prof papers on Indian Engineering, No CXIII" The temperatures at the sea-level are taken from column 3 of the above table

Temperature —The temperatures in column 3 are reduced from those in column 17 on the preceding page, by adding 1° Fahrenheit for every 450 feet

Wind Resultant —The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula

Clouds —This column gives the average proportion of clouded sky, a cloudless sky being indicated by 0, and one completely overcast by 10

The above being all comparable, afford the data for constructing a meteorological chart for the month, which shall show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables

CALCUTTA,

The 14th August 1876

JOHN ELLIOTT, M A,

Meteorological Reporter to the Govt of Bengal

* Velocity of wind in miles per hour

CALCUTTA,
The 12th August 1876

JOHN ELLIOTT, M A,
Meteorological Reporter to the Government of Bengal

Results of the Meteorological Observations taken at the Surveyor-General's Office Calcutta, from 8th to 14th August 1876

Month	Date	Mean reduced barometer	Thermometer: Highest reading	Thermometer: Lowest reading	Thermometer: Max solar radiation	Mean dry bulb	Mean wet bulb	Computed mean dew-point	Mean degree of humidity	Wind: Prevailing direction	Wind: Max pressure	Wind: Daily velocity	Rain	Moon's phases.	General Remarks
		Inches	°	°	°	°	°	°			lb	Miles	In		
Aug	8th	29·612	87 5	78 5	136 3	82 1	80 1	78 7	0 90	S & S by W		57 7			Overcast and cumuli Drizzled at 1 and 9 A M
	9th	671	90 7	81 0	141 5	84 0	81 5	79 1	88	S & S by W		31 7			Cirrocumuli, cumuli, and cirri
	10th	688	88 8	81 2	136 0	84 4	80 9	78 4	83	S & S F		56·6	0 04		Cirri, cumuli and stratoni Thunder at 1¼ P M Light rain at 8 P M
	11th	614	88 7	80 5	142 0	84 3	80 9	78 5	83	S E & S by E		97 3	0 32		Chiefly cumuli Rain from 7¾ to 9¼ P M
	12th	542	88 8	78 8	135 6	83 2	80 8	79 1	88	S S W	0 8	79 7	1 59		Cirri, cumuli and overcast Thunder at 5 P M Rain at 12¼ and from 4 to 10 P M
	13th	522	83 5	78 6		81 4	79 9	78 8	92	S S W & S W	0 2	130 3	0 75	☾	Chiefly overcast Rain after intervals
	14th	572	83 2	78 0	111 5	80 2	78 5	77 3	91	S W & W by S		170 3	0 34		Overcast and stratoni Thunder and lightning from midnight to 2 A M Rain from 2¼ to 10 A M and 7 to 8 P M

The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from the twenty-four hourly observations made during the day

The dew-point is computed with the Greenwich constants The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon

		°
The extreme variation of temperature during the past seven days		12 7
The maximum temperature during the past seven days	.	90 7
The maximum temperature during the corresponding period of the past year	..	91 4
The mean humidity during the past seven days		0 87
The mean humidity during the corresponding period of the past year		0 85

		Inches
The total fall of rain from 8th to 14th	by lower rain-gauge	3 04
	by anemometer gauge	2 72
Ditto ditto ditto,	average of twenty-two previous years	3 11
Ditto ditto between the 1st January and the 14th August		49 00
Ditto ditto ditto, -	average of twenty-two previous years ...	47 69

GOPEENAUTH SEN,
In charge of the Observatory

The 15*th August* 1876

POLITICAL

Simla, the 18th August 1876

No 1891P.

PROCLAMATION.

AS VICEROY AND GOVERNOR GENERAL OF INDIA, I hereby publish, for the information of the Governors, Administrators, Princes, Chiefs, Nobles, and Peoples of this Empire, the subjoined Act passed by the Imperial Parliament of Great Britain and Ireland on the twenty-seventh day of April in the year of Our Lord one thousand eight hundred and seventy-six, together with a Royal Proclamation dated at the Court of Windsor the twenty-eighth day of April one thousand eight hundred and seventy-six in the thirty-ninth year of Her Majesty's reign, transmitted to this Government by the MOST HON'BLE THE SECRETARY OF STATE FOR INDIA in His Lordship's Despatch No. 70 of the 13th July 1876.

Moreover, I, now publicly notify, under this my hand and seal, that it is my intention to hold at Delhi, on the 1st day of January 1877, an Imperial Assemblage, for the purpose of proclaiming to the Queen's subjects throughout India the gracious sentiments which have induced Her Majesty to make to HER Sovereign Style and Titles an addition specially intended to mark Her Majesty's interest in this great Dependency of HER Crown, and HER Royal confidence in the loyalty and affection of the Princes and Peoples of India.

To this Assemblage I propose to invite the Governors, Lieutenant-Governors, and Heads of Administrations, from all parts of the Queen's Indian Dominions, as well as those Princes, Chiefs, and Nobles in whose persons the antiquity of the past is associated with the prosperity of the present, and who so worthily contribute to the splendour and stability of this great Empire.

I shall forthwith issue such orders in Council as may be suitable to the historial importance of the occasion, and in conformity with the desire which will be felt by all Her Majesty's subjects in India to manifest the affection they cherish for their august Sovereign by public rejoicings and appropriate demonstrations of loyalty

Dated at Simla, this eighteenth day of August 1876

(Signed) LYTTON

ANNEXURES

[39 Vic, Cap 10]

No 1]

An Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies [27th April 1876]

(Transmitted in Secretary of State s Despatch No 28 (Legislative) of 29th June 1876)

39 and 40 Geo III, C 67, A D 1800

Whereas by the Act for the Union of Great Britain and Ireland, passed in the fortieth year of the reign of His late Majesty King George the Third, chapter sixty-seven, it was provided that after such Union as aforesaid the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint,

And whereas by virtue of the said Act and of a Royal Proclamation under the Great Seal; dated the first day of January one thousand eight hundred and one, the present style and titles of Her Majesty are "Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen Defender of the Faith"

21 and 22 Vic, C 106

And whereas by the Act for the better government of India, passed in the Session of the twenty-first and twenty-second years of the reign of Her present Majesty, chapter one hundred and six, it was enacted that the government of India, theretofore vested in the East India Company in trust for Her Majesty, should become vested in Her Majesty, and that India should thenceforth be governed by and in the name of Her Majesty, and it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to the style and titles of Her Majesty

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows

Power to Her Majesty to make addition to style and titles of Crown

It shall be lawful for Her Most Gracious Majesty, with a view to such recognition as aforesaid of the transfer of the government of India, by Her Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the

Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Her Majesty may seem meet

No. 2]

No 70, dated India Office, the 13th July 1876

From—Her Majesty's Secretary of State for India,
To—The Government of India

I FORWARD herewith, for the information of your Excellency's Government, copy of the Queen's Proclamation notifying the assumption by Her Majesty of the title of "Empress of India"

2. This act on the part of Her Majesty is a formal and emphatic expression, for which it seemed to the Queen that the opportunity was eminently suitable, of the favorable sentiments which She has always entertained towards the Princes and People of India I request that your Excellency will proclaim throughout Her Majesty's Indian Dominions, in a manner suitable to Her gracious intentions, the addition which has been made to the Royal Style and Titles.

(Signed) SALISBURY.

BY THE

QUEEN

A PROCLAMATION

VICTORIA, R.

WHEREAS an Act has been passed in the present Session of Parliament, intituled "An Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies," which Act recites that, by the Act for the Union of Great Britain and Ireland, it was provided that after such Union the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint and which Act also recites that, by virtue of the said Act, and of a Royal Proclamation under the Great Seal, dated the 1st day of January 1801, Our present Style and Titles are "Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith" and which Act also recites that, by the Act for the better government of India, it was enacted that the government of India, theretofore vested in the East India Company in trust for Us, should become vested in Us, and that India should thenceforth be governed by Us and in Our name, and that it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to Our Style and Titles: And which Act, after the said recitals, enacts that it shall be lawful for Us, with a view to such recognition as aforesaid, of the transfer of the

government of India, by Our Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Us may seem meet, we have thought fit, by and with the advice of Our Privy Council, to appoint and declare, and We do hereby, by and with the said advice, appoint and declare that henceforth, so far as conveniently may be, on all occasions and in all instruments wherein Our Style and Titles are used, save and except all Charters, Commissions, Letters Patent, Grants, Writs, Appointments, and other like instruments, not extending in their operation beyond the United Kingdom, the following addition shall be made to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies, that is to say, in the Latin tongue in these words "Indiæ Imperatrix" And in the English tongue in these words "Empress of India"

And Our will and pleasure further is, that the said addition shall not be made in the Commissions, Charters, Letters Patent, Grants, Writs, Appointments, and other like instruments, hereinbefore specially excepted

And Our will and pleasure further is, that all gold, silver, and copper moneys, now current and lawful moneys of the United Kingdom, and all gold, silver, and copper moneys which shall, on or after this day, be coined by Our authority with the like impressions, shall, notwithstanding such addition to Our Style and Titles, be deemed and taken to be current and lawful moneys of the said United Kingdom, and further that all moneys coined for and issued in any of the Dependencies of the said United Kingdom, and declared by Our Proclamation to be current and lawful money of such Dependencies, respectively bearing Our Style, or Titles, or any part or parts thereof, and all moneys which shall hereafter be coined and issued according to such Proclamation, shall, notwithstanding such addition, continue to be lawful and current money of such Dependencies respectively, until Our pleasure shall be further declared thereupon.

Given at Our Court at *Windsor*, the twenty-eighth day of *April*, one thousand eight hundred and seventy-six in the thirty-ninth year of Our Reign.

GOD save the QUEEN

By order of His Excellency the Viceroy and
Governor-General of India in Council,

T H THORNTON,

Offg. Secy to the Govt of India.

The 4th August 1876 —Whereas it is provided by Section 74 of Act XII of 1875 (the Indian Ports' Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters' Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until a revocation of such order in Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act, and whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 17th May 1876, making the Foreign Deserters' Act applicable to the Empire of Brazil, and to the Regency of Tunis, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor has been pleased to direct the publication of the orders in Council in the *Calcutta Gazette* for the information and guidance of the Magistrates within the Presidency of Bengal, as follows —

AT THE COURT AT WINDSOR,

The 17th day of May 1876

Present

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL

WHEREAS by "The Foreign Deserters' Act, 1852," it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering or apprehending seamen who desert from British merchant ships in the

territories of any Foreign Power, Her Majesty may, by order in Council, stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient

And whereas it has been made to appear to Her Majesty that due facilities are given for recovering and apprehending seamen who desert from British merchant ships in the territories of His Majesty the Emperor of Brazil

Now, THEREFORE, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, seamen not being slaves and not being British subjects, who, within Her Majesty's dominions, desert from merchant ships belonging to the Empire of Brazil, shall be liable to be apprehended and carried on board their respective ships

Provided always that if any such deserter has committed any crime in Her Majesty's dominions, he may be detained until he has been tried by a competent court, and until his sentence (if any) has been fully carried into effect

And the Secretaries of State for India in Council, the Home Department, and the Colonies, are to give the necessary directions herein accordingly

NOTIFICATION.

The 11th August 1876.—The Lieutenant-Governor is pleased to direct the substitution of the following rules for rules 95 and 105 of the rules regulating labour transport under Act VII (B. C.) of 1873. The new rules will come into operation three months after the date of first publication in the *Calcutta Gazette*:—

Rule 95.—The roof of every vessel shall be strong, water-tight, and not less than five feet in height at its junction with the stanchions on either side. If of corrugated iron, the roof must not only be lined or thatched with matting, &c., as a protection against heat, but on steamers must also be fitted either with sky-lights or ridge ventilators which shall have a ventilating area of not less than ten superficial feet to every 100 statute adult emigrants accommodated on board, and shall be so constructed as to exclude rain and allow the free escape of heated air.

Rule 105.—In order to prevent the heat of the funnel from raising the temperature of the emigrants' deck, in all steamers in which the space immediately over the engines, &c., is neither excluded and railed off from the coolie deck, nor ventilated above, by sky-lights or other means, that portion of the funnel between the coolie deck and the roof shall be enclosed at a distance of at least 18 inches all round by a strong wooden air-shaft or casing, which shall be carried through the deck at the lower end, and through the roof at the upper, so as to afford free exit above the roof for the body of warm air immediately surrounding the funnel.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

[First Publication]

The 19th August 1876 —The following revised rules for the registration of Mahomedan marriages and divorces, approved by the Lieutenant-Governor under date the 24th May 1876, are published for general information —

Revised Rules under sections 18 *and* 24 *of Act I* (*B C*) *of* 1876 (*an Act to provide for the voluntary registration of Mahomedan marriages and divorces*)

1	2	3	4	5	6	7	8	9	10	11	12	13

Who may be nominated

3 In the selection of Mahomedan Registrars, preference shall ordinarily be given to ex-kazis and Government pensioners, being Mahomedans, who reside, or are willing to reside, at a convenient place within the limits of the proposed jurisdiction, but no person shall be appointed a Mahomedan Registrar merely by reason of some supposed hereditary right A Sub-Registrar of Assurances may be nominated as Mahomedan Registrar, provided he be a Mahomedan and is otherwise qualified

Jurisdiction

4 The limits within which a Mahomedan Registrar shall be licensed to act shall for the present coincide with the limits of a sub-district under the Indian Registration Act, or with the jurisdiction of a police-station The head-quarters shall be at some convenient place within those limits

5 The District Registrar's nomination, with the accompanying applications and certificates, shall be forwarded to Government by the Inspector-General of Registration with his remarks and recommendation

Liability to examination

6 Should such a course appear expedient hereafter, all Mahomedan Registrars who may have been appointed under these rules, and all future applicants for licenses, shall be liable to examination in the following subjects —

(1) Arabic and vernacular of the district
(2) Mahomedan law of marriage and divorce
(3) Act I of 1876 (B C), and the rules

And if any person who has been appointed a Mahomedan Registrar fail to pass such examination, his license will be liable to be cancelled Such examination may be held at such times and places, and by such examiners, as the Lieutenant-Governor may from time to time appoint

Form of license

7 Licenses to qualified persons who have been approved of as Mahomedan Registrars will be granted in the following form —

License under Section 3, Act I (B C) of 1876

To

of

Calcutta, the 187

By virtue of the authority conferred upon His Honor the Lieutenant-Governor of Bengal by Act I (B C) of 1876, you are hereby authorized to register, in the manner prescribed by the above Act, all Mahomedan marriages and divorces which shall be effected within on application being made to you for such registration

2 It will be your duty carefully to observe the provisions of the above-mentioned Act, and such rules as may from time to time be prescribed by His Honor the Lieutenant-Governor, in pursuance of the power conferred upon him by the above Act

3 This license shall continue in force until it is revoked or suspended by the said Lieutenant-Governor of Bengal

By order of His Honor the Lieutenant-Governor of Bengal,

Secretary to the Government of Bengal

Resignation of license

8 When a Mahomedan Registrar desires to give up his license, or is about to leave the place or district in which he has exercised the functions of Mahomedan Registrar, he shall report the circumstances through the District Registrar to the Inspector-General of Assurances for the orders of Government

Change of officers

9 When a Mahomedan Registrar makes over charge of his office to a licensed successor, a certificate shall be jointly given for the date on which the office is made over, and of the safety and correctness of the records, and this certificate shall be forwarded by the District Registrar to the Inspector-General

Leave

10 Mahomedan Registrars shall not be entitled to leave as of right under the rules in force for Government servants The District Registrar may, however, grant leave in cases of urgency, but no leave exceeding one month shall be granted without the previous sanction of the Inspector-General All leave shall be at once reported to that officer, together with the arrangements made for carrying on the duties of the Mahomedan Registrar

11 In cases of leave or absence from duty, the next nearest Mahomedan Registrar shall ordinarily be appointed to carry on the duties of the absentee in addition to his own

Not entitled to pension

12 It is not intended that service as a Mahomedan Registrar shall count as Government service, so as to give rise to any claim for pension or gratuity, or to leave allowances of any kind, but it is not intended by this to preclude the appointment of Sub-Registrars or retired Government servants to be Mahomedan Registrars

General control

13 The general control and supervision of the working of the Act shall be exercised by the present inspecting staff attached to the Department for the Registration of Assurances

Books and stationery

14 The Registers, forms, and seal to be used by a Mahomedan Registrar, shall be such only as are supplied by Government under section 5 of the Act The Government shall also supply writing ink, and no ink shall be used for making entries in the registers and indexes other than that supplied The Government may also supply such other articles of stationery as are requisite All such registers, forms, seals, ink, and other articles, shall be charged at cost price, and shall ordinarily be paid for by the Mahomedan Registrar at the time they are supplied But in any case, when the District Registrar thinks it necessary, he may defer the realization of the charge for a term not exceeding three months In case of failure to pay at the prescribed period, the District Registrar should report the case for orders to the Inspector-General of Registration

Custody of seals

15 The seal shall always remain in the personal custody of the Mahomedan Registrar, and shall be made over with the records to the officer appointed to receive the same whenever a Mahomedan Registrar ceases, either temporarily or permanently, to exercise his functions

Table of fees

16 A printed table of fees in the vernacular of the district shall be suspended in some conspicuous place in every Mahomedan Registrar's office

Disposal of fees

17 The fees received by a Mahomedan Registrar under sections 9 and 16 of the Act, and rules 21 and 50, may be retained by him as his lawful remuneration, provided that he duly pays for the registers and other articles supplied to him under rule 14 All fees received by a District Registrar shall be credited to Government in the same way as fees realized under the Indian Registration Act

Attendance at marriages

18. When the attendance of a Mahomedan Registrar is required at the celebration of a marriage, the party requiring his attendance may make an application to the Mahomedan Registrar, specifying the place and time of the marriage, and that officer may attend

19 It shall be lawful for a Mahomedan Registrar to travel on circuit within his jurisdiction for the purpose of attending at the celebration of marriages, provided that at at 15 days before the beginning of each month he affix at his office a public notice specifying the dates on which he will be at the several places which he proposes to visit, and on a written application made by any resident of such place, not less than one week before the date so fixed, he shall be bound to attend at the house of such resident at the time fixed for the celebration of the marriage

20 Priority of application shall in all cases determine the order in which the Mahomedan Registrar shall be bound to attend such marriages in case any question of precedence arise

21 Mahomedan Registrars are at liberty to make their own terms as regards the extra fees to be given them for attending marriages They are, however, prohibited from demanding fees beyond the following scale —

(1) For attending a marriage under rule 18 at a place and time fixed by the parties, Rs 10, plus travelling expenses at the rate of four annas a mile

(2) For attending the celebration of a marriage under rule 19 at a place and time fixed by the Registrar himself, Rs 2 In such cases no travelling expenses will be charged

22 When a Mahomedan Registrar is present at the celebration of a marriage, he shall make an entry of the fact in the Register of Marriages (A), and a copy of such entry shall be included in the copies to be made under sections 12, 15, and 22 of the Act

Procedure on application to Registrar in absence of any of the parties

23 If all the persons who, by section 11 of the Act, are required to sign the entry of the marriage or divorce in the proper register are not present, registration shall be deferred until they are all present, provided that no marriage or divorce for registration of which application has been made within one month, as required by section 9, shall be registered after the expiration of three months from the date on which the marriage or divorce was effected

Procedure before registration

24 The Mahomedan Registrar shall satisfy himself whether or not a marriage was effected by the persons by whom it is represented to have been effected in the following manner —

(1) by examining the parties to the marriage, or; if either or both of them are minors, their lawful guardians If the woman be a *purdah-nishin*, her duly authorized vakil shall be examined instead of the woman,

(2) by examining the two witnesses who were present at the marriage

25 The Mahomedan Registrar shall satisfy himself whether or not a divorce, other than the kind known as *khula*, was effected by the man by whom it is represented to have been effected by examining that man, and if he be of the Sheah sect, by also examining the two witnesses to the divorce being effected

26 The Mahomedan Registrar shall satisfy himself that a divorce of the kind known as *khula* was effected by the persons by whom it was represented to have been effected in the following manner —

(1) by examining the parties to the *khula*, provided that if the woman be a *purdah-nishin*, her duly constituted vakil shall be examined instead of the woman,

(2) if the man be of the Sheah sect, by also examining the two witnesses to the divorce being effected

27 The Mahomedan Registrar shall satisfy himself of the identity of persons appearing before him as witnesses of a marriage or divorce, unless they are otherwise personally known to him, by examining at least one witness to the identity of each person so appearing

28 In the case of any person appearing as the representative of the man or woman (whether he appears as guardian or vakil), the Mahomedan Registrar shall satisfy himself of the right of such person to appear by examining such person If a vakil so appear, the Mahomedan Registrar shall further examine witnesses to the fact of the vakil having been duly authorized to appear

29 When the entry of the marriage or divorce has been made in the proper register, it shall be read over by the Mahomedan Registrar to the persons who, by section 11, are required to sign such entry If they admit its correctness, the entry shall then be signed by them

30 When a person who cannot write signs his name by means of a mark, his name shall be recorded at length, and the writer shall also sign his name in attestation that the mark was affixed in his presence

Correction of errors

31 If a Mahomedan Registrar discovers any error in the form or substance of any entry of a marriage or divorce made by him, he may within one month next after the discovery of such error, in the presence of the persons married, or, in case of their death or absence, in the presence of two other credible witnesses, correct the error by entry in the margin, without any alteration of the

original entry, and shall sign the marginal entry and add thereto the date of such correction, and he shall also make the like marginal entry in the copies thereof

And every entry made under this section shall be attested by the witnesses in whose presence it was made

And, in case a copy has been already sent to the Registrar, such person shall make and send another copy thereof, containing both the original erroneous entry and the marginal correction therein made

32 No erasures shall be made with a knife in any register book or record, but mistakes shall be corrected when necessary with the pen, and shall be invariably attested by the registering officer Corrections are not to be obliterated or blotted out, so as to be illegible, but a line is to be drawn through erroneous words with the pen, so that they may remain legible

Refusal to register

33 The circumstances under which registration of a marriage or divorce should be refused are as follows —

(1) If the marriage or divorce was not effected within the jurisdiction of the Marriage Registrar to whom application for registration is made
(2) If the application is not made by the persons specified in section 8 of the Act
(3) If application has been made after the expiry of one month from the date on which the marriage or divorce was effected
(4) If all the persons required by section 11 to sign the entry in the proper register fail to appear within the time limited for such appearance by the Mahomedan Registrar under rule 24
(5) If the Mahomedan Registrar fail to satisfy himself that the marriage or divorce was effected by the person or persons by whom it is represented to have been effected
(6) If the Mahomedan Registrar fail to satisfy himself as to the identity of the persons appearing before him and alleging that the marriage has been effected
(7) In the case of any person appearing as the representative of the man or woman (whether he appear as guardian or as vakil), if the Mahomedan Registrar fail to satisfy himself of the right of such person to appear
(8) If one of the parties applying for registration of marriage, or if the man applying for the divorce, appear to be of unsound mind

Refusal deferred

34 In cases 2 and 8 the order of refusal shall ordinarily be deferred till one month has elapsed from the date on which the marriage or divorce was effected, but if the parties declare their inability to comply with the requirements of the law, or for any other reason wish that registration should at once be refused, this may be done

35 The reasons for refusal to register to be recorded under section 20 shall be concisely and clearly stated in each particular case When registration is refused under clause 5, 6, or 7 of rule 34, the Mahomedan Registrar shall record the grounds of his decision

In what cases fees may be refunded

36 Fees paid under section 9 shall not be refunded unless registration is refused for one of the reasons numbered (1), (2), (3), and (8) in rule 34 Fees and travelling allowances paid for the attendance of Mahomedan Registrars at the celebration of marriages shall be refunded only in cases where the Mahomedan Registrar does not attend Fees paid for searches in the registers and indexes, or for copies of entries, shall be refunded only when the searches are not made or the copies not given

Manner of refund

37 The refund of fees paid to a Mahomedan Registrar shall be made by him at once on application, and he shall take and file a receipt for the amount of such repayment from the person to whom it is made

Certificate of closure of volume

38 When a register book is closed a certificate to that effect shall be appended at the close of the written portion, and a certificate showing the number of pages written upon shall be entered on the first page

Language to be used

39 The registers and indexes shall be kept in Urdu

40 The "year" referred to in section 7 of the Act shall be a year of the Christian era, commencing on the 1st January and ending on the 31st December

Indexes

41 The index to marriages and divorces shall be prepared from Registers A, B, and C, and contain the following particulars —

1 Name of party
2 Father's names
3 Residence *
4 Place of registration
5 Year of registration
6 Serial number for the year
7 Book
8 Volume
9 Page

42 Names shall be indexed according to their first letter, and shall be arranged in the order of the Urdu alphabet A mere title or designation of race shall not be taken as the index word

Thus Shaikh Ramzan will be indexed Ramzan, Shaikh, Mir Aulad Ali—Aulad Ali, Mir

* Residence includes village or town, police station, and district

43 A catalogue in form given below shall be kept up and permanently preserved in every Mahomedan Registrar's office, and on the occasion of every transfer of records the officer receiving charge of the records shall compare them with the catalogue and certify therein that he has found them correct. Whenever any of the records are transferred to the district office, the fact shall be noted in the column of remarks, together with the date of transfer —

Catalogue

Form of Catalogue

Serial No.	District or sub district to which the books relate	Year	Title of book	Volume	Number of entries in each	Number of pages written on	REMARKS

44 In district offices the following records shall be preserved in perpetuity —

All register books A, B, and C, and their indexes
The catalogue
Register of refusals
Register of appeals
Reports of the destruction of records, and list of papers destroyed

Destruction of records

45 The following records may be destroyed after the expiration of three full years from the period to which they relate —

Applications for registration or for attendance at the celebration of marriages under rules 18—19
Applications for search or copies of extracts
All correspondence, whether in the vernacular or in English, which is of an ordinary routine character, and which the Registrar considers may be destroyed

46 No records or papers whatever shall be destroyed without the previous sanction of the Inspector-General

Search and copies

47 Applications for search in the records, or for copies of extracts therefrom, shall be made in writing, no stamp shall be required on such applications Applications made to the District Registrar shall be entered in the register kept by him for that purpose Applications made to the Mahomedan Registrar shall be filed by him, the date of application and the date on which a search was made, or a copy delivered, being noted on the back of the application If the register from which an extract is required has been transferred to the District Registrar or other person under section 23, the application, together with the prescribed fee, shall be forwarded by the Mahomedan Registrar to such District Registrar or other person at the expense of the applicant

48 A call for information from any court shall, if it necessitates search in the registers, be accompanied by the necessary fee for search Officers of Government shall be permitted to inspect the registers without fee, but if the production of a register in any court is required, it shall be produced by the Mahomedan Registrar or other officer whom the District Registrar may depute for the purpose, who will be entitled to claim payment of his expenses like any other witness

49 Besides the fees leviable under section 16 of the Act, a fee of eight annas may be charged for extracts and copies of orders and records not otherwise provided for in the law

[Second Publication]

NOTIFICATION

The 15th August 1876 —The Lieutenant-Governor, with the sanction of the Government of India, has been pleased, in supercession of previous orders, to prescribe the following rules for granting rewards to civil officers in Bengal for proficiency in the language of frontier tribes

2 A reward of Rs 1,000 (one thousand) will be granted to any Covenanted Civilian, Deputy or Assistant Commissioner, Deputy Collector, or District or Assistant Superintendent of Police, who shall pass by the prescribed standard an examination in any one language in any of the groups of languages noted in the margin, provided that the language is spoken within the district where the officer is at the time employed, or by tribes conterminous to it with whom he has official relations A second reward will in no case be given to an officer for proficiency in a second language of the same group

Group I —Kol or Munda Sonthali
II —Oraon Rajmehal Paharia
III —Khond of Orissa
IV —Thibetan Lepcha, Bhootia
" V —Kuki or Lushai
" VI —Garo

3 The examination shall be conducted by a local Committee to be specially appointed by Government on each occasion

4 The tests which a candidate for the above reward must undergo are as follow —

(*a*) He must be able to converse freely with the people of the tribe in whose vernacular he may wish to qualify, to understand and to make himself understood by them

(*b*) He must write down in the English or the Bengali or Hindee character sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain it correctly in English

(*c*) He must, without assistance, translate from English or his mother tongue into the tribal language (writing it in either the English or Bengali or Hindee character) sentences not of a more difficult nature than those in requirement (*b*) The translation must be substantially correct and intelligible when read to a native in whose language it might be written

5 The above rules will not affect the rules prescribing the rewards to which Junior Civilians will be entitled who succeed in passing High Proficiency and Honors examinations in certain specified languages

DISTRICT ROAD FUND

NOTIFICATION

No 284

The 22nd August 1876

UNDER Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Rajshahye, Rungpore, Maldah, Pubna, Dinagepore, Bogra, Darjeeling, and Julpigoree, of works done and in progress during the past cess year 1874-75, are published for general information

G A D ANLEY, C E,
Offg Asst Secy to the Govt of Bengal, P W D

No 1571, dated Beauleah, the 13th November 1875

From—J J O'FLAHERTY, ESQ, C E, Executive Engineer, Rajshahye Division,
To—The Chairman of the Road Cess Committee, Rajshahye

Subject—Report for the cess year ending 30th September 1875

ORIGINAL WORKS

Metalling of Bya road—Materials have been purchased and manufactured to complete the metalling and leave a balance available for repairs The metalling is spread and consolidated to the 6th mile-post The total expenditure up to date amounts to Rs 22,850, of which Rs 6,992 was spent during the past year

Tannore Feeder road—During the months of October and November 1874, the sum of Rs 1,272 was expended on this road Since then no progress has been made with this road, which might with advantage be completed as far as Dhoorsa Hât, and then taken by the existing track to Bagmara thana

Survey—Surveys and sections of the water-channels between Bundaikhara and Bagmara and between Goor and Attrai rivers have been made, and the estimate for the latter is completed

Repairs have been carried out on the following roads —

Dinagepore road—Road surface raised and repaired, and two large wooden bridges renovated Expenditure during cess year Rs 3,317

Maldah road—Two miles of high embankment have been constructed, and jungle from the third mile cleared At Godagaree a substantial tâl-tree bridge has been constructed, which admirably withstood the water rushing through in flood time Expenditure during the cess year Rs 3,403

Godagaree road—Eleven miles in length of this road have been thoroughly repaired during the year, and the wooden bridge at Furreedpore dismantled and re-constructed Expenditure during cess year Rs 5,154

Pubna road—The repairs in this road comprised surface repairs, filling breaches, making up approaches to two wooden bridges, and purchase of coal for brick manufacture The road throughout its length is in fair order The expenditure was Rs 3,777

Nattore road—Survey and sections of this road have been completed as far as the Mooshakhan river, 21st mile-post Only the most urgent repairs were executed during the year, as it is intended to raise the road above flood-level and build permanent bridges when the estimates are sanctioned The expenditure on this road has been Rs 3,276

Saipara road—This is a section of the old cart tracks from Nowhatta *viá* Manda thana to Dinagepore, and is an important route, but traverses most unfavourable country There is no medium between swamps and the narrow defiles between the raised mulberry fields To improve the most worst portions of the road, an expenditure of Rs 997 was incurred during the past year

Lallpore to Galimpore—The repairs have been supervised by Mr Abbott, to whom Rs 500 were advanced The bridge at Soondurgurra has been rendered secure

The works likely to be undertaken during the current cess year are excavating channel between Goor and Attrai.

Godagaree road, ditto.	Lallpore road, ditto
Bya road, ditto	

No 24, dated Beauleah, the 4th January 1876

From—J J O'FLAHERTY, ESQ, C E, Executive Engineer, Rajshahye Division,
To—The Chairman, Road Cess Committee, Rajshahye

Subject—Supplementary Report for the cess year ending 30th September 1875

ORIGINAL WORKS

Metalling the Bya road—During the cess year ending 30th September 1874, the metalling was laid from the limits of the town of Beauleah to the fifth mile-post During the current year the metal has been consolidated between the fifth and sixth mile-posts Materials for completing the metalling to Bya Bazar, a further distance of one mile and a furlong, are at site

Tannore feeder road, twenty-six miles in length, of which six miles has been partially embanked The embankment not being above flood-level must be raised

REPAIRS

Dinagepore road, ten miles in length The road has been repaired for seven miles in length, and two large wooden bridges put into thorough good order

Maldah road, seven miles to Bailghatta Four miles of road remain to be constructed through a low, jungly country

Godagaree road, twenty miles in length Nine miles of road remain to be repaired

Pubna road, forty-four miles in length, has received more or less repair throughout its length

Nattore road, thirty miles in length Such repairs only as were absolutely necessary to make the road passable were executed here and there

Saipara road, twenty-eight miles from Nowhatta to Manda Repaired in patches

Lallpore to Galimpore, ten miles in length, of which about five miles were repaired

HURRINATH CHATTERJEE,
Vice Chairman

The 29th November 1875

No 42, dated Rungpore, the 25th April 1876

From—E G GLAZIER, ESQ, Chairman of the Road Cess Committee, Rungpore,
To—The Commissioner of the Rajhsahye and Cooch Behar Division

I HAVE the honor to submit the annual account of income and expenditure of the Rungpore District Road Fund for the cess year ending 30th September 1875

2 The expenditure during the year has been as follows —

	Rs	A	P
Original works	3,171	14	9
Repairs	8,919	14	2
Establishment	4,016	13	1

3 With regard to original works—

No original work has been concluded during the year under consideration Sanction was accorded by the Committee and the Commissioner to the substitution of masonry bridges in lieu of the existing wooden ones on the Dinagepore road The work was commenced, and culverts Nos 1 and 2 were finished, and some materials were carted to Nos 7 and 8 at a cost of Rs 3,171-14-9 In the meantime orders of Government, No 967, dated 25th February 1875, issued that this work, the expense of which was estimated to exceed Rs 10,000, should receive the additional sanction of Government The work was accordingly stopped, and the plans and estimates were returned to the Chairman to obtain the sanction of Government

4 REPAIRS

(*a*)—*Dinagepore road* (24 miles) Surface repairs have been carried on, and the road is now in a tolerably good condition As far as Buddergunge it is perfectly fit for driving Beyond Buddergunge the road is narrow Owing to the sandy nature of the soil the road becomes heavy after repairs and during the monsoon

(*b*)—*Station roads* are in fair order surface dressing is now required

(*c*)—*Bhowanigunge road* (45 miles) With the exception of the last seven miles the road is in good condition The embankment of these seven miles is too low The bridges are all wooden, and are in good condition

(*d*)—*Chillakhal road* (14 miles) Road passable and bridges in fair order

(*e*)—*Julpigoree road* (54 miles) Surface repairs have been completed, and the road is in good condition Some of the bridges are in fair order, but others require repairs

(*f*)—*Cooch Behar road* (28 miles) Surface repairs have been completed up to Kalida Ghat on the Teesta, thirteen miles from Rungpore The road is in good order, some of the wooden bridges are shaky, and steps will be taken to put them in order

(*g*)—*Kawniaghat road* (12 miles) With the exception of the first four miles the road is in very bad order, extensive repairs are required

(*h*)—*Bograh road* (54 miles) Road not very good, but will be repaired this season Some of the wooden bridges which were shaky have been repaired

(*i*)—*Ghoramara road* Not in good order, repairs will be carried out during the current year

(*j*)—*Bugwah road* (34 miles) Road fit to be driven upon The wooden bridges are in bad condition, and it is difficult to get materials for the work

(*k*)—*Kurigram road* This road is on the other side of the Teesta It is a "famine road," and has not been completed Steps are being now taken to finish the work

5 With respect to the conduct of the subordinate officers, I have nothing favourable to report Owing to the distance of the Executive Engineer at Dinagepore, the many changes in the office, and lax supervision, the work done during the year has not been satisfactory

No 626, dated Maldah, the 10th May 1876

From—H MOSLEY, ESQ, Officiating Magistrate of Maldah,

To—The Commissioner of the Rajshahye and Cooch Behar Division

WITH reference to your letter No 56, dated the 14th ultimo, I have the honor to submit the report therein called for as follows

2 The memorandum of account appended hereto shows the income and expenditure of the Committee during the year ending September 1875

3 It will appear from the above that more than half the amount expended was swallowed up by the establishment The road fund being under a heavy liability at the beginning of the year, no work of importance could be undertaken during the year, only the necessary repairs to the more important roads were made, at a cost of Rs 2,940-10-8, as shown in detail in the accompanying statement

4 A revised copy of the account is herewith submitted

MALDAH,
The 16th November 1875

BHOOBOONESHUR SINGH,
Vice Chairman

No 1261, dated Pubna, the 17th November 1875

From—F W J REES, ESQ, Chairman of the District Road Cess Committee, Pubna,

To—The Commissioner of the Rajshahye and Cooch Behar Division

I HAVE the honor to submit the annual report of the District Road Fund operations for the cess year ending on the 30th September 1875

2 The total receipts of the fund during the year amounted to Rs 17,590-7-4, besides there was a balance of Rs 9,846-12 at the close of the preceding year, which being added to the above sum, there was at our disposal for expenditure on road works, &c, Rs 27,437-3-4 The above mentioned amount, Rs 17,590-7-4, was made up as follows —A sum of Rs 15,000 was sanctioned by Government Notification No 469 of 29th December 1874, and a sum of Rs 2,590-7-4 was available from local sources, receipts from ferries, one per cent road fund, &c, and fines under Section 6, Part II of Act X (B C) of 1871

3 The total expenditure of the year amounted to Rs 25,568-5-9, leaving a balance of Rs 1,868-13-7 in hand The details of the expenditure have been given in the annexed tabular statement, from which it will appear that Rs 12,914-2-9 was expended on original works, Rs 5,597-15-9 on repairs, Rs 6,056-3-3 on account of establishments, both for road works as well as for management and collection of revenue, contingent charges, &c, and the remaining sum of Rs 1,000 was refunded to Government on account of grants in-aid drawn in excess, *vide* Accountant General's letter No 489T-B, dated 31st March 1875

4 I may mention here that of Rs 12,964-2-9 spent on original works, Rs 10,979-0-3 was expended on the Pangashee road in addition to Rs 10,540 expended in 1873-74, and much progress has been made towards the completion of this important work I regret, however, that it has not yet been finished for want of funds

5 The following original works and repairs are proposed to be undertaken during the ensuing year, at an estimated cost of Rs 5,834 The amount available being too small, the maintenance of the existing roads was considered of the first importance Rs 44 only have been put down for original works, i e, for construction of culverts on the Malunchee road

Repairs

	Rs
Bhowanipore road	250
Dogachee road	200

No 224, dated Dinagepore, the 27th February 1876

From—E V WESTMACOTT, ESQ, Magistrate of Dinagepore,
To—The Commissioner of the Rajshahye and Cooch Behar Division

UNDER Section 89 of Act X of 1871, I have the honor to submit a copy of the road fund accounts for the cess year ending 30th September 1875, with a report of the work done and in progress during the year

2 My preliminary report, under Government circular order No 50 of 23rd July 1873, was submitted with my No 690 of 22nd July 1875

3 The Road Fund Committee met on the 14th October 1874 and on the 19th January 1875, during the time Mr Lowis was Magistrate I took charge in February 1875, and I being principally in camp till the end of April, no meeting of the Committee was held in February, March, or April It then appeared to me desirable that the Committee should meet regularly on the fourth Friday of every month, instead of waiting till some special business should require attention. Accordingly meetings have since been held regularly on the

28th May, 25th June, 23rd July, 27th August, 24th September, and at each meeting the accounts of the Executive Engineer were examined in detail and business brought up to date The total number of meetings in the year was seven

The attendance of members was as follows —

Ex officio Members.	No of Meetings attended	
1 Magistrates—		
Mr E E Lowis	2	
,, E V Westmacott	5	
	—	7
2 Senior Covenanted Assistants—		
Mr A C Brett	2	
,, T E Coxhead	1	
,, C M W Brett	1	
Baboo Anandoram Barooah	0	
	—	4
3 Executive Engineers—		
Mr T Beatty	2	
Baboo Gopal Chunder Mookerjee	2	
	—	4
Ordinary Members		
1 Mr C M W Brett, C S, *Vice-Chairman*	1	
2 Baboo Roy Radhagobind Roy Sahib, Bahadoor	3	
3 ,, Roy Khettro Mohun Singh, Bahadoor	2	
4 ,, Gobindo Prosad Burral	5	
5 Mahomed Ali Khan	5	
6 Mojohur Hossein Choudhry	2	
7 Baboo Netye Beharry Mitro	4	
8 Mr H Lloyd Jones	2	
9 ,, T W Tweedie	3	
10. Baboo Gopee Benod Das	2	

4 Of the remaining seven members who never attended, five live at a distance from head quarters, the other two, Baboo Golok Chundro Sen and Grish Chundra Chukerbutty, are resident in Dinagepore, but as they take no interest in public affairs, the sooner their names are removed from the list of members the better

5 The three representative ryots never attended The works have been entirely in the hands of Public Works officers, and consequently the question whether these men can be of any service in facilitating them has not received the same trial that it will have when the district is subdivided among overseers, each of whom will reside in his own division

6 My knowledge of the state of the roads is acquired almost entirely from personal inspection, and from information derived from Mr Lloyd Jones, the Superintendent of Police Mr C Brett has also given me valuable information when absent from head-quarters

7 During my tour last season, I saw most of the roads along the east bank of the Poornabhaba, and the east bank of the Attrai, with those connecting these two lines I also saw the whole of the Bogra road from end to end In April I saw half the Purneah road, those near Ranisonkol and Thakoorgaon thanas, and the tomb of the Nekmard, and thirty-six miles of the Darjeeling road, and those from head-quarters to Akhanagor and Hemtabad thanas During the rains I have seen all the Rungpore road, sixteen miles of that to Maldah, fifteen of that to Moorshedabad, and almost every road within fifteen miles of head quarters,—some of them several times

8 During my present tour, starting on the 3rd November, I have seen the whole of the Darjeeling road, and those branching from it, besides many cart-roads carrying traffic but not entered in the road fund books Then turning southward, I have seen both the great roads running down the west of the district, carrying the bulk of the jute and gunny-bag traffic down to Raigunge, and the routes branching from them The only roads of importance that I have not yet seen are some in thanas Potiram and Putnitola, and that from Ghoraghat to Hillee

9 I make these remarks to show the grounds upon which I shall criticise the work done In order to form a true opinion of the state of the roads, I have, as much as possible, travelled over them on wheels, though of course neither time nor the state of the roads allowed of my doing so in nearly every instance

10 I will now proceed to make my remarks on each road in detail

11 *Rungpore road* (24 *miles*) —Twenty miles of this road will be taken out of the hands of the District Committee and kept up from provincial funds It is a most important one, as leading to Parbatipore railway station from Dinagepore, and should be metalled and bridged throughout This will be expensive, as the Attrai and Kunkra are considerable streams, and a bridge is also required over the Jamoona, besides smaller bridges and culverts The road has been much neglected, excavations being made in an inconvenient manner, and in some places the road requires raising two or three feet No berm has been left between the toe of the slope and the excavations, consequently the roadway is not relieved at any season by the carts passing below the slope. This should

be remedied gradually as work proceeds, but hitherto my remonstrances—private, demi-official, and official—do not appear to produce any improvement in the manner in which the works are conducted, or correction of the serious engineering faults I have pointed out In many cases the road is wide enough to allow of half of it being repaired at a time, leaving the other half free for traffic, unobstructed by new material, and deferring its repairs till the material of the first half shall have been thoroughly consolidated by a season's rains, and then dressed I have been constantly urging the desirability of carrying on repairs in this manner, but without effect The consequence has been that during the rains many important roads have been utterly impassable on wheels, and scarcely passable on horseback These remarks I have made upon the first road I touch upon, but they are equally, or even more, applicable to the other roads which have been operated upon by the officers of the Department Public Works The system upon which they work is a radically bad one They pay for work almost entirely by cubic measurement of earthwork, without consideration of the effect of the excavation, or the purpose to which the earth is applied The excavation is made, not so as to level the berm, or provide lateral drainage, or on any other principle, but that of finding a clear space whereon to measure a ten foot square Great mischief is done to the land, unsightly pits are dug in all directions, wherein water stagnates, and further deteriorates the climate of a country already exceptionally unhealthy, and earth is pitched on the roads in undressed masses, whereby all traffic is stopped In payment for operations of this nature the officers of the Department Public Works are wasting the funds of the district I am aware that I am using a strong term, but I am sure that it would be held justified by any one who has seen the roads during the last rains

12 With the bridge-work done I do not find fault What I have seen has been well done, but as regards the earthwork, I think it would have been impossible to have spent the money with less benefit to the roads

13 Extensive repairs have been done to the bridge over the Gorbeshwaree, which is now in good order The Engineer-in-Chief, Northern Bengal State Railway, undertook to build a small bridge which, he said, was required near the railway, for which purpose Rs. 468 were placed at his disposal This bridge has been completed

14 The four miles nearest Parbatipore should be metalled first, being in soft clay, the more sandy soil forms a better road in the rains, and its metalling might be deferred

15 The expenditure on this road has been, by Department Public Works officers, Rs 4,914, besides Rs 468 above referred to

16 *Maldah road* (35 *miles*) —On this important road, the great line from the East Indian Railway at Rajmehal to Rungpore and Assam, Rs 2,479 have been spent, including extensive repairs to the wooden bridge at Beerol The road has been kept in a nearly impassable state from the operations of the Public Works Department Expenditure on bridges Rs 1,917

17 *Moorshedabad road* (60 *miles*) —Expenditure, Rs 1,812, principally on earthwork, which has been as badly done as elsewhere Only Rs 195 spent on bridges

18 *Gungarampore and Mowbazar road* (21 *miles*) —This road is partly an old district road, partly a famine work It is a very important one I found it was quite impassable to wheels from repairs during the rains, added to which four bridges are broken These are principally bridges made by the special division Engineers, who were sent to complete famine roads Their bridges were, as a rule, not ready during my last season's tour, and have since broken down I cannot consider that much benefit has accrued from the money spent upon them These bridges must be made good without delay, as the road is important, leading from head-quarters to the highest point at which the Poornadhoba is generally navigable

19 The above include all the old district roads, and those on which the Department Public Works officers have been spending money I will now proceed to consider some of the more important lines opened out during the famine—cart tracks that have been made into roads—and these I propose to maintain as well as the funds at my disposal will allow

20 Dinagepore to Kishengunge in Purneah, leaving the Purneah road at Dhookoorjharee, and passing through Bochagunge, Peergunge thana, and the Nekmard fair

21 *From the Purneah border to Nekmard* —This road was embanked, and half a dozen bridges, since broken down, were put in by the Engineers of special divisions, who were set to complete the famine works I wish the money spent on these numerous temporary bridges had been utilised in building one or two culverts of a more permanent character As the road crosses the line of drainage of some deeply inundated land, we shall eventually have to spend large sums of money upon bridging it, especially as the Kishengunge authorities are making a capital job of their portion

22 *From the Nekmard to Peergunge* —Is a very good road, two bridges, however, are required, and a culvert or two From Peergunge the road runs as far as the Tangon, which is beyond our power to bridge, and for a mile or more beyond, there is then no semblance of a road till we reach Bochagunge, about five miles From Bochagunge the road has been embanked for a mile and a half, and then disappears entirely till we join the Purneah road at Dhookoorjharee, seven or eight miles

23 There thus remain at least a dozen miles not embanked It has always been the practice to have a fair-weather road made at the time of the Nekmard fair, winding about through the fields I purpose this year to have the road surveyed, and a ditch cut on each side, throwing up a little earth along a straight central line as a commencement, upon which

eventually to construct a road I fear that as the road crosses a line of drainage, the expense of bridging will be very heavy, but I look on the work as a most necessary one

24 *Dinagepore to Julpigoree* —This road leaves the Darjeeling road at the eighth mile, crosses the Attrai at Jamtiya Ghât, and passes through Khansamabunder It was made during the famine, and finished with temporary bridges by the Engineers of the special division The bridging on this line is very light, but it is of no use for us to spend money unless the Julpigoree authorities intend keeping up their portion of the road It is an important line, and might be useful for military purposes I have written to Julpigoree on the subject

25 *Atwaree to Roygunge, viâ Laheree, Nekmard, Bindol* —This is one of the most important roads in the district, carrying the great jute traffic to Roygunge, whence it is carried by water The bridging on this is not heavy, and as soon as a fair-weather road is completed at the foot of the slope, to relieve the road of its enormous traffic in the dry season, I hope to be able to keep it in fair order It was completed during the famine, but has been much cut up since

26 *Seebgunge (near Thakoorgaon) to Roygunge, viâ Bonbaree, Peergunge, Hemtabad* — This road is important as the last, carrying an enormous quantity of jute It may eventually be necessary to extend it northwards It was embanked during the famine and in a measure bridged It will not require much expenditure in bridging It joins the road last mentioned at Kornajora, three miles from Roygunge

27 *Dinagepore to Chooramon* —This leaves the Maldah road at Beerol, and passes through Akhanagore and Doorgapore It is completed, and is well worth keeping up

28 *Bindol viâ Hemtabad, Akhanagore, Koosoombee, and Kalikamora, to the Maldah road at Bunyadpore, near Tambolee thana* —Parts of this road are very important, and it is all complete except about two miles south of Kalikamora It is a line worth keeping open

29 *Ramsunkoil to Peergunge* —This short road between two thanas is necessary to keep up communication between Ramsunkoil and head-quarters It is complete, and though the bridging is expensive, I think we must endeavour to keep it up

30 *Peergunge to Beergunge* —This road, between two thanas, across a line of country almost entirely destitute of means of communication, is nearly complete It ought to be completed and kept up

31 *Beergunge to Khansama* —This short road is not expensive, and has been completed I think it may be kept up

32 The above roads include, I think, all upon which we should spend money in the northern and western divisions of the district

33 There are others shown on the famine map, but either unimportant or not sufficiently complete to allow of our finishing them

Of the unimportant ones are —

Ramsunkoil	Hareepore	Hemtabad	Panchbaya
Jogdol	Ditto	Hareepore	Ditto
Bendol	Adhiyar	Roygunge	Koonoir
Roygunge	Ditto		

The Nowabee Rasta south of Doorgapore

Of the unfinished ones are—

34 *Chooramon viâ Etahar, Pottiraj and Kalikamora to Jamair* —This road has only been made from Etahar to Pottiraj and Kalikamora to Jamair It can only be kept up as a fair-weather road, at least for some years to come, though not unimportant

Pottiraj to Koosoomdee

35 *Pottiraj viâ Horeerampore to Dowlutpore* —The money spent during the famine seems to have been only on clearing routes through paddy fields, which have since been ploughed up, though there may be lengths embanked which I have not been able to discover

36 The roads in the southern division are—

Nischintapore (on the Moorshedabad road) to Neetpore —One of the most important grain routes in the district, but untouched during the famine I fear we can do nothing this year, but it should be made as soon as we can afford it

37 *Kordho to Darol* —Complete, though with only temporary bridges, considerable grain traffic It ought to be kept up, but we cannot afford much this year

Baloorghat	Palsa
Ditto	Lukshergbat
Ditto	Nischintapore

38 Traffic, so far as I have seen, is not very great Locally, however, the roads are useful We must postpone expenditure for the present, having more pressing claims on us

39 *Bhatkara (on Moorshedabad road) viâ Sapahar to Puinitola* —Same remarks apply all these roads were completed and temporarily bridged.

40 *Neetpore viâ Mohadebpore to railway at Shatahar.*—This is one of the railway feeder roads, and the remarks I have to make on the construction of this apply equally to the rest so far as I have seen them They appear to have been omitted from the list of

roads made over to the Engineer of the Special Divisions for completion, and consequently remain in the same state in which they were left at the close of famine operations They are totally unbridged, the earth thrown up undressed, and in many places not even a ditch has been cut to demarcate the land that has been taken up I despair of completing these roads unless special funds are allotted for the purpose The land has all been taken up and paid for, which is not the case with any of the famine roads as distinct from railway feeders, and all I can do is to demarcate the land with two ditches, and clear it for fair-weather traffic We have not funds to embank, much less to bridge them This Neetpore road carries a certain amount of grain traffic, but I have not seen the eastern portion of it A branch runs from it at Ooma Moheshpore to Putnitola thana This I have not yet seen

41 *Samghia viâ* Tara, Poteeram thana, Baloorghat, Putnitola, Mohadebpore, and down the Attrai southwards into zillah Rajshahye

42 From Samghia to Tara the road is embanked, but requires some bridges, the "special division" ones having broken down These I do not intend putting in, as it is intended to complete an unfinished road straight from head-quarters to Tara, rendering this unnecessary even in the rains Thence to Putnitola the road is important, and we must keep it up as best we can South of Putnitola I have not seen it, and do not know the amount of traffic upon it Expenditure must also depend upon what is done by the Rajshahye authorities on their side of the border

43 *Balooighat to Farseepura*—A short road complete, and not requiring much expenditure It is useful locally and should be continued into Bogra near Gobarchapa eventually

44 *Putnitola viâ Farseepara to Dumdamma in Bogra*—I have not seen all this road I believe it is very incomplete I am not sure, being absent from head-quarters, whether the land has been taken up as a railway feeder or not

Baloorghat to Hillee	Phoolbaree to Baochoudee in Rungpore
Potteeram to ditto	Ditto Peerguuge in ditto
Ditto *via* Chintamon to Phoolbaree	Beetampore to Kashdoho
Phoolbaree to Singhia '	Hillee to Ghoraghat

45 These are all railway feeders, to which the remarks already made will apply Beyond demarcating the land and making fair weather roads of them, as I have said, we cannot spend much on them for some years to come, when the diversion of traffic into new channels by the railway, and the supersession of the old water routes, may have made great changes in the relative importance of roads, and we shall be better able to judge, than we now are, of the roads on which our money may best be spent

46 *Becrampore to Ghoraghat*—A complete road of great importance, a railway feeder This road we must keep up as well as our funds will allow Fortunately, I do not think much bridging will be required this season

47 *Nowabgunge to Bhadooriya*—Complete Is required to keep up communication between Nowabgunge thana and Ghoraghat Bridging not expensive

48 *Dinagepore to Bhoosebandoi*—A very useful road, complete in a certain sense, but the makers during the famine took a wrong line, giving a very bad crossing, which we cannot bridge Fortunately, we can correct this by cutting a road along the east bank of the Gorbeshworee as far as Rungpore road, from Noolyabaree, with very little labor and no bridging this should be done this season

49 Having thus briefly discussed the different roads, I will state what I think we shall be able to do with each this season

50 In the first instance, to prevent the unnecessary wear of the roadway and bridges during the dry season, I have directed that fair-weather roads be made at the foot of slopes By closing the upper road altogether so long as the lower ones are practicable, I anticipate great saving of expenditure on earthwork and bridges

51 Next, taking the roads in order of their importance, after the ordinary surface dressing and filling up ruts, which should be done every season, I propose that as each culvert breaks down it should be re-placed by a strong one with brick abutments, three beams and cross planks, such as ought to require no repair beyond a plank or two for seven or eight years

52 This being done, waterways requiring a pier, being too wide to span with a single beam, should be taken in hand, a certain sum being laid aside for these bridges every year, substantial work being done in every case, whereby I hope gradually to reduce our annual expenditure on repairs, and so to have money to spend on new bridges

53 Lastly, we have our large bridges such as that over the Ichamotee on the Bogra road, which now requires re-building These we must undertake gradually, only expending a certain portion of our income on such large works every year

54 Metalling I reluctantly leave out of the calculation altogether, because I fear that for years to come we shall have far too much bridging to do to think of metalling It is of more importance to carry traffic across streams in the rains than to provide for fast carriage, which is as yet quite undeveloped

55 We could scarcely metal our roads for less than R 2,000 per mile

56 I will now go on to comment on the accounts for the year under review, which commenced in October 1874, about the close of the famine operations

57 Owing to these operations, the expenditure on which had exceeded the special grants made to the road fund, we began the year with a deficit of Rs 25,246 This was not

covered by the grant made during the year, amounting to Rs 25,000 only Adjustments of accounts of famine officers, however, were made, whereby the fund was credited with Rs 25,545 Of this, the Controller-General has since disallowed some, so that the famine accounts are still unadjusted When this is finally done, it must be considered what should be done The people fear that the road cess is being levied in order to pay for the famine operations, and they have been assured that such is not the case If, however, the deficit remains to be made good by receipts from the road cess, their complaint will be justified

58 The road cess was being assessed during the year, and Rs 282 were credited to the fund on account of fines levied during the process There were no other receipts from the road cess

59 Road tolls produced Rs 244, but the tolls being abolished, Rs 67-8-0 were refunded Ferries produced Rs 5,196 Sales of stores, &c, Rs 308

60 Rs 7,986 were received from private parties for tank-digging during the famine, Rs 405 from the khas mehal fund, Rs 600 from three dâk bungalows

61 The actual receipts of the year thus amounted to Rs 31,967 as follows —

	Rs
Grant	25,000
Tolls	176
Ferries	5,196
Sale of stores	308
Fines	282
Staging bungalow fees	600
Khas mehal fund	405
Total	31,967

62 The expenditure was as follows —

Establishment under the Magistrate	220
Ditto for assessment of road cess under Special Deputy Collector	6,214
Expenditure on district roads and bridges by Department Public Works	14,302
Expenditure on railway feeder roads by railway engineers	8,828
Bridge on Rungpore road considered necessary by railway engineers	468
District Engineers' establishment	1,049
Expenditure on embankment on Bhadooria road, to counteract a dangerous blunder made by the famine officer	687

This probably includes all the actual expenditure of the year, viz about Rs. 31,768, as against an income of Rs 31,967

63 Besides this, however, the accounts show a charge of Rs 2,58,187 spent on famine roads before the year commenced, and Rs 3,523 also spent during the famine on different accounts

64 Rs 2,46,438 have been placed at credit of deposit I do not understand what this means It is part of the adjustment and re-adjustment of famine accounts which is still going on

65 The income and expenditure during the year nearly balance Rs 1,965 remain in hand, advanced for works The book accounts, however, show a deficit of Rs 32,980 In justice to the people of the district, I trust an arrangement will be made to prevent any part of this being made good by the proceeds of the road fund

66 The district works have been performed during the year by the executive engineer, and the machinery of the Department Public Works I have already expressed my dissatisfaction with the manner in which the money has been expended I allow that their bridge-work is good, but the earthwork and jungle cutting have wasted large sums of money I hope before the end of the current year arrangements will have been completed for securing the services of a district engineer, who will not have any part of his time taken up by Rungpore or Bogra as is now the case I propose dividing the district into five divisions, to be called the central, northern, eastern, western, and southern, each under an overseer, a sixth overseer being kept for any special work, where an extra man may be necessary I propose that these men be well paid Europeans, believing that liberality in paying them will be balanced by economy in expenditure on works The district is too extensive to be managed entirely from head quarters without trustworthy agency in the mofussil The cost of these overseers will be about a tenth of our income, but that sum will, I think, be well spent in seeing that the remaining nine-tenths are honestly spent on our roads and bridges

67 This report is not complete without the one I wrote as preliminary in July last. I have not entered into all the details respecting the roads that I did therein.

H W GORDON,
Joint Magistrate in charge

No 23, dated Bogra, the 2nd December 1875.

From—C F MAGRATH, ESQ, Chairman, District Road Cess Committee, Bogra,

To—The Commissioner of the Rajshahye and Cooch Behar Division

I HAVE the honor to submit the annual accounts under the Road Fund for the cess year 1874 75, and the the following short report on the works executed during that period.

Bogra to Dinagepore road—Repairs—Under this head surface repairs to 18 miles, between the 4th and 22nd mile-posts, were executed at Rs 10 per mile, as also extensive repairs to the 40th 41st, and 42nd miles begun and are being carried on Six culverts between the 2nd and 10th mile-posts were repaired The hand-rails of Chora bukra bridge in the 17th mile completed, as also the woodworks of the Nayanagore bridge in the 45th mile The latter have been taken to the site, and will be put up as soon as the water in the khal will admit of the traffic being diverted from the road

Original works—Four culverts constructed, *viz* one of ten feet span in the 8th mile, one of four feet span in the 28th mile, one of four feet in the 29th mile, and one of four feet span in the 38th mile None of the culverts have been completely finished, the pointing and plastering having not yet been done for want of lime They have not consequently been earthed over, and the traffic has to go off the road at these points at present

Three lakhs of bricks were manufactured and burnt at Buriganj, partly with coal and partly with wood, and the outturn of bricks available for use is two and a half lakhs Arrangements for conveying the bricks to Kazipara, where a bridge of two bays 12 feet each is to be constructed, had been made some 8,000 bricks had been carted to the site when the work had to be postponed owing to the rise of the Nagar river One and a half lakhs of bricks were also manufactured and burnt with wood at Dashtika in the 5th mile, for a bridge in this mile As the kiln has not yet been unloaded, what the outturn of good bricks will be cannot be stated at present

Inspection bungalows.—The one at Buriganj is completed

Bogra to Nattore road—The only works done on this road were the repairs of four culverts, *viz* one in the first mile, two in the second, and one in the third mile

Bogra to Serajgunge road—Repairs—Under this heading petty repairs to the 4th and 13th miles were executed, as also two culverts, one in the third and one in the 5th miles, repaired

Original works—Three culverts were constructed, one of four feet span in the 19th mile, one of two spans six feet each as also of four feet spans in the 22nd mile None of the culverts have been earthed over, owing to the pointing and plastering not being completed for want of lime

Bogra to Rungpore road—Repairs—Under this heading repairs to the 10th, 11th, 12th, 13th, and 14th miles, as also petty repairs between the 2nd and 8th mile-post, were executed

Original works—The only works done under this heading, were the flooring, curtain walls, and arches of the Gazaria bridge For want of lime this bridge could not be completed nor the bridge in the 12th mile commenced, for which bricks have been manufactured and burnt by the contractor

Inspection bungalow—There is only one on this road, which is at Mokamtola, and is completed

Chandpur and Phuldighi roads—No works executed on these roads during the year This does not include the works done by the Special Division Executive Engineer, of which, though far the greatest money was spent by that officer, no report was ever submitted to me

There were ten sittings of the Committee during the year; but four times the meeting had to be adjourned for want of quorum, caused by the non-attendance of the non-official members Their names and the number of times they attended the meetings are given below —

Mr C G Ridge	Twice
Baboo Roghu Nath Mustoufi	Ditto
Syad Abdus Sobhan Chowdhury	Once only
Mr J J Mackey	Not at all
Baboo Rajkumar Shomadar	Ditto
,, Radharumen Munshi	Ditto
,, Ananda Nath Chowdhury	Ditto
,, Uma Churn Chowdhury	Ditto
,, Issur Chandra Sen	Ditto
,, Peary Mohun Shaha	Ditto
Sharif Mahomed Mandal	Ditto

W W HUMF, *Major*
Vice Chairman.

The 2nd December 1875

No 182L, dated Darjeeling, the 13th November 1875

From—J WARE EDGAR, Esq, Deputy Commissioner of Darjeeling,

To—The Commissioner of the Rajshahye and Cooch Behar Division

I HAVE the honor to submit the statement of receipts and expenditure of the Darjeeling District Road Fund for the year ending 30th September 1875, and take the opportunity of giving a brief account of the local works that have been carried on in the district during the year, whether under the supervision of the Road Committee or not, for the purpose of showing the way in which the principles laid down by the Lieutenant-Governor, in his minute of the 9th November 1874, have been applied in practice

2 The Lieutenant-Governor directed in his minute that the following roads should not be under the District Road Committee, *viz*—

The cart-road from Darjeeling to Silligoree, the branch road from Kurseong to Silligoree *viâ* Pankabaree

The road from Darjeeling to Sivoke, running along the banks of the Great Rungeet and the Teesta

The Balasun Valley road, and the Nepaul frontier road over Goompahar

In a subsequent communication, No 4396, dated 7th September 1875, from the Assistant Secretary to the Government of Bengal in the Public Works Department to the Commissioner of the Cooch Behar Division, directions were given that the branch road from Kurseong to Silligoree *viâ* Pankabaree, and the Balasun Valley road, should be maintained from local funds In the Lieutenant Governor's minute of the 19th May 1875, His Honor directed that a sum of Rs 6,000 should be assigned to the Nepaul frontier road, and that this road should be under the supervision of the Deputy Commissioner

3 The executive engineer prepared estimates for the repairs of the road from Kurseong to Silligoree *viâ* Pankabaree, but it was found that the expense of these repairs, which were of an extraordinary nature, could not be met from the current local revenue It was therefore proposed that these repairs should be treated as special, and met from the balance of the old improvement fund, and pending the decision of this question, advances were made to the executive engineer from the current local funds, to enable him to carry out such parts of the work as might seem emergent Consequently, the road, though kept open for traffic during the rains, is in an unsatisfactory state I hope, however, we shall be able to put it in thorough repair this cold weather, after which it can be maintained out of current revenue It will be seen from the accompanying accounts that the executive engineer has a balance of Rs 1,529 9-9 on account of this road out of the advances above referred to

4 An estimate for Rs 4,530 was submitted by the executive engineer for the repairs of the Balasun Valley road, and was sanctioned An expenditure of Rs 1,550 was shown in the executive engineer's accounts up to the end of the year, but I believe the whole, or nearly the whole, of the amount estimated has been expended The work has been reported as completed, and the road, which had been almost completely washed away by the floods of 1874, is now open to the Namsoo Bazar I have not had an opportunity yet of visiting the road, but I hope to do so shortly

5 The resting bungalow on Tonglo has been begun, but on account of the cold some difficulty has been found in obtaining masons There has also been much delay in the construction of the road through the bamboo forest beyond Tonglo, owing to the difficult nature of the ground I have, however, got over the worst portion of this jungle, and hope to get on more rapidly with the remainder of the work

6 The orders of the Lieutenant Governor did not reach us until about the end of February, when the tea season was approaching, and it was therefore impossible for the planters to make satisfactory arrangements for the repairs of the roads in which they were interested Many gentlemen, however, gave much assistance in repairing the roads in their neighbourhood, among whom I may mention Messrs Graham and Christison of Tukwar, Mr Johnston of Dooloorriah, Mr Brown of Hopetown, and Mr Forbes Hall of Nahore Besides the roads, the repairs of which were supervised by these and other gentlemen, there are the roads of the Terai, those in Cheeboo Lama's land, and those east of the Teesta, which were repaired under my supervision

Besides the roads repaired by the Committee, there were 12 cane bridges maintained over streams in the hills at a cost of Rs 1,492 The Committee are very anxious to substitute bridges of a more permanent character for these constructions, which are inconvenient and unsafe

7 The Lieutenant-Governor's minute agreed to defer the extension of the Road Cess Act on the condition that a sum of Rs 7,000 be subscribed in this district Up to the 30th September the sum collected amounted to only Rs 2,768-7-0, and Rs 450 has since been paid in, and further subscriptions, considerably over Rs 3,000, have been promised towards work to be done during this cold weather As the Lieutenant-Governor's orders were not received till the end of last working season, many people declined to subscribe then for work which could not be done at that time, and held back their subscriptions till this working season While acknowledging that they had some reason for their unwillingness to pay their subscriptions under these circumstances during the last year, I have begun to fear that no system of voluntary subscriptions will succeed in this district, and that it will be necessary to fall back on the road cess

8 The Lieutenant-Governor, in the 5th paragraph of his minute of the 9th November 1874, directed that the quit-rents payable on building sites, rents and other items of revenue mentioned in the resolution of the 27th June 1873, should be placed at the disposal of the Committee on condition that these funds are equally allotted to all parts of the district These orders have been strictly observed, and a fair proportion of our funds have been devoted to those parts of the district to which tea-planting has not yet extended

J WARE EDGAR *Chairman*

No 253R, dated Julpigoree, the 2nd March 1876

From—MAJOR R C MONEY, Deputy Commissioner, Julpigoree,

To—The Commissioner of the Rajshahye and Cooch Behar Division

WITH reference to your Circular No 258 of the 24th November last, I have the honor to submit herewith the annual accounts of the past year ending with September 1875, and a report of the works done and works in progress on each road in the district during that year I also forward herewith two copies of proceedings of the District Road Cess Committee, one is of the Sub-Committee held on the 14th and 15th February 1876, and the other of the general meeting of the Committee which took place on the 26th February 1876

The following list will show the works done during the year under report

Boda road	Earthwork finished partly, usual repairs to bridges have been made
Silligoree road	Repair to earthworks has been made, also usual repairs to bridges
Sudder station	Kurla bridge (original work) finished by the Public Works Department, ordinary repairs done, and two new small bridges have been erected
Bakali road	Usual repairs to earthwork and bridges
Foolbari road	Earthwork thrown up, no new bridge has been erected
Kyranti road	Ditto ditto ditto
Patgram road	Repairs, earthwork and bridges
Moynagoree road	Petty repairs to earthwork and bridges
Fallacutta road	Ordinary repairs done to earthwork and bridges
Paharpore road	Earthworks finished, repairs to bridges made
Kassiahari road	Usual repairs to earthworks and bridges done

Sub-Divisional Roads

The road from Allipore to Hautaparah (original work) ..	Earthwork finished, and some small bridges erected
Repairs (several small roads)	Ordinary repairs done to earthwork and bridges

Proceedings of the Sub-Committee of Road Cess Committee to examine accounts for 1874-75, *held on the* 14*th and* 15*th February* 1876

PRESENT

MAJOR R C MONEY, *Chairman*
C A HAY, ESQ } *Members*
BABOO POORNA CHUNDRA GHOSE }

The Committee carefully examined the accounts, comparing items of expenditure and bills with cheques drawn, &c, and found that they have been correctly kept, and that the balance in hand is correct The following is a statement of the yearly account —

	RECEIPTS	Rs A P	Rs A P
Balance on 1st October 1874	Cash in hand	1,596 5 2	
	Advance outstanding	3,100 7 7	
			4,696 12 9
	Receipts of the year		
Receipts from tolls	Road tolls		
	Ferry	7,670 3 3	
	Canal and river		
			7,670 3 3
Grant in-aid from Provincial Reserve Fund		14,564 0 0	
Sale proceeds of stores		130 9 7	
Fine and refunds		137 13 9	
Miscellaneous (staging bungalow fees)		376 12 6	
			15,209 3 10
	Total		27 576 3 10
	DISBURSEMENT		
	Under collection of revenue		
Establishment		2,172 8 10	
Contingent charges		1 373 9 8	
Refunds			
	Outlay on district works		3 546 2 6
Original works	Roads and bridges	1,185 11 11	
	River bungalow	74 10 9	
			1,260 6 9
Repairs	Roads and bridges	9,222 2 0	
	River and canal		
	Ferries	2,338 4 9	
			11,560 6 9
Establishment		1,699 0 0	
Tools and plant		23 13 11	
			1,722 13 11
Total outlay to be passed			
			18,089 13 10
Balance on 30th September 1875	Cash in hand	6 790 1 1	
	Advance to Public Works Department	2,376 4 11	
	Other advances	300 0 0	
	Permanent advance to Sub Deputy Collector, Road Cess	20 0 0	
			9,486 6 0
	Total		27,576 3 10

The Committee observe that the cash-book is not kept as carefully as it should be, and not countersigned by the Vice-Chairman, this is owing to there having been no Vice to do it They are of opinion that the Vice-Chairman should monthly examine and pass the account and certify the same to the Chairman, who will in due course inform the Committee, and that the cash-book should be signed monthly by the Vice-Chairman They are also of opinion that a separate ledger should be kept in the office for each road or work, and that such ledger should also be correctly made up and examined by the Vice Chairman

The Committee are of opinion that printed forms should be indented for at once for establishment bills, contingent bills, &c, and that no bills should be drawn up in future except on proper printed forms

The Committee also are of opinion that the system of drawing cheques for small sums, such as eight or four annas, should be discontinued, these small items should be included in one abstract bill

The Committee are of opinion that the Committee of Adjustment of the late Captain Hood's estate have shown extraordinary dilatoriness in not as yet having supplied an account of the expenditure of the advance made to that officer for repair of the Balahari or Dalimcote road, and that it should be written to and requested to do this at once, and if this fail, that the matter be brought to the notice of Government

---

Proceedings of the Road Cess Committee, held on the 26th February 1876

PRESENT

MAJOR R C MONEY, *Chairman*
MOONSHI TONICOOLAH, Honorary Magistrate } *Members*
BABOO PRANKISTA DAS, ditto }
,, HARA PROSAD DAS, ditto }

The Committee having read the proceedings of the Sub-Committee held on the 14th and 15th February 1876, considered the accounts as passed by the Sub-Committee and approved them

They also approved of all the Sub-Committee's suggestions, as recorded in their proceedings, and desire to see them at once carried out

It was also resolved that, in accordance with Section 79 of Act X, a copy of the accounts, with a report of the work done, be submitted to the Commissioner

The Chairman brought to the notice of the Committee that they had appointed Mr Mackenzie as their Engineer on six months' probation, and that those months having passed, it is now necessary to determine whether his services be retained or otherwise The Chairman said that he had much pleasure in saying that he had every reason to be satisfied with Mr Mackenzie's work, that the earthwork on the roads had been more efficiently done than it had ever been before, and that the bridges put up by that officer were thoroughly good, and that he observed a better return for money spent than he had ever before noticed in the district Moonshi Tonicoolah bore out these remarks by the observation he made on the Boda road, the earthwork of which has lately been repaired, and as the members all bore testimony to their satisfaction with the way in which Mr Mackenzie performs his duties, it was unanimously resolved that he be permanently appointed as the Committee's Engineer on his present salary

The Committee observe that in appointing Mr Mackenzie on probation for six months only they have inadvertently lessened the period of probation as laid down in paragraph 21 of the Lieutenant-Governor's Resolution, Public Works Department, No 1209 of 8th March 1875, where one year is laid down as the period of probation Under the peculiar circumstances of Mr Mackenzie's qualifications having been fully tested when he was Engineer to the Dacca Municipality, and to his having only obtained six months' leave of absence from that appointment so as to enable him to come here, the Committee resolved to request the Commissioner to bring these facts to the notice of His Honor the Lieutenant-Governor of Bengal, and to apply for his sanction to Mr Mackenzie being permanently appointed as Engineer to this Committee

The Chairman brought to the notice of the Committee that as Mr Mackenzie is engaged on Rs 400 per mensem, of which Cooch Behar pays Rs 150 for work done by that officer on Cooch Behar road, and as this Rs 150 will only be paid by the Commissioner so long as that work continues, it is necessary to consider whether they can afford to pay Mr Mackenzie Rs 400 per mensem when the Cooch Behar Rs 150 is stopped

The Chairman also said that of their ability to do this he had no doubt, the road cess tax had been fixed this year at only one pice per one rupee, but it must next year be raised to two pice, and they will then have increased funds at their disposal to meet the increased demand for work on the district roads They will then be able to pay Mr Mackenzie his full salary

The members present fully agreed to this, and it was determined that when the salary of Mr Mackenzie from Cooch Behar ceases, his salary should be raised to Rs 400 per mensem from the Road Cess Fund

PART IA

Orders and Notifications by the Government of India.

The following Gazette Extraordinary, issued by the Government of India, in the Foreign Department, is republished for general information —

NOTIFICATION

POLITICAL

Simla, the 18th August 1876

No 1891P

PROCLAMATION.

As VICEROY AND GOVERNOR GENERAL OF INDIA, I hereby publish, for the information of the Governors, Administrators, Princes, Chiefs, Nobles, and Peoples of this Empire, the subjoined Act passed by the Imperial Parliament of Great Britain and Ireland on the twenty-seventh day of April in the year of Our Lord one thousand eight hundred and seventy-six, together with a Royal Proclamation dated at the Court of Windsor the twenty-eighth day of April one thousand eight hundred and seventy-six in the thirty-ninth year of Her Majesty's reign, transmitted to this Government by the MOST HON'BLE THE SECRETARY OF STATE FOR INDIA in His Lordship's Despatch No 70 of the 13th July 1876.

Moreover, I now publicly notify, under this my hand and seal, that it is my intention to hold at Delhi, on the 1st day of January 1877, an Imperial Assemblage, for the purpose of proclaiming to the Queen's subjects throughout India the gracious sentiments which have induced Her Majesty to make to HER Sovereign Style and Titles an addition specially intended to mark Her Majesty's interest in this great Dependency of HER Crown, and HER Royal confidence in the loyalty and affection of the Princes and Peoples of India

To this Assemblage I propose to invite the Governors, Lieutenant-Governors, and Heads of Administrations, from all parts of the Queen's Indian Dominions, as well as those Princes, Chiefs, and Nobles in whose persons the antiquity of the past is associated with the prosperity of the present, and who so worthily contribute to the splendour and stability of this great Empire

I shall forthwith issue such orders in Council as may be suitable to the historial importance of the occasion, and in conformity with the desire which will be felt by all Her Majesty's subjects in India to manifest the affection they cherish for their august Sovereign by public rejoicings and appropriate demonstrations of loyalty

Dated at Simla, this eighteenth day of August 1876.

(Signed) LYTTON

ANNEXURES.

[39 VIC, CAP 10]

No 1]

AN Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies [27th April 1876]

(Transmitted in Secretary of State's Despatch No 28 (Legislative) of 29th June 1876)

39 and 40 Geo III C 67, A D 1800

WHEREAS by the Act for the Union of Great Britain and Ireland, passed in the fortieth year of the reign of His late Majesty King George the Third, chapter sixty-seven, it was provided that after such Union as aforesaid the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint,

And whereas by virtue of the said Act and of a Royal Proclamation under the Great Seal, dated the first day of January one thousand eight hundred and one, the present style and titles of Her Majesty are "Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen Defender of the Faith"

21 and 22 Vic C 106

And whereas by the Act for the better government of India, passed in the Session of the twenty-first and twenty-second years of the reign of Her present Majesty, chapter one hundred and six, it was enacted that the government of India, theretofore vested in the East India Company in trust for Her Majesty, should become vested in Her Majesty, and that India should thenceforth be governed by and in the name of Her Majesty, and it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to the style and titles of Her Majesty

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows

Power to Her Majesty to make addition to style and titles of Crown

It shall be lawful for Her Most Gracious Majesty, with a view to such recognition as aforesaid of the transfer of the government of India, by Her Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Her Majesty may seem meet

---

No 2]

No 70, dated India Office, the 13th July 1876

From—Her Majesty's Secretary of State for India,

To—The Government of India

I FORWARD herewith, for the information of your Excellency's Government, copy of the Queen's Proclamation notifying the assumption by Her Majesty of the title of "Empress of India"

2 This act on the part of Her Majesty is a formal and emphatic expression, for which it seemed to the Queen that the opportunity was eminently suitable, of the favorable sentiments which She has always entertained towards the Princes and People of India I request that your Excellency will proclaim throughout Her Majesty's Indian Dominions, in a manner suitable to Her gracious intentions, the addition which has been made to the Royal Style and Titles

(Signed) SALISBURY.

BY THE

QUEEN

A PROCLAMATION

VICTORIA, R.

WHEREAS an Act has been passed in the present Session of Parliament, intituled "An Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies," which Act recites that, by the Act for the Union of Great Britain and Ireland, it was provided that after such Union the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint and which Act also recites that, by virtue of the said Act, and of a Royal Proclamation under the Great Seal, dated the 1st day of January 1801, Our present Style and Titles are "Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith" and which Act also recites that, by the Act for the better government of India, it was enacted that the government of India, theretofore vested in the East India Company in trust for Us, should become vested in Us, and that India should thenceforth be governed by Us and in Our name, and that it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to Our Style and Titles And which Act, after the said recitals, enacts that it shall be lawful for Us, with a view to such recognition as aforesaid, of the transfer of the government of India, by Our Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Us may seem meet, we have thought fit, by and with the advice of Our Privy Council, to appoint and declare, and We do hereby, by and with the said advice, appoint and declare that henceforth, so far as conveniently may be, on all occasions and in all instruments wherein Our Style and Titles are used, save and except all Charters, Commissions, Letters Patent, Grants, Writs, Appointments, and other like instruments, not extending in their operation beyond the United Kingdom, the following addition shall be made to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies, that is to say, in the Latin tongue in these words "Indiæ Imperatrix" And in the English tongue in these words "Empress of India"

And Our will and pleasure further is, that the said addition shall not be made in the Commissions, Charters, Letters Patent, Grants, Writs, Appointments, and other like instruments, hereinbefore specially excepted

And Our will and pleasure further is, that all gold, silver, and copper moneys, now current and lawful moneys of the United Kingdom, and all gold, silver, and copper moneys which shall, on or after this day, be coined by Our authority with the like impressions, shall, notwithstanding such addition to Our Style and Titles, be deemed and taken to be current and lawful moneys of the said United Kingdom, and further that all moneys coined for and issued in any of the Dependencies of the said United Kingdom, and declared by Our Proclamation to be current and lawful money of such Dependencies, respectively bearing Our Style, or Titles, or any part or parts thereof, and all moneys which shall hereafter be coined and issued according to such Proclamation, shall, notwithstanding such addition, continue to be lawful and current

money of such Dependencies respectively, until Our pleasure shall be further declared thereupon.

Given at Our Court at *Windsor*, the twenty-eighth day of *April*, one thousand eight hundred and seventy-six in the thirty-ninth year of Our Reign

GOD save the QUEEN.

INDIA OFFICE,
London, 6th July 1876

To His Excellency the Right Hon'ble the Governor-General of India in Council

MY LORD,

I forward herewith for your Excellency's information a copy of a Declaration* prolonging the duration of the Treaty of Commerce and Navigation of the 6th of August 1863, between Her Majesty and the King of Italy, to the 30th April 1877

* Dated 22nd May 1876

I have, &c,
(Sd) SALISBURY

Declaration prolonging the duration of the Treaty of Commerce and Navigation between Her Majesty and the King of Italy of the 6th of August 1863

SIGNED AT ROME, MAY 22, 1876

WHEREAS the Treaty of Commerce and Navigation between Great Britain and Italy of 6th August 1863, would cease to be in force on the 26th June 1876, in consequence of a denunciation made by the Italian Government, and the two Governments having recognized the utility of prolonging its duration, the undersigned duly authorized to this effect, have agreed to declare as follows —

The Treaty of Commerce and Navigation between Great Britain and Italy of the 6th August 1863 will continue to remain in force until the 30th April 1877

In faith of which they have signed the present Declaration made in duplicate, and have affixed their seals

Done at Rome on the 22nd of May 1876

(L S) A B PAGET

The following orders, issued by the Government of India, in the Financial Department, are republished for general information —

No 2150 —*Simla, the 11th August* 1876 —*Pensions and Gratuities*—*Erratum* —In the Notification No 1995, dated 14th August 1876, published at page 420 of Part I of the *Gazette of India* of the 5th idem, *for* "Rule 10" *read* "Rule 11"

No 2155 —*The 11th August* 1876 —*Mint and Currency* —The following Resolution is published for general information —

Read the following correspondence regarding a difficulty which has arisen about the form of the certificate to be given by the Assay Master of the Calcutta Mint under Section 24 of the Indian Coinage Act, 1870, for the net produce of Furruckhabad rupees received in the Mint for coinage under Section 19 of the said Act —

From Master of the Mint, Calcutta, No 1173, dated 2nd February 1876
To Master of the Mint, Calcutta, No 1825, dated 31st March
To Assay Master, Calcutta, ditto ditto
From ditto ditto, No 4, dated 6th April
To Master of the Mint, „ 2416, „ 29th „
From ditto ditto „ 165, „ 6th May

OBSERVATIONS —By the 17th Section of the Indian Coinage Act, 1870, it is provided that—"If a coin which has been coined and issued by the authority of the Government of India has lost, by reasonable wearing, more than two per cent in weight, or has been called in by proclamation, the officer cutting or breaking the same shall receive it at the rate of one rupee per tola"

In accordance with this provision of the law, the 8th Rule for the receipt under Section 19 of the said Indian Coinage Act, of bullion and coin into the Calcutta Mint, authorises the receipt of Madras, Furrackhabad, Company's or Government rupees, reduced by ordinary wear without payment of duty at one rupee a tola, and the 9th Rule for the receipt of bullion into the Bombay Mint provides that there shall be no seignorage on short weight, Madras, Furrackhabad or Government rupees

RESOLUTION —The foregoing Mint Rules should be made applicable to Furrackhabad rupees, and all other coins coined and issued by the authority of the Government of India, of full weight, received at the Mints for recoinage under Section 19 of the Indian Coinage Act

The only point to be certified in regard to such coins so received is that they have been coined and issued by the authority of the Government of India, and unless the Assay Master thinks it necessary to assay them in order to ascertain that they are genuine, they need not be assayed at all The certificate granted by the Assay Master under Section 24 of the Indian Coinage Act for the net produce of such coins payable on behalf of the Government by the Bank of Bengal or the Bank of Bombay, as the case may be, should merely state their weight and the corresponding amount in Government rupees at one rupee a tola Payment is not made for such coins upon their assay value, and the Assay Master's certificate should not state their assay value

R L MANGLES,
Offg Secy to the Govt of Bengal

The Calcutta Gazette.

WEDNESDAY, AUGUST 23, 1876

PART II

Advertisements

[N B —Advertisements, Notices, &c, intended for insertion in this part of the Gazette, cannot be received after Noon on Monday]

NOTICE is hereby given that the undermentioned plots of land no longer required by the Government, situated in the district of 24-Pergunnahs Chitpore Branch Line, will be put up to sale at the office of the Board of Revenue, Lower Provinces, at 11 o clock on Monday, the 4th September 1876, corresponding with 20th Bhadro 1283 B S

The purchasers of these plots will be subject to the following conditions —

1st —If the amount of purchase money does not exceed Rs 100, the whole amount to be paid down at once

2nd —If the purchase-money exceeds Rs 100 one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day the sale to be cancelled, the sum deposited being forfeited to Government, and the estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale

3rd —The plots will be sold revenue free to the highest bidders

4th —The purchasers shall be put in possession on receipt of the orders of the Collector confirming the sales But such possession shall be liable to be disturbed in case the final sanction of the Member of the Board of Revenue in charge should not be accorded to the proceedings

CALCUTTA, RAILWAY DEPUTY COLLECTOR'S OFFICE, the 21st July 1876

W HEYSHAM, *Railway Deputy Collector*

NOTICE is hereby given that the undermentioned plots of land no longer required by the Government, situated in the district of Beerbhoom, East Indian Railway Loop Line, will be put up to sale at Bulpore, at noon on Friday, the 1st September 1876, corresponding with 17th Bhadra 1283 B S

The purchasers of these plots will be subject to the following conditions —

1st —If the amount of purchase money does not exceed Rs 100 the whole amount to be paid down at once

2nd —If the amount of purchase money exceeds Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the Estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale

3rd —The plots will be sold revenue free to the highest bidders

4th —The purchasers shall be put in possession on receipt of the orders of the Commissioner confirming the sales, but such possession shall be liable to be disturbed in case the final sanction of the Member of the Board of Revenue in charge should not be accorded to the proceedings

WEDNESDAY, AUGUST 23, 1876

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL

LEGISLATIVE DEPARTMENT

[First Publication]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 22nd July 1876, and having been assented to by the Governor-General on the 9th August 1876, is hereby published for general information —

ACT No VII OF 1876

An Act to provide for the Registration of revenue-paying and revenue free lands, and of the proprietors and managers thereof

Preamble

WHEREAS it is expedient to make better provision for the preparation and maintenance of Registers of revenue-paying and revenue-free lands, and of the proprietors and managers thereof, and of certain mortgages of revenue paying lands It is hereby enacted as follows —

PART I.

PRELIMINARY

Commencement

1 This Act may be called the "Land Registration Act, 1876," and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor General, which date is hereinafter referred to as the commencement of this Act

Regulations repealed

2 From the commencement of this Act, the Regulations mentioned in the schedule hereto annexed, to the extent specified in the third column thereof, shall cease to have effect in the Provinces subject to the Lieutenant-Governor of Bengal

Interpretation clause

3 In this Act—unless there be something repugnant in the subject or context—

"Civil Court"

(1) "Civil Court" means any Civil Court which is competent to hear and determine the matter with respect to which the words are used

'Estate'

(2) "Estate" includes

(*a*) any land subject to the payment of land revenue, either immediately or prospectively, for the discharge of which a separate engagement has been entered into with Government

(*b*) any land which is entered on the revenue-roll as separately assessed with land revenue (whether the amount of such assessment be payable immediately or prospectively), although no engagement has been entered into with Government for the amount of revenue so separately assessed upon it as a whole

(*c*) any land being the property of Government of which the Board shall have directed the separate entry on the General Register hereinafter mentioned

"Extent of interest"

(3) "Extent of interest" means the share or interest in an estate or revenue free property of which the person with respect to whom the words are used is in possession as proprietor or manager

"Lieutenant Governor"

(4) "Lieutenant-Governor" means the Lieutenant-Governor of Bengal for the time being, or the person acting in that capacity

(5) "Local division" means a sub-division, pergunnah, thanah, police division of jurisdiction, or other division according to which the Mouzahwar Register of the district is arranged

"Local Division"

(6) "Manager" means every person who is appointed by the Collector the Court of Wards, or by any Civil or Criminal Court to manage any estate or revenue-free property or any part thereof, and every person who is in charge of an estate or revenue-free property or any part thereof on behalf of a minor, idiot, or lunatic, or on behalf of a religious or charitable foundation

"Manager"

(7) "Mouzah" includes every village, hamlet, tolah, and other similar sub-division of land commonly in use in any district, by whatever name such sub-division may be known

"Mouzah"

(8) "Proprietor" means every person being in possession of an estate or revenue-free property, or of any interest in an estate or revenue-free property, as owner thereof, and includes every farmer and lessee who holds an estate or revenue-free property directly from or under the Collector

"Proprietor"

(9) "Recorded proprietor" means any proprietor whose name and the character and extent of whose interest in an estate or revenue-free property stands registered in any General Register now existing, or hereafter to be made under this Act

Recorded proprietor

(10) "Revenue-free property" means any land not subject to the payment of land revenue, which is included under one entry in any part of the General Register of revenue-free lands

"Revenue free property"

(11) "Section" means a section of this Act

Section

(12) "The Board" means the Board of Revenue of the Provinces for the time being subject to the Lieutenant-Governor of Bengal

The Board

(13) "The Collector" means the Collector of the District to which a register relates

"The Collector

(14) "The District" means the District to which a Register relates

"The District

PART II

OF THE REGISTERS TO BE KEPT UP BY THE COLLECTOR

4 The Collector of every district shall prepare and keep up the following Registers —

Collector to keep Registers

A —A General Register of revenue-paying lands
B —A General Register of revenue free lands
C.—A Mouzahwar Register of all lands revenue-paying and revenue-free
D —An Intermediate Register of changes affecting entries in the General and Mouzahwar Registers

5 The Registers shall be written in such forms, language, and character, and shall be arranged in such manner not being inconsistent with the provisions of this Act, as the Board from time to time may direct for each district.

Forms, language, character and arrangement of registers

The entries in each Part of the General Registers shall be numbered in one consecutive series for the whole District, and shall follow one alphabetical arrangement, running from the beginning to the end of the Part

6 The General Register of revenue-paying lands shall consist of two Parts —

The General Register of revenue paying lands

Part I —Book of estates borne on the revenue-roll of the District

Part II —Book of lands situated in the District, appertaining to estates borne on the revenue-rolls of other districts

7 In Part I of the General Register of revenue-paying lands shall be entered the name of every estate which is borne on the revenue-roll of the District, and the following particulars relating to every such estate —

Part I of the General Register

(a) name of the estate,
(b) number of the estate on the revenue roll of the District, and the annual amount of revenue for which it is liable,
(c) names and addresses of the proprietors, managers, and mortgagees of the estate, with the character and extent of the interest of each proprietor, manager, and mortgagee,
(d) name of every local division in which any lands of the estate are situated, whether in the district, or in any other district, with specification under each local division of
   (i) the number of mouzahs containing such lands,
   (ii) the name of each mouzah,
   (iii) the number which each mouzah bears under the local division in the Mouzahwar Register, and
   (iv) the area of land appertaining to the estate which each mouzah contains, if ascertained by survey or other authentic measurement,
(e) reference to entries made in the Intermediate Register after the preparation of the General Register

8 In Part II of the General Register of revenue-paying lands shall be entered the name of every estate which comprises lands situated in the district, but which is borne on the revenue-roll of some other district, and the following particulars relating to every such estate —

Part II of the General Register

(a) name of the estate,
(b) name of the district on the revenue-roll of which the estate is borne, with the number which the estate bears on that roll, the annual amount of revenue for which it is liable, and the number which the estate bears in Part I of the General Register of revenue-paying lands for its own district,
(c) names and addresses of the proprietors managers, or mortgagees of the estate, with the character and extent of the interest of each proprietor, manager, and mortgagee,

(d) name of every local division of the district to which the Register relates, in which any lands of the estate are situated, with a specification under each local division of
  (i) the number of mouzahs containing such lands,
  (ii) the name of each mouzah,
  (iii) the number which each mouzah bears under the local division in the Mouzahwar Register of the district, and
  (iv) the area of land appertaining to the estate which each mouzah contains, if ascertained by survey or other authentic measurement,
(e) reference to entries made in the Intermediate Register after the preparation of the General Register

9 The General Register of revenue-free lands shall consist of three Parts—

General Register of revenue free lands

Part I —Book of lands held exempt from revenue in perpetuity

Part II —Book of lands occupied for public purposes without payment of revenue

Part III —Book of unassessed waste lands and other lands not included in Part I or Part II of the General Register of revenue-free lands

10 In Part I of the General Register of revenue-free lands shall be entered all lands held under badshahi, hukami, and other lakhiraj grants which have been declared to be valid by competent authority,

Part I of the General Register of revenue free lands

all lands in which the Government has conferred a proprietary title free in perpetuity from any demand on account of land revenue, in consideration of the payment of a capitalized sum, or for any other reason,

and any lands of which the Board, on a full report of the circumstances of the case, shall have sanctioned the entry in this part of such Register

Part I of such Register shall, as far as possible contain the following particulars in respect of each entry —

(a) name of the revenue-free property with the character of the tenure, whether jaghir, altumgah, devatter, bishanpirit, purchased revenue-free, redeemed, or otherwise,
(b) date of the grant or title being conferred,
(c) nominal area granted,
(d) names of the grantor and original grantee,
(e) reference to any decree or other order of competent authority declaring or recognizing the grant to be valid,
(f) names and addresses of the proprietors and managers of the revenue-free property, with the character and extent of the interest of each proprietor and manager,
(g) name of every local division in which any land appertaining to the property is situated, whether in the District or in any other district, with specification under each local division of
  (i) the number of mouzahs containing such land,
  (ii) the name of each mouzah,
  (iii) the number which each mouzah bears under the local division in the Mouzahwar Register, and
  (iv) the area of land appertaining to the revenue-free property which the mouzah contains, if ascertained by survey or other authentic measurement, with specification of the number of each field according to the papers of such measurement,
(h) reference to entries in earlier Registers relating to the property or any part thereof,
(i) reference to entries made in any Intermediate Register after the preparation of the General Register

11 In Part II of the General Register of revenue-free lands shall be entered all lands which are occupied by the Government, or by any public body, for public purposes, and on account of which no land revenue is demanded

Part II of the General Register of revenue free lands

It shall contain the following particulars —
(a) area of the land comprised in each entry,
(b) names of the local divisions and mouzahs in which the lands are situated, with area in each mouzah, and a reference to the number under which each mouzah is entered in the Mouzahwar Register of the local division,
(c) name of the department of Government or of the public body by which the land is occupied,
(d) the purpose for which it is occupied,
(e) the date and particulars of the appropriation of the land to such purpose,
(f) reference to entries in the Intermediate Register made after the preparation of the General Register

12 In Part III of the General Register of revenue-free lands shall be entered all waste and other lands (not being included in any other part of the General Register) which are not assessed to land revenue It shall contain the following particulars —

Part III of the General Register of revenue free lands

(a) name and number of the lot, or other particulars identifying the property,
(b) area comprised in each entry,
(c) name of every local division and mouzah in which lands of the property are situated, with area in each mouzah, and a reference to the local division and number under which each mouzah is entered under the local division on the Mouzahwar Register,
(d) reference to entries in the Intermediate Register made after the preparation of the General Register

13 If it shall appear to the Board that the circumstances of any District are such that it is not desirable or practicable to prepare the Register of revenue-free lands in the manner described in the three last preceding sections, the Board may direct that the said sections shall not apply to such District, and may lay down rules, not being inconsistent with the provisions of this Act, in respect of the registration of revenue-free lands and of the proprietors and managers thereof, provided that such rules shall require the registration of the name of one or

Board may direct that three last sections shall not apply to any district

more persons as liable for the discharge of the duties and obligations referred to in section sixty-eight, in respect of all lands which under such rules may be registered as separate revenue-free properties

Such rules, when they shall have been sanctioned by the Lieutenant-Governor, and published in the *Calcutta Gazette*, and otherwise locally as the Lieutenant-Governor may order, shall, from such date as the Lieutenant-Governor may direct, have the same force as if they were included in this Act

Purpose of the Mouzahwar Register

14 The Mouzahwar Register shall be kept up for the purpose of showing, in a connected form, the mouzahs situated in each local division, and the lands, whether revenue-paying or revenue-free, of which each mouzah consists

Mouzahwar Register to be arranged according to local divisions

15. The Mouzahwar Register shall be arranged and divided according to sub-divisions, parganahs, thanahs, police jurisdictions, or such other local divisions of the district as the Board may from time to time direct for each district, the entries of mouzahs shall have a separate series of consecutive numbers, and a separate alphabetical arrangement for each local division

The Mouzahwar Register shall contain the following particulars —

(*a*) name of the mouzah,

(*b*) total area of mouzah, if ascertained by survey or other authentic measurement, with a reference to the authority for the entry,

(*c*) name of every estate or revenue-free property to which any of the lands of the mouzah appertain, with a reference to the entry of each on the General Register, and a specification of the area of land in the mouzah which appertains to each, if ascertained by survey or other authentic measurement, with a reference to the authority for such entry,

(*d*) gross rental of the area of land in the mouzah which appertains to each estate or property, if such rental has been ascertained during management of the lands by the Collector or by other authentic means, with a reference to the authority for the entry,

(*e*) reference to entries made in Intermediate Registers after the preparation of the Mouzahwar Register

Intermediate Registers

16. Intermediate Registers shall be kept up for the purpose of recording therein from time to time changes affecting the entries which stand in the General and Mouzahwar Registers, so that by a reference to them in connection with those Registers correct information up to date on the points recorded may be obtained at any time, also for the purpose of keeping together, as far as possible, in a convenient form, the information which will eventually be required for re-writing the General and Mouzahwar Registers

Division of the Intermediate Register

17. The Intermediate Register shall consist of two Parts, as follows —

PART I —Book of changes affecting entries relating to revenue-paying lands.

PART II —Book of changes affecting entries relating to revenue-free lands.

Particulars of Part I of the Intermediate Register

18. In Part I of the Intermediate Register shall be recorded in a convenient form all changes in the names of proprietors, managers, and (so far as this Act requires) mortgagees, and in the character or extent of the interest of each such proprietor, manager, and mortgagee, and such other changes affecting any entry standing in the General Register of revenue-paying lands, or any entry in the Mouzahwar Register relating to revenue-paying lands, as cannot conveniently be entered against such entry in the General or the Mouzahwar Register It shall contain the following particulars —

(*a*) name of the estate affected, with references to the number it bears on the General Register of revenue-paying lands, the number it bears on the revenue-roll, and the amount of revenue for which it is liable,

(*b*) references to previous entries in the Intermediate Register relating to the estate,

(*c*) particulars of the change, with a reference to the authority under which it is made,

(*d*) the numbers borne by the entries in each Part of the General Register of revenue-paying lands, and under each local division in the Mouzahwar Register, which are affected by the change here recorded

Particulars of Part II of the Intermediate Register

19 In Part II of the Intermediate Register shall be recorded all changes in the names of proprietors and managers of revenue-free properties, and in the character and extent of interest of each such proprietor and manager, and such other changes affecting any entry standing in the General Register of revenue-free lands, or any entry relating to revenue-free lands in the Mouzahwar Register, as cannot conveniently be entered against such entry in the General or the Mouzahwar Register It shall contain the following particulars —

(*a*) name and character of the revenue free property to which the lands appertain, and number which it bears in any part of the Register of revenue-free lands,

(*b*) reference to previous entries in the Intermediate Register relating to the property,

(*c*) particulars of the change, with a reference to the authority under which it is made,

(*d*) the numbers borne by the entries in the General Register and under each local division in the Mouzahwar Register which are affected by the change here recorded

PART III

OF THE PREPARATION AND MAINTENANCE OF THE REGISTERS

Old Registers to be in force till new Registers prepared.

20. Until the Registers by this Act directed to be prepared are so prepared, the existing Registers now kept up in the office of

every Collector shall be deemed to be the Registers kept up under this Act, that is to say—

The existing General Register of revenue-paying estates shall be deemed to be the General Register of revenue-paying lands,

The existing Parganah Register (Part II) of revenue-free lands shall be deemed to be the General Register of revenue-free lands, and the Mouzahwar Register in respect of revenue-free lands

The existing Parganah Register (Part I) of revenue-paying lands shall be deemed to be the Mouzahwar Register in respect of revenue-paying lands

The existing Register of Intermediate Mutations shall be deemed to be the Intermediate Register of changes affecting entries in the General and Mouzahwar Registers,

And all the provisions of this Act shall, as far as possible, be deemed to be applicable to such Registers, and to the registration therein of the names and interests of proprietors, managers, and mortgagees

How Registers to be prepared

21 The first General Registers and the first Mouzahwar Register under this Act, shall be prepared for each district at such time as the Board may direct from the entries in the existing Registers mentioned in the last preceding section, and from any other authentic information available to the Collector

Board may order new Registers to be prepared

22 The Board may order new Registers to be prepared whenever it may think fit, and such Registers shall be prepared from the Registers existing at the time of such order, and from the entries of subsequent changes in the Intermediate Registers, and from any other authentic information available to the Collector, and such additions to, omissions from, and alterations in, the entries as they appeared in the previous Registers shall be made as subsequent changes have rendered necessary, and the authority for every change shall be expressly referred to

Entry of estate on any part of a General Register

23 Whenever, after the preparation of the General Registers, it may be necessary to bring any estate or revenue-free property on to any Part of such Registers on which such estate or property is not already borne, such estate or property shall be at once brought on to such Part under a new number, in continuation of the last number already borne on such part, and a note referring to such entry shall be made in the place in the General Register in which such estate or property would have appeared according to the alphabetical arrangement mentioned in section five

Entry of mouzah under local division of Mouzahwar Register

24 Whenever, after the preparation of the Mouzahwar Register, it shall be necessary to enter any mouzah under any local division of such Register under which it is not already borne, such mouzah shall be at once brought under the proper local division with a new number, in continuation of the number borne by the last entry under such local division, and a note referring to such entry shall be made in the place in the Mouzahwar Register in which such estate or property would have appeared according to the alphabetical arrangement mentioned in section fifteen

Entries made under two preceding sections to be in chronological order

25. All new entries made in the General and Mouzahwar Registers after their preparation, as prescribed in the two last preceding sections, shall be made in chronological order

Note to be made on General Register

26 After the General Register of revenue-paying lands shall have been prepared, a note shall from time to time be made on such Register against the estate affected

of every alteration which may be ordered by competent authority, in the amount of revenue assessed on any estate,

of every partition of an estate into two or more estates,

of every change involving the removal of an estate from the part of the Register on which it is borne,

of the redemption of every mortgage in respect of which the name of the mortgagee shall have been entered on the Register,

and in every such note reference shall be made to the authority under which the change was made

In preparing the Register space shall be left for the future entry of such notes against each estate

Any other changes affecting the entries as they stand in the Register may be recorded in Part I of the Intermediate Register as provided in section eighteen, and a reference shall be made in the General Register against the estate affected to every entry which may be made in the Intermediate Registers recording any such change

Note on General Register of revenue free lands

27 After the General Register of revenue-free lands shall have been prepared, a note shall from time to time be made on such Register against the property affected

of every case in which lands entered as revenue-free may be declared liable to assessment, and assessed by competent authority,

of every partition of a revenue-free property into two or more properties,

of every change involving the removal of a revenue-free property from the Part of the Register on which it is borne,

and in every such note reference shall be made to the authority under which the change was made

In preparing the Register space shall be left for the future entry of such notes against each estate

Any other changes affecting the entries as they stand on the Register may be recorded in Part II of the Intermediate Register as provided in section nineteen

Collector after making enquiry may make change in his Register

28 Whenever it shall come to the notice of the Collector that any change has occurred which affects any entry in his Registers, and renders necessary any alteration therein, the Collector, after making such enquiry as may be necessary, shall make such alteration

Provided that notice shall be given to the recorded proprietors and managers of any estate or revenue-free property before any change is made in any way affecting such estate or property,

and to every person whose name the Collector is about to register as proprietor or manager of any estate or revenue-free property, before such registration is effected, and any objections which may be made to the proposed change or registration shall be duly considered by the Collector before he orders such change or registration to be made

29 Whenever it shall appear to the Collector in the course of an enquiry made in respect of an application under section thirty-eight or section forty-two, or otherwise, that any person whose name is recorded in the General Register as proprietor or manager, or joint proprietor or joint manager of an estate or revenue-free property, is no longer in possession of any interest in such estate or property as proprietor or manager, and that the names of other persons have been recorded as proprietors or managers of every portion of the interest in respect of which such proprietor's or manager's name was borne on the Register, the Collector may order the name of such person to be struck out from among the recorded proprietors or managers of such estate or property, and, if required, may grant him a certificate to that effect

Collector may in certain cases order name of proprietor to be struck out of the register

30 To enable the Collector more effectually to maintain his registers,

Information to be supplied to Collector

(*a*) Whenever any competent authority may direct that any estate be transferred from the revenue-roll of one district to that of another, the Collector of the district from the revenue roll of which the estate is to be transferred, shall transmit to the Collector of the district to the revenue-roll of which the transfer is to be made, a copy of all entries in any of the registers relating to the estate to be so transferred, and entries taken from such copy shall be made in the proper registers of the district to which the transfer is made

(*b*) Whenever the Collector of any district shall make an entry, or any alteration of an entry, in his registers, which will affect any entry required to be made under this Act in any register of another district, such Collector shall transmit to the Collector of such other district copy of such entry as made or as altered, and the Collector to whom such copy is transmitted shall cause the necessary entries, or alteration of entries, to be made in the registers of his district

(*c*) Every proprietor and manager of an estate or revenue-free property in which any new village may be established, whether under the name of tolah, kismat, or any other designation, shall forthwith give notice to the Collector of the establishment of such new village

Provided that the Board may exempt any district or part of a district from the operation of this clause

(*d*) Every proprietor and manager of an estate or revenue-free property, and any person holding any interest in land, or employed in the management of land, shall be bound, on the requisition of the Collector, to furnish any information required by the Collector for the purpose of preparing, making, or correcting any entry of the particulars specified in sections seven, eight, ten, eleven, twelve, or fifteen, or to show to the satisfaction of the Collector that it is not in his power to furnish the required information

Such requisition shall be made by a notice to be served in the manner prescribed by section fifty, requiring the production of such information before a date mentioned in such notice.

31 Whoever, being bound by clause (*c*) of the last preceding section to give notice to the Collector of the establishment of any new village or under clause (*d*) of the said section to furnish any information required by the Collector, shall voluntarily or negligently omit to give such notice or furnish such information, or to show to the satisfaction of the Collector that it is not in his power to furnish such information, shall be liable to such fine as the Collector may think fit to impose, not exceeding one hundred rupees, for such omission, and the Collector may impose such further daily fine as he may think proper, not exceeding fifty rupees, for each day during which such person shall omit to furnish the information required under clause (*d*) after a date to be fixed by the Collector in a notice warning the person required to furnish such information, that such further daily fine will be imposed

Penalties for failing to give notice or furnish information

Such notice shall be served in the manner prescribed by section fifty, and the date fixed by such notice shall not be less than fifteen days after service thereof

The Collector may proceed from time to time to levy any amount which has has become due in respect of any fine imposed under this section notwithstanding that an appeal against the order imposing such fine may be pending

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner

32 Whenever any Civil Court makes a decree confirming any transfer of proprietary possession which has already been made in any estate or revenue-free property, or gives effect to any decree transferring any such possession, such Court may order the transfer to be registered in the Registers of the Collector, and the Collector shall register such transfer accordingly

When register may be altered on order of Civil Court

33 All lands which are held without payment of rent, not being a revenue-free property entered in the General Register of revenue-free lands, as prescribed by sections ten, eleven, or twelve, and not being a part of any such property, shall, for the purposes of this Act, be deemed to be a part of the estate within the local boundaries of which they are included, and if they are not included within the local boundaries of any one estate, then to be a part of such neighbouring estate as the Collector shall, by an order under his seal and signature, declare

Lands held without payment of rent deemed to be part of certain estates

34 Whenever it shall appear to the Collector that any lands which are not included in any estate as entered in the existing General Register, should be included in any such estate for the purposes of this Act, the Collector shall cause a notice, addressed to the person who is believed to be in possession of such lands, to

Collector may include any lands in an estate

be served in the manner prescribed by section fifty, and a general notice to be published as prescribed by section forty-nine, to the effect that such lands will be so included if no objection be made within one month of the service of the said notice, or such longer period as the Collector may think fit to allow

After the expiration of the said month or other period the Collector shall proceed to enquire into any objections which may have been made, and to pass such order as he may think fit in respect to the inclusion of the said lands in the said estate for the purposes of this Act

35. Whenever it shall appear to the Collector that any land which is not entered on the General Register as a separate revenue-free property should be entered on the register as such property, he may cause a notice to be served in the manner prescribed by section fifty calling on the person in possession of such land as proprietor or manager to show cause why such land should not be so registered as a revenue-free property, and if, after hearing any objections (which may be preferred within a month of the service of the said notice, or such longer period as the Collector may think fit to allow), and after making such further enquiry as may be necessary, the Collector shall be of opinion that the land should be so registered, he shall enter such land on the General Register as a revenue-free property, and by a notice served as prescribed in section fifty, as well as by a general notice published as prescribed in section forty-nine, shall require every proprietor and manager of such revenue-free property to apply for registration of his name and of the character and extent of his interest as such proprietor or manager, and thereupon every such proprietor and manager shall be deemed, for the purposes of section sixty-eight, to be a person who is required by this Act to apply for the registration of his name, and all the provisions of Part IV of this Act, so far as may be practicable, shall apply to every such person

Collector may register lands as a revenue-free estate and call on proprietor to apply for registration

Provided that no such proprietor or manager shall be liable to any fine under section sixty-five, until after the expiration of three months from the date on which the last mentioned notice shall have been served

Provided also that no land shall be entered as a revenue-free property in Part I of the General Register of revenue-free lands until the circumstances of the case shall have been reported to the Board, and until the Board shall have sanctioned such entry

36 The Board may decide what revenue-free lands shall be included in each revenue-free property to be registered as such under this Act, and may from time to time direct that lands which are borne on the Register as forming one revenue-free property shall be divided and entered on the Register as forming two or more such properties, and may similarly direct that revenue-free lands which are borne on the Register as forming two or more revenue-free properties shall be united, and entered as forming one revenue-free property

Board to decide what lands to be included in each revenue free property

The Board may also direct that any lands which are improperly borne upon the General Register of revenue free-lands shall be removed from such Register, or shall be omitted from any new Register of such lands which may be prepared

37 Whenever it shall appear to the Collector that any land which is not included in any revenue-free property entered in the existing General Register, should be included in any such property for the purposes of this Act, the Collector may cause a notice to be served on the person believed to be in possession of such lands in the manner prescribed by section fifty, and a general notice to be published as prescribed by section forty-nine, to the effect that such lands will be so included if no objection be made within one month of the service of the said notice, or such longer period as the Collector may allow

Collector may serve notice for inclusion of any lands in a revenue-free property

At the expiration of the said month or of such period the Collector shall proceed to enquire into any objections which may have been made, and to pass such order as he may think fit in respect to the inclusion of the said lands in the said property for the purposes of this Act

PART IV

OF THE REGISTRATION AND MUTATION OF NAMES

38 Every proprietor of an estate or revenue-free property or of any interest therein respectively, being in possession of such estate, property, or interest, at the commencement of this Act,

Proprietor and manager to register within specified time

every joint proprietor of an estate or revenue-free property being in charge of such estate or property, or of any interest therein respectively, on behalf of the other proprietors thereof, at the commencement of this Act,

and every person being manager of an estate or revenue-free property, or of any interest therein respectively, on behalf of a proprietor thereof, at the commencement of this Act,

shall, if his name and the character and extent of his interest have not already been registered, make application in the manner hereinafter provided for the registration of his name and of the character and extent of his interest as such proprietor, or manager, to the Collector of the district on the General Register of which such estate or property is borne, or to any other officer who may have been empowered by the Collector to receive such application, within such time as the Lieutenant Governor may fix as hereinafter provided

39 The Lieutenant-Governor shall, within six months from the commencement of this Act, fix for each district the date or dates before which such proprietors and managers, being in possession of estates or revenue-free properties, or of any interest therein respectively at the commencement of this Act, shall be required to apply for registration of their names, and of the character and extent of their interests, under the last preceding section, and may at any time alter any date so fixed, provided that no date so fixed shall be later than five years after the said commencement

Lieutenant Governor may fix date before which proprietor and manager must apply for registration

40 The Lieutenant-Governor may in any district, for the purposes of the last preceding section, fix different dates in respect of estates and revenue free properties, or in

Lieutenant Governor may fix different dates in respect of different estates

respect of different classes of estates and revenue-free properties, or in respect of different portions of the district

Provided that no person shall incur any penalty or disability under this Act for failure to apply for registration of his name as such proprietor or manager as aforesaid, until after the lapse of six months from the date on which the notice prescribed by the next succeeding section shall have been published in respect of his estate or property, or in respect of the class of estates or revenue-free properties within which his estate or property falls, or in respect of the portion of the district in which his estate or revenue-free property is situated

Publication of date fixed by Lieutenant Governor

41 Every date fixed by the Lieutenant-Governor as provided in the two last preceding sections shall be published by a notice in the *Calcutta Gazette*,

and also by notices to be posted up

at the Court or office of the Judge, the Magistrate, and the Collector of the district, in respect of which such date is fixed,

at the Court or office of every Munsif, Subdivisional Officer, and Sub-Registrar of Assurances in such district,

and at every Police Station in such district,

and by proclamation to be made by beat of drum at the head quarters of such district, and in every place in which a sub divisional office is situated, and in such other places as the Lieutenant-Governor may direct

The officer in charge of every court, office, and police station at which a notice is required to be posted up under this section, shall certify to the Collector the date on which the notice was so posted up at his court, office, or police station, and the latest date so certified shall be deemed to be the date of publication of the notice for the purposes of the two last preceding sections

Persons succeeding to proprietary right in or management of estates to give information within six months

42 Every person succeeding after the commencement of this Act to any proprietary right in any estate or revenue-free property, whether by purchase, inheritance, gift, or otherwise,

every joint proprietor of an estate, or revenue-free property, assuming charge after such commencement of such estate or property, or of any interest therein respectively, on behalf of the other proprietors thereof,

and every person assuming charge after such commencement of any estate or revenue-free property, or of any interest therein respectively, as manager,

shall, within six months from the date of such succession or assumption of charge, make application in the manner hereinafter provided to the Collector of the district on the General Register of which such estate or property is borne, or to any other officer who may have been empowered by such Collector to receive such applications, for registration of his name and of the character and extent of his interest as such proprietor or manager

Lieutenant Governor may exempt certain proprietors from obligations imposed by this Act.

43 Notwithstanding anything contained in section thirty-eight or the last preceding section, the Lieutenant-Governor may in any district exempt proprietors and managers of all or any estates which are liable to pay less than twenty rupees of land revenue annually, and proprietors and managers of all or any revenue-free properties which consist of less than fifty acres of land, from the obligations imposed by this Act in respect of applying for registration of their names, and may at any future time withdraw such exemption and require such proprietors and managers to register their names

Mortgagee may apply for registration

44 Every person who holds a mortgage of any proprietary right in any estate may apply to the Collector for registration of his name as such mortgagee, and of the interest in respect of which he is such mortgagee, and in such application shall specify whether he or the mortgagor is in possession On receipt of such application the Collector shall proceed, as far as possible, according to the manner hereinafter prescribed in respect of applications for registration as proprietor

Presentation of application

45 Any application for registration under this Act may be presented by the applicant or by some person duly authorized by him in that behalf.

Manager to specify extent of interest of each person for whom he manages

46 If the applicant under section thirty-eight or section forty-two is a joint proprietor in charge as aforesaid, or a manager, he shall in his application specify the name of the person or persons on behalf of whom he is in such charge or on behalf of whom he is manager, and the character and extent of the interest of every such person

If application is for registration as manager, appointed by authority, Collector shall register name of applicant on proof of appointment

47 If the application under section thirty-eight or section forty-two be for registration of the name of the applicant as manager appointed by the Collector, the Court of Wards, or by any Civil or Criminal Court, the Collector shall register the name of the applicant, on proof being produced to his satisfaction that the applicant has been so appointed to be such manager

Notice to objectors

48 If the application be for registration otherwise than as manager appointed as mentioned in the last preceding section, and if it sets forth circumstances which would justify the Collector in registering the name of the person whose name is required to be registered, or if after further enquiry the Collector considers that such circumstances exist, he shall issue a notice requiring all persons who object to the registration of the name of the person whose name is required to be registered, or who dispute the character or extent of the interest in respect of which it is required to be registered, to give in a written statement of their objections, and to appear on a day to be specified in such notice, not being less than one month from the date of the publication thereof

Publication of notice

49 Such notice shall be published by affixing a copy of the same on or at all the following places —

(a) the zamindari kutchery (if any) of the estate or other place at which the rents are ordinarily received,

(b) some conspicuous place in at least one village appertaining to the estate to which the application relates, and if the estate comprises lands situated in more than one local division,

then in at least one village in each local division containing such lands,

(c) the office or Court of every Collector, Sub-divisional Officer, Judge, and Munsif, within whose jurisdiction, and every police station within the jurisdiction of which any of the lands to which the application relates are known to be situated

Notice to transferor

50 If the application alleges that the applicant has acquired possession of the interest in respect of which he applies to be registered by transfer from any living person, a copy of such notice shall be served on the alleged transferor by tendering to the person to whom it may be directed a copy thereof attested by the Collector, or by delivering such copy at the usual place of abode of such person, or to some adult male member of his family, or in case it cannot be so served, by posting such copy upon some conspicuous part of the usual or last known place of abode of such person

In case such notice cannot be served in any of the ways hereinbefore mentioned, it shall be served in such way as the Collector issuing such notice may direct

No fees or other costs shall be payable by the applicant in respect of the service or publication of the notice prescribed by this and the last preceding section

Irregularity in publication or service of notice not to affect validity of proceedings

51 No irregularity or omission in the publication or service of notice as required by the three last preceding sections shall affect the validity of any proceedings under this Act, unless it is proved to the satisfaction of the Collector that some material injury was caused by such irregularity or omission

Enquiry by Collector

52 On the day fixed in the notice issued under section forty-eight, or as soon thereafter as possible, the Collector shall consider any objections which may be advanced, and make such further enquiry as appears necessary to ascertain the truth of the alleged possession of, succession to, or transfer of the estate, revenue free property, or interest therein, in respect of which registration is applied for, and if it appears to the Collector that the possession exists,

or that the succession or transfer has taken place, and that the applicant has acquired possession in accordance with such succession or transfer,

but not otherwise,

the Collector shall order the name of the applicant to be registered in the proper Registers as proprietor or manager of the said estate, revenue-free property, or interest therein

Provided that any person to whom any proprietary right in an estate has been mortgaged, may be registered as mortgagee, whether he be in actual possession or otherwise

Power to summon witnesses and compel production of documents

53 For the purpose of the enquiry mentioned in the last preceding section, and of every enquiry held under this Act, the Collector may summon and enforce the attendance of witnesses and compel them to give evidence, and compel the production of documents by the same means, and, as far as possible, in the same manner, as is provided in the case of a Civil Court by the Code of Civil Procedure

Payment of costs

54 All costs of any enquiry or proceeding held before the Collector under this Act shall, except as provided in section fifty, be payable by the parties concerned, and the Collector may pass such orders as he shall think fit in respect of the payment of such costs

Dispute as to possession, succession, or acquisition by transfer

55 If the applicant's possession of, succession to, or acquisition by transfer of the extent of interest in respect of which he has applied to be registered, is disputed by or on behalf of any person making a conflicting claim in respect thereof, and if the possession of the applicant in accordance with his application is not proved to the satisfaction of the Collector, the Collector shall determine summarily the right to possession in respect of the interest in dispute, and shall deliver possession accordingly, and shall make the necessary entry in the registers,

or if, in the opinion of the Collector, the dispute be one which can more properly be determined by a Civil Court, the Collector shall refer the matter in dispute to the principal Civil Court of the district for determination as hereinafter provided

Provided that if the applicant's possession of any extent of interest in accordance with his application be not disputed, or if such possession be proved to the satisfaction of the Collector, the Collector may register the said applicant's name in respect of such extent of interest, and may at the same time make a reference as hereinafter provided to the Civil Court for determination of any dispute as to any further extent of interest in respect of which the applicant has applied to be registered, but in respect of which the right of the applicant to be registered is disputed, and is not proved to the satisfaction of the Collector

In cases of disputed possession, &c Collector may appoint receiver

56 In any case of disputed possession of, succession to, or acquisition by transfer of, the extent of any interest in respect of which application is made under the last preceding section, the Collector may appoint a receiver to collect the rents of the extent of interest in dispute, and from the sums so collected shall be paid the expenses of management and the revenue due to the Government, and the surplus shall be held in deposit in the Collector's treasury, and shall be paid over to the person who shall be registered by the Collector, or under the order of a Civil Court, in respect of the extent of interest in dispute

Effect of Collector's order

57 Every order of a Collector passed under the first clause of section fifty-five shall be of the same force and effect as an order passed by the Judge under section 4 of Act XIX of 1841 (*an Act for the protection of moveable and immoveable property against wrongful possession in cases of successions*), determining summarily the right to possession and delivering possession accordingly,

and no proceedings shall be taken by any Civil Court under the said Act in respect of any claim or dispute which has been determined by an order of the Collector as aforesaid

58 In making a reference to the Civil Court under section fifty five the Collector shall state for the information of the said Court in writing under his hand

Procedure on making a reference under section 55

(1) the name of the estate or revenue-free property to which the reference applies, together with the numbers which it bears on the General Register, and (if an estate), on the revenue-roll of the district,

(2) the names of all the persons who now stand registered on the General Register as proprietors, managers, or mortgagees of such estate or property, with the character and extent of the interest in respect of which each stands registered,

(3) the name of the applicant for registry,

(4) the character and extent of the interest in dispute,

(5) the circumstances of the case as far as they are before the Collector, and the reasons which have led him to make the reference

59. On receipt of such reference the said principal Civil Court of the district may either proceed to determine the matter, or may transfer the matter for determination to any other competent Civil Court in the district The said principal Civil Court, or the Court to which the matter is transferred, shall cite the parties concerned, and give notice of the time at which the matter will be heard, and after expiration of the time so fixed, shall determine summarily the right to possession in respect of the interest in dispute (subject to regular suit), and shall deliver possession accordingly

Procedure on receipt of reference

60 If it shall appear to the Judge of the Court by which the matter is heard that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, such Judge may appoint curators for the care of the property, and may exercise all or any of the powers mentioned in sections 5 to 13 (both inclusive) of Act XIX of 1841.

Judge may appoint curator

61. The said Court may make such order as it shall think fit with regard to the payment by the parties of the cost of the enquiry and proceedings

Costs

Provided that no costs shall be recoverable from the parties on account of the issue of notices citing the parties and fixing a date for the first hearing of the case

62 The summary decision of the Court under section fifty-nine shall have no other effect than that of settling the actual possession, but for this purpose it shall be final, not subject to any appeal or order for review

Summary decision of Court to be final

63 The Court shall certify to the Collector its determination as to the right of possession, and the Collector shall thereupon make the necessary entries in the proper Registers

Court to certify its determination to Collector

64 Fees at the following rates shall be levied by the Collector on the registry under this Act of any transfer—

Collector to levy fees on transfers

(1) in the case of revenue-paying lands, one quarter or four annas per centum on the annual revenue payable to Government from the extent of interest transferred,

(2) in the case of revenue-free lands, two and a half per centum on the amount of the annual produce of the extent of interest transferred, such annual produce being the amount of the rents received and receivable on account of the year preceding the year in which the transfer may be registered,

provided that no fee for the registry of any one transfer shall exceed one hundred rupees

Such fees shall be levied from the person in whose favor the transfer is registered

All fees levied under this section shall be carried to the account of Government

65 Whoever, being required by this Act to apply for the registration of his name and the extent of his interest in any estate or revenue-free property, voluntarily or negligently omits to make such application within the prescribed time, shall be liable to such fine as the Collector may think fit to impose, not exceeding one hundred rupees for such omission, and to such further daily fine as the Collector may think fit to impose, not exceeding fifty rupees, for each day during which such person shall omit to apply for such registration after a date to be fixed by the Collector in a notice requiring such person to apply for registration

Penalty for omitting to comply with provisions of Act

Such notice shall be served in the manner prescribed in section fifty, and the date before which such person is required to apply for registration shall not be less than one month after service of such notice

66 The Collector may proceed from time to time to levy any amount which has become due in respect of any such fine, notwithstanding that an appeal against the order imposing such fine may be pending

Fine may be levied notwithstanding appeal

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner

67 Notwithstanding anything contained in section sixty-five, no fine shall be imposed by the Collector under the said section on any person on the ground that such person has failed to make application for registration of his name within the time fixed by the Lieutenant-Governor under section thirty-nine or forty,

No penalty on person who applies suo motu

or on the ground that such person has failed to apply for registration of his name within the time prescribed by section forty-two

if such person shall, at any time after the expiration of the time fixed or prescribed as aforesaid, of his own motion, and otherwise than after the issue of a requisition by the Collector in that behalf, present such application as is required by this Act for the registration of his name, and of the character and extent of his interest

68 Save as is provided in section 90 of the Code of Criminal Procedure, all the recorded proprietors and managers of an estate or revenue-free property shall be deemed to be jointly and severally liable for the discharge of any duties and obligations which are by any law for the time being in force imposed upon the proprietors of such estate or property,

Liabilities of proprietors and managers

and all persons who are required by this Act to apply for registration shall, from the date on which the obligation so to register is imposed on them respectively by this Act be deemed to be liable for the discharge of any duties and obligations which are by any such law as aforesaid imposed upon the proprietors of the estate or property in respect of which they are required to apply for registration respectively

PART V

OF THE OPENING OF SEPARATE ACCOUNTS IN RESPECT OF SHARES

69 Notwithstanding anything contained in Act XI of 1859 (*an Act to improve the law relating to sales of land, &c*), from the commencement of this Act no separate account shall be opened under the provisions of section 10 or of section 11 of the said Act in respect of the share of any applicant under the said sections otherwise than for a share corresponding with the character and extent of interest in the estate in respect of which such applicant is recorded as proprietor or manager under this Act

No separate account to be opened otherwise than in accordance with registered interest

70. When a proprietor of a joint estate who is recorded as proprietor of an undivided interest held in common tenancy in any specific portion of the land of the estate, but not extending over the whole estate, desires to pay separately the share of the Government revenue which is due in respect of such interest he may submit to the Collector a written application to that effect The application must contain a specification of the land in which he holds such undivided interest and of the boundaries and extent thereof, together with a statement of the amount of Government revenue heretofore paid on account of such undivided interest On the receipt of this application the Collector shall cause it to be published in the manner prescribed for publication of notice in section 10 of Act XI of 1859

Proprietor holding undivided interest in specific lands may apply for separate account

In the event of no objection being urged by any recorded co-sharer within six weeks from the time of publication, the Collector shall open a separate account with the applicant, and shall credit separately to his share all payments made by him on account of it

The date on which the Collector records his sanction to the opening of a separate account, shall be held to be that from which the separate liabilities of the share of the applicant commence.

71 Section 12 of the said Act XI of 1859 shall apply to every application made under the last preceding section, and the effect and consequences of opening a separate account under the last preceding section shall be such and the same as are described in section 13 and in section 14 of Act XI of 1859

Sections 12 13, and 14 of Act XI 1859 applicable

72 Whenever any share in respect of which a separate account has been opened by the Collector under section 10 or section 11 of the said Act XI of 1859, or under section seventy, shall no longer correspond with the character and extent of interest held in the estate by any one proprietor or manager, or jointly by two or more proprietors or managers, any proprietor or manager whose name is borne on the General Register under this Act as proprietor or manager of any interest in the share in respect of which such separate account is open, may submit to the Collector a written application setting out the circumstances under which such share no longer corresponds with the extent of interest held in the estate by any recorded proprietor or manager, or jointly by two or more recorded proprietors or managers, and specifying the manner in which such share has become broken up and distributed among the proprietors of the estate, and praying that the separate account standing open in respect of such share shall be closed, and, if he so desire, praying that another separate account be opened in respect of any other share or shares which were wholly or partly included in the share in respect of which the previous separate account was open

Application to close a separate account

Illustration

In a certain estate separate accounts have been opened under section 10 of Act XI of 1859 for the 4 annas share of A, and also for the 5 annas share of B, the accounts of the remaining 7 annas share being kept jointly in the names of the remaining proprietors C, D, and E

In course of time X has inherited A s 4 annas share, and also C s interest in the 7 annas share, which amounted to 3 annas, X has also acquired by purchase 2 annas out of B s 5 annas share, so that the interests in the estate are now distributed as follows —

X	9 annas
B	3 „
D & E	4 „

X, if a recorded proprietor of the estate may apply to the Collector to close the separate account which is open in respect of A s 4 annas share and also the separate account which is open in respect of B s 5 annas share, as neither of these shares corresponds with the extent of interest held by any one proprietor, or held jointly by two or more proprietors in the estate,

and in the same application X may apply for the opening of a separate account in respect of the 9 annas share which he now holds

Any of the other proprietors might also make a similar application

73 On receipt of such application the Collector shall cause a copy of the same to be published in the manner provided in section 10 of Act XI of 1859, and if within six weeks from the date of such publication no objection is made by any other recorded proprietor of the estate, the Collector shall close the separate account which then stands open, and shall open a separate account with the applicant as required by him, under section 10, or section 11 of Act XI of 1859, or under section seventy, as the case may be.

Separate account may be closed and another opened

74 If any recorded proprietor of the estate, whether the same be held in common tenancy or otherwise, object that the share in respect of which any separate account is open as aforesaid has not been broken up, and does still correspond with the character and extent of interest held by any one proprietor or manager, or jointly by two or more proprietors or managers,

Procedure in case of objection

or object that the applicant has no right to the share claimed by him, or that his interest in the estate is less or other than that claimed by him,

or (when the application is in respect of a specific portion of the land of an estate or in respect of an undivided interest held in common tenancy in any specific portion of the land of the estate), object that the amount of Government revenue stated by the applicant to have been heretofore paid on account of such portion of land, or on account of the applicant's undivided interest therein, is not the amount which has been recognized by the other sharers as the Government revenue thereof,

the Collector shall refer the parties to the Civil Court, and shall suspend proceedings until the question at issue is judicially determined

PART VI

MISCELLANEOUS

75 The Collector shall supply an extract from any Register mentioned in this Act to any person who may apply for the same, subject to the payment of such fees for searching and copying as may be prescribed by the Board

Collector must furnish extract from Register

76 If in any district any Register prescribed by this Act has not been prepared and kept up in the vernacular language and character of the district, the Collector shall be bound, together with any English extract which may be furnished under the last preceding section, to furnish a translation of the same in the vernacular language and written in the vernacular character of such district to any one who may demand such translation, and no further charge shall be made in respect of the furnishing of such translation than might have been charged in respect of the English extract furnished under the said section

Collector must furnish translation of extract

77 Whenever any change shall be made by order of competent authority in the names of the recorded proprietors or managers of any estate or revenue-free property, or in the character or extent of the interest of any such proprietor or manager as entered in any register mentioned in this Act, so soon as the order under which such change in the entry may have been made shall have been confirmed on appeal, or so soon as the period for presenting an appeal against such order shall have expired without the presentation of an appeal, the Collector shall cause a notice of such change to be posted up at his office, at the office of every sub-divisional officer within whose jurisdiction any lands of the estate or revenue-free property concerned are situated, and at such places as he may think fit on the estate or property, and every such notice shall set out the name of every proprietor and manager of the estate or revenue-free property concerned, and the character and extent of the interest of every such proprietor and manager as it stands recorded on the General Register on the date of the issue of the notice

Changes in names of proprietors, &c and extent of interest to be notified on estate

78 No person shall be bound to pay rent to any person claiming such rent as proprietor, or manager, of an estate or revenue-free property in respect of which he is required by this Act to cause his name to be registered, or as mortgagee, unless the name of such claimant shall have been registered under this Act,

No person bound to pay rent in excess of recorded interest of claimant

and no person being liable to pay rent to two or more such proprietors, managers, or mortgagees holding in common tenancy, shall be bound to pay to any one such proprietor, manager, or mortgagee more than the amount which bears the same proportion to the whole of such rent, as the extent of the interest in respect of which such proprietor, manager, or mortgagee is registered, bears to the entire estate or revenue-free property

79 The receipt of any proprietor, manager, or mortgagee, whose name and the extent of whose interest is registered under this Act, shall afford full indemnity to any person paying rent to such proprietor, manager, or mortgagee

Indemnity to persons paying rent to registered proprietor, manager, or mortgagee

80 Whenever any sum of money shall be payable by the Collector to the proprietors of any estate or revenue-free property jointly (otherwise than under the Land Acquisition Act, 1870), the Collector may pay to any one or more recorded proprietors or managers thereof respectively, such portion of the said sum as may be proportionate to the extent of the interest in respect of which each such proprietor or manager is registered, and the receipt of each such proprietor or manager shall afford full indemnity to the Collector in respect of any sum so paid

Collector may pay certain sums due to recorded proprietors in accordance with registered interests of each

Saving of written contracts and recovery from person receiving money

81 Nothing contained in the three last preceding sections shall be held to interfere with the conditions of any written contract, or to prevent any person deeming himself entitled to any sum of money from recovering such sum by due process of law from any other person who has received the same

Every amount due deemed to be a demand under Bengal Act VII of 1868

82 Every amount which may become due to the Collector under the provisions of this Act in respect of any expenses incurred, of any fees payable, of any notices served, of any costs payable by any party, or of any fines imposed, shall be deemed to be a demand under section 1 of Bengal Act VII of 1868 (*an Act to make further provision for the recovery of arrears of land revenue and public demands recoverable as arrears of land revenue*) and shall be leviable as such

Collector may require proprietor to name estate

83 The Collector may by a notice require the proprietor or manager of any estate or revenue-free property to name such estate or property by a distinctive name, and in case of failure of such proprietor or manager to comply with the requisition within the time fixed by the Collector, may name such estate or property

Collector may delegate duties

84 The Collector may, by a special or a general order, delegate to any Assistant Collector, Deputy Collector, or Sub-Deputy Collector the performance of any duty and the exercise of any function which the Collector is required or empowered to perform or exercise under this Act, except in respect of appeals,

and any Assistant, Deputy, or Sub-Deputy Collector to whom any duty or function is so delegated may exercise all the powers of a Collector under this Act, except in respect of appeals

Appeal

85. Every order passed under this Act by any revenue officer below the rank of the Collector of the District (not being an officer specially vested with appellate powers as hereinafter mentioned) shall be appealable to the Collector of the district, or to any officer who may have been specially vested by the Government with special appellate powers in this behalf,

and there shall be no further appeal from any order so passed in appeal confirming the order appealed against,

but an appeal shall lie to the Commissioner of the Division against every order so passed in appeal which modifies or reverses the order appealed against

Every order passed by the Collector of the District, or by any officer specially vested with appellate powers as aforesaid, being passed otherwise than on appeal from the order of another officer, shall be appealable to the Commissioner of the Division

Every appeal to the Collector shall be presented within fifteen days of the date of the order appealed against,

and every appeal to the Commissioner shall be presented to the Commissioner, or to the Collector for transmission to the Commissioner, within thirty days of the order appealed against,

and every appeal presented after the lapse of the time fixed by this section may be summarily rejected, unless sufficient cause shall be shown to the satisfaction of the appellate authority for admitting the appeal after the lapse of such time

Every order passed by any officer subordinate to a Commissioner shall be subject at any time to revision and modification by such Commissioner,

and every order passed by any such officer or by such Commissioner shall be subject at any time to revision and modification by the Board

Exclusion of time in case of appeals

86 In computing the period of limitation prescribed for an appeal, the day on which the order complained of was made, and the time requisite for obtaining a copy of the same shall be excluded

Lieutenant Governor may vest officer with special appellate powers

87 The Lieutenant Governor may from time to time vest any officer other than the Collector of the District with special appellate powers under this Act, and every officer so vested shall be competent to hear and decide any appeal which the Collector of the District is competent to hear and decide under this Act

Board may make certain rules

88 Within four months of the date on which this Act comes into force, the Board shall make general Rules consistent with this Act to regulate—

the form in which Registers under this Act are to be kept,

the procedure as to the presentation, admission, and verification of applications for registration under Part IV, and as to inquiries under section fifty-two,

and generally for the purposes of this Act

The Board may from time to time cancel or alter any such rules

Saving clause

89 Nothing contained in this Act, and nothing done in accordance with this Act, shall be deemed to—

(*a*) preclude any person from bringing a regular suit for possession of, or for a declaration of right to, any immoveable property to which he may deem himself entitled,

(*b*) render the entry of any land in the Registers under this Act as revenue-free an admission on the part of Government of the right of the person in whose name such land may be entered, or an admission of the validity of the title under which the said land is held revenue free,

(*c*) affect the rights of the Government or of any person in respect of any immoveable property or of any interest, except as otherwise expressly provided herein,

SCHEDULE OF REGULATIONS REPEALED

See Section 2

Number and year	Subject or abbreviated Title	Extent of Repeal
XIX of 1793	Non-badshahi lakhiraj grants	Sections twenty-one, twenty-two, twenty-nine to thirty-four, sections thirty-six to forty-one, so much of sections forty-two and forty-three as has not been repealed, sections forty-four to forty-six, all inclusive
XXXVII of 1793	Badshahi lakhiraj grants	Sections sixteen to eighteen, twenty-four, twenty-six to twenty-nine, thirty-one to thirty-three, thirty-five, thirty-six, so much of section thirty-seven as has not been repealed, section thirty-eight, so much of section thirty-nine as has not been repealed, sections forty to forty-one, all inclusive
XLVIII of 1793	A Regulation for forming a quinquennial register, &c	So much as has not been repealed
LVIII of 1795	Granting to the Collectors a commission on the jumma of certain lands	So much as has not been repealed
XV of 1797	Levying Fees, &c	The whole
VIII of 1800	Pergunnah Register	So much as has not been repealed, except section nineteen

The Hon'ble W SPINK

PARTITION OF ESTATES

THE HON'BLE MR REYNOLDS moved for leave to bring in a Bill to make better provision for the partition of estates He said, hon'ble members would recollect that among the measures which engaged the attention of the Council

last session was a Bill to make better provision for the partition of estates, and that Bill was very fully discussed in the Select Committee and in this chamber, and it was eventually passed by the unanimous vote of the Council on the 8th April, and was then submitted in due course for the approval of the Governor-General His Excellency, however, was unable to give his assent to the Bill, and his objection was based on the provision embodied in section 11 of the Bill as passed That section was introduced in order that the law of butwara might not be used so as to produce an excessive multiplication of petty estates, and with this object it was provided that no partition should be allowed if the separate estate of the applicant would be liable after partition for an annual amount of land revenue less than Rs 20, and if the assets of the estate would be less than Rs 200, until the proprietor of such estate agreed to redeem the amount of revenue for which his estate would be liable The Governor-General had pointed out that the principle embodied in this section was opposed to the course which had been prescribed by the Secretary of State on the question of dealing with the redemption of the land revenue With the permission of the Council he would read out those passages of the letter of the Government of India which referred to this part of the Bill —

"Sections 11 and 13 of the Bill contemplate the redemption of land revenue in the following cases —

"(a) Where the separate estate of the applicant for partition would, if partitioned off, be liable for an annual amount of land revenue less than Rs 20

"(b) Where, in consequence of the lands to be partitioned off being intermingled with those held by other proprietors, 'the result of the partition would be to form out of a compact estate one or more estates consisting of scattered parcels of land in such a way as, in the opinion of the Collector, to endanger the safety of the land revenue'

"But redemption of the land revenue in these cases is opposed to the Secretary of State's (Sir Charles Wood's) despatch No 14, dated 9th July 1862, paragraphs 26 and 63 of which lay down the rule that redemption of land revenue is only to be permitted 'at the discretion of local Governments, so as to include lands required for dwelling-houses, factories, gardens, plantations, and other similar purposes'

"In the letter to the Government of Bengal from the Financial Department, No 3254, dated 29th November 1873, the redemption of the revenue of petty estates in Bengal was allowed, and the rate of such redemption was fixed at twenty-five times the annual payment to be redeemed But these petty estates were understood to be estates paying less than one rupee as annual land revenue, an amount so small that its collection entailed an expense which the sums collected were insufficient to cover

"His Excellency cannot therefore sanction an extension of the permission to redeem land revenue such as is contemplated by the sections of the Bill above-mentioned, and he considers that there are, especially at the present time, grave objections to any such extension

"His Excellency has, however, no objection to the redemption of land revenue being confined to holdings so minute in Bengal as to pay annually not more than one rupee of Government revenue, but only where the revenue is fixed in perpetuity, not in Orissa or any other temporarily-assessed tracts"

He thought it would be clear to hon'ble members from these passages exactly what the objection of the Supreme Government was, and it would also be clear that there were two ways in which the objection could be removed first, the former part of the section might be allowed to stand as before, and the concluding clause which referred to the power of redemption, might be struck out, or else, secondly, the limit down to which partition should be allowed might be reduced to one rupee, and it might be provided that no partition should be allowed if the separate estate of any of the proprietors after partition would be liable for an annual amount of land revenue less than one rupee, until the proprietor of such separate estate agreed to redeem Now, the effect of adopting the former of these alternatives would be that a partition which would result in the formation of an estate with a revenue of less than Rs. 20 would be absolutely prohibited, and in the opinion of the Government of Bengal it was not desirable that such a prohibition should be enforced by law There might be inconveniences connected with the multiplication of petty estates, but it had always been conceded that landed proprietors had a right to have their estates divided if they chose to demand partition, and the Government did not consider that that right should be abrogated or denied to them Accordingly in the Bill it was proposed to adopt the second of the alternatives to which he had referred, and to allow partition to be carried out down to the limit of one rupee, with power to the landholder

to redeem in case the land revenue after partition should be less than one rupee. This provision would only extend to permanently-settled estates, and in the letter which had been read, it would be observed that the power of redemption was not to extend to Orissa or other temporarily-settled tracts, and consequently in those tracts the power of partition would remain as hitherto, and the owner of an estate, however small, would be entitled to have his share separately divided off

It was of course an open question whether the inconveniences which would result from the excessive multiplication of small estates ought not to outweigh other considerations But he trusted the Council would accept the view taken by the Government that this right was one which the Government was to a certain degree pledged to allow to landholders, that it was a right they had always exercised, and a right which ought not to be taken away. Under the amended Bill any proprietor, however small his share might be, would have a right to have his property separately divided

The only other alteration besides that in section 11 was a verbal alteration in section 13, striking out some words relating to redemption This was made necessary by the acceptance of the principle in the Bill which he had spoken of before

He had now to move for leave to bring in the Bill

The motion was agreed to

THE HON'BLE MR REYNOLDS then applied to the President to suspend the rules for the conduct of business, to enable him to carry the Bill through its subsequent stages

THE PRESIDENT having declared the rules suspended—

THE HON'BLE MR REYNOLDS said, in speaking to the next motion, he desired to refer briefly to a memorial put into his hands a few minutes ago from certain inhabitants of Calcutta and its suburbs objecting to the course of business in this Council as shown in the notice paper It appeared in the first place that the memorialists objected to the rules being suspended, and a measure being brought forward and passed at a single sitting On that point MR REYNOLDS thought the Council was the best judge of the propriety of its own proceedings

There was a further objection taken, that the grounds on which the Governor-General had withheld his assent from the Bill had not been published to the general public, and it was remarked that the "exercise of the veto was such a rare and at the same time important exercise of the Viceregal prerogative, that apart from the merits of that particular measure, it was necessary, in the interests of the public, that the reasons which induced the Viceroy to withhold his assent from a Bill passed by a local legislature should be made public *in extenso*" Now, those remarks seemed to be based on some misapprehension of the course of legislative business They seemed to assume that whenever the Viceroy found it necessary to withhold his assent, he did so because he felt some objection of principle to the general tenour and scope of a Bill Whereas hon'ble members were aware that it was sometimes necessary for the Viceroy to withhold his assent on a minor and purely technical point of detail, which did not involve the principle of the Bill, as had been the case in the Registration of Estates' Bill, and was the case in the Bill now before the Council

Then the memorialists went on to say that the grounds on which the measure did not receive the assent of the Governor-General ought to be published in the proceedings of the Council for general information This objection was met by Mr Reynolds' having read out the letter of the Government of India when he asked leave to introduce the Bill He thought that with those remarks it would be sufficient now to move that the Bill be read in Council.

The HON'BLE BABOO KRISTODAS PAL asked whether section 11 as it now stood would affect the executive order of Government permitting the redemption of the land revenue in Dehee Panchanogram, Calcutta, Chinsurah, and

like places, where, hon'ble members were aware, by executive order of Government, the land revenue might be redeemed by the payment of twenty-five times the annual revenue

THE HON'BLE MR REYNOLDS explained that this Bill would not in any way affect the order referred to

The motion was then carried and the Bill read accordingly

THE HON'BLE MR REYNOLDS then moved that the Bill be passed He said that if the Bill in its amended form had introduced any restrictions or any limitations of the power of landlords to obtain partition, there might have been some sufficient ground for asking that further time for consideration should be given before the Council was asked to come to a final vote upon the measure But as it was, he thought hon'ble members would agree with him that the amendments introduced had been of such a kind as to make it unnecessary to delay the passing of the Bill He had therefore the honor to move that the Bill be passed

The motion was agreed to and the Bill passed

The Council was adjourned *sine die*

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE PATNA DIVISION FOR THE YEAR 1875-76

GENERAL DEPARTMENT—MISCELLANEOUS—No 2313

Calcutta, the 21st August 1876

READ—

The Annual Administration Report of the Commissioner of the Patna Division for the year 1875-76

THE Lieutenant-Governor acknowledges the punctuality with which this full report has been submitted. The district officers' reports, especially the reports of the Magistrates of Patna and of Durbhunga, deserve commendation

2 The year 1875 opened throughout the Patna Division with every prospect of plenty, but owing to a deficient and unfortunately distributed rainfall the promise of the crops was not fulfilled, and the year closed with a failure of the winter rice harvest under circumstances of grave anxiety for the welfare of the people The average rainfall at the head-quarters of each district of the division, and the actual rainfall in 1875, is shown month by month in the following statement —

	PATNA		GYA		SHAHABAD		DURBHUNGA		MOZUFFERPORE		SARUN		CHUMPARUN	
		1875		1875		1875		1875		1875		1875		1875

3 Generally speaking, it may be said that there was a heavier fall than usual in May and June, but that, during September and October, the rainfall was deficient. It is the October rain that is essential to securing a

good harvest To use the Commissioner's words—"As far as the rice crop is concerned, the rains beginning about the 4th of October are the most important In propitious seasons the clouds begin to gather at the latter end of September, and about the 4th October a violent gale from the east sweeps over the whole of this division, lasting from three days to a week All business is generally suspended through the inclemency of the weather, and all classes watch the rainfall with interest To the agriculturist it means a plentiful rice harvest and moisture for his cold weather sowings, to the planter it bears the promise of a fair-coming indigo season, to the general public it means cheap grain, to the European it is the happy omen of an early cold weather In the several years 1873-74, 1874-75, and 1875-76 this rainfall has been deficient"

4 So early as November last there were apprehensions of short crops and general distress throughout North Behar The rice crop was in many places reported to be a total failure, and it was estimated that the stocks of food-grain would require to be largely supplemented from other districts to meet the requirements of the people. At this time the permanent construction and extension of the Durbhunga Railway was sanctioned, and drew labour from all parts of North Behar, affording relief to thousands

5 Subsequently, Messrs Geddes and MacDonnell were deputed on special duty to enquire into the apprehended scarcity, and these officers ascertained that although the failure had been great—almost total—in certain localities, yet that the area of failure was a limited one Anxiety was gradually contracted from special tracts to individual villages, and finally attention was centred upon the two sub-divisions of Seetamurhee and Mudhoobunnee

6 In Seetamurhee the Assistant Magistrate had with praiseworthy activity turned out the laboring population along the banks of streams, and, by banking up the waters, had irrigated large areas of land on which the villagers were not slow in sowing cold-weather crops A little later, and the holders of Indian-corn in Nepaul began to sell freely and poured a large quantity of grain into the market, prices went down, the bazars became amply stocked with cheap grain, and the partial scarcity in the sub-division was relieved. An estimate of a seven annas outturn of the rice crop for Seetamurhee has been accepted by Government

7 The north-east parts of Durbhunga, including pergunnahs Alapore and Naradigur, then alone claimed attention In the case of these pergunnahs no favorable circumstances arose, and the fact was patent that, while the crops had failed, a large number of the people were in a condition of extreme poverty and destitution The outturn of the rice crop was estimated at only five annas in this sub-division With the approval of Government centres of observation were fixed, and the district officers continued on the alert, watching the signs of coming distress In a quiet and unobtrusive manner arrangements were made to meet very extensive distress, should it arise As a special measure, the collection of rents in part of the Durbhunga estate was suspended Not until the beginning of February was it found necessary to commence the administration of relief, but shortly after this time reports poured in showing that the paupers of all the villages in the distressed pergunnahs were more or less on the verge of starvation The relief offered was principally in the form of village charity to the sickly and weak, to a small extent employment was afforded on relief works, village roads, tanks, and the like In the middle of May last, that is to say about the worst period of distress, Sir Richard Temple visited the affected tracts and found that distress, wherever manifested, had been promptly and efficiently relieved by the local officers Although the early anticipations of the extent of the distress had, happily, not been realized, and although there was nothing like famine, nor even an approach to famine, anywhere, still there was real and undeniable suffering over a limited area of country among many thousands of persons, and the Lieutenant-Governor satisfied himself, by a personal inspection of the country, that the organization of relief measures was absolutely necessary to save life He not only saw the people in a state of physical and mental depression, but he also found some depopulation and some abandonment of fields by reason of this second drought following so close on the traces of the famine The executive arrangements for averting misery were, however, highly successful The Lieutenant-Governor

is glad to be able to say also that, as far as the financial aspect of the case is concerned, the results are satisfactory It seems probable that the whole cost of the Government relief expenditure will be covered by Rs 30,000, of which about Rs 3,000 will be debitable to road funds and to private subscriptions Both Mr Metcalfe, the Commissioner of the Division, and Mr MacDonnell, the Magistrate of Durbhunga, are entitled to credit for the manner in which they have successfully, and at the same time economically, organized the administration of relief This is exclusive of the extensive relief afforded in the great estate of Durbhunga, for which Colonel Burn and his officers deserve much credit

8 The Lieutenant-Governor observes as a satisfactory symptom that the prices of food-grains have continued to be low all over Behar, notwithstanding adverse circumstances, and that even in places where the failure was greatest, the prices have not been abnormal There is little doubt that this cheapness of food is attributable to the prosperous harvests which were reaped in Bengal, and to the fact that such districts as Sarun, Chumparun, Monghyr, Gya, and also Nepaul, about which uneasiness was felt, yielded an outturn very little, if at all, short of an average crop There were thus resources available from which supplies were obtained through private trade for the tracts suffering from scarcity

9 The Durbhunga State Railway was closed for traffic during the rainy season, from the 12th of June to the 1st November 1875. The following statement shows the number of passengers and the quantity of traffic carried during the period of the year the railway was open —

Month	Passengers		Goods	
	Up	Down	Up	Down
	No	No	Mds	Mds
From 1st April to 12th June 1875	10 876	9,187	45,847	1 20,524
From 1st November 1875 to 31st March 1876	21 7 4	22,065	2 02 126	1 56 874
Total	3 ,580	31,252	2 47 973	2,77 398

10 The Commissioner is of opinion that the traffic is more than the present stock on the line can carry, but the Lieutenant-Governor sees no reason for thinking that this is the case On the contrary, the careful enquiry that was made into this matter by the Director of State Railways shows that the stock is amply sufficient The railway has now been placed on a permanent footing, and an extension has been sanctioned to Mozufferpore A steam-ferry has also been established, connecting the terminus of the State Railway with the station of Barh, belonging to the East Indian Railway The steam-ferry working in conjunction with the railway has been most useful in counteracting the consequences of the recent failure of crops over parts of North Behar The total quantity of food-grains despatched by the railway from Bazitpore to Durbhunga during the first six months of the year 1876 is as follows —

Month	Rice	Pulses	Other cereals	Total
	Mds	Mds	Mds	Mds
January 1876	4 708	3 805	3 571	12,084
February	11 957	4 496	12 596	29,019
March	27 127	9,961	17 743	54 831
April	18,763	9,571	10 47[illegible]	38,809
May	18,363	31,416	9 394	59,179
June	11 716	29 093	6,509	47,347
Total	92,670	88 341	60,288	2,41,299

11 The Lieutenant-Governor considers these results to be satisfactory on the whole, especially when considered in connection with the fact that through booking between the East Indian Railway and Durbhunga Railway has not been established, and that the difficulties in the way of through traffic are therefore great The rates of freight for food-grains have been

reduced The first reduction to three pies per maund took effect from the 1st January, a further reduction to two pies a maund was reported on the 20th April The large increase of traffic apparent in May and June is doubtless attributable to this further reduction. The Lieutenant-Governor believes that the reduction of the rate for food-grains has been effected on a sound principle, and is beneficial both in the interests of the railway and of the public

12 The paragraphs of Mr. Metcalfe's report, relating to the trade and commerce of the division, are necessarily imperfect, as the results of the new system of registration for a whole year are not yet available It is remarked that the northern districts of the division now rather import than export food-grain, and that the famine, as far as Durbhunga is concerned, has to a great extent altered the direction of trade The Lieutenant-Governor does not doubt that this effect has been temporarily produced in some measure by the famine, but at the same time he would say that it appears to be the case that even in ordinary years the vast district of Tirhoot, as a whole, is rather an importing than an exporting district Whether the year is favorable or unfavorable, there must be some importation of rubbee crops into the rich rice-producing tracts of Alapore and Mudhoobunnee, where little else than rice is cultivated The observations of more than one year are necessary before an accurate knowledge of the direction and resources of the Behar trade can be obtained

13 The Lieutenant-Governor has received separately a valuable report on the trade of the city of Patna, which has been compiled by Mr Rattray, the Salt Superintendent of Patna. The thanks of Government are due to Mr Rattray for the intelligence and industry he has devoted to the preparation of this report

14 In some parts of the Patna Division statistical enquiries of a general nature have been actively prosecuted during the year In the Patna district itself some valuable agricultural statistics have been collected, and are printed as an enclosure to the Commissioner's report The registration of vital statistics shows improvement Sanction has been accorded since the close of the year under review to a re-census of the sub-division of Mudhoobunnee

15 The experimental farm at Arrah has been closed, but the Poosah farm, for the cultivation of tobacco, was working fully throughout the year Mr Henry has written a complete and lucid report on the working of this farm It is said that the manufactured tobacco is likely to sell at high prices, but that the drought that has prevailed during the past and present year is unfavorable to its cultivation

16 The conditions of indigo cultivation in Tirhoot have always been referred to in the Resolutions of Government on the Patna Administration Report The establishment of this great industry on a firm basis, resting on the contentment of the people, continues to be a matter of great interest and importance Nevertheless complaints on the part of individuals have sometimes been made, and cases have occasionally occurred, which cause anxiety as to the future relations between indigo planters and their ryots, and which show that these relations resolve themselves into questions between landlord and tenant The Lieutenant-Governor desires that the officers of Government should avoid doing anything which may unnecessarily provoke a contest between landlord and tenant, between employer and laborer, and between the several parties to a large system of engagements, but should also preserve a firm and vigilant attitude in regard to doing justice between man and man, so that the balance of the administration of the law may be fairly and exactly held between the planters and ryots in the event of disputes arising

17 In particular, the Lieutenant-Governor has had occasion to observe that in Behar the exercise by the landlord of the power of distraining the ryots' crops is carried to a degree clearly beyond the letter and spirit of the law, and beyond the actual practice in Bengal The question has for some time past been causing anxiety It may be that the procedure of distraint locally adopted in Behar has the prescription of long-established usage, still, as it is illegal, its modification is only a question of time, for sooner or later the ryots will realize the legal aspect of the case and will seek redress The Lieutenant-Governor has accordingly directed district officers to warn landlords, as

occasion shall arise, that the law imposes conditions which cannot be disregarded, and that crops cannot be distrained save under the provisions of Act VIII of 1869 In the large estate of Durbhunga, too, it has been ordered that the provisions of the law of distraint are not in any way to be exceeded Doubtless if a good example can be enforced in this estate, an effect will be produced upon neighbouring estates

18 The administration of the Durbhunga Raj during the year has been a source of much anxiety to Government The Commissioner does not allude to this subject in his report, and it was not necessary to discuss it fully

19. The Lieutenant-Governor has convinced himself by personal observation that the condition of the peasantry in those tracts of the estate which have suffered from drought is low, that a certain proportion of the land has fallen out of cultivation, and that many persons out of work have gone to seek livelihood elsewhere. A careful enquiry has brought some difficulties to light which are now being remedied, and in many tracts arrears of rent have been remitted and current rents revised In other tracts where wholesale remissions of rent have not been necessary, the current rents are now being revised as a temporary measure A covenanted civil servant has been specially appointed at Durbhunga to effect a detailed measurement and an assessment of the customary rent rates. It may be added that, in the midst of much that is less encouraging, it is satisfactory to find that the authorities in the Durbhunga estate affirm the frequent existence of the occupancy rights under Act X of 1859, which has been so often denied as regards most parts of Behar In the enquiries now proceeding, all such occupancy rights as may have actually accrued under the operation of the law will be carefully recorded

20 The Government revenue of the Patna Division, during the past year, derived from Land Revenue, Excise, and Stamps, exceeded a crore of rupees, as follow —

	Rs
Land Revenue	81,40,870
Excise	13,08,703
Stamps	12,12,135
Total	1,06,61,708

There was an increase in Excise revenue from every district of the division except Durbhunga There was a total increase also in the revenue from Stamps

21 In the matter of education, the most backward district is said to be Chumparun, but steady progress has been made during the year in all the districts of the division In Patna the Educational Committee meetings are well attended

22 The Commissioner describes some of the zemindars of the division as being embarrassed and in pecuniary difficulties This is matter for much regret The Lieutenant-Governor is glad to find that, in the Patna district, Faizool Rahman, the zemindar of Doomrec, is favorably mentioned In Shahabad, the Maharajah of Doomraon is reported to stand conspicuous for his loyalty and liberality on all occasions The Lieutenant-Governor also observes with pleasure that the following resident landlords are favorably mentioned —

Alee Hosen, of Majupur,
Sheo Prashad Sahoo, of Lesheegunj,
Ramanugra Narain, of Buddulpoorah,
Silukdharee Sing, of Chitwara,

and the zemindars of Mudhoobun in Chumparun.

By order of the Lieutenant-Governor of Bengal,

H J. S COTTON,
Junior Secy. to the Govt. of Bengal.

DISTRICT ROAD FUND

No 282

The 21st August 1876

Notification —The following extract from the Proceedings of the Lieutenant-Governor of Bengal, relative to the accounts of the receipts and expenditure of the District Road Fund for the second quarter of the cess year 1875-76, is published for general information —

No 3020A

Extract from the Proceedings of the Lieutenant-Governor of Bengal in the Public Works Department (Local—Accounts) under date the 16th August 1876

READ—

Memorandum from the Examiner of Public Works Accounts in Bengal, No 426D of 31st July 1876, submitting an abstract of the receipts and expenditure of the several District Road Committees for the quarter ending 31st March 1876

RESOLUTION —The Lieutenant-Governor directs that the accounts of the receipts and expenditure of the District Road Fund for the second quarter of the cess year 1875-76, as submitted by the Examiner of Public Works Accounts in Bengal, be published in the *Calcutta Gazette* and circulated to the officers concerned

---

ORDER —Ordered that a copy of this Resolution, together with a copy of the abstract of receipts and expenditure, be published in the Supplement to the *Calcutta Gazette*

Ordered that a copy of this Resolution, as well as of the abstract referred to, be forwarded to the Financial Department of this Government for information Also that copies of each be forwarded to all Commissioners of Divisions, to all Superintending Engineers of Circles in Bengal, to the Accountant-General of Bengal, and to the Examiner of Public Works Accounts in Bengal, for information

By order of the Lieutenant-Governor of Bengal,

G A D ANLEY, C E,

Offg Asst Secy to the Govt of Bengal in the P W Dept

NOTIFICATION

The 11th August 1876—The Lieutenant-Governor is pleased to direct the substitution of the following rules for rules 95 and 105 of the rules regulating labour transport under Act VII (B C) of 1873 The new rules will come into operation three months after the date of first publication in the *Calcutta Gazette* —

Rule 95—The roof of every vessel shall be strong, water-tight and not less than five feet in height at its junction with the stanchions on either side If of corrugated iron, the roof must not only be lined or thatched with matting, &c, as a protection against heat, but on steamers must also be fitted either with sky-lights or ridge ventilators which shall have a ventilating area of not less than ten superficial feet to every 100 statute adult emigrants accommodated on board, and shall be so constructed as to exclude rain and allow the free escape of heated air

Rule 105—In order to prevent the heat of the funnel from raising the temperature of the emigrants' deck, in all steamers in which the space immediately over the engines, &c, is neither excluded and railed off from the coolie deck, nor ventilated above by sky-lights or other means, that portion of the funnel between the coolie deck and the roof shall be enclosed at a distance of at least 18 inches all round by a strong wooden air-shaft or casing, which shall be carried through the deck at the lower end, and through the roof at the upper, so as to afford free exit above the roof for the body of warm air immediately surrounding the funnel

[Second Publication.]

The 19th August 1876.—The following revised rules for the registration of Mahomedan marriages and divorces, approved by the Lieutenant-Governor under date the 24th May 1876, are published for general information :—

Revised Rules under sections 18 and 24 of Act I (B. C.) of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces).

Nomination of Mahomedan Registrars.

1. As soon as the Act has been extended to any district under section 1, the District Registrar shall nominate a sufficient number of persons to be licensed as Mahomedan Registrars under section 3. He shall also specify the limits within which each of the persons so nominated shall exercise the functions of Mahomedan Registrar.

Form of application.

2. The District Registrar's nomination shall be submitted to the Inspector General of Registration, and shall be accompanied by the original application of each nominee in the form below, and also by a certificate of good moral character signed by three Mahomedan gentlemen of known respectability and position, and countersigned by the District Magistrate :—

Application for a Mahomedan Registrarship under Act I of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces) at thana district of

Name (in English) and usual signature of candidate, date of application and address in full	Age	Profession or present employment of candidate with present salary or pension	Father's name and profession	Present family residence of candidate	Distance of residence from proposed Registry Office and Sudder Station	Whether candidate has a masonry house for office	If previously employed under Government, details of past service; if ever dismissed from any post, particulars of the fact	Names and addresses of persons recommending the candidate	Whether candidate can write Arabic, Persian, Urdu, Bengali and English	Whether candidate is acquainted with Mahomedan law, and holds a certificate from any Government Madrassa	Remarks of District Officer or Inspector General of Assurances, which if favourable may include the limits to form the jurisdiction	REMARKS
1	2	3	4	5	6	7	8	9	10	11	12	13

Who may be nominated.

3. In the selection of Mahomedan Registrars, preference shall ordinarily be given to ex-kazis and Government pensioners, being Mahomedans, who reside, or are willing to reside, at a convenient place within the limits of the proposed jurisdiction; but no person shall be appointed a Mahomedan Registrar merely by reason of some supposed hereditary right. A Sub-Registrar of Assurances may be nominated as Mahomedan Registrar, provided he be a Mahomedan and is otherwise qualified.

Jurisdiction.

4. The limits within which a Mahomedan Registrar shall be licensed to act shall for the present coincide with the limits of a sub-district under the Indian Registration Act, or with the jurisdiction of a police-station. The head-quarters shall be at some convenient place within those limits.

5. The District Registrar's nomination, with the accompanying applications and certificates, shall be forwarded to Government by the Inspector-General of Registration with his remarks and recommendation.

Liability to examination.

6. Should such a course appear expedient hereafter, all Mahomedan Registrars who may have been appointed under these rules and all future applicants for licenses, shall be liable to examination in the following subjects :—

(1) Arabic and vernacular of the district.
(2) Mahomedan law of marriage and divorce.
(3) Act I of 1876 (B. C.), and the rules.

And if any person who has been appointed a Mahomedan Registrar fail to pass such examination, his license will be liable to be cancelled. Such examination may be held at such times and places, and by such examiners, as the Lieutenant Governor may from time to time appoint.

Form of license

7 Licenses to qualified persons who have been approved of as Mahomedan Registrars will be granted in the following form —

License under Section 3, Act I (B C) of 1876

To

of

Calcutta, the 187

BY virtue of the authority conferred upon His Honor the Lieutenant-Governor of Bengal by Act I (B C) of 1876, you are hereby authorized to register, in the manner prescribed by the above Act, all Mahomedan marriages and divorces which shall be effected within on application being made to you for such registration

2 It will be your duty carefully to observe the provisions of the above-mentioned Act, and such rules as may from time to time be prescribed by His Honor the Lieutenant-Governor, in pursuance of the power conferred upon him by the above Act

3 This license shall continue in force until it is revoked or suspended by the said Lieutenant-Governor of Bengal

By order of His Honor the Lieutenant-Governor of Bengal,

Secretary to the Government of Bengal

Resignation of license

8 When a Mahomedan Registrar desires to give up his license, or is about to leave the place or district in which he has exercised the functions of Mahomedan Registrar, he shall report the circumstances through the District Registrar to the Inspector-General of Assurances for the orders of Government

Change of officers

9 When a Mahomedan Registrar makes over charge of his office to a licensed successor a certificate shall be jointly given for the date on which the office is made over, and of the safety and correctness of the records, and this certificate shall be forwarded by the District Registrar to the Inspector-General

Leave

10 Mahomedan Registrars shall not be entitled to leave as of right under the rules in force for Government servants The District Registrar may, however, grant leave in cases of urgency, but no leave exceeding one month shall be granted without the previous sanction of the Inspector-General All leave shall be at once reported to that officer, together with the arrangements made for carrying on the duties of the Mahomedan Registrar

11 In cases of leave or absence from duty, the next nearest Mahomedan Registrar shall ordinarily be appointed to carry on the duties of the absentee in addition to his own

Not entitled to pension

12 It is not intended that service as a Mahomedan Registrar shall count as Government service, so as to give rise to any claim for pension or gratuity, or to leave allowances of any kind, but it is not intended by this to preclude the appointment of Sub-Registrars or retired Government servants to be Mahomedan Registrars

General control

13 The general control and supervision of the working of the Act shall be exercised by the present inspecting staff attached to the Department for the Registration of Assurances

Books and stationery

14 The registers, forms, and seal to be used by a Mahomedan Registrar, shall be such only as are supplied by Government under section 5 of the Act The Government shall also supply writing ink, and no ink shall be used for making entries in the registers and indexes other than that supplied The Government may also supply such other articles of stationery as are requisite All such registers, forms, seals, ink, and other articles, shall be charged at cost price, and shall ordinarily be paid for by the Mahomedan Registrar at the time they are supplied But in any case, when the District Registrar thinks it necessary, he may defer the realization of the charge for a term not exceeding three months In case of failure to pay at the prescribed period, the District Registrar should report the case for orders to the Inspector-General of Registration

Custody of seals

15 The seal shall always remain in the personal custody of the Mahomedan Registrar and shall be made over with the records to the officer appointed to receive the same whenever a Mahomedan Registrar ceases, either temporarily or permanently, to exercise his functions

Table of fees

16 A printed table of fees in the vernacular of the district shall be suspended in some conspicuous place in every Mahomedan Registrar's office

Disposal of fees

17 The fees received by a Mahomedan Registrar under sections 9 and 16 of the Act, and rules 21 and 50, may be retained by him as his lawful remuneration, provided that he duly pays for the registers and other articles supplied to him under rule 14 All fees received by a District Registrar shall be credited to Government in the same way as fees realized under the Indian Registration Act

18 When the attendance of a Mahomedan Registrar is required at the celebration of a marriage, the party requiring his attendance may make an application to the Mahomedan Registrar, specifying the place and time of the marriage, and that officer may attend

Attendance at marriages

19 It shall be lawful for a Mahomedan Registrar to travel on circuit within his jurisdiction for the purpose of attending at the celebration of marriages, provided that at least 15 days before the beginning of each month he affix at his office a public notice specifying the dates on which he will be at the several places which he proposes to visit, and on a written application made by any resident of such place, not less than one week before the date so fixed he shall be bound to attend at the house of such resident at the time fixed for the celebration of the marriage

20 Priority of application shall in all cases determine the order in which the Mahomedan Registrar shall be bound to attend such marriages in case any question of precedence arise

21 Mahomedan Registrars are at liberty to make their own terms as regards the extra fees to be given them for attending marriages They are, however, prohibited from demanding fees beyond the following scale —

(1) For attending a marriage under rule 18 at a place and time fixed by the parties, Rs 10, plus travelling expenses at the rate of four annas a mile

(2) For attending the celebration of a marriage under rule 19 at a place and time fixed by the Registrar himself, Rs 2 In such cases no travelling expenses will be charged

22 When a Mahomedan Registrar is present at the celebration of a marriage, he shall make an entry of the fact in the Register of Marriages (A), and a copy of such entry shall be included in the copies to be made under sections 12 15, and 22 of the Act

23 If all the persons who, by section 11 of the Act are required to sign the entry of the marriage or divorce in the proper register are not present, registration shall be deferred until they are all present, provided that no marriage or divorce for registration of which application has been made within one month, as required by section 9, shall be registered after the expiration of three months from the date on which the marriage or divorce was effected

Procedure on application to Registrar in absence of any of the parties

24 The Mahomedan Registrar shall satisfy himself whether or not a marriage was effected by the persons by whom it is represented to have been effected in the following manner —

Procedure before registration

(1) by examining the parties to the marriage, or, if either or both of them are minors, their lawful guardians If the woman be a *purdah-nishin*, her duly authorized vakil shall be examined instead of the woman,

(2) by examining the two witnesses who were present at the marriage

25 The Mahomedan Registrar shall satisfy himself whether or not a divorce, other than the kind known as *khula* was effected by the man by whom it is represented to have been effected by examining that man, and if he be of the Sheah sect, by also examining the two witnesses to the divorce being effected

26 The Mahomedan Registrar shall satisfy himself that a divorce of the kind known as *khula* was effected by the persons by whom it was represented to have been effected in the following manner —

(1) by examining the parties to the *khula*, provided that if the woman be a *purdah-nishin*, her duly constituted vakil shall be examined instead of the woman,

(2) if the man be of the Sheah sect, by also examining the two witnesses to the divorce being effected

27 The Mahomedan Registrar shall satisfy himself of the identity of persons appearing before him as witnesses of a marriage or divorce, unless they are otherwise personally known to him, by examining at least one witness to the identity of each person so appearing

28 In the case of any person appearing as the representative of the man or woman (whether he appears as guardian or vakil), the Mahomedan Registrar shall satisfy himself of the right of such person to appear by examining such person If a vakil so appear, the Mahomedan Registrar shall further examine witnesses to the fact of the vakil having been duly authorized to appear

29 When the entry of the marriage or divorce has been made in the proper register, it shall be read over by the Mahomedan Registrar to the persons who, by section 11, are required to sign such entry If they admit its correctness, the entry shall then be signed by them

30 When a person who cannot write signs his name by means of a mark, his name shall be recorded at length, and the writer shall also sign his name in attestation that the mark was affixed in his presence

31 If a Mahomedan Registrar discovers any error in the form or substance of any entry of a marriage or divorce made by him, he may within one month next after the discovery of such error, in the presence of the persons married, or, in case of their death or absence, in the presence of two other credible witnesses, correct the error by entry in the margin, without any alteration of the

Correction of errors

original entry, and shall sign the marginal entry and add thereto the date of such correction, and he shall also make the like marginal entry in the copies thereof

And every entry made under this section shall be attested by the witnesses in whose presence it was made

And, in case a copy has been already sent to the Registrar, such person shall make and send another copy thereof, containing both the original erroneous entry and the marginal correction therein made

32 No erasures shall be made with a knife in any register book or record, but mistakes shall be corrected when necessary with the pen, and shall be invariably attested by the registering officer Corrections are not to be obliterated or blotted out, so as to be illegible, but a line is to be drawn through erroneous words with the pen, so that they may remain legible

Refusal to register

33 The circumstances under which registration of a marriage or divorce should be refused are as follows —

(1) If the marriage or divorce was not effected within the jurisdiction of the Marriage Registrar to whom application for registration is made

(2) If the application is not made by the persons specified in section 8 of the Act

(3) If application has been made after the expiry of one month from the date on which the marriage or divorce was effected

(4) If all the persons required by section 11 to sign the entry in the proper register fail to appear within the time limited for such appearance by the Mahomedan Registrar under rule 24

(5) If the Mahomedan Registrar fail to satisfy himself that the marriage or divorce was effected by the person or persons by whom it is represented to have been effected

(6) If the Mahomedan Registrar fail to satisfy himself as to the identity of the persons appearing before him and alleging that the marriage has been effected

(7) In the case of any person appearing as the representative of the man or woman (whether he appear as guardian or as vakil), if the Mahomedan Registrar fail to satisfy himself of the right of such person to appear

(8) If one of the parties applying for registration of marriage, or if the man applying for the divorce, appear to be of unsound mind

Refusal deferred

34 In cases 2 and 8 the order of refusal shall ordinarily be deferred till one month has elapsed from the date on which the marriage or divorce was effected, but if the parties declare their inability to comply with the requirements of the law, or for any other reason wish that registration should at once be refused, this may be done

35 The reasons for refusal to register to be recorded under section 20 shall be concisely and clearly stated in each particular case When registration is refused under clause 5, 6, or 7 of rule 34, the Mahomedan Registrar shall record the grounds of his decision

In what cases fees may be refunded

36 Fees paid under section 9 shall not be refunded unless registration is refused for one of the reasons numbered (1), (2), (3), and (8) in rule 34 Fees and travelling allowances paid for the attendance of Mahomedan Registrars at the celebration of marriages shall be refunded only in cases where the Mahomedan Registrar does not attend Fees paid for searches in the registers and indexes, or for copies of entries, shall be refunded only when the searches are not made or the copies not given

Manner of refund

37 The refund of fees paid to a Mahomedan Registrar shall be made by him at once on application, and he shall take and file a receipt for the amount of such repayment from the person to whom it is made

Certificate of closure of volume

38 When a register book is closed a certificate to that effect shall be appended at the close of the written portion, and a certificate showing the number of pages written upon shall be entered on the first page

Language to be used

39 The registers and indexes shall be kept in Urdu

40 The "year" referred to in section 7 of the Act shall be a year of the Christian era, commencing on the 1st January and ending on the 31st December

Indexes

41 The index to marriages and divorces shall be prepared from Registers A, B, and C, and contain the following particulars —

1 Name of party
2 Father's names
3 Residence *
4 Place of registration
5 Year of registration
6 Serial number for the year
7 Book
8 Volume
9 Page

42 Names shall be indexed according to their first letter, and shall be arranged in the order of the Urdu alphabet A mere title or designation of race shall not be taken as the index word

Thus Shaikh Ramzan will be indexed Ramzan, Shaikh , Mir Aulad Ali—Aulad Ali Mir

* Residence includes village or town, police station, and district

43 A catalogue in form given below shall be kept up and permanently preserved in every Mahomedan Registrar's office, and on the occasion of every transfer of records the officer receiving charge of the records shall compare them with the catalogue and certify therein that he has found them correct Whenever any of the records are transferred to the district office, the fact shall be noted in the column of remarks, together with the date of transfer —

Catalogue

Form of Catalogue

Serial No	District or sub district to which the books relate	Year	Title of book	Volume	Number of entries in each	Number of pages written on	REMARKS

44 In district offices the following records shall be preserved in perpetuity —

All register books A, B, and C, and their indexes

The catalogue

Register of refusals

Register of appeals

Reports of the destruction of records, and list of papers destroyed

45 The following records may be destroyed after the expiration of three full years from the period to which they relate —

Destruction of records

Applications for registration or for attendance at the celebration of marriages under rules 18—19

Applications for search or copies of extracts

All correspondence, whether in the vernacular or in English, which is of an ordinary routine character, and which the Registrar considers may be destroyed

46 No records or papers whatever shall be destroyed without the previous sanction of the Inspector-General

47 Applications for search in the record , or for copies of extracts therefrom, shall be made in writing, no stamp shall be required on such applications Applications made to the District Registrar shall be entered in the register kept by him for that purpose Applications made to the Mahomedan Registrar shall be filed by him, the date of application and the date on which a search was made, or a copy delivered, being noted on the back of the application If the register from which an extract is required has been transferred to the District Registrar or other person under section 23, the application, together with the prescribed fee, shall be forwarded by the Mahomedan Registrar to such District Registrar or other person at the expense of the applicant

Search and copies

48 A call for information from any court shall, if it necessitates search in the registers, be accompanied by the necessary fee for search Officers of Government shall be permitted to inspect the registers without fee, but if the production of a register in any court is required, it shall be produced by the Mahomedan Registrar or other officer whom the District Registrar may depute for the purpose, who will be entitled to claim payment of his expenses like any other witness

49 Besides the fees leviable under section 16 of the Act, a fee of eight annas may be charged for extracts and copies of orders and records not otherwise provided for in the law

[Third Publication]

NOTIFICATION

The 15*th August* 1876 —The Lieutenant-Governor, with the sanction of the Government of India, has been pleased, in supercession of previous orders, to prescribe the following rules for granting rewards to civil officers in Bengal for proficiency in the language of frontier tribes

2 A reward of Rs 1,000 (one thousand) will be granted to any Covenanted Civilian, Deputy or Assistant Commissioner, Deputy Collector, or District or Assistant Superintendent of Police, who shall pass by the prescribed standard an examination in any one language in any of the groups of languages noted in the margin, provided that the language is spoken within the district where the officer is at the time employed, or by tribes conterminous to it with whom he has official relations A second reward will in no case be given to an officer for proficiency in a second language of the same group

Group I —Kol or Munda Sonthali
II —Oraon Rajmahal Paharia
III —Khond of Orissa
IV —Thibetan Lepcha Bhootia
V —Kuki or Lushai
VI —Garo

3 The examination shall be conducted by a local Committee to be specially appointed by Government on each occasion

4 The tests which a candidate for the above reward must undergo are as follow —

(*a*) He must be able to converse freely with the people of the tribe in whose vernacular he may wish to qualify, to understand and to make himself understood by them

(*b*) He must write down in the English or the Bengali or Hindee character sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain it correctly in English

(*c*) He must, without assistance, translate from English or his mother tongue into the tribal language (writing it in either the English or Bengali or Hindee character) sentences not of a more difficult nature than those in requirement (*b*) The translation must be substantially correct and intelligible when read to a native in whose language it might be written

5 The above rules will not affect the rules prescribing the rewards to which Junior Civilians will be entitled who succeed in passing High Proficiency and Honors examinations in certain specified languages

Orders and Notifications by the Government of India

The following order, issued by the Government of India in the Department of Agriculture, Revenue, and Commerce, is republished for general information —

COMMERCE AND TRADE

Simla, the 18th August 1876

No 463 —The Governor-General in Council is pleased to direct the publication of the following order issued by Her Majesty the Queen in Council —

AT THE COURT AT WINDSOR,

The 27th day of June 1876

Present

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL

WHEREAS by the Merchant Shipping (Colonial) Act, 1869, it is (among other things) enacted that where the Legislature of any British possession provides for the examination of and grant of certificates of competency to persons intending to act as masters, mates, or engineers on board British ships, and the Board of Trade reports to Her Majesty that they are satisfied that the examinations are so conducted as to be equally efficient as the examinations for the same purpose in the United Kingdom under the Acts relating to Merchant Shipping, and that the certificates are granted on such principles as to show the like qualifications and competency as those granted under the said Acts, and are liable to be forfeited for the like reasons, and in the like manner, it shall be lawful for Her Majesty, by order in Council—

(1) to declare that the said certificates shall be of the same force as if they had been granted under the said Acts

(2) to declare that all or any of the provisions of the said Acts which relate to certificates of competency granted under those Acts shall apply to the certificates referred to in the said order

(3) to impose such conditions and to make such regulations with respect to the said certificates, and to the use, issue, delivery, cancellation, and suspension thereof, as to Her Majesty may seem fit, and to impose penalties, not exceeding fifty pounds, for the breach of such conditions and regulations

And that upon the publication in the *London Gazette* of any such order in Council as last aforesaid, the provisions therein contained shall, from a date to be mentioned for the purpose in such order, take effect as if they had been contained in the Act, and that it shall be lawful for Her Majesty in Council to revoke any order made as aforesaid

And whereas the Governor-General of India in Council has by an Act, entitled "An Act for the Amendment of the Law relating to Merchant Seamen, No 1 of 1859," and the Lieutenant Governor of Bengal in Council has by an Act, entitled "The Steam-Boat Survey Amendment Act of 1868," provided for the examination of and grant of certificates of competency for foreign ships to persons intending to act as masters, mates, or engineers on board British ships, which certificates are hereinafter denominated Colonial Certificates of Competency, and the Board of Trade have reported to Her Majesty that they are satisfied

that the said examinations are so conducted as to be equally efficient as the examinations for the same purpose in the United Kingdom under the Acts relating to Merchant Shipping, and that the certificates are granted on such principles as to show the like qualifications and competency as those granted under the said Acts, and are liable to be forfeited for the like reasons and in the like manner

Now, therefore, Her Majesty, in exercise of the powers vested in Her by the said first recited Act by and with the advice and consent of Her Privy Council, is pleased—

(1) to declare that the said Colonial Certificates of Competency granted by the Lieutenant-Governor of the said British possession of Bengal shall be of the same force as if they had been granted under the said Acts

(2) to declare that all the provisions of the said Acts which relate to certificates of competency for the Foreign Trade granted under those Acts except so much of the 139th section of the Merchant Shipping Act, 1854, and the 10th section of the Merchant Shipping Amendment Act, 1862, as requires the delivery by the Board of Trade to any master, mate, or engineer of a copy of any certificate to which he appears to be entitled as therein mentioned, so much of the third paragraph of the 23rd section of the said last-mentioned Act as requires at the conclusion of a case relating to the cancelling or suspending of a certificate, such certificate, if cancelled or suspended, to be forwarded to the Board of Trade, and the whole of the provisions of the fourth paragraph of the same section shall apply to such Colonial Certificates of Competency

(3) to impose and make the conditions and regulations following, numbered 1 to 10 respectively, with respect to the said Colonial Certificates of Competency, and to the use, issue, delivery, cancellation, and suspension thereof, and to impose for the breach of such conditions and regulations the penalties therein mentioned —

Form of Certificate

1 Every such Colonial Certificate of Competency shall be on parchment and as nearly as possible similar in shape and form to the corresponding Certificate of Competency for the Foreign Trade granted by the Board of Trade under the Acts relating to Merchant Shipping

Name of possession to be inserted

2 Every such Colonial Certificate of Competency shall have the name of the said possession of Bengal inserted prominently on its face and back

Certificates to be numbered consecutively

3 Such Colonial Certificates of Competency shall be numbered in consecutive order

Lists of Certificates granted, cancelled, &c , to be sent to Registrar-General of Seamen

4 The Government of the said possession shall furnish the Registrar-General of Seamen in London from time to time with accurate lists of all such Colonial Certificates of Competency as may be granted by the Lieutenant Governor of the said possession as aforesaid or as may for any cause whatsoever be cancelled, suspended renewed, or re-issued, and shall also furnish him with duplicates of the applications for examination made by the persons to whom such certificates are granted

Three years' domicile or service necessary

5 Such Colonial Certificates of Competency shall be granted only to any person who, for a period of three years immediately preceding his application for such Colonial Certificate, or for several periods amounting together to three years, the earliest of which shall have commenced within five years prior to such application, has been domiciled in or has served in a ship or ships registered in any part of Her Majesty's Indian dominions

Certificates of Competency granted contrary to this regulation shall be regarded as improperly granted

Certificates not to be granted when former are cancelled

6 Such Colonial Certificates of Competency shall not be granted to any person who may have had a certificate, whether granted by the Board of Trade or by the Government of a British possession, cancelled or suspended under the provisions of the said Acts or of any Act for the time being in force in any part of Her Majesty's dominions, unless the period of suspension has expired, or unless intimation has been received from the Board of Trade, or the Government by whom the cancelled or suspended certificate was originally granted to the effect that no objection to the grant of such Colonial Certificate is known to exist, or unless a new certificate has been granted to him by such Board or Government, and in the last-named event no such Colonial Certificate of Competency shall be for a higher grade than the certificate so last granted as aforesaid

Colonial Certificates of Competency granted contrary to this regulation shall be regarded as improperly granted

Certificates improperly granted may be cancelled without formal investigation

7 Any such Colonial Certificate of Competency which appears from information subsequently acquired, or otherwise, to have been improperly granted, whether in the above or in any other respect, may be cancelled by the Lieutenant-Governor of the said possession, or by the Board of Trade in the United Kingdom, without any formal investigation, under "The Merchant Shipping Act, 1854," and the holder of such certificate shall thereupon

deliver it to the Board of Trade or the Lieutenant-Governor of the said possession, or as they or either of them may direct, and in default thereof shall incur a penalty not exceeding fifty pounds in the United Kingdom, or five hundred rupees in India, which shall be recoverable in the same manner as penalties imposed by the Acts relating to Merchant Shipping are thereby made recoverable

Cancellation, &c, of a Certificate shall involve cancellation of all the other Certificates possessed by its Owner

8 Every decision with respect to the cancellation or suspension of a Certificate pronounced by any Board Naval or other Court, or tribunal under the provisions of the said Acts, shall extend equally to all the Colonial Certificates at the time possessed by the person in respect of whom the decision is made, as well as to all certificates granted to him under any of the Acts relating to Merchant Shipping, and whether such certificates be specified in such decision or not

Certificates believed to be fraudulent may be demanded

9 Any officer of the Board of Trade, or the Registrar-General of Seamen, or any of his officers or a Superintendent of a mercantile marine office, or a consular officer, or duly appointed shipping officer in a British possession, may demand the delivery to him of any such Colonial Certificate of Competency which he has reason to believe has been improperly issued, or is forged, altered, cancelled or suspended, or to which the person using it is not justly entitled and may detain such certificate for a reasonable period for the purpose of making inquiries respecting such issue, forgery, alteration, cancellation, suspension, or possession, and any person who, without reasonable cause, neglects or refuses to comply with such demand, shall incur a penalty not exceeding twenty pounds, or two hundred rupees which shall be recoverable in the same manner as penalties imposed by the Acts relating to Merchant Shipping are thereby made recoverable

Suspended Certificates to be re-issued only by Colony by which originally granted

10 Any such Colonial Certificate of Competency which has from any cause been cancelled or suspended, whether by a tribunal in Bengal or elsewhere shall be renewed or re-issued only by the Lieutenant Governor of Bengal

This order shall take effect in the said Possession of Bengal from and after the date hereof

C L PEEL

The following order, issued by the Government of India, in the Foreign Department, is republished for general information —

No 871 —Simla, the 16th August 1876 —*Notification —Judicial* —In supersession of Rule No 5 of the Rules under Act XI of 1872 (the Foreign Jurisdiction and Extradition Act, 1872) published by Notification of this Department, No 31J, dated 12th March 1875, the Governor-General in Council is pleased to prescribe the following —

"If the person surrendered under the warrant of a Political Agent, issued under Section 11 be not a British subject, or if such person being a British subject, the Courts of the State, either by custom or by the express recognition of the Governor General in Council try Native British subjects surrendered to them by extradition and the Political Agent after hearing the statement, if any, of the accused, and making such further enquiry as he may deem necessary is still satisfied that there is a *primâ facie* case against the accused, and that the charge is not prompted by political motives, the Political Agent shall make over the accused to be tried by the ordinary courts of the State in which the offence was committed provided that the courts of the State have by custom or recognition as aforesaid, power to inflict the punishment which may be inflicted under the Indian Penal Code for the offence with which the accused person is charged"

The following orders, issued by the Government of India in the Financial Department, are republished for general information —

No 2247 —Simla, the 18th August 1876 —*Notifications—Expenditure—(Administration)* —The following Resolution is published for general information —

Read again—

Expenditure Proceedings July 1871 Nos 82 to 84 regarding the formation of the Department of Revenue Agriculture and Commerce

RESOLUTION —The Governor-General in Council is pleased to direct that the sea customs revenue shall henceforth be administered in the Department of Revenue, Agriculture, and Commerce of the Government of India It is a standing rule that no measure intended to cause any increase or decrease of any item of public revenue shall be considered otherwise than in consultation with the Financial Department and this rule will apply especially to duties of sea customs but all communications relating to sea customs should, in future be addressed to the Government of India in the Department of Revenue, Agriculture and Commerce

No 2307 —The 18th August 1876 —*Leave and Allowances* —The Governor General in Council directs that the word 'Assam" be inserted after the words "British Burmah" in Rule 1 under Section 10 (*a*) of the Civil Leave Code

CHARLES FOURACRES,

Executive Engineer, Dehree Workshop Division

RULES UNDER WHICH WORKS CAN BE EXECUTED IN THE DEHREE WORKSHOP

All parties requiring work to be done in the Dehree Workshops are requested to send full instructions as to dimensions and description of work required, in order to facilitate the preparation of designs and estimates If drawings of the work are already in existence, it would be better if copies of them were sent the dimensions being plainly figured thereon

2 Government work done for Government officers will be paid for by transfer in the usual manner through the department for which the work is done Notice of completion will be sent to the indenting officers whose instructions for forwarding the articles to their destination will be attended to

3 When extensive orders are given by private individuals advances may or may not be required at the discretion of the Superintending Engineer, before such work can be put in hand, but it is to be understood that all private work is undertaken for cash on delivery, and that credit will not be allowed

CHARLES FOURACRES

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL

LEGISLATIVE DEPARTMENT

[Second Publication]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 22nd July 1876, and having been assented to by the Governor-General on the 9th August 1876, is hereby published for general information —

ACT No VII OF 1876

An Act to provide for the Registration of revenue-paying and revenue-free lands, and of the proprietors and managers thereof

Preamble

WHEREAS it is expedient to make better provision for the preparation and maintenance of Registers of revenue-paying and revenue-free lands, and of the proprietors and managers thereof, and of certain mortgages of revenue paying lands It is hereby enacted as follows —

PART I.

PRELIMINARY

Commencement

1 This Act may be called the "Land Registration Act, 1876," and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor General, which date is hereinafter referred to as the commencement of this Act

Regulations repealed

2 From the commencement of this Act, the Regulations mentioned in the schedule hereto annexed, to the extent specified in the third column thereof, shall cease to have effect in the Provinces subject to the Lieutenant-Governor of Bengal.

Interpretation clause

3 In this Act—unless there be something repugnant in the subject or context—

"Civil Court"

(1) "Civil Court" means any Civil Court which is competent to hear and determine the matter with respect to which the words are used

"Estate"

(2) "Estate" includes

(*a*) any land subject to the payment of land revenue, either immediately or prospectively, for the discharge of which a separate engagement has been entered into with Government

(*b*) any land which is entered on the revenue-roll as separately assessed with land revenue (whether the amount of such assessment be payable immediately or prospectively), although no engagement has been entered into with Government for the amount of revenue so separately assessed upon it as a whole

(*c*) any land being the property of Government of which the Board shall have directed the separate entry on the General Register hereinafter mentioned

"Extent of interest"

(3) "Extent of interest" means the share or interest in an estate or revenue free property of which the person with respect to whom the words are used is in possession as proprietor or manager

"Lieutenant Governor"

(4) "Lieutenant-Governor" means the Lieutenant-Governor of Bengal for the time being, or the person acting in that capacity

(5) "Local division" means a sub-division, pargana, thanah, police division of jurisdiction, or other division according to which the Mouzahwar Register of the district is arranged

"Local Division"

(6) "Manager" means every person who is appointed by the Collector the Court of Wards, or by any Civil or Criminal Court to manage any estate or revenue-free property or any part thereof, and every person who is in charge of an estate or revenue-free property or any part thereof on behalf of a minor, idiot, or lunatic, or on behalf of a religious or charitable foundation

"Manager"

(7) "Mouzah" includes every village, hamlet, tolah, and other similar sub division of land commonly in use in any district, by whatever name such sub-division may be known

"Mouzah"

(8) "Proprietor" means every person being in possession of an estate or revenue-free property, or of any interest in an estate or revenue-free property, as owner thereof, and includes every farmer and lessee who holds an estate or revenue-free property directly from or under the Collector

"Proprietor"

(9) "Recorded proprietor" means any proprietor whose name and the character and extent of whose interest in an estate or revenue-free property stands registered in any General Register now existing, or hereafter to be made under this Act

Recorded proprietor

(10) "Revenue-free property" means any land not subject to the payment of land revenue, which is included under one entry in any part of the General Register of revenue-free lands

"Revenue free property"

(11) "Section" means a section of this Act

"Section"

(12) "The Board" means the Board of Revenue of the Provinces for the time being subject to the Lieutenant-Governor of Bengal

"The Board"

(13) "The Collector" means the Collector of the District to which a register relates

"The Collector"

(14) "The District" means the District to which a Register relates

"The District"

PART II

OF THE REGISTERS TO BE KEPT UP BY THE COLLECTOR

4. The Collector of every district shall prepare and keep up the following Registers —

Collector to keep Registers

A —A General Register of revenue-paying lands
B —A General Register of revenue free lands
C —A Mouzahwar Register of all lands revenue-paying and revenue-free
D —An Intermediate Register of changes affecting entries in the General and Mouzahwar Registers

5 The Registers shall be written in such forms, language, and character, and shall be arranged in such manner, not being inconsistent with the provisions of this Act, as the Board from time to time may direct for each district

Forms language character and arrangement of registers

The entries in each Part of the General Registers shall be numbered in one consecutive series for the whole District, and shall follow one alphabetical arrangement, running from the beginning to the end of the Part

6. The General Register of revenue-paying lands shall consist of two Parts —

The General Register of revenue paying lands

Part I —Book of estates borne on the revenue-roll of the District

Part II —Book of lands situated in the District, appertaining to estates borne on the revenue-rolls of other districts

7 In Part I of the General Register of revenue-paying lands shall be entered the name of every estate which is borne on the revenue-roll of the District, and the following particulars relating to every such estate —

Part I of the General Register

(a) name of the estate,
(b) number of the estate on the revenue roll of the District, and the annual amount of revenue for which it is liable,
(c) names and addresses of the proprietors, managers, and mortgagees of the estate, with the character and extent of the interest of each proprietor, manager, and mortgagee,
(d) name of every local division in which any lands of the estate are situated, whether in the district, or in any other district, with specification under each local division of
 (i) the number of mouzahs containing such lands,
 (ii) the name of each mouzah,
 (iii) the number which each mouzah bears under the local division in the Mouzahwar Register, and
 (iv) the area of land appertaining to the estate which each mouzah contains, if ascertained by survey or other authentic measurement,
(e) reference to entries made in the Intermediate Register after the preparation of the General Register

8 In Part II of the General Register of revenue-paying lands shall be entered the name of every estate which comprises lands situated in the district, but which is borne on the revenue-roll of some other district, and the following particulars relating to every such estate —

Part II of the General Register

(a) name of the estate,
(b) name of the district on the revenue-roll of which the estate is borne, with the number which the estate bears on that roll, the annual amount of revenue for which it is liable, and the number which the estate bears in Part I of the General Register of revenue-paying lands for its own district,
(c) names and addresses of the proprietors managers, or mortgagees of the estate, with the character and extent of the interest of each proprietor, manager, and mortgagee,

(*d*) name of every local division of the district to which the Register relates, in which any lands of the estate are situated, with a specification under each local division of

(i) the number of mouzahs containing such lands,

(ii) the name of each mouzah,

(iii) the number which each mouzah bears under the local division in the Mouzahwar Register of the district, and

(iv) the area of land appertaining to the estate which each mouzah contains, if ascertained by survey or other authentic measurement,

(*e*) reference to entries made in the Intermediate Register after the preparation of the General Register

9 The General Register of revenue-free lands shall consist of three Parts—

General Register of revenue free lands

Part I —Book of lands held exempt from revenue in perpetuity

Part II —Book of lands occupied for public purposes without payment of revenue

Part III —Book of unassessed waste lands and other lands not included in Part I or Part II of the General Register of revenue-free lands

10 In Part I of the General Register of revenue-free lands shall be entered all lands held under badshahi, hukami, and other lakhiraj grants which have been declared to be valid by competent authority

Part I of the General Register of revenue free lands

all lands in which the Government has conferred a proprietary title free in perpetuity from any demand on account of land revenue, in consideration of the payment of a capitalized sum, or for any other reason,

and any lands of which the Board, on a full report of the circumstances of the case, shall have sanctioned the entry in this part of such Register

Part I of such Register shall, as far as possible contain the following particulars in respect of each entry —

(*a*) name of the revenue-free property with the character of the tenure, whether jaghir, altumgah, devatter, bishanpirit, purchased revenue-free, redeemed, or otherwise,

(*b*) date of the grant or title being conferred,

(*c*) nominal area granted,

(*d*) names of the grantor and original grantee,

(*e*) reference to any decree or other order of competent authority declaring or recognizing the grant to be valid,

(*f*) names and addresses of the proprietors and managers of the revenue-free property, with the character and extent of the interest of each proprietor and manager,

(*g*) name of every local division in which any land appertaining to the property is situated, whether in the District or in any other district, with specification under each local division of

(i) the number of mouzahs containing such land,

(ii) the name of each mouzah,

(iii) the number which each mouzah bears under the local division in the Mouzahwar Register, and

(iv) the area of land appertaining to the revenue-free property which the mouzah contains, if ascertained by survey or other authentic measurement, with specification of the number of each field according to the papers of such measurement,

(*h*) reference to entries in earlier Registers relating to the property or any part thereof,

(*i*) reference to entries made in any Intermediate Register after the preparation of the General Register

11 In Part II of the General Register of revenue-free lands shall be entered all lands which are occupied by the Government, or by any public body, for public purposes, and on account of which no land revenue is demanded

Part II of the General Register of revenue free lands

It shall contain the following particulars —

(*a*) area of the land comprised in each entry,

(*b*) names of the local divisions and mouzahs in which the lands are situated, with area in each mouzah, and a reference to the number under which each mouzah is entered in the Mouzahwar Register of the local division,

(*c*) name of the department of Government or of the public body by which the land is occupied,

(*d*) the purpose for which it is occupied,

(*e*) the date and particulars of the appropriation of the land to such purpose,

(*f*) reference to entries in the Intermediate Register made after the preparation of the General Register

12 In Part III of the General Register of revenue-free lands shall be entered all waste and other lands (not being included in any other part of the General Register) which are not assessed to land revenue It shall contain the following particulars —

Part III of the General Register of revenue free lands

(*a*) name and number of the lot, or other particulars identifying the property,

(*b*) area comprised in each entry,

(*c*) name of every local division and mouzah in which lands of the property are situated, with area in each mouzah, and a reference to the local division and number under which each mouzah is entered under the local division on the Mouzahwar Register,

(*d*) reference to entries in the Intermediate Register made after the preparation of the General Register

13 If it shall appear to the Board that the circumstances of any District are such that it is not desirable or practicable to prepare the Register of revenue-free lands in the manner described in the three last preceding sections, the Board may direct that the said sections shall not apply to such District, and may lay down rules, not being inconsistent with the provisions of this Act, in respect of the registration of revenue-free lands and of the proprietors and managers thereof, provided that such rules shall require the registration of the name of one or

Board may direct that three last sections shall not apply to any district

more persons as liable for the discharge of the duties and obligations referred to in section sixty-eight, in respect of all lands which under such rules may be registered as separate revenue-free properties

Such rules, when they shall have been sanctioned by the Lieutenant-Governor, and published in the Calcutta Gazette, and otherwise locally as the Lieutenant-Governor may order, shall, from such date as the Lieutenant-Governor may direct, have the same force as if they were included in this Act

Purpose of the Mouzahwar Register

14 The Mouzahwar Register shall be kept up for the purpose of showing, in a connected form, the mouzahs situated in each local division, and the lands, whether revenue-paying or revenue-free, of which each mouzah consists

Mouzahwar Register to be arranged according to local divisions

15. The Mouzahwar Register shall be arranged and divided according to sub-divisions, parganahs, thanahs, police jurisdictions, or such other local divisions of the district as the Board may from time to time direct for each district, the entries of mouzahs shall have a separate series of consecutive numbers, and a separate alphabetical arrangement for each local division.

The Mouzahwar Register shall contain the following particulars —

(a) name of the mouzah,

(b) total area of mouzah, if ascertained by survey or other authentic measurement, with a reference to the authority for the entry,

(c) name of every estate or revenue-free property to which any of the lands of the mouzah appertain, with a reference to the entry of each on the General Register, and a specification of the area of land in the mouzah which appertains to each, if ascertained by survey or other authentic measurement, with a reference to the authority for such entry,

(d) gross rental of the area of land in the mouzah which appertains to each estate or property, if such rental has been ascertained during management of the lands by the Collector or by other authentic means, with a reference to the authority for the entry,

(e) reference to entries made in Intermediate Registers after the preparation of the Mouzahwar Register

Intermediate Registers

16. Intermediate Registers shall be kept up for the purpose of recording therein from time to time changes affecting the entries which stand in the General and Mouzahwar Registers, so that by a reference to them in connection with those Registers correct information up to date on the points recorded may be obtained at any time, also for the purpose of keeping together, as far as possible, in a convenient form, the information which will eventually be required for re-writing the General and Mouzahwar Registers

Division of the Intermediate Register

17. The Intermediate Register shall consist of two Parts, as follows —

PART I —Book of changes affecting entries relating to revenue-paying lands.

PART II —Book of changes affecting entries relating to revenue-free lands

Particulars of Part I of the Intermediate Register

18. In Part I of the Intermediate Register shall be recorded in a convenient form all changes in the names of proprietors, managers, and (so far as this Act requires) mortgagees, and in the character or extent of the interest of each such proprietor, manager, and mortgagee, and such other changes affecting any entry standing in the General Register of revenue-paying lands, or any entry in the Mouzahwar Register relating to revenue-paying lands, as cannot conveniently be entered against such entry in the General or the Mouzahwar Register It shall contain the following particulars —

(a) name of the estate affected, with references to the number it bears on the General Register of revenue-paying lands, the number it bears on the revenue roll, and the amount of revenue for which it is liable,

(b) references to previous entries in the Intermediate Register relating to the estate,

(c) particulars of the change, with a reference to the authority under which it is made,

(d) the numbers borne by the entries in each Part of the General Register of revenue-paying lands, and under each local division in the Mouzahwar Register, which are affected by the change here recorded

Particulars of Part II of the Intermediate Register

19 In Part II of the Intermediate Register shall be recorded all changes in the names of proprietors and managers of revenue-free properties, and in the character and extent of interest of each such proprietor and manager, and such other changes affecting any entry standing in the General Register of revenue-free lands, or any entry relating to revenue-free lands in the Mouzahwar Register, as cannot conveniently be entered against such entry in the General or the Mouzahwar Register It shall contain the following particulars —

(a) name and character of the revenue free property to which the lands appertain, and number which it bears in any part of the Register of revenue-free lands,

(b) reference to previous entries in the Intermediate Register relating to the property,

(c) particulars of the change, with a reference to the authority under which it is made;

(d) the numbers borne by the entries in the General Register and under each local division in the Mouzahwar Register which are affected by the change here recorded

PART III

OF THE PREPARATION AND MAINTENANCE OF THE REGISTERS

Old Registers to be in force till new Registers prepared

20. Until the Registers by this Act directed to be prepared are so prepared, the existing Registers now kept up in the office of

every Collector shall be deemed to be the Registers kept up under this Act, that is to say—

The existing General Register of revenue-paying estates shall be deemed to be the General Register of revenue-paying lands,

The existing Parganah Register (Part II) of revenue-free lands shall be deemed to be the General Register of revenue-free lands, and the Mouzahwar Register in respect of revenue-free lands

The existing Parganah Register (Part I) of revenue-paying lands shall be deemed to be the Mouzahwar Register in respect of revenue-paying lands

The existing Register of Intermediate Mutations shall be deemed to be the Intermediate Register of changes affecting entries in the General and Mouzahwar Registers,

And all the provisions of this Act shall, as far as possible, be deemed to be applicable to such Registers, and to the registration therein of the names and interests of proprietors, managers and mortgagees

How Registers to be prepared

21 The first General Registers and the first Mouzahwar Register under this Act, shall be prepared for each district at such time as the Board may direct from the entries in the existing Registers mentioned in the last preceding section, and from any other authentic information available to the Collector

Board may order new Registers to be prepared

22 The Board may order new Registers to be prepared whenever it may think fit, and such Registers shall be prepared from the Registers existing at the time of such order, and from the entries of subsequent changes in the Intermediate Registers, and from any other authentic information available to the Collector, and such additions to, omissions from, and alterations in, the entries as they appeared in the previous Registers shall be made as subsequent changes have rendered necessary, and the authority for every change shall be expressly referred to

Entry of estate on any part of a General Register

23 Whenever, after the preparation of the General Registers, it may be necessary to bring any estate or revenue-free property on to any Part of such Registers on which such estate or property is not already borne, such estate or property shall be at once brought on to such Part under a new number, in continuation of the last number already borne on such part, and a note referring to such entry shall be made in the place in the General Register in which such estate or property would have appeared according to the alphabetical arrangement mentioned in section five

Entry of mouzah under local division of Mouzahwar Register

24 Whenever, after the preparation of the Mouzahwar Register, it shall be necessary to enter any mouzah under any local division of such Register under which it is not already borne, such mouzah shall be at once brought under the proper local division with a new number, in continuation of the number borne by the last entry under such local division, and a note referring to such entry shall be made in the place in the Mouzahwar Register in which such estate or property would have appeared according to the alphabetical arrangement mentioned in section fifteen

Entries made under two preceding sections to be in chronological order

25 All new entries made in the General and Mouzahwar Registers after their preparation, as prescribed in the two last preceding sections, shall be made in chronological order

Note to be made on General Register

26 After the General Register of revenue-paying lands shall have been prepared, a note shall from time to time be made on such Register against the estate affected

of every alteration which may be ordered by competent authority, in the amount of revenue assessed on any estate,

of every partition of an estate into two or more estates,

of every change involving the removal of an estate from the part of the Register on which it is borne,

of the redemption of every mortgage in respect of which the name of the mortgagee shall have been entered on the Register,

and in every such note reference shall be made to the authority under which the change was made

In preparing the Register space shall be left for the future entry of such notes against each estate

Any other changes affecting the entries as they stand in the Register may be recorded in Part I of the Intermediate Register as provided in section eighteen, and a reference shall be made in the General Register against the estate affected to every entry which may be made in the Intermediate Registers recording any such change

Note on General Register of revenue free lands

27 After the General Register of revenue-free lands shall have been prepared, a note shall from time to time be made on such Register against the property affected

of every case in which lands entered as revenue-free may be declared liable to assessment, and assessed by competent authority,

of every partition of a revenue free property into two or more properties,

of every change involving the removal of a revenue-free property from the Part of the Register on which it is borne,

and in every such note reference shall be made to the authority under which the change was made

In preparing the Register space shall be left for the future entry of such notes against each estate

Any other changes affecting the entries as they stand on the Register may be recorded in Part II of the Intermediate Register as provided in section nineteen

Collector after making enquiry, may make change in his Register

28 Whenever it shall come to the notice of the Collector that any change has occurred which affects any entry in his Registers, and renders necessary any alteration therein, the Collector, after making such enquiry as may be necessary, shall make such alteration

Provided that notice shall be given to the recorded proprietors and managers of any estate or revenue-free property before any change is made in any way affecting such estate or property,

and to every person whose name the Collector is about to register as proprietor or manager of any estate or revenue-free property, before such registration is effected, and any objections which may be made to the proposed change or registration shall be duly considered by the Collector before he orders such change or registration to be made

Collector may in certain cases order name of proprietor to be struck out of the register

29 Whenever it shall appear to the Collector in the course of an enquiry made in respect of an application under section thirty-eight or section forty-two, or otherwise, that any person whose name is recorded in the General Register as proprietor or manager, or joint proprietor or joint manager of an estate or revenue-free property, is no longer in possession of any interest in such estate or property as proprietor or manager, and that the names of other persons have been recorded as proprietors or managers of every portion of the interest in respect of which such proprietor's or manager's name was borne on the Register, the Collector may order the name of such person to be struck out from among the recorded proprietors or managers of such estate or property, and, if required, may grant him a certificate to that effect

Information to be supplied to Collector

30 To enable the Collector more effectually to maintain his registers,

(*a*) Whenever any competent authority may direct that any estate be transferred from the revenue-roll of one district to that of another, the Collector of the district from the revenue roll of which the estate is to be transferred, shall transmit to the Collector of the district to the revenue-roll of which the transfer is to be made, a copy of all entries in any of the registers relating to the estate to be so transferred, and entries taken from such copy shall be made in the proper registers of the district to which the transfer is made

(*b*) Whenever the Collector of any district shall make an entry, or any alteration of an entry, in his registers, which will affect any entry required to be made under this Act in any register of another district, such Collector shall transmit to the Collector of such other district copy of such entry as made or as altered, and the Collector to whom such copy is transmitted shall cause the necessary entries, or alteration of entries, to be made in the registers of his district

(*c*) Every proprietor and manager of an estate or revenue-free property in which any new village may be established, whether under the name of tolah, kismat, or any other designation, shall forthwith give notice to the Collector of the establishment of such new village

Provided that the Board may exempt any district or part of a district from the operation of this clause

(*d*) Every proprietor and manager of an estate or revenue-free property, and any person holding any interest in land, or employed in the management of land, shall be bound, on the requisition of the Collector, to furnish any information required by the Collector for the purpose of preparing, making, or correcting any entry of the particulars specified in sections seven, eight, ten, eleven, twelve, or fifteen, or to show to the satisfaction of the Collector that it is not in his power to furnish the required information

Such requisition shall be made by a notice to be served in the manner prescribed by section fifty, requiring the production of such information before a date mentioned in such notice

Penalties for failing to give notice or furnish information

31 Whoever, being bound by clause (*c*) of the last preceding section to give notice to the Collector of the establishment of any new village, or under clause (*d*) of the said section to furnish any information required by the Collector shall voluntarily or negligently omit to give such notice or furnish such information, or to show to the satisfaction of the Collector that it is not in his power to furnish such information, shall be liable to such fine as the Collector may think fit to impose, not exceeding one hundred rupees, for such omission, and the Collector may impose such further daily fine as he may think proper, not exceeding fifty rupees, for each day during which such person shall omit to furnish the information required under clause (*d*) after a date to be fixed by the Collector in a notice warning the person required to furnish such information, that such further daily fine will be imposed

Such notice shall be served in the manner prescribed by section fifty, and the date fixed by such notice shall not be less than fifteen days after service thereof

The Collector may proceed from time to time to levy any amount which has become due in respect of any fine imposed under this section notwithstanding that an appeal against the order imposing such fine may be pending

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect of such fine shall be made otherwise than by authority of the said Commissioner

When register may be altered on order of Civil Court

32 Whenever any Civil Court makes a decree confirming any transfer of proprietary possession which has already been made in any estate or revenue-free property, or gives effect to any decree transferring any such possession, such Court may order the transfer to be registered in the Registers of the Collector, and the Collector shall register such transfer accordingly

Lands held without payment of rent deemed to be part of certain estates

33 All lands which are held without payment of rent, not being a revenue-free property entered in the General Register of revenue-free lands, as prescribed by sections ten, eleven, or twelve, and not being a part of any such property, shall, for the purposes of this Act, be deemed to be a part of the estate within the local boundaries of which they are included, and if they are not included within the local boundaries of any one estate, then to be a part of such neighbouring estate as the Collector shall, by an order under his seal and signature, declare

Collector may include any lands in an estate

34 Whenever it shall appear to the Collector that any lands which are not included in any estate as entered in the existing General Register, should be included in any such estate for the purposes of this Act, the Collector shall cause a notice, addressed to the person who is believed to be in possession of such lands, to

be served in the manner prescribed by section fifty, and a general notice to be published as prescribed by section forty nine, to the effect that such lands will be so included if no objection be made within one month of the service of the said notice, or such longer period as the Collector may think fit to allow

After the expiration of the said month or other period the Collector shall proceed to enquire into any objections which may have been made, and to pass such order as he may think fit in respect to the inclusion of the said lands in the said estate for the purposes of this Act

35 Whenever it shall appear to the Collector that any land which is not entered on the General Register as a separate revenue-free property should be entered on the register as such property, he may cause a notice to be served in the manner prescribed by section fifty calling on the person in possession of such land as proprietor or manager to show cause why such land should not be so registered as a revenue free property, and if, after hearing any objections (which may be preferred within a month of the service of the said notice, or such longer period as the Collector may think fit to allow), and after making such further enquiry as may be necessary, the Collector shall be of opinion that the land should be so registered, he shall enter such land on the General Register as a revenue-free property, and by a notice served as prescribed in section fifty, as well as by a general notice published as prescribed in section forty-nine, shall require every proprietor and manager of such revenue-free property to apply for registration of his name and of the character and extent of his interest as such proprietor or manager, and thereupon every such proprietor and manager shall be deemed, for the purposes of section sixty-eight, to be a person who is required by this Act to apply for the registration of his name, and all the provisions of Part IV of this Act, so far as may be practicable, shall apply to every such person

Collector may register lands as a revenue free estate and call on proprietor to apply for registration

Provided that no such proprietor or manager shall be liable to any fine under section sixty-five, until after the expiration of three months from the date on which the last mentioned notice shall have been served

Provided also that no land shall be entered as a revenue free property in Part I of the General Register of revenue-free lands until the circumstances of the case shall have been reported to the Board, and until the Board shall have sanctioned such entry

36 The Board may decide what revenue free lands shall be included in each revenue-free property to be registered as such under this Act, and may from time to time direct that lands which are borne on the Register as forming one revenue-free property shall be divided and entered on the Register as forming two or more such properties, and may similarly direct that revenue-free lands which are borne on the Register as forming two or more revenue-free properties shall be united, and entered as forming one revenue-free property

Board to decide what lands to be included in each revenue free property

The Board may also direct that any lands which are improperly borne upon the General Register of revenue free-lands shall be removed from such Register, or shall be omitted from any new Register of such lands which may be prepared

37 Whenever it shall appear to the Collector that any land which is not included in any revenue-free property entered in the existing General Register, should be included in any such property for the purposes of this Act, the Collector may cause a notice to be served on the person believed to be in possession of such lands in the manner prescribed by section fifty, and a general notice to be published as prescribed by section forty-nine, to the effect that such lands will be so included if no objection be made within one month of the service of the said notice, or such longer period as the Collector may allow

Collector may serve notice for inclusion of any lands in a revenue free property

At the expiration of the said month or of such period the Collector shall proceed to enquire into any objections which may have been made, and to pass such order as he may think fit in respect to the inclusion of the said lands in the said property for the purposes of this Act

PART IV

OF THE REGISTRATION AND MUTATION OF NAMES

38 Every proprietor of an estate or revenue-free property or of any interest therein respectively, being in possession of such estate, property, or interest, at the commencement of this Act,

Proprietor and manager to register within specified time

every joint proprietor of an estate or revenue-free property being in charge of such estate or property, or of any interest therein respectively, on behalf of the other proprietors thereof, at the commencement of this Act,

and every person being manager of an estate or revenue-free property, or of any interest therein respectively, on behalf of a proprietor thereof, at the commencement of this Act,

shall, if his name and the character and extent of his interest have not already been registered, make application in the manner hereinafter provided for the registration of his name and of the character and extent of his interest as such proprietor, or manager, to the Collector of the district on the General Register of which such estate or property is borne, or to any other officer who may have been empowered by the Collector to receive such application, within such time as the Lieutenant Governor may fix as hereinafter provided

39 The Lieutenant-Governor shall, within six months from the commencement of this Act, fix for each district the date or dates before which such proprietors and managers, being in possession of estates or revenue-free properties, or of any interest therein respectively at the commencement of this Act, shall be required to apply for registration of their names, and of the character and extent of their interests, under the last preceding section, and may at any time alter any date so fixed, provided that no date so fixed shall be later than five years after the said commencement

Lieutenant Governor may fix date before which proprietor and manager must apply for registration

40 The Lieutenant-Governor may in any district, for the purposes of the last preceding section, fix different dates in respect of estates and revenue free properties, or in

Lieutenant Governor may fix different dates in respect of different estates

respect of different classes of estates and revenue free properties, or in respect of different portions of the district

Provided that no person shall incur any penalty or disability under this Act for failure to apply for registration of his name as such proprietor or manager as aforesaid, until after the lapse of six months from the date on which the notice prescribed by the next succeeding section shall have been published in respect of his estate or property, or in respect of the class of estates or revenue-free properties within which his estate or property falls, or in respect of the portion of the district in which his estate or revenue-free property is situated

Publication of date fixed by Lieutenant Governor

41 Every date fixed by the Lieutenant-Governor as provided in the two last preceding sections shall be published by a notice in the *Calcutta Gazette*,

and also by notices to be posted up

at the Court or office of the Judge, the Magistrate, and the Collector of the district, in respect of which such date is fixed,

at the Court or office of every Munsif, Subdivisional Officer, and Sub-Registrar of Assurances in such district,

and at every Police Station in such district,

and by proclamation to be made by beat of drum at the head-quarters of such district, and in every place in which a sub divisional office is situated, and in such other places as the Lieutenant-Governor may direct

The officer in charge of every court, office, and police station at which a notice is required to be posted up under this section, shall certify to the Collector the date on which the notice was so posted up at his court, office, or police station, and the latest date so certified shall be deemed to be the date of publication of the notice for the purposes of the two last preceding sections

Persons succeeding to proprietary right in or management of estates to give information within six months

42 Every person succeeding after the commencement of this Act to any proprietary right in any estate or revenue-free property, whether by purchase, inheritance, gift, or otherwise,

every joint proprietor of an estate, or revenue-free property, assuming charge after such commencement of such estate or property, or of any interest therein respectively, on behalf of the other proprietors thereof,

and every person assuming charge after such commencement of any estate or revenue-free property, or of any interest therein respectively, as manager,

shall, within six months from the date of such succession or assumption of charge, make application in the manner hereinafter provided to the Collector of the district on the General Register of which such estate or property is borne, or to any other officer who may have been empowered by such Collector to receive such applications, for registration of his name and of the character and extent of his interest as such proprietor or manager

Lieutenant Governor may exempt certain proprietors from obligations imposed by this Act

43 Notwithstanding anything contained in section thirty-eight or the last preceding section, the Lieutenant-Governor may in any district exempt proprietors and managers of all or any estates which are liable to pay less than twenty rupees of land revenue annually, and proprietors and managers of all or any revenue-free properties which consist of less than fifty acres of land, from the obligations imposed by this Act in respect of applying for registration of their names, and may at any future time withdraw such exemption and require such proprietors and managers to register their names

Mortgagee may apply for registration

44 Every person who holds a mortgage of any proprietary right in any estate may apply to the Collector for registration of his name as such mortgagee, and of the interest in respect of which he is such mortgagee, and in such application shall specify whether he or the mortgagor is in possession On receipt of such application the Collector shall proceed, as far as possible, according to the manner hereinafter prescribed in respect of applications for registration as proprietor

Presentation of application

45 Any application for registration under this Act may be presented by the applicant or by some person duly authorized by him in that behalf

Manager to specify extent of interest of each person for whom he manages

46 If the applicant under section thirty-eight or section forty-two is a joint proprietor in charge as aforesaid, or a manager, he shall in his application specify the name of the person or persons on behalf of whom he is in such charge or on behalf of whom he is manager, and the character and extent of the interest of every such person

If application is for registration as manager appointed by authority, Collector shall register name of applicant on proof of appointment

47 If the application under section thirty-eight or section forty two be for registration of the name of the applicant as manager appointed by the Collector, the Court of Wards, or by any Civil or Criminal Court, the Collector shall register the name of the applicant, on proof being produced to his satisfaction that the applicant has been so appointed to be such manager

Notice to objectors

48 If the application be for registration otherwise than as manager appointed as mentioned in the last preceding section, and if it sets forth circumstances which would justify the Collector in registering the name of the person whose name is required to be registered, or if after further enquiry the Collector considers that such circumstances exist, he shall issue a notice requiring all persons who object to the registration of the name of the person whose name is required to be registered, or who dispute the character or extent of the interest in respect of which it is required to be registered, to give in a written statement of their objections, and to appear on a day to be specified in such notice, not being less than one month from the date of the publication thereof

Publication of notice

49 Such notice shall be published by affixing a copy of the same on or at all the following places —

(*a*) the zamindari kutchery (if any) of the estate or other place at which the rents are ordinarily received,

(*b*) some conspicuous place in at least one village appertaining to the estate to which the application relates, and if the estate comprises lands situated in more than one local division,

then in at least one village in each local division containing such lands,

(c) the office or Court of every Collector, Sub-divisional Officer, Judge, and Munsif, within whose jurisdiction, and every police station within the jurisdiction of which any of the lands to which the application relates are known to be situated

Notice to transferor

50 If the application alleges that the applicant has acquired possession of the interest in respect of which he applies to be registered by transfer from any living person, a copy of such notice shall be served on the alleged transferor by tendering to the person to whom it may be directed a copy thereof attested by the Collector, or by delivering such copy at the usual place of abode of such person, or to some adult male member of his family, or in case it cannot be so served, by posting such copy upon some conspicuous part of the usual or last known place of abode of such person

In case such notice cannot be served in any of the ways hereinbefore mentioned, it shall be served in such way as the Collector issuing such notice may direct

No fees or other costs shall be payable by the applicant in respect of the service or publication of the notice prescribed by this and the last preceding section

Irregularity in publication or service of notice not to affect validity of proceedings

51 No irregularity or omission in the publication or service of notice as required by the three last preceding sections shall affect the validity of any proceedings under this Act, unless it is proved to the satisfaction of the Collector that some material injury was caused by such irregularity or omission

Enquiry by Collector

52 On the day fixed in the notice issued under section forty eight, or as soon thereafter as possible, the Collector shall consider any objections which may be advanced, and make such further enquiry as appears necessary to ascertain the truth of the alleged possession of, succession to, or transfer of the estate, revenue free property, or interest therein, in respect of which registration is applied for, and if it appears to the Collector that the possession exists,

or that the succession or transfer has taken place, and that the applicant has acquired possession in accordance with such succession or transfer,

but not otherwise,

the Collector shall order the name of the applicant to be registered in the proper Registers as proprietor or manager of the said estate, revenue-free property, or interest therein

Provided that any person to whom any proprietary right in an estate has been mortgaged, may be registered as mortgagee, whether he be in actual possession or otherwise

Power to summon witnesses and compel production of documents

53 For the purpose of the enquiry mentioned in the last preceding section, and of every enquiry held under this Act, the Collector may summon and enforce the attendance of witnesses and compel them to give evidence, and compel the production of documents by the same means, and, as far as possible, in the same manner, as is provided in the case of a Civil Court by the Code of Civil Procedure

Payment of costs

54 All costs of any enquiry or proceeding held before the Collector under this Act shall, except as provided in section fifty, be payable by the parties concerned, and the Collector may pass such orders as he shall think fit in respect of the payment of such costs

Dispute as to possession, succession, or acquisition by transfer

55 If the applicant's possession of, succession to, or acquisition by transfer of the extent of interest in respect of which he has applied to be registered, is disputed by or on behalf of any person making a conflicting claim in respect thereof, and if the possession of the applicant in accordance with his application is not proved to the satisfaction of the Collector, the Collector shall determine summarily the right to possession in respect of the interest in dispute, and shall deliver possession accordingly, and shall make the necessary entry in the registers,

or if, in the opinion of the Collector, the dispute be one which can more properly be determined by a Civil Court, the Collector shall refer the matter in dispute to the principal Civil Court of the district for determination as hereinafter provided

Provided that if the applicant's possession of any extent of interest in accordance with his application be not disputed, or if such possession be proved to the satisfaction of the Collector, the Collector may register the said applicant's name in respect of such extent of interest, and may at the same time make a reference as hereinafter provided to the Civil Court for determination of any dispute as to any further extent of interest in respect of which the applicant has applied to be registered, but in respect of which the right of the applicant to be registered is disputed, and is not proved to the satisfaction of the Collector

In cases of disputed possession &c Collector may appoint receiver

56 In any case of disputed possession of, succession to, or acquisition by transfer of, the extent of any interest in respect of which application is made under the last preceding section, the Collector may appoint a receiver to collect the rents of the extent of interest in dispute, and from the sums so collected shall be paid the expenses of management and the revenue due to the Government, and the surplus shall be held in deposit in the Collector's treasury, and shall be paid over to the person who shall be registered by the Collector, or under the order of a Civil Court, in respect of the extent of interest in dispute

Effect of Collector's order

57 Every order of a Collector passed under the first clause of section fifty-five shall be of the same force and effect as an order passed by the Judge under section 4 of Act XIX of 1841 *an Act for the protection of moveable and immoveable property against wrongful possession in cases of successions*), determining summarily the right to possession and delivering possession accordingly,

and no proceedings shall be taken by any Civil Court under the said Act in respect of any claim or dispute which has been determined by an order of the Collector as aforesaid

Procedure on making a reference under section 55

58 In making a reference to the Civil Court under section fifty five the Collector shall state for the information of the said Court in writing under his hand

(1) the name of the estate or revenue free property to which the reference applies, together with the numbers which it bears on the General Register, and (if an estate), on the revenue-roll of the district,

(2) the names of all the persons who now stand registered on the General Register as proprietors, managers, or mortgagees of such estate or property, with the character and extent of the interest in respect of which each stands registered,

(3) the name of the applicant for registry,

(4) the character and extent of the interest in dispute,

(5) the circumstances of the case as far as they are before the Collector, and the reasons which have led him to make the reference

Procedure on receipt of reference

59 On receipt of such reference the said principal Civil Court of the district may either proceed to determine the matter, or may transfer the matter for determination to any other competent Civil Court in the district The said principal Civil Court, or the Court to which the matter is transferred, shall cite the parties concerned, and give notice of the time at which the matter will be heard, and after expiration of the time so fixed, shall determine summarily the right to possession in respect of the interest in dispute (subject to regular suit), and shall deliver possession accordingly

Judge may appoint curator

60 If it shall appear to the Judge of the Court by which the matter is heard that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, such Judge may appoint curators for the care of the property, and may exercise all or any of the powers mentioned in sections 5 to 13 (both inclusive) of Act XIX of 1841

Costs

61 The said Court may make such order as it shall think fit with regard to the payment by the parties of the cost of the enquiry and proceedings

Provided that no costs shall be recoverable from the parties on account of the issue of notice citing the parties and fixing a date for the first hearing of the case

Summary decision of Court to be final

62 The summary decision of the Court under section fifty-nine shall have no other effect than that of settling the actual possession, but for this purpose it shall be final, not subject to any appeal or order for review

Court to certify its determination to Collector

63 The Court shall certify to the Collector its determination as to the right of possession, and the Collector shall thereupon make the necessary entries in the proper Registers

Collector to levy fees on transfers

64 Fees at the following rates shall be levied by the Collector on the registry under this Act of any transfer—

(1) in the case of revenue-paying lands, one quarter or four annas per centum on the annual revenue payable to Government from the extent of interest transferred,

(2) in the case of revenue-free lands, two and a half per centum on the amount of the annual produce of the extent of interest transferred, such annual produce being the amount of the rents received and receivable on account of the year preceding the year in which the transfer may be registered,

provided that no fee for the registry of any one transfer shall exceed one hundred rupees

Such fees shall be levied from the person in whose favor the transfer is registered

All fees levied under this section shall be carried to the account of Government

Penalty for omitting to comply with provisions of Act

65 Whoever, being required by this Act to apply for the registration of his name and the extent of his interest in any estate or revenue-free property, voluntarily or negligently omits to make such application within the prescribed time, shall be liable to such fine as the Collector may think fit to impose, not exceeding one hundred rupees for such omission, and to such further daily fine as the Collector may think fit to impose, not exceeding fifty rupees, for each day during which such person shall omit to apply for such registration after a date to be fixed by the Collector in a notice requiring such person to apply for registration

Such notice shall be served in the manner prescribed in section fifty, and the date before which such person is required to apply for registration shall not be less than one month after service of such notice

Fine may be levied notwithstanding appeal

66 The Collector may proceed from time to time to levy any amount which has become due in respect of any such fine, notwithstanding that an appeal against the order imposing such fine may be pending

Provided that whenever the amount levied under any such order shall have exceeded five hundred rupees, the Collector shall report the case specially to the Commissioner of the Division, and no further levy in respect, of such fine shall be made otherwise than by authority of the said Commissioner

No penalty on person who applies suo motu

67 Notwithstanding anything contained in section sixty-five, no fine shall be imposed by the Collector under the said section on any person on the ground that such person has failed to make application for registration of his name within the time fixed by the Lieutenant-Governor under section thirty-nine or forty,

or on the ground that such person has failed to apply for registration of his name within the time prescribed by section forty two

if such person shall, at any time after the expiration of the time fixed or prescribed as aforesaid, of his own motion, and otherwise than after the issue of a requisition by the Collector in that behalf, present such application as is required by this Act for the registration of his name, and of the character and extent of his interest

Liabilities of proprietors and managers

68 Save as is provided in section 90 of the Code of Criminal Procedure, all the recorded proprietors and managers of an estate or revenue-free property shall be deemed to be jointly and severally liable for the discharge of any duties and obligations which are by any law for the time being in force imposed upon the proprietors of such estate or property,

and all persons who are required by this Act to apply for registration shall, from the date on which the obligation so to register is imposed on them respectively by this Act, be deemed to be liable for the discharge of any duties and obligations which are by any such law as aforesaid imposed upon the proprietors of the estate or property in respect of which they are required to apply for registration respectively

PART V

OF THE OPENING OF SEPARATE ACCOUNTS IN RESPECT OF SHARES

No separate account to be opened otherwise than in accordance with registered interest

69 Notwithstanding anything contained in Act XI of 1859 (*an Act to improve the law relating to sales of land, &c*), from the commencement of this Act no separate account shall be opened under the provisions of section 10 or of section 11 of the said Act in respect of the share of any applicant under the said sections otherwise than for a share corresponding with the character and extent of interest in the estate in respect of which such applicant is recorded as proprietor or manager under this Act

Proprietor holding undivided interest in specific lands may apply for separate account

70. When a proprietor of a joint estate who is recorded as proprietor of an undivided interest held in common tenancy in any specific portion of the land of the estate, but not extending over the whole estate, desires to pay separately the share of the Government revenue which is due in respect of such interest, he may submit to the Collector a written application to that effect The application must contain a specification of the land in which he holds such undivided interest and of the boundaries and extent thereof, together with a statement of the amount of Government revenue heretofore paid on account of such undivided interest. On the receipt of this application the Collector shall cause it to be published in the manner prescribed for publication of notice in section 10 of Act XI of 1859

In the event of no objection being urged by any recorded co-sharer within six weeks from the time of publication, the Collector shall open a separate account with the applicant, and shall credit separately to his share all payments made by him on account of it

The date on which the Collector records his sanction to the opening of a separate account, shall be held to be that from which the separate liabilities of the share of the applicant commence.

Sections 12 13 and 14 of Act XI 1859 applicable

71 Section 12 of the said Act XI of 1859 shall apply to every application made under the last preceding section, and the effect and consequences of opening a separate account under the last preceding section shall be such and the same as are described in section 13 and in section 14 of Act XI of 1859

Application to close a separate account

72 Whenever any share in respect of which a separate account has been opened by the Collector under section 10 or section 11 of the said Act XI of 1859, or under section seventy, shall no longer correspond with the character and extent of interest held in the estate by any one proprietor or manager, or jointly by two or more proprietors or managers, any proprietor or manager whose name is borne on the General Register under this Act as proprietor or manager of any interest in the share in respect of which such separate account is open, may submit to the Collector a written application setting out the circumstances under which such share no longer corresponds with the extent of interest held in the estate by any recorded proprietor or manager, or jointly by two or more recorded proprietors or managers, and specifying the manner in which such share has become broken up and distributed among the proprietors of the estate, and praying that the separate account standing open in respect of such share shall be closed, and if he so desire, praying that another separate account be opened in respect of any other share or shares which were wholly or partly included in the share in respect of which the previous separate account was open

Illustration

In a certain estate separate accounts have been opened under section 10 of Act XI of 1859 for the 4 annas share of A and also for the 5 annas share of B, the accounts of the remaining 7 annas share being kept jointly in the names of the remaining proprietors C D, and E

In course of time X has inherited A's 4 annas share, and also C's interest in the 7 annas share, which amounted to 3 annas X has also acquired by purchase 2 annas out of B's 5 annas share so that the interests in the estate are now distributed as follows -

X	9 annas
B	3 ,,
D & E	4 ,,

X as a recorded proprietor of the estate may apply to the Collector to close the separate account which is open in respect of A's 4 annas share and also the separate account which is open in respect of B's 5 annas share, as neither of these shares corresponds with the extent of interest held by any one proprietor, or held jointly by two or more proprietors in the estate,

and in the same application X may apply for the opening of a separate account in respect of the 9 annas share which he now holds

Any of the other proprietors might also make a similar application

73 On receipt of such application the Collector shall cause a copy of the same to be published in the manner provided in section 10 of Act XI of 1859, and if within six weeks from the date of such publication no objection is made by any other recorded proprietor of the estate, the Collector shall close the separate account which then stands open, and shall open a separate account with the applicant as required by him, under section 10, or section 11 of Act XI of 1859, or under section seventy, as the case may be

Separate account may be closed and another opened

74 If any recorded proprietor of the estate, whether the same be held in common tenancy or otherwise, object that the share in respect of which any separate account is open as aforesaid has not been broken up, and does still correspond with the character and extent of interest held by any one proprietor or manager, or jointly by two or more proprietors or managers,

Procedure in case of objection

or object that the applicant has no right to the share claimed by him, or that his interest in the estate is less or other than that claimed by him

or (when the application is in respect of a specific portion of the land of an estate or in respect of an undivided interest held in common tenancy in any specific portion of the land of the estate), object that the amount of Government revenue stated by the applicant to have been heretofore paid on account of such portion of land, or on account of the applicant's undivided interest therein is not the amount which has been recognized by the other sharers as the Government revenue thereof,

the Collector shall refer the parties to the Civil Court, and shall suspend proceedings until the question at issue is judicially determined

PART VI

MISCELLANEOUS

75 The Collector shall supply an extract from any Register mentioned in this Act to any person who may apply for the same subject to the payment of such fees for searching and copying as may be prescribed by the Board

Collector must furnish extract from Register

76 If in any district any Register prescribed by this Act has not been prepared and kept up in the vernacular language and character of the district, the Collector shall be bound, together with any English extract which may be furnished under the last preceding section, to furnish a translation of the same in the vernacular language and written in the vernacular character of such district to any one who may demand such translation, and no further charge shall be made in respect of the furnishing of such translation than might have been charged in respect of the English extract furnished under the said section

Collector must furnish translation of extract

77 Whenever any change shall be made by order of competent authority in the names of the recorded proprietors or managers of any estate or revenue-free property, or in the character or extent of the interest of any such proprietor or manager as entered in any register mentioned in this Act, so soon as the order under which such change in the entry may have been made shall have been confirmed on appeal, or so soon as the period for presenting an appeal against such order shall have expired without the presentation of an appeal, the Collector shall cause a notice of such change to be posted up at his office, at the office of every sub-divisional officer within whose jurisdiction any lands of the estate or revenue-free property concerned are situated, and at such places as he may think fit on the estate or property, and every such notice shall set out the name of every proprietor and manager of the estate or revenue-free property concerned, and the character and extent of the interest of every such proprietor and manager as it stands recorded on the General Register on the date of the issue of the notice

Changes in names of proprietors, &c and extent of interest to be notified on estate

78 No person shall be bound to pay rent to any person claiming such rent as proprietor, or manager, of an estate or revenue-free property in respect of which he is required by this Act to cause his name to be registered, or as mortgagee, unless the name of such claimant shall have been registered under this Act,

No person bound to pay rent in excess of recorded interest of claimant

and no person being liable to pay rent to two or more such proprietors, managers, or mortgagees holding in common tenancy, shall be bound to pay to any one such proprietor, manager, or mortgagee more than the amount which bears the same proportion to the whole of such rent, as the extent of the interest in respect of which such proprietor, manager, or mortgagee is registered, bears to the entire estate or revenue-free property

79 The receipt of any proprietor, manager, or mortgagee, whose name and the extent of whose interest is registered under this Act, shall afford full indemnity to any person paying rent to such proprietor, manager, or mortgagee

Indemnity to persons paying rent to registered proprietor manager or mortgagee

80 Whenever any sum of money shall be payable by the Collector to the proprietors of any estate or revenue-free property jointly (otherwise than under the Land Acquisition Act, 1870), the Collector may pay to any one or more recorded proprietors or managers thereof respectively, such portion of the said sum as may be proportionate to the extent of the interest in respect of which each such proprietor or manager is registered, and the receipt of each such proprietor or manager shall afford full indemnity to the Collector in respect of any sum so paid

Collector may pay certain sums due to recorded proprietors in accordance with registered interests of each

81 Nothing contained in the three last preceding sections shall be held to interfere with the conditions of any written contract, or to prevent any person deeming himself entitled to any sum of money from recovering such sum by due process of law from any other person who has received the same

Saving of written contracts and recovery from person receiving money

82. Every amount which may become due to the Collector under the provisions of this Act in respect of any expenses incurred, of any fees payable, of any notices served, of any costs payable by any party, or of any fines imposed, shall be deemed to be a demand under section 1 of Bengal Act VII of 1868 (*an Act to make further provision for the recovery of arrears of land revenue and public demands recoverable as arrears of land revenue*) and shall be leviable as such

Every amount due deemed to be a demand under Bengal Act VII of 1868

83 The Collector may by a notice require the proprietor or manager of any estate or revenue-free property to name such estate or property by a distinctive name, and in case of failure of such proprietor or manager to comply with the requisition within the time fixed by the Collector, may name such estate or property

Collector may require proprietor to name estate

84 The Collector may, by a special or a general order, delegate to any Assistant Collector, Deputy Collector, or Sub-Deputy Collector the performance of any duty and the exercise of any function which the Collector is required or empowered to perform or exercise under this Act, except in respect of appeals,

Collector may delegate duties

and any Assistant, Deputy, or Sub-Deputy Collector to whom any duty or function is so delegated may exercise all the powers of a Collector under this Act, except in respect of appeals

85 Every order passed under this Act by any revenue officer below the rank of the Collector of the District (not being an officer specially vested with appellate powers as hereinafter mentioned) shall be appealable to the Collector of the district, or to any officer who may have been specially vested by the Government with special appellate powers in this behalf,

Appeal

and there shall be no further appeal from any order so passed in appeal confirming the order appealed against,

but an appeal shall lie to the Commissioner of the Division against every order so passed in appeal which modifies or reverses the order appealed against

Every order passed by the Collector of the District, or by any officer specially vested with appellate powers as aforesaid, being passed otherwise than on appeal from the order of another officer, shall be appealable to the Commissioner of the Division

Every appeal to the Collector shall be presented within fifteen days of the date of the order appealed against,

and every appeal to the Commissioner shall be presented to the Commissioner, or to the Collector for transmission to the Commissioner, within thirty days of the order appealed against,

and every appeal presented after the lapse of the time fixed by this section may be summarily rejected, unless sufficient cause shall be shown to the satisfaction of the appellate authority for admitting the appeal after the lapse of such time

Every order passed by any officer subordinate to a Commissioner shall be subject at any time to revision and modification by such Commissioner,

and every order passed by any such officer or by such Commissioner shall be subject at any time to revision and modification by the Board.

86 In computing the period of limitation prescribed for an appeal, the day on which the order complained of was made, and the time requisite for obtaining a copy of the same shall be excluded

Exclusion of time in case of appeals

87 The Lieutenant Governor may from time to time vest any officer other than the Collector of the District with special appellate powers under this Act, and every officer so vested shall be competent to hear and decide any appeal which the Collector of the District is competent to hear and decide under this Act

Lieutenant Governor may vest officer with special appellate powers

88. Within four months of the date on which this Act comes into force, the Board shall make general Rules consistent with this Act to regulate—

Board may make certain rules

- the form in which Registers under this Act are to be kept,
- the procedure as to the presentation, admission, and verification of applications for registration under Part IV, and as to inquiries under section fifty-two,
- and generally for the purposes of this Act

The Board may from time to time cancel or alter any such rules

89. Nothing contained in this Act, and nothing done in accordance with this Act, shall be deemed to—

Saving clause

(*a*) preclude any person from bringing a regular suit for possession of, or for a declaration of right to, any immoveable property to which he may deem himself entitled,

(*b*) render the entry of any land in the Registers under this Act as revenue-free an admission on the part of Government of the right of the person in whose name such land may be entered, or an admission of the validity of the title under which the said land is held revenue-free,

(*c*) affect the rights of the Government or of any person in respect of any immoveable property or of any interest, except as otherwise expressly provided herein.

SCHEDULE OF REGULATIONS REPEALED

See Section 2

Number and year	Subject or abbreviated Title	Extent of Repeal
XIX of 1793	Non-badshahi lakhiraj grants	Sections twenty-one, twenty-two, twenty-nine to thirty-four, sections thirty-six to forty-one, so much of sections forty-two and forty-three as has not been repealed, sections forty-four to forty-six, all inclusive
XXXVII of 1793	Badshahi lakhiraj grants	Sections sixteen to eighteen, twenty-four, twenty-six to twenty-nine, thirty-one to thirty-three, thirty-five, thirty six, so much of section thirty-seven as has not been repealed, section thirty-eight, so much of section thirty-nine as has not been repealed, sections forty to forty-one, all inclusive
XLVIII of 1793	A Regulation for forming a quinquennial register, &c	So much as has not been repealed
LVIII of 1795	Granting to the Collectors a commission on the jumma of certain lands	So much as has not been repealed
XV of 1797	Levying Fees, &c	The whole
VIII of 1800	Pergunnah Register	So much as has not been repealed, except section nineteen

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE COMMISSIONER OF THE RAJSHAHYE AND COOCH BEHAR DIVISION FOR THE YEAR 1875-76

GENERAL DEPARTMENT —MISCELLANEOUS—No 2363

Calcutta, the 28th August 1876

READ—

The Annual Administration Report of the Commissioner of the Rajshahye and Cooch Behar Division for the year 1875-76

THE office of Commissioner of the Division was held throughout the greater part of the year by Mr F. R. Cockerell, the present Commissioner, Lord Ulick Browne, who has compiled this report, only taking charge upon the 10th March 1876, but the Lieutenant-Governor observes that the report, in spite of the difficulties under which it has been prepared, is well arranged and full of much interesting information Lord Ulick Browne expresses the obligations he is under to the district officers for their reports, especially to the Deputy Commissioner of Darjeeling and the Magistrates of Rungpore and Pubna

2 Mr Cockerell, who visited all parts of his division and allowed nothing of importance to escape his notice, has recorded a detailed narrative of his cold weather tour, which is incorporated in the report The district officers also were careful to discharge the important duty of travelling about in the interior of their districts during the cold season.

3 The following statement shows the quantity of rainfall that was registered at the head-quarters of each district during the calendar year 1875, as well as the quantity of the average rainfall —

	Rainfall in 1875	Average rainfall
Darjeeling	115 17	121 02
Julpigoree	106 59	127 55
Dinagepore	43 60	78 92
Rungpore	60 45	83 93
Maldah	54 40	53 33
Bogra	57 81	82 84
Rajshahye	49 00	58 59
Pubna	50 08	67 22

It will be seen that the rainfall was generally below the average, and this was especially the case during the critical months of September and October In Maldah, Rajshahye, Pubna, and Darjeeling, however, a full average rice crop was reaped, and in Bogra and Julpigoree also there was a fair harvest. It was only in Dinagepore and Rungpore that, owing to the early cessation of the rains, the late rice harvest was a bad one, and in the northern part of Dinagepore the failure was so considerable that for a time apprehensions were entertained that another period of scarcity was impending The general outturn of other crops, however, especially of jute, was good

4 The year was an unhealthy one, and cholera was especially prevalent in the districts of Rungpore, Maldah, and Pubna The Magistrate of Rungpore estimates that there were about 15,000 deaths from cholera in his district The following observations of Mr Rees, the Magistrate and Collector of Pubna, in regard to the public health, are of importance He writes—" I fear that natural causes are at work to render Pubna progressively more unhealthy The rivers and streams which intersected the district have rapidly silted up Originally open throughout the year, they have in many places become almost level with, and undistinguishable from, the plains they used to water, and they dry up as soon as the annual inundation subsides Others of more pretensions, such as the Bural, the Echamuttee, and the Attrai, are navigable for boats of any size from July till September, but soon shrink until nothing but stagnant pools are to be found in their sandy beds, and this silting process seems to advance more rapidly year by year" The Lieutenant-Governor apprehends that there is much truth in these remarks, and the attention of the Public Works Department in the Irrigation Branch will be immediately called to the matter

5 The material condition of the people is described as being generally prosperous and progressive The advances of grain made during the famine have been almost entirely recovered in Bogra In Dinagepore and in parts of Rungpore, where the people are poorer, and the harvests of the year were less plentiful, the recovery of the advances has been less steady and rapid It is pointed out that in Rajshahye the rearers of the silk-worms, who have to pay high rates of rent for the land in which they grow mulberry, are suffering from the continued depression in the silk trade On the whole, however, the people of this division may be said to be well off as compared with some parts of Bengal The country is not over-populated, and there is no necessity for emigration In some districts, like Dinagepore, Julpigoree, and Darjeeling, there is waste land available for cultivation The soil is fertile, as well in the production of food-grains, as in jute, sugarcane, tobacco, and other staples which are largely exported into other districts and to Calcutta It is said that the price of rice during the year was above the average, and that it has not yet returned to what it was prior to the scarcity of 1873-74 The Lieutenant-Governor considers that this result is rather attributable to the uncertain prospects of the harvest than to the late fall in the value of silver, as is suggested by one officer The depreciation of silver has not at present, so far as the Lieutenant-Governor is aware, affected the prices of food, or of other necessaries of life, in the interior of Bengal

6 Both silk and indigo are declining industries in the Rajshahye Division It is said that capitalists prefer investing their money in speculations like tea, which involve less risk and give larger profits over a term of years

than indigo The area under cultivation with tea has increased In Darjeeling, notwithstanding the early cessation of the rains, there was the large increase of 686,988lbs in the outturn of tea over the crop of the previous year, although, as is a matter of notoriety, this increase of quantity was obtained at the sacrifice of quality The attention of all persons connected with tea in Darjeeling appears to be thoroughly roused to the danger that threatens the industry, unless tea of a better quality can be made The present season's returns have already shown an improvement, and the prices obtained have from various reasons been higher than they have been for some years past The cultivation of tea is also being largely extended in the Western Dooars of the Julpigoree district, and promises to be very successful and remunerative No difficulty is encountered in procuring labor, as the Pahareeas from Darjeeling and the Dhangurs from Chota Nagpore come to the gardens for employment in large numbers.

7 The section of the Commissioner's report on Trade and Commerce is interesting, particularly the extract from the Collector of Pubna's report regarding the relation of Serajgunge and Goalundo as rival marts. Mr Rees observes—" It will suffice to remark that large quantities of country produce (jute, tobacco, oil-seeds, and rice) are brought down the Juboona, Phuljore, Burnl, and Oora Sagor rivers, and as a rule are transhipped at one of a number of marts in the eastern portion of the district into large boats for transport to Calcutta and elsewhere The head-quarters of this important business is Serajgunge, which collects and re-distributes the produce of an immense area In return, this emporium receives for distribution, over a less considerable area, piece-goods, salt, iron, and domestic utensils of brass and bell metal. At the close of the year 1874-75 there was reason for believing that a considerable portion of this trade would leave Serajgunge and other marts in Pubna. Many of the petty traders had commenced the practice of taking their cargoes in small boats past Serajgunge to Goalundo Since, however, the spur at Goalundo has been washed away, a feeling of insecurity has arisen, and the former practice is still adhered to as a rule * * * The year has been a decidedly good one for commerce The trade in tobacco seems to be on the increase, and likely in the future to become considerable " An European firm has lately been established at Ghoramara in Rungpore, the head-quarters of tobacco cultivation in Bengal, to manufacture tobacco into cigars, and also as an agent to collect jute for the Serajgunge mills. The rice exports from the division have been less than usual owing to the partial failure of the crop

8 Lord Ulick Browne reports that the new sub-divisions of Kurigram and Bagdogra in Rungpore have been found especially useful and are much appreciated by the people The usefulness of the subordinate executive establishments of Sub-Deputies and Canoongoes is dwelt upon in all the district reports Mr D'Oyly, who is a very experienced Magistrate, observes on this subject as follows —" The establishment of the Subordinate Executive Service has been of the greatest help to district and sub-divisional officers, and I have no hesitation in pronouncing it a decided success. In settlement work, collection of statistics, enquiries in execution of decree cases, management of khas mehals, and in miscellaneous revenue work, the Sub-Deputies and Canoongoes have been of great use "

9 The most important measure in connection with the collection of statistics has been the organised registration of the boat traffic On this subject Mr Rees, the Magistrate of Pubna, remarks—" Nothing proves more clearly the complete success of our endeavour to carry out the orders of Government than the fact that the boatmen now come willingly to give the required information. They prefer to be duly registered, and look upon the ticket which they receive as a pass which may be useful to show on their voyage. I believe the returns now sent in fairly represent the whole trade of the Juboona, and this satisfactory result is due to the efforts of Mr Nolan and the active interest which he showed in the matter." The Lieutenant-Governor fully recognizes that the success that has attended the newly attempted registration of river-borne traffic is due to the cordial co-operation of the district and especially of the sub divisional officers in all districts where a registration office has been established. Due attention is given to the collection of

vital statistics in the division, in particular the returns in the Dinagepore district are very carefully collected

10 There was no new outbreak of ill-feeling between the landlords and tenants in Pubna during the year Both sides, it is alleged, hope to derive much benefit from the measure which has recently passed through the Bengal Council, and the ryots are said to be specially elated with the prospect of securing a form of summary justice The remarks of Mr Nolan on the general subject, showing the inadequacy of existing arrangements to deal with any serious agrarian disputes, will meet with due consideration from Government

11 There has been a considerable increase in the excise revenue of the year, accompanied by a satisfactory decrease in the consumption of most excisable articles, and especially of ganjah, the most deleterious of all Indian drugs Ganjah is produced in the Rajshahye, Bogra, and Dinagepore districts, and in those districts exclusively, and it is necessary to be very careful in this division not to raise the price so highly as to drive the people to smuggling and illicit production The stamp revenue also shows an increase, chiefly under the head of court fee stamps The Commissioner alludes to the fraudulent practices that have been brought to light in connection with these stamps in this division as elsewhere in Bengal

12 Rapid progress has been made in the construction of the main line of the Northern Bengal State Railway The judicious action that has been taken by the Engineer-in-Chief, Major Lindsay, has allayed the objections that were raised by the people on the ground that the line was insufficiently furnished with crossings and bridges, and these matters have been arranged by the Collectors of districts in communication with the Railway officers. The principal roads in the division are stated to be in tolerably fair order

13 The Commissioner observes that the district officers say little regarding the important point of the conduct of zemindars towards their ryots In Dinagepore the resident zemindars are described as being inclined to assist education, and from Rungpore the report is favorable The munificence of Rajah Promotho Nath Roy of Diggaputtea in Rajshahye in offering the large sum of one lakh and a half of rupees for the proposed Rajshahye college has been suitably acknowledged by Government

By order of the Lieutenant-Governor of Bengal,

H J S COTTON,

Junior Secy to the Govt. of Bengal

Rainfall, Weather, and State and Prospects of the Crops

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 26th August 1876

	No	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BENGAL		*Western Districts*		
BURDWAN DIVN	1	Burdwan Aug 28* '76	98	The rainfall at Culna has been 80, at Cutwa 88 at Boodbood 42 at Jehanabad 48 and at Raneegunge 67 The general prospects of the crops are good Jute is being cut
	2	Bankoora, " 26, "	52	Slight showers fell at intervals The weather has been very favourable and the rice crops are doing well Some of the *tetka* and *chah* rice has come into the market
	3	Beerbhoom , 26, "	1 96	Weather—Seasonable There has been plenty of rain during the early part of the week and the accounts on the whole are very favourable Transplantation of the late rice is completed It is thought that the heavy rain has been in excess of the requirements of the sugarcane in the west and south of the district Much fever prevails in the north east
	4	Midnapore, , 26 "	3 24	There have been frequent showers with occasional thunder storms The last flood has subsided without the dreaded breach occurring south of Panchkoora and the embankments have stood The general propects are fair, and if the rains do not cease prematurely there will be a 14 anna *amun* crop
	5	Hooghly , 26, ,	27	Weather—Alternate rain and sunshine Everything is doing well, and the crops are most favourable There has not been such a bright prospect for the last five years
		Howrah , 26 ,	4 22	There has been heavy rain during the week and a break would be very welcome now The promising crops on the low lands are threatened with destruction by submersion
		Central Districts		
PRESIDENCY DIVN	6	24 Pergunnahs Aug 28,† '76	3 50	Weather—Seasonable The harvesting of *aous* has commenced *Amun* is generally doing well It has in some parts suffered from excessive rain Ordinary fever prevails more or less in the district
	7	Nuddea , 26 ,	82	Weather—Occasional slight showers fell during the week except on Friday and Saturday (the 25th and 26th instant), which were clear and sunny The rice crops both early and late, promise very well
	8	Jessore 26	1 00	Weather—Showery at the commencement but clear and bright at the end of the week The early rice is being reaped and the outturn is very good The late rice promises well the prospect of indigo is very indifferent
	9	Moorshedabad, , 26, "	80	Weather—Bright and sunny for the greater part of the week The early receding of the rivers is said to have in some degree averted the damage apprehended to the *amun* crop, which was submerged and a continued sunshine will greatly benefit it The cutting of *aous* is not yet completed, a good outturn is expected
RAJSHAHYE DIVN	10	Dinagepore " 25 ,	18	Weather—The mornings and evenings are chilly There has been scarcely any rain, and the sun is hot 16 inches of rain fell at Roygunge The general prospects of the crops are good although the want of rain during the week has done some harm
	11	Maldah, , 26, "	1 15	There were heavy showers of rain on the 21st instant, and the other days of the week were hot and bright The weather was cloudy and rainy Rain has fallen in abundance, and the prospect of the crops is fair Inundation has not yet done any damage
	12	Rajshahye " 26, "	59	Weather—Sultry There has been moderate rain all over the district The prospects of the *amun* rice are good except in the lowest lands of Tanore Mandah, and Bilmariah, which have been submerged by heavy and incessant rain *Aous* is still being cut throughout the district No sickness is reported
	13	Rungpore, " 25, "	23	Weather—Hot and dry The rainfall at Kurigram is 1 14, at Bagdogra 1 5 and at Gaibanda 18 Rain is wanted for the crops on the highlands The general prospects are fair
	14	Bogra, " 26 ,	92	Weather—Very hot State and prospects of the crops are very good all round Fever is increasing
	15	Pubna, " 26, "	95	Weather—Fine, with showers Two inches of rain fell at Serajgunge The *aous* crop has been an extraordinarily good one and the prospects of *amun*, sugarcane and turmeric, are excellent The public health is better than usual at this season.

* Telegram of the 28th August, received on the same day, shows rainfall during the seven days immediately preceding

† Report of the 28th August, received on the same day, shows rainfall during the seven days immediately preceding.

Division	No	District and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BENGAL.—(Contd.)				
		Central Districts.—(Continued.)		
COOCH BEHAR DIVN.	16	Darjeeling		Return not received
	17	Julpigoree Aug 26, 76	69	Weather—Very hot The late rice has been transplanted throughout the district and is getting on very well
		Cooch Behar „ 24 „	4 89	Weather—Hot There was a break in the rains with an occasional shower during the early part of the week The rainfall has been very heavy on the 23rd instant The general prospects of the *hymunti dhan* are excellent In the west of the district the yield of the *bitri dhan* is reported to be very good. With a fair share of autumnal rains there must be a first rate harvest Cholera is abating in Mekhligunge, and has almost disappeared elsewhere
		Eastern Districts		
DACCA DIVN.	18	Dacca Aug 28 * 76	1 69	Weather—Hot State and prospects of the crops are favourable
	19	Furreedpore „ 26	98	Weather—Seasonable The rainfall at Goalundo has been 15 and at Madaripore 1 25 inches State of the crops is very good Public health is good
	20	Backergunge „ 24, „	2 69	Weather—Rainy State and prospects of the crops are good
	21	Mymensingh 25 „	91	Three inches of rain fell in the east of the district The last two days of the week were fine and hot State and prospects of the crops are favourable
	22	Tipperah 25 „	2 10	Slight rain fell during six days of the week The *aous* crops have, in the greater part of the district, been nearly all reaped Prospects of *amun* and sugarcane are good
CHITTAGONG DIVN.	23	Chittagong 24, „	64	Weather—Generally fine The rainfall in the interior exceeds that in the station A good extent of the *aous dhan* still remains uncut The late rice continues to do well
	24	Noakholly 24 „	2 64	The rainfall has been less and the temperature higher than in the previous week Transplantation of the late rice is still going on and almost all the early rice is reaped General health continues good
	25	Chittagong Hill Tracts 22	1 48	There have been occasional falls of rain throughout the week The early paddy crop in the *jooms* is being reaped all over the district The prospects of the cotton crop are good
		Hill Tipperah 24 „	2 74	Weather—Seasonable The *aous* that had not been harvested has in the Udaipore sub division been damaged by inundation The prospects of the *amun* and *joom* crops are good
BEHAR				
PATNA DIVN.	26	Patna Aug 28 * 76	38	The weather has been all that could be desired for the *bhadoi* crops which are flourishing The *dhan* has been nearly all transplanted, and we should have more rain when the transplantation is finished Cholera is still reported from all parts of the district but the cases are less numerous
	27	Gya 26	90	In the Sudder Station there has been but little rain, but the weather has been seasonable In the interior more rain has fallen The prospects of the crops continue to be favourable The rain has been plenty for the *bhadoi* crops and sufficient for the winter rice Fever is still prevalent and cholera has much diminished
	28	Shahabad 26	72	Weather—Alternate sun and showers Rain is wanted in Buxar, and more so in Bhabooah Transplantation of the winter rice is not yet completed in Sasseram The crops are, on the whole, everywhere backward
	29	Durbhunga „* 26 „	05	The general condition of the crops continues to be satisfactory The *bhadoi* crops give assured promise of an abundant harvest in some tracts, and of a good harvest in all others The prospects of the winter rice are at present satisfactory and, with the usual September rains, a fair crop may be expected
	30	Mozufferpore 26 „	62	Weather—Cloudy with occasional showers during the early part of the week but latterly hot and clear The rainfall at Seetamarhee has been 2 12 inches and at Hajipore 90 The cutting of the *bhadoi* crops has commenced, and a very good outturn is expected Transplantation of the winter rice is nearly completed This crop though generally backward is doing well Heavy inundations from the Bhagiruthi and little Gunduck have done some damage to the *bhadoi* crops, but have been beneficial in other respects
	31	Sarun 26 „	1 30	Weather—Hot, bright, and clear with occasional showers The rainfall at Sewan has been registered 1 03 inches, and at Gopalgunge 82 The weather has been all that could be desired for the crops Rice is still being transplanted, and the prospects of the *bhadoi* crops are generally very favourable The indigo manufacture is going on Cholera is decreasing
	32	Chumparun 25 „	1 38	The recent fine weather has done a great deal of good to the crops The prospects of the autumn crop continue to be excellent, and those of the rice crop have very much improved

* Telegrams of the 28th August, received on the same day, show rainfall during the seven days immediately preceding

No.	District and date of return	Rainfall at Sudder Station in inches	Character of the weather state and prospects of the crops and state of health at date
BEHAR —(*Contd*)			
BHAGULPORE DIVN. 33	Monghyr Aug 26, '76	63	Weather—Fair The rain at Begoosarai is registered 2 55 inches An unusually fine *bhadoi* crop is being cut and the rice prospects continue to be good
34	Bhagulpore, „ 28,* ,	58	Weather—Bright and hot with very heavy dew at night South wind blowing The rain at Banka is 1 66, at Mudehpoorah 48, and at Soopole, up to 23rd instant, 56 The *bhadoi* is nearly ready and is said to be an excellent crop everywhere except in a portion of Naradegur The success of the *aghani* rice entirely depends upon the quantity of rain that may fall hereafter At present it is reported to be very promising everywhere, except in those portions of north Naradegur where it failed last year Up to the present the rainfall has been very insufficient in that part of the district, and complaints are now being made of bad prospects General health is very good
35	Purneah, „ 26, „	1 17	Weather—Fine and clear The rainfall at Araraeah has been 2 07 inches, and at Kissengunge 3 67 inches The *bhadoi* is a first rate crop Cholera is still prevalent in different parts of the district, especially near the Koosi
36	Sonthal Pergha „ 27 „	2 37	Weather—Bright and hot sunshine in Doomka There has been moderate rain everywhere In Doomka the *janera* crop will be worse than has been reported, excessive rain having done it much harm In Godda this crop has also been damaged by rain The prospects of rice and small grains are generally good
ORISSA			
ORISSA DIVN. 37	Cuttack Aug 19 76	2 80	There has been more rain than in the previous week but not so much as is required There is prospect of still more rain The crops are in good condition Public health is good
38	Pooree, 24 „	1 58	The rainfall is still insufficient, and light showers have fallen in all parts of the district The rain at Khoordah has been 62 during the week, and the sub division, which is nearly all of high lands has already suffered severely The lands around the Chilka Lake have also suffered, and the prospects in those parts are bad In Gope, Piph and part of Pooree the autumn crops are fairly good, and will probably yield an average outturn as there seems likelihood of good rain now Cholera has disappeared
39	Balasore „ 25	5 58	Weather—Seasonable In the south and south west of the district more rain is required, elsewhere the fall has been sufficient and the crops are good Public health is now normal
CHOTA NAGPORE			
	South Western Frontier Agency		
40	Hazareebagh Aug 25, '76	1 80	Weather—Seasonable, alternate sunshine and rain benefiting the country materially The prospects continue to look very promising Cholera is abating
41	Lohardugga , 26, ,	5 60	Weather—Quite seasonable The *gundli* harvest is now nearly over The crop has been a fair one all over the district All the other crops promise exceedingly well Cholera and small pox still continue, but are on the decrease
42	Singbhoom, , 25	7 82	Weather—Seasonable The rice crops are very favourable The rain is reported to have been too heavy for the Indian corn and *til* Public health is good
43	Manbhoom , 26 ,	1 78	Weather—A little rainy State and prospects of the crops are generally satisfactory

* Telegram of the 28th August received on the same day, shows rainfall during the seven days immediately preceding

* Velocity of wind in miles per hour

CALCUTTA,
The 26th August 1876

JOHN ELLIOTT, M A,
Meteorological Reporter to the Government of Bengal

Abstract of the Results of the Hourly Meteorological Observations taken at the Surveyor-General's Office, Calcutta, in the month of July 1876

LATITUDE 22° 33′ 1″ North Longitude 88° 20′ 34″ East Height of the cistern of the standard barometer above the sea level, 18 11 feet

MONTHLY RESULTS	Inches
Mean height of the barometer for the month	29 500
Max height of the barometer, occurred at 10 A M on the 20th	29 666
Min height of the barometer, occurred at 4 P M on the 9th	29 374
Extreme range of the barometer during the month	0 292
Mean of the daily max pressures	29 555
Ditto ditto min ditto	29 442
Mean daily range of the barometer during the month	0 113

	°
Mean dry bulb thermometer for the month	82 7
Max temperature, occurred at 3 & 4 P M on the 1st	95 5
Min temperature, occurred at 4 & 5 A M on the 29th	76 4
Extreme range of the temperature during the month	19 1
Mean of the daily max temperature	86 8
Ditto ditto min ditto	79 8
Mean daily range of the temperature during the month	7 0

Mean wet bulb thermometer for the month	80 3
Mean dry bulb thermometer above mean wet bulb thermometer	2 4
Computed mean dew-point for the month	78 6
Mean dry bulb thermometer above computed mean dew-point	4 1
	Inches
Mean elastic force of vapour for the month	0 958

	Troy grain
Mean weight of vapour for the month	10 30
Additional weight of vapour required for complete saturation	1 42
Mean degree of humidity for the month, complete saturation being unity	0 88
	°
Mean max solar radiation thermometer for the month	137 1

	Inches
Rained 26 days,—max fall of rain during 24 hours	5 41
Total amount of rain during the month	19 39
Total amount of rain indicated by the gauge* attached to the anemometer during the month	Under repair
Prevailing direction of the wind	S, S S W & S W

* Height 70 feet 10 inches above ground

GOPEENAUTH SEN,
In charge of the Observatory

The 25th August 1876

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUTENANT-GOVERNOR OF BENGAL.

REVENUE AND GENERAL DEPARTMENTS

No 2077C S

GENERAL —*The 28th August* 1876 — Pending the appointment of an officer by the Government of India to the office of Agent to the Governor General at Moorshedabad, Mr A Mackenzie is appointed to have temporary charge of that office in addition to his own duties as Officiating Magistrate and Collector of Moorshedabad

Mr F H McLaughlin, Assistant Magistrate and Collector, is posted to Jessore, but to continue to act as District and Sessions Judge of that district during the absence, on leave, of Mr H B Lawford, or until further orders

The 30th August 1876 —In modification of the orders of the 17th July last, published in the *Calcutta Gazette* of the 19th idem Mr C E Buckland is appointed to be Assistant Secretary to the Government of Bengal with effect from the 7th instant, instead of from the date on which Mr H J S Cotton vacated the appointment, as previously notified Mr Buckland will continue to act as Private Secretary to His Honor

The 31st August 1876 —Baboo Bhoobun Mohun Raha, Deputy Collector, in charge of Brahmanbaria division of the district of Tipperah, is vested with the powers of a Collector under Act X of 1870 for acquiring lands for public purposes

Mr D B Allen, Assistant Magistrate and Collector, Nuddea, is allowed leave of absence for three months, under Section 21, Chapter VI of the Civil Leave Code, with effect from the date on which he may avail himself of it

Mr R C Dutt, Officiating Joint-Magistrate and Deputy Collector, in charge of the Bongong division of the district of Nuddea, is transferred to the Sudder Station of that district

Baboo Chunder Seekur Banerjee, Deputy Magistrate and Deputy Collector, on leave, is appointed to have charge of the Bongong division of the district of Nuddea

The 1st September 1876 —The services of Baboo Hem Chunder Ker, Deputy Magistrate and Deputy Collector, 24-Pergunnahs, are placed at the disposal of the Board of Revenue for employment as a Special Deputy Collector for holding inquiry in regard to the cultivation of ganja, with effect from the date on which the public offices re-open after the Dusserah vacation

The 2nd September 1876 —Mr C N Banerjee, Deputy Magistrate and Deputy Collector, in charge of the Seetamurhee division of the Mozufferpore district, is vested with the powers of a Collector under Act X (B C) of 1871

The 4th September 1876 —The following revised notification is substituted for the one dated 5th ultimo, published in the *Calcutta Gazette* of the 16th idem —

Mr G J B P Dalton, Officiating Deputy Commissioner of Cooch Behar, acted in the Third Grade of Deputy Commissioners from 26th June to 23rd July, and from 1st to 22nd August 1876

The 5th September 1876 —Baboo Komul Nath Mookerjee, Sub-Deputy Collector, Bhudruck, is allowed leave for one month, under Section 21, Chapter VI of the Civil Leave Code

Mr C D C Winter, Joint-Magistrate and Deputy Collector, acted as Magistrate and Collector of Jessore from the forenoon of the 22nd to the afternoon of the 26th August 1876, the date on which Mr Livesay relieved him

The following Sub Deputy Collectors, who have been relieved of their temporary employment on relief works in Durbhunga, are posted to the stations noted against each —

Baboo Ram Churn Loll, Sub-Deputy Collector, First Grade, Bettiah
,, Judoo Nath Sircar, Sub-Deputy Collector, Second Grade, Nowadha

POLICE —*The 30th August* 1876 —Mr J P Sneyd, Assistant Superintendent, Police, Chittagong Hill Tracts, is allowed leave for two years, under Section 3, Supplement F of the Civil Leave Code

The 5th September 1876 —Baboo Mohendra Nath Hazra, Assistant Superintendent of Police, Hooghly, is allowed leave for one month, under Section 21, Chapter VI of the Civil Leave Code

REGISTRATION —*The 25th August* 1876 —Baboo Peary Mohun Chatterjee is appointed to be Rural Sub-Registrar of Naihati, in the sub-division of Burrisal, in the district of 24-Pergunnahs

Baboo Jogendro Chunder Mookerjee, Rural Sub Registrar of Adhata, is appointed to be Rural Sub-Registrar of Baraset, in the district of 24-Pergunnahs

Baboo Romesh Chunder Mookerjee, late Civil Court Ameen, Beerbhoom, is appointed to be Rural Sub-Registrar of Soorool, in the district of Beerbhoom, *vice* Baboo Hurry Mohun Sircar, who has been called upon to resign

[Third Publication]

The 19th August 1876 —The following revised rules for the registration of Mahomedan marriages and divorces, approved by the Lieutenant-Governor under date the 24th May 1876, are published for general information —

Revised Rules under sections 18 *and* 24 *of Act I* (*B C*) *of* 1876 (*an Act to provide for the voluntary registration of Mahomedan marriages and divorces*)

Nomination of Mahomedan Registrars

1 As soon as the Act has been extended to any district under section 1, the District Registrar shall nominate a sufficient number of persons to be licensed as Mahomedan Registrars under section 3 He shall also specify the limits within which each of the persons so nominated shall exercise the functions of Mahomedan Registrar

Form of application

2 The District Registrar's nomination shall be submitted to the Inspector-General of Registration, and shall be accompanied by the original application of each nominee in the form below, and also by a certificate of good moral character signed by three Mahomedan gentlemen of known respectability and position, and countersigned by the District Magistrate —

Application for a Mahomedan Registrarship under Act I of 1876 (*an Act to provide for the voluntary registration of Mahomedan marriages and divorces*) *at*
thana *district of*

Name (in English) and usual signature of candidate date of application and address in full	Age	Profession or present employment of candidate with present salary or pension	Father's name and profession	Present family residence of candidate	Distance of residence from proposed Registry Office and Sudder Station	Whether candidate has a masonry house for office	If previously employed under Government, details of past service If ever dismissed from any post, particulars of the fact	Names and addresses of persons recommending the candidate	Whether candidate can write Arabic Persian Urdu Bengali and English	Whether candidate is acquainted with Mahomedan law and holds a certificate from any Government Madrassa	Remarks of District Officer or Inspector General of Assurances which if favourable, may include the thanas to form the jurisdiction	REMARKS
1	2	3	4	5	6	7	8	9	10	11	12	13

Who may be nominated

3 In the selection of Mahomedan Registrars, preference shall ordinarily be given to ex-kazis and Government pensioners, being Mahomedans, who reside, or are willing to reside, at a convenient place within the limits of the proposed jurisdiction, but no person shall be appointed a Mahomedan Registrar merely by reason of some supposed hereditary right A Sub-Registrar of Assurances may be nominated as Mahomedan Registrar, provided he be a Mahomedan and is otherwise qualified

Jurisdiction

4 The limits within which a Mahomedan Registrar shall be licensed to act shall for the present coincide with the limits of a sub-district under the Indian Registration Act, or with the jurisdiction of a police-station The head-quarters shall be at some convenient place within those limits

5 The District Registrar's nomination, with the accompanying applications and certificates, shall be forwarded to Government by the Inspector-General of Registration with his remarks and recommendation

Liability to examination

6 Should such a course appear expedient hereafter, all Mahomedan Registrars who may have been appointed under these rules, and all future applicants for licenses, shall be liable to examination in the following subjects —

(1) Arabic and vernacular of the district
(2) Mahomedan law of marriage and divorce
(3) Act I of 1876 (B C), and the rules

And if any person who has been appointed a Mahomedan Registrar fail to pass such examination his license will be liable to be cancelled Such examination may be held at such times and places, and by such examiners, as the Lieutenant-Governor may from time to time appoint

Form of license

7 Licenses to qualified persons who have been approved of as Mahomedan Registrars will be granted in the following form —

License under Section 3, *Act I (B C) of* 1876

To

of

Calcutta, the 187

By virtue of the authority conferred upon His Honor the Lieutenant-Governor of Bengal by Act I (B C) of 1876, you are hereby authorized to register, in the manner prescribed by the above Act, all Mahomedan marriages and divorces which shall be effected within on application being made to you for such registration

2 It will be your duty carefully to observe the provisions of the above-mentioned Act, and such rules as may from time to time be prescribed by His Honor the Lieutenant-Governor, in pursuance of the power conferred upon him by the above Act

3 This license shall continue in force until it is revoked or suspended by the said Lieutenant-Governor of Bengal

By order of His Honor the Lieutenant-Governor of Bengal,

Secretary to the Government of Bengal

Resignation of license

8 When a Mahomedan Registrar desires to give up his license, or is about to leave the place or district in which he has exercised the functions of Mahomedan Registrar, he shall report the circumstances through the District Registrar to the Inspector-General of Assurances for the orders of Government

Change of officers

9 When a Mahomedan Registrar makes over charge of his office to a licensed successor, a certificate shall be jointly given for the date on which the office is made over, and of the safety and correctness of the records, and this certificate shall be forwarded by the District Registrar to the Inspector-General

Leave

10 Mahomedan Registrars shall not be entitled to leave as of right under the rules in force for Government servants The District Registrar may however, grant leave in cases of urgency, but no leave exceeding one month shall be granted without the previous sanction of the Inspector-General All leave shall be at once reported to that officer, together with the arrangements made for carrying on the duties of the Mahomedan Registrar

11 In cases of leave or absence from duty, the next nearest Mahomedan Registrar shall ordinarily be appointed to carry on the duties of the absentee in addition to his own

Not entitled to pension

12 It is not intended that service as a Mahomedan Registrar shall count as Government service, so as to give rise to any claim for pension or gratuity, or to leave allowances of any kind, but it is not intended by this to preclude the appointment of Sub-Registrars or retired Government servants to be Mahomedan Registrars

General control

13 The general control and supervision of the working of the Act shall be exercised by the present inspecting staff attached to the Department for the Registration of Assurances

Books and stationery

14 The registers, forms, and seal to be used by a Mahomedan Registrar, shall be such only as are supplied by Government under section 5 of the Act The Government shall also supply writing ink, and no ink shall be used for making entries in the registers and indexes other than that supplied The Government may also supply such other articles of stationery as are requisite All such registers, forms, seals, ink, and other articles, shall be charged at cost price, and shall ordinarily be paid for by the Mahomedan Registrar at the time they are supplied But in any case, when the District Registrar thinks it necessary, he may defer the realization of the charge for a term not exceeding three months In case of failure to pay at the prescribed period, the District Registrar should report the case for orders to the Inspector-General of Registration

Custody of seals

15 The seal shall always remain in the personal custody of the Mahomedan Registrar, and shall be made over with the records to the officer appointed to receive the same whenever a Mahomedan Registrar ceases, either temporarily or permanently, to exercise his functions

Table of fees

16 A printed table of fees in the vernacular of the district shall be suspended in some conspicuous place in every Mahomedan Registrar's office

Disposal of fees

17 The fees received by a Mahomedan Registrar under sections 9 and 16 of the Act, and rules 21 and 50, may be retained by him as his lawful remuneration, provided that he duly pays for the registers and other articles supplied to him under rule 14 All fees received by a District Registrar shall be credited to Government in the same way as fees realized under the Indian Registration Act

18 When the attendance of a Mahomedan Registrar is required at the celebration of a marriage, the party requiring his attendance may make an application to the Mahomedan Registrar, specifying the place and time of the marriage, and that officer may attend

Attendance at marriages

19 It shall be lawful for a Mahomedan Registrar to travel on circuit within his jurisdiction for the purpose of attending at the celebration of marriages, provided that at least 15 days before the beginning of each month he affix at his office a public notice specifying the dates on which he will be at the several places which he proposes to visit, and on written application made by any resident of such place, not less than one week before the date so fixed, he shall be bound to attend at the house of such resident at the time fixed for the celebration of the marriage

20 Priority of application shall in all cases determine the order in which the Mahomedan Registrar shall be bound to attend such marriages in case any question of precedence arise

21 Mahomedan Registrars are at liberty to make their own terms as regards the extra fees to be given them for attending marriages They are, however, prohibited from demanding fees beyond the following scale —

(1) For attending a marriage under rule 18 at a place and time fixed by the parties, Rs 10, plus travelling expenses at the rate of four annas a mile

(2) For attending the celebration of a marriage under rule 19 at a place and time fixed by the Registrar himself, Rs 2 In such cases no travelling expenses will be charged

22 When a Mahomedan Registrar is present at the celebration of a marriage, he shall make an entry of the fact in the Register of Marriages (A) , and a copy of such entry shall be included in the copies to be made under sections 12, 15, and 22 of the Act

23 If all the persons who, by section 11 of the Act, are required to sign the entry of the marriage or divorce in the proper register are not present, registration shall be deferred until they are all present provided that no marriage or divorce for registration of which application has been made within one month, as required by section 9, shall be registered after the expiration of three months from the date on which the marriage or divorce was effected

Procedure on application to Registrar in absence of any of the parties

24 The Mahomedan Registrar shall satisfy himself whether or not a marriage was effected by the persons by whom it is represented to have been effected in the following manner —

Procedure before registration

(1) by examining the parties to the marriage, or, if either or both of them are minors their lawful guardians If the woman be a *purdah-nishin*, her duly authorized vakil shall be examined instead of the woman

(2) by examining the two witnesses who were present at the marriage

25 The Mahomedan Registrar shall satisfy himself whether or not a divorce, other than the kind known as *khula*, was effected by the man by whom it is represented to have been effected by examining that man, and if he be of the Sheah sect, by also examining the two witnesses to the divorce being effected

26 The Mahomedan Registrar shall satisfy himself that a divorce of the kind known as *khula* was effected by the persons by whom it was represented to have been effected in the following manner —

(1) by examining the parties to the *khula*, provided that if the woman be a *purdah-nishin*, her duly constituted vakil shall be examined instead of the woman,

(2) if the man be of the Sheah sect, by also examining the two witnesses to the divorce being effected

27 The Mahomedan Registrar shall satisfy himself of the identity of persons appearing before him as witnesses of a marriage or divorce, unless they are otherwise personally known to him, by examining at least one witness to the identity of each person so appearing

28 In the case of any person appearing as the representative of the man or woman (whether he appears as guardian or vakil), the Mahomedan Registrar shall satisfy himself of the right of such person to appear by examining such person If a vakil so appear, the Mahomedan Registrar shall further examine witnesses to the fact of the vakil having been duly authorized to appear

29 When the entry of the marriage or divorce has been made in the proper register, it shall be read over by the Mahomedan Registrar to the persons who, by section 11, are required to sign such entry If they admit its correctness, the entry shall then be signed by them

30 When a person who cannot write signs his name by means of a mark, his name shall be recorded at length, and the writer shall also sign his name in attestation that the mark was affixed in his presence

31 If a Mahomedan Registrar discovers any error in the form or substance of any entry of a marriage or divorce made by him he may within one month next after the discovery of such error, in the presence of the persons married, or, in case of their death or absence, in the presence of two other credible witnesses, correct the error by entry in the margin, without any alteration of the

Correction of errors

original entry, and shall sign the marginal entry and add thereto the date of such correction, and he shall also make the like marginal entry in the copies thereof

And every entry made under this section shall be attested by the witnesses in whose presence it was made

And, in case a copy has been already sent to the Registrar, such person shall make and send another copy thereof, containing both the original erroneous entry and the marginal correction therein made

32 No erasures shall be made with a knife in any register book or record, but mistakes shall be corrected when necessary with the pen, and shall be invariably attested by the registering officer Corrections are not to be obliterated or blotted out, so as to be illegible, but a line is to be drawn through erroneous words with the pen, so that they may remain legible

Refusal to register

33 The circumstances under which registration of a marriage or divorce should be refused are as follows —

(1) If the marriage or divorce was not effected within the jurisdiction of the Marriage Registrar to whom application for registration is made

(2) If the application is not made by the persons specified in section 8 of the Act

(3) If application has been made after the expiry of one month from the date on which the marriage or divorce was effected

(4) If all the persons required by section 11 to sign the entry in the proper register fail to appear within the time limited for such appearance by the Mahomedan Registrar under rule 24

(5) If the Mahomedan Registrar fail to satisfy himself that the marriage or divorce was effected by the person or persons by whom it is represented to have been effected

(6) If the Mahomedan Registrar fail to satisfy himself as to the identity of the persons appearing before him and alleging that the marriage has been effected

(7) In the case of any person appearing as the representative of the man or woman (whether he appear as guardian or as vakil), if the Mahomedan Registrar fail to satisfy himself of the right of such person to appear

(8) If one of the parties applying for registration of marriage, or if the man applying for the divorce, appear to be of unsound mind

Refusal deferred

34 In cases 2 and 8 the order of refusal shall ordinarily be deferred till one month has elapsed from the date on which the marriage or divorce was effected, but if the parties declare their inability to comply with the requirements of the law, or for any other reason wish that registration should at once be refused, this may be done

35 The reasons for refusal to register to be recorded under section 20 shall be concisely and clearly stated in each particular case When registration is refused under clause 5, 6, or 7 of rule 34, the Mahomedan Registrar shall record the grounds of his decision

In what cases fees may be refunded

36 Fees paid under section 9 shall not be refunded unless registration is refused for one of the reasons numbered (1), (2), (3), and (8) in rule 34 Fees and travelling allowances paid for the attendance of Mahomedan Registrars at the celebration of marriages shall be refunded only in cases where the Mahomedan Registrar does not attend Fees paid for searches in the registers and indexes, or for copies of entries, shall be refunded only when the searches are not made or the copies not given

Manner of refund

37 The refund of fees paid to a Mahomedan Registrar shall be made by him at once on application, and he shall take and file a receipt for the amount of such repayment from the person to whom it is made

Certificate of closure of volume

38 When a register book is closed a certificate to that effect shall be appended at the close of the written portion, and a certificate showing the number of pages written upon shall be entered on the first page

Language to be used

39 The registers and indexes shall be kept in Urdu

40 The "year" referred to in section 7 of the Act shall be a year of the Christian era, commencing on the 1st January and ending on the 31st December

Indexes

41 The index to marriages and divorces shall be prepared from Registers A, B, and C, and contain the following particulars —

1 Name of party	6 Serial number for the year
2 Father's names	7 Book
3 Residence *	8 Volume
4 Place of registration	9 Page
5 Year of registration	

42 Names shall be indexed according to their first letter, and shall be arranged in the order of the Urdu alphabet A mere title or designation of race shall not be taken as the index word

Thus Shaikh Ramzan will be indexed Ramzan, Shaikh , Mir Aulad Ali—Aulad Ali, Mir

* Residence includes village or town police station, and district

43. A catalogue in form given below shall be kept up and permanently preserved in every Mahomedan Registrar's office, and on the occasion of every transfer of records the officer receiving charge of the records shall compare them with the catalogue and certify therein that he has found them correct. Whenever any of the records are transferred to the district office, the fact shall be noted in the column of remarks, together with the date of transfer —

Catalogue

Form of Catalogue

Serial No	District or sub district to which the books relate	Year	Title of book	Volume	Number of entries in each	Number of pages written on	REMARKS

44 In district offices the following records shall be preserved in perpetuity —
All register-books A, B, and C, and their indexes
The catalogue
Register of refusals
Register of appeals
Reports of the destruction of records, and list of papers destroyed

Destruction of records.

45 The following records may be destroyed after the expiration of three full years from the period to which they relate —

Applications for registration or for attendance at the celebration of marriages under rules 18—19
Applications for search or copies of extracts
All correspondence, whether in the vernacular or in English, which is of an ordinary routine character, and which the Registrar considers may be destroyed

46 No records or papers whatever shall be destroyed without the previous sanction of the Inspector-General

Search and copies

47 Applications for search in the records, or for copies of extracts therefrom, shall be made in writing, no stamp shall be required on such applications Applications made to the District Registrar shall be entered in the register kept by him for that purpose Applications made to the Mahomedan Registrar shall be filed by him, the date of application and the date on which a search was made, or a copy delivered, being noted on the back of the application If the register from which an extract is required has been transferred to the District Registrar or other person under section 23, the application, together with the prescribed fee, shall be forwarded by the Mahomedan Registrar to such District Registrar or other person at the expense of the applicant

48 A call for information from any court shall, if it necessitates search in the registers, be accompanied by the necessary fee for search Officers of Government shall be permitted to inspect the registers without fee, but if the production of a register in any court is required, it shall be produced by the Mahomedan Registrar or other officer whom the District Registrar may depute for the purpose, who will be entitled to claim payment of his expenses like any other witness

49 Besides the fees leviable under section 16 of the Act, a fee of eight annas may be charged for extracts and copies of orders and records not otherwise provided for in the law
